HOW CAN WE DO **MORE** FOR **OUR PATIENTS?**

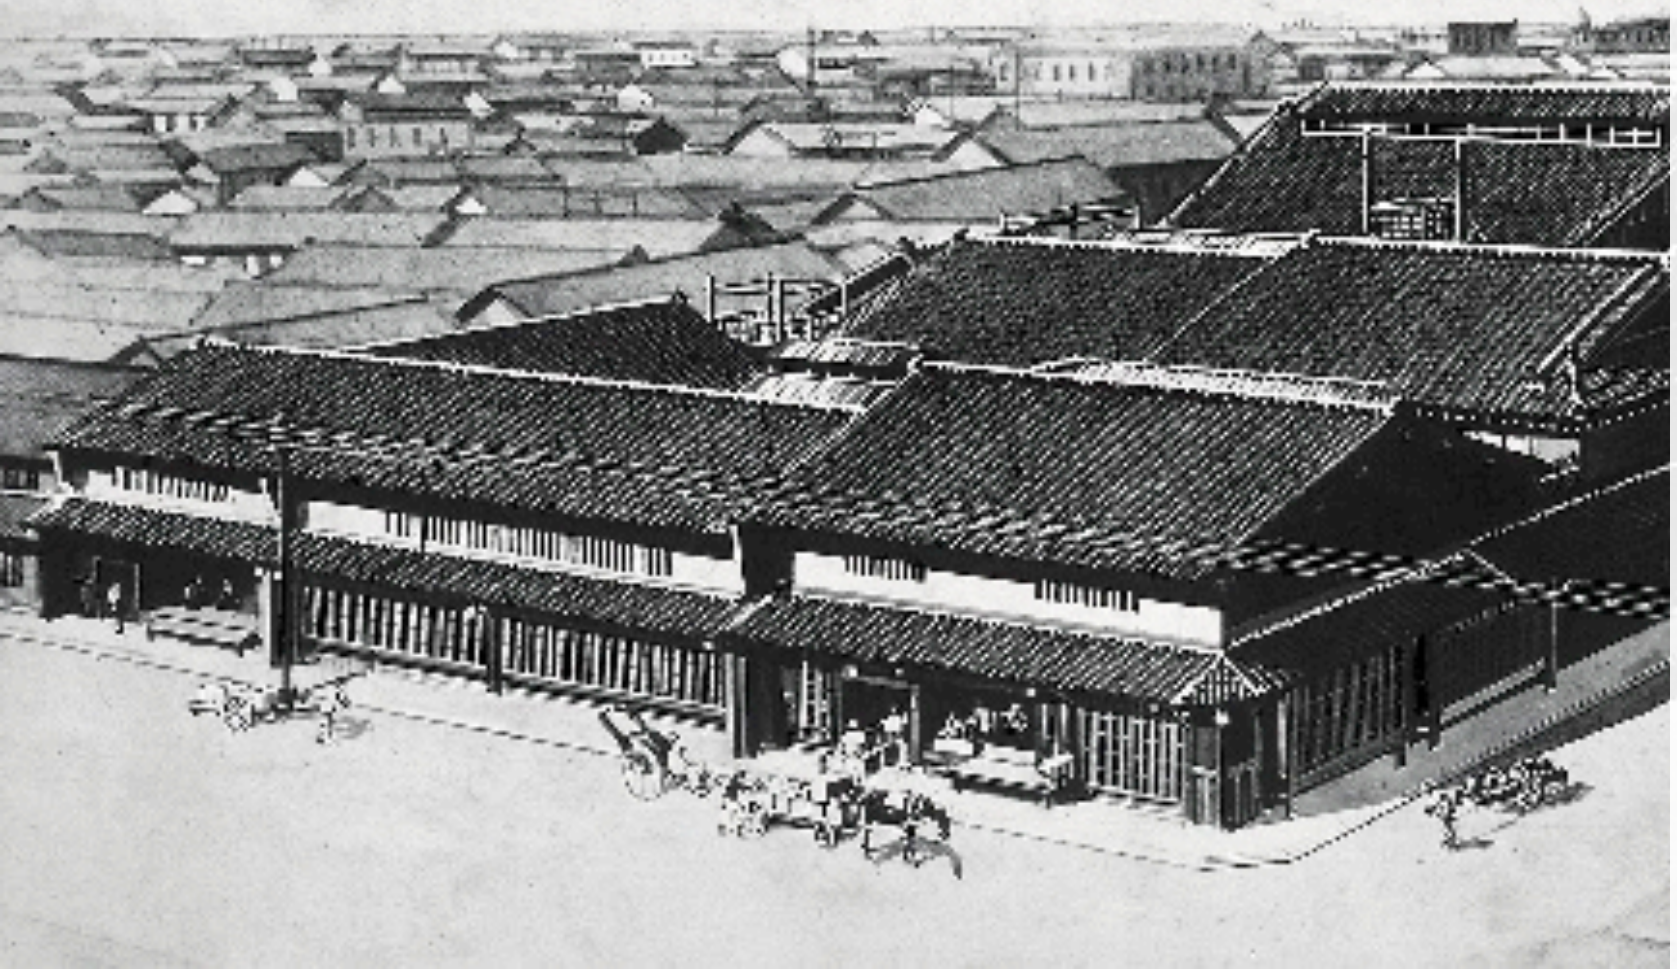
01
HERITAGE

02
DIVERSITY

03
INNOVATION

04
SUSTAINABILITY

Takeda was founded in Doshomachi, Osaka, which became the heart of the Japanese medicine industry during the Edo period. Many pharmaceutical companies continue to have their headquarters in this area, leading it to be known as the “medicine town.”



01

HERITAGE

“Work with integrity and deal with medicine as though the patients being treated were your own children”

Corporate Philosophy

Since our founding in 1781, our integrity-centered values have guided us in everything we do. They have been inherited as Takeda-ism, with patients as our priority. Takeda-ism continues to guide us in our pursuit of better health for people worldwide.

MISSION

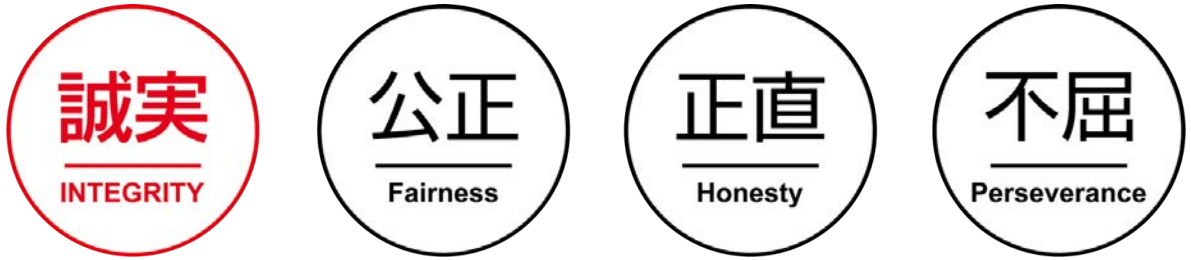
Our Mission is to strive towards Better Health and a Brighter Future for people worldwide through leading innovation in medicine.

VISION

We serve the needs of our patients, wherever they are. We earn the trust of society and customers through Takeda-ism.
We are recognized as best in class because of agility and innovation, qualities that help us build a steady pipeline and deliver growth, year on year.

VALUES

TAKEDA-ISM



OUR PRIORITIES

We take action and make decisions by focusing on our four priorities, in order of:

1. Putting the patient at the center
2. Building trust with society
3. Reinforcing our reputation
4. Developing the business

Our History 1781 - 1979

Improving Access to Medicines for patients worldwide

In 2016 we launched a new Access to Medicines strategy focused on geographies and therapeutic areas with high unmet medical needs to tackle the many barriers that prevent patients from accessing the care and treatment they need for complex and rare diseases.

Our approach to improving access is sustainable and targeted, to strengthen and transform healthcare systems, at every stage of the patient journey - from awareness and diagnosis, to treatment and ongoing patient support.

- Supported more than 125,000 patients with treatment they need
- Supported healthcare providers in screening over 1.1 million patients for cancer, hypertension and diabetes
- Trained over 4,000 healthcare providers and community health workers to provide improved patient care
- Implemented patient-focused access programs in 52 countries and territories
- In 2018 the Access to Medicine Index recognized our strategy and the progress we are making in improving access, with Takeda climbing 10 places to rank number five

TAKEDA GLOBAL HEADQUARTERS

Creative Director Kashiwa Sato selected people's "life force" as the overall concept for the interior design, which is expressed through a series of eight Japanese characters, displayed as instillation art throughout the building.
