After the Administrative Agent’s receipt of such funds and upon fulfillment of the applicable conditions set forth in Article III, the Administrative Agent will make such funds available to the Borrower in immediately available funds to the account or accounts specified by the Borrower to the Administrative Agent in the Notice of Borrowing relating to the applicable Borrowing. Notwithstanding anything to the contrary herein, there shall not be more than ten separate Borrowings of Advances.

(b) Anything in Section 2.02(a) to the contrary notwithstanding, (i) the Borrower may not select Eurocurrency Rate Advances if the obligation of the Lenders to make Eurocurrency Rate Advances shall then be suspended pursuant to Section 2.08 or 2.12 and (ii) the Eurocurrency Rate Advances may not be outstanding as part of more than ten separate Borrowings.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to be comprised of Eurocurrency Rate Advances, the Borrower shall indemnify each Lender against any reasonable loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Article III, including, without limitation, any reasonable loss (excluding loss of
anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of such Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) Unless the Administrative Agent shall have received notice from a Lender prior to the time of any Borrowing that such Lender will not make available to the Administrative Agent such Lender’s ratable portion of such Borrowing, the Administrative Agent may assume that such Lender has made such portion available to the Administrative Agent on the date of such Borrowing in accordance with Section 2.02(a) and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that any Lender shall not have so made such ratable portion available to the Administrative Agent, such Lender and the Borrower severally agree to pay or to repay to the Administrative Agent forthwith on demand such corresponding amount and to pay interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is paid or repaid to the Administrative Agent, at (i) in the case of the Borrower, the higher of (A) the interest rate applicable at the time to Advances comprising such Borrowing and (B) the cost of funds incurred by the Administrative Agent in respect of such amount and (ii) in the case of such Lender, the greater of the Cost of Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender shall pay to the Administrative Agent such corresponding principal amount, such amount so paid shall constitute such Lender’s Advance as part of such Borrowing for all purposes of this Agreement. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(e) The failure of any Lender to make the Advance to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Advance to be made by such other Lender on the date of any Borrowing.

(f) If any Lender makes available to the Administrative Agent funds for any Advance to be made by such Lender as provided herein, and such funds are not made available to the Borrower by the Administrative Agent because the conditions to such Borrowing are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall promptly return such funds (in like funds as received from such Lender) to such Lender, without interest.

(g) Each Lender at its option may make any Advance by causing any domestic or foreign branch or Affiliate of such Lender to make such Advance (and in the case of an Affiliate, the provisions of Sections 2.08, 2.11 and 2.14 shall apply to such Affiliate to the same extent as to such Lender); provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Advance in accordance with the terms of this Agreement.

SECTION 2.03 [Reserved].

SECTION 2.04 Fees. (a) Commitment Fee. As part of the consideration for each Lender’s Commitment hereunder, the Borrower agrees to pay to the Administrative Agent, for the account of each Lender (other than a Defaulting Lender for such time as such Lender is a Defaulting Lender), a non-refundable commitment fee from (and excluding) the date which is 60 days after the Effective Date and from time to time through and including the date of termination of the Commitments in full, at a rate per annum (x) equal to 0.10% until the receipt of a Public Debt Rating (after giving effect to the Target Acquisition) and (y) thereafter, equal to the Applicable Percentage per annum, on the aggregate daily amount of such Lender’s Commitments during such
period, such fee to be earned and payable in arrears quarterly on the last Business Day of each March, June, September and December, and on the date the Commitment terminates in full or is otherwise reduced to zero.

(b) **Duration Fee.** As part of the consideration for each Lender’s Commitment hereunder, the Borrower will pay to the Administrative Agent for the account of each Lender (subject to Section 2.19(a)(ii)) a duration fee on each date set forth below in an amount equal to the percentage set forth opposite such date of the aggregate principal amount of Advances and undrawn Commitments held by such Lender on such date:

(c) **Additional Fees.** The Borrower shall pay to the Administrative Agent and Arrangers for their account (or that of their applicable Affiliate) such fees as may from time to time be agreed between any of the Consolidated Group and the Administrative Agent and/or Arrangers.

(d) **Calculation of Commitment.** For the avoidance of doubt, with respect to the definition of “Mandatory Cancellation Event” and the ability thereunder for the Borrower to provide notices and issue documents to facilitate a switch from a Scheme to a Takeover Offer and vice versa, the Commitment shall be deemed to be in effect until the end of the day on which the applicable notice or issuance is required to but does not occur for the purposes of calculating any fees under this Agreement or any fee letters related hereto.

**SECTION 2.05 Termination or Reduction of the Commitments; Mandatory Prepayments.** (a) Unless previously terminated, the Commitments shall terminate in full at 5:00 p.m. (Tokyo time) on the earlier of (i) the date on which all of the Certain Funds Purposes have been achieved without the making of any Advances and (ii) the date on which the Certain Funds Period terminates; provided that in any event the Tranche 1 Commitments, Tranche 2 Commitments and Tranche 3 Commitments shall terminate in full at 5:00 p.m. (Tokyo time) on the date that is 364 days after the Closing Date and the Tranche 4 Commitments shall terminate in full at 5:00 p.m. (Tokyo time) on the date that is 90 days after the Closing Date. Additionally, each Lender’s Commitment will be permanently reduced upon such Lender making any Advance under such Commitment by an amount equal to the amount of such Advance. Any termination or reduction of the Commitments shall be permanent.

(b) **Ratable Reduction or Termination.** The Borrower shall have the right, upon at least three Business Days’ notice to the Administrative Agent, to terminate in whole or permanently reduce ratably in part the unused portions of any Class of Commitments of the Lenders; provided that each partial reduction shall be in an aggregate amount of not less than $50,000,000 and an integral multiple of $5,000,000 in excess thereof; provided further that any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied.

(c) **Reserved.**

(d) **Mandatory Prepayment.** First, any outstanding Advances of a Class shall be prepaid, and second, if any Commitments of a Class are outstanding and no Advances of such Class are outstanding on (or such Advances of such Class have been prepaid as of) the applicable date, the Commitments of such Class shall be reduced, in each case, on a Dollar-for-Dollar basis by or with an amount equal to that specified in this paragraph (d) (with amounts received in non-Dollar currencies to be converted by the Borrower to Dollars for the purposes
of this calculation based upon foreign exchange rates actually received in the case of a prepayment (or in the case of a Commitment reduction, with the amount of such reduction to be calculated based on the amount notified by the Borrower to the Administrative Agent as the amount that would actually be received by the Borrower if it converted the amount so received to Dollars, as determined by the Borrower acting in good faith and in a commercially reasonable manner in consultation with the Administrative Agent and taking into account any hedging arrangements which the Borrower has in place) in each case within three Business Days of receipt by the Consolidated Group of any Net Cash Proceeds (or in the case of a Qualifying Committed Financing, receipt by any member of the Consolidated Group of commitments thereof) referred to in this paragraph (d)):

(i) (x) from 100.0% of the Net Cash Proceeds actually received by the Consolidated Group from the incurrence of Borrowed Debt by such entity (excluding (A) intercompany debt of such entities, (B) any other ordinary course borrowings under existing working capital or overdraft facilities, (C) issuances of commercial paper and refinancings thereof (other than any such issuances that are identified by the Borrower as to be used for Certain Funds Purposes), (D) purchase money indebtedness incurred in the ordinary course of business, (E) indebtedness with respect to capital leases incurred in the ordinary course of business, (F) renewals, refinancings or replacements of indebtedness existing on the Effective Date (or, in the case of indebtedness of the Target and its Subsidiaries, existing on the Closing Date) (provided that the existing indebtedness being renewed, refinanced or replaced is scheduled to mature within 12 months after the date of such renewal, refinancing or replacement), (G) the incurrence of Borrowed Debt under local bilateral revolving credit financing arrangements existing on the Effective Date and (H) other Debt in an amount not to exceed $1,000,000,000 in the aggregate) (or, to the extent any such Net Cash Proceeds are identified by the Borrower as to be used for Certain Funds Purposes and are denominated in a currency other than Dollars, 85% of such Net Cash Proceeds (the aggregate amount of Net Cash Proceeds in excess of such 85%, the “Withheld Debt Proceeds”); provided that the aggregate Withheld Debt Proceeds, together with the aggregate Withheld Equity Proceeds (as defined below) and the aggregate Withheld Debt Commitments (as defined below) (other than any Withheld Debt Commitments which have been converted into Withheld Debt Proceeds and therefore already been counted in this calculation), shall not exceed $2,000,000,000; provided that with respect to any Net Cash Proceeds referred to in this clause (i) denominated in a currency other than Dollars, upon the earlier of the Final Certain Funds Payment Date and the conversion of any such Net Cash Proceeds into Dollars, to the extent such amount in Dollars exceeds the amount by which the Commitments were reduced and/or Advances were prepaid as a result of the receipt of those Net Cash Proceeds, there shall be a further mandatory prepayment and/or commitment reduction pursuant to this clause (d) in an amount equal to the lower of (I) such excess and (II) the relevant Withheld Debt Proceeds in respect of those Net Cash Proceeds) and (y) the aggregate amount of commitments received in respect of any Qualifying Committed Financing (or, with respect to any Qualifying Committed Financing denominated in a currency other than Dollars, 85% of the aggregate commitments received in respect of any such Qualifying Committed Financing (the aggregate amount of commitments in excess of such 85%, the “Withheld Debt Commitments”); provided that the aggregate Withheld Debt Commitments, together with the aggregate Withheld Debt Proceeds (other than any Withheld Debt Proceeds which represent the proceeds of any Withheld Debt Commitments that have already been counted in this calculation) and the aggregate Withheld Equity Proceeds, shall not exceed $2,000,000,000 (it being understood that (1) following the effectiveness of such Commitment reduction and solely to the extent of the amount thereof (together with any Withheld Debt Commitments), there shall be no duplicative prepayment of Loans from subsequent proceeds (up to such amount (together with any Withheld Debt Commitments)) received from such Borrowed Debt or Qualifying Committed Financing pursuant to clause (d)(i)(x) or (d)(i)(y) of this Section 2.05 other than pursuant to clause (2) below and to the extent any Qualifying Committed Financing is not required to be applied to the cancellation of any Commitments pursuant to this paragraph (d), there shall be no requirement to apply any loan proceeds arising from any New Term Loans and (2) with respect to any Qualifying Committed Financing denominated in a currency other than Dollars, upon the earlier of the Final Certain Funds Payment Date and...
the conversion of any such Qualifying Committed Financing or the proceeds thereof into Dollars, to the extent such amount in Dollars exceeds the amount by which the Commitments were reduced as a result of the receipt of those commitments in respect of a Qualifying Committed Financing, there shall (except to the extent that a mandatory prepayment and/or commitment reduction has been made in respect of those proceeds pursuant to the equivalent provision in clause (d)(i)(x) above) be a further mandatory prepayment and/or commitment reduction pursuant to this clause (d) in an amount equal to the lower of (I) such excess and (II) the relevant Withheld Debt Commitments in respect of that Qualifying Committed Financing;

(ii) from 100.0% of the Net Cash Proceeds actually received from the issuance of any Equity Interests by the Consolidated Group (other than (A) issuances pursuant to employee stock plans or other benefit or employee incentive arrangements, (B) issuances among the Consolidated Group or (C) other issuances not to exceed $100,000,000 in the aggregate) ( to the extent any such Net Cash Proceeds are identified by the Borrower as to be used for Certain Funds Purposes and are denominated in a currency other than Dollars, 85% of such Net Cash Proceeds (the aggregate amount of Net Cash Proceeds in excess of such 85%, the “Withheld Equity Proceeds”); provided that the aggregate Withheld Equity Proceeds, together with the aggregate Withheld Debt Commitments and the aggregate Withheld Debt Proceeds (other than any Withheld Debt Proceeds which represent the proceeds of any Withheld Debt Commitments that have already been counted in this calculation), shall not exceed $2,000,000,000); provided that with respect to any Net Cash Proceeds referred to in this clause (ii) denominated in a currency other than Dollars, upon the earlier of the Final Certain Funds Payment Date and the conversion of any such Net Cash Proceeds into Dollars, to the extent such amount in Dollars exceeds the amount by which the Commitments were reduced and/or the Advances were prepaid as a result of the receipt of those Net Cash Proceeds, there shall be a further mandatory prepayment and/or commitment reduction pursuant to this clause (d) in an amount equal to the lower of (I) such excess and (II) the relevant Withheld Equity Proceeds in respect of those Net Cash Proceeds; and

(iii) from 100.0% of the Net Cash Proceeds actually received by the Consolidated Group from Asset Sales outside the ordinary course of business (except for (A) Asset Sales between or among such entities and (B) Asset Sales, the Net Cash Proceeds of which do not exceed $100,000,000 in any single transaction or related series of transactions or $1,000,000,000 in the aggregate).

All mandatory prepayments or Commitment reductions (a) in respect of the issuance of senior notes and/or mandatorily convertible securities and/or hybrid equity or Equity Interests (other than hybrid securities denominated in Japanese Yen) shall be applied first to Tranche 1 Advances and Tranche 1 Commitments, second to Tranche 3 Advances and Tranche 3 Commitments, third to Tranche 2 Advances and Tranche 2 Commitments and fourth to Tranche 4 Advances and Tranche 4 Commitments, (b) in respect of the issuance of hybrid securities denominated in Japanese Yen shall be applied first to the Tranche 2 Advances and Tranche 2 Commitments, second ratable to the Tranche 1 Advances and Tranche 1 Commitments and Tranche 3 Advances and Tranche 3 Commitments, and third to the Tranche 4 Advances and Tranche 4 Commitments, (c) in respect of the incurrence of New Term Loans shall be applied first to Tranche 3 Advances and Tranche 3 Commitments, second to Tranche 1 Advances and Tranche 1 Commitments, third Tranche 2 Advances and Tranche 2 Commitments and fourth to Tranche 4 Advances and Tranche 4 Commitments, and (d) in respect of other mandatory prepayments or commitment reductions described in this clause (d) shall be applied first ratable to Tranche 1 Advances and Tranche 1 Commitments and Tranche 3 Advances and Tranche 3 Commitments, second to the Tranche 2 Advances and Tranche 2 Commitments and third to Tranche 4 Advances and Tranche 4 Commitments. All mandatory prepayments and Commitment reductions will be applied without penalty or premium (except for breakage costs and accrued interest, if any) and will be applied pro rata among the Lenders of the applicable Class of Advances (or, if applicable, Class of Commitments). Mandatory prepayments of the Advances may not be reborrowed.
If the Net Cash Proceeds are received by any Person other than the Borrower, the Commitments shall only be reduced (or the Advances prepaid) to the extent that such Net Cash Proceeds are not prohibited or delayed by applicable law and can be immediately transferred to the Borrower (with such amount net of the costs and taxes associated therewith); it being understood that if such a restriction on transfer exists, upon such restriction ceasing to apply, the Commitments will be immediately reduced or, if applicable, the Advances will be repaid within three Business Days thereof, in the manner set forth above as if such Net Cash Proceeds were received by the Borrower on the date such restriction ceased to exist.

SECTION 2.06 Repayment of Advances. The Borrower shall repay on the Maturity Date for the applicable Class to the Administrative Agent for the ratable account of the Lenders of such Class, the aggregate principal amount of all Advances under such Class made to the Borrower outstanding on such date.

SECTION 2.07 Interest on Advances. (a) Scheduled Interest. The Borrower shall pay interest on the unpaid principal amount of each Advance made to it from the date of such Advance until such principal amount shall be paid in full, at the following rates per annum:

(i) **Cost of Funds Rate Advances.** During such periods as such Advance is a Cost of Funds Rate Advance, a rate per annum equal at all times to the sum of (A) the Cost of Funds Rate in effect from time to time and (B) the Applicable Margin, payable in arrears quarterly on the last Business Day of each March, June, September and December, during such periods and on the date the Advances are paid in full.

(ii) **Eurocurrency Rate Advances.** During such periods as such Advance is a Eurocurrency Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Eurocurrency Rate for such Interest Period for such Advance, and (B) the Applicable Margin, payable in arrears on the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and on the date such Eurocurrency Rate Advance shall be Converted or paid in full.

(b) **Default Interest.** Upon the occurrence and during the continuance of an Event of Default pursuant to Section 6.01(a), the Administrative Agent shall, upon the request of the Required Lenders, require the Borrower to pay interest (“Default Interest”), which amount shall accrue as of the date of occurrence of the Event of Default, on (i) amounts that are overdue, payable in arrears on the dates referred to in Section 2.07(a)(i) or 2.07(a)(ii), at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on such overdue amount pursuant to Section 2.07(a)(i) or 2.07(a)(ii) and (ii) to the fullest extent permitted by law, the amount of any interest, fee or other amount payable hereunder that is not paid when due, from the date such amount shall be due until such amount shall be paid in full, payable in arrears on the date such amount shall be paid in full and on demand, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on Advances pursuant to Section 2.07(a)(ii) (or, if all Advances have been Converted to Cost of Funds Rate Advances pursuant to Section 2.07(a)(ii)), provided, however, that following acceleration of the Advances pursuant to Section 6.01, Default Interest shall accrue and be payable hereunder whether or not previously required by the Administrative Agent.

(c) **Additional Interest on Eurocurrency Rate Advances.** The Borrower shall pay to each Lender, so long as and to the extent such Lender shall be subject to, under applicable law, rules or regulations to reserves, liquid asset, fees or similar requirements (as further described in the definition of Eurocurrency Rate Reserve Percentage) with respect to deposits or liabilities (as so described), additional interest on the unpaid principal amount of each Advance of such Lender made to the Borrower that is a Eurocurrency Rate Advance, from the date of such Advance until such principal amount is paid in full, at an interest rate per annum equal at all times to the remainder obtained by subtracting (a) the Eurocurrency Rate for the applicable Interest Period for such
Advance from (b) the rate obtained by dividing such Eurocurrency Rate by a percentage equal to 100% minus the Eurocurrency Rate Reserve Percentage of such Lender for such Interest Period, payable on each date on which interest is payable on such Advance. Such Lender shall as soon as practicable provide notice to the Administrative Agent and the Borrower of any such additional interest arising in connection with such Advance, which notice shall be conclusive and binding, absent demonstrable error.

SECTION 2.08 Interest Rate Determination. (a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a)(i) or 2.07(a)(ii).

(b) If, with respect to any Eurocurrency Rate Advances, (i) the Administrative Agent shall have determined (which determination shall be conclusive and binding absent manifest error) that adequate and reasonable means (including, without limitation, by means of an Interpolated Rate) do not exist for ascertaining the Eurocurrency Rate for such Interest Period or (ii) the Required Lenders notify the Administrative Agent that (x) they are unable to obtain matching deposits in the London inter-bank market at or about 11:00 A.M. (London time) on the second Business Day before the making of a Borrowing in sufficient amounts to fund their respective Advances as a part of such Borrowing during its Interest Period or (y) the Eurocurrency Rate for any Interest Period for such Advances will not adequately and fairly reflect the cost to the Required Lenders of making, funding or maintaining their respective Eurocurrency Rate Advances for such Interest Period, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) (x) the Borrower will, on the last day of the then existing Interest Period therefor prepay such Advances or (y) any such Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration and (B) the obligation of the Lenders to make Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If at any time the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (i) the circumstances set forth in clause (b)(i) have arisen and such circumstances are unlikely to be temporary or (ii) the circumstances set forth in clause (b)(i) have not arisen but the supervisor for the administrator of the Screen Rate or a Governmental Authority having jurisdiction over the Administrative Agent has made a public statement identifying a specific date after which the Screen Rate shall no longer be used for determining interest rates for loans, then the Administrative Agent and the Borrower shall endeavor to establish an alternate rate of interest to the Eurocurrency Rate that gives due consideration to the then prevailing market convention for determining a rate of interest for syndicated loans in the United States at such time, and shall enter into an amendment to this Agreement to reflect such alternate rate of interest and such other related changes to this Agreement as may be applicable (but for the avoidance of doubt, such related changes shall not include a reduction of the Applicable Margin); provided that, if such alternate rate of interest as so determined would be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement. Notwithstanding anything to the contrary in Section 9.01, such amendment shall become effective without any further action or consent of any other party to this Agreement so long as the Administrative Agent shall not have received, within five Business Days of the date notice of such alternate rate of interest is provided to the Lenders, a written notice from the Required Lenders stating that such Required Lenders object to such amendment. Until an alternate rate of interest shall be determined in accordance with this clause (c) (but, in the case of the circumstances described in clause (ii) of the first sentence of this Section 2.08(c), only to the extent the Screen Rate for the applicable currency and such Interest Period is not available or published at such time on a current basis), (x) any request from the Borrower to continue any Advance as a Eurocurrency Rate Advance shall be ineffective and any such Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration and (y) the obligation of the Lenders to make Eurocurrency Rate Advances shall be suspended.
(d) If the Borrower shall fail to select the duration of any Interest Period for any Eurocurrency Rate Advances made to the Borrower in accordance with the provisions contained in the definition of “Interest Period” in Section 1.01, the Administrative Agent will forthwith so notify the Borrower and the Lenders and such Eurocurrency Rate Advances will automatically, on the last day of the then existing Interest Period therefor, be continued as a Eurocurrency Advance with an Interest Period of one month.

SECTION 2.09 [Intentionally Omitted].

SECTION 2.10 Optional Prepayments of Advances. The Borrower may, upon written notice to the Administrative Agent stating the proposed date and aggregate principal amount of the proposed prepayment, given not later than 10:00 A.M. (Tokyo time) one Business Day prior to the date (which date shall be a Business Day) of such proposed prepayment, in the case of a Borrowing consisting of Cost of Funds Rate Advances, and not later than 10:00 A.M. (Tokyo time) at least two Business Days prior to the date of such proposed prepayment, in the case of a Borrowing consisting of Eurocurrency Rate Advances, and if such notice is given, the Borrower shall, prepay the outstanding principal amount of the Advances comprising part of the same Borrowing made to the Borrower in whole or ratably in part, and together with accrued interest to the date of such prepayment on the principal amount prepaid; provided, however, that (i) each partial prepayment shall be in an aggregate principal amount of the Borrowing Minimum or a Borrowing Multiple in excess thereof and (ii) if any prepayment of a Eurocurrency Rate Advance is made on a date other than the last day of an Interest Period for such Eurocurrency Rate Advance, the Borrower shall also pay any amount owing pursuant to Section 9.04(c); and provided, further, that, subject to clause (ii) of the immediately preceding proviso, any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied. Notwithstanding anything in this Agreement to the contrary, the Borrower shall not optionally prepay any Tranche 1 Advances, Tranche 2 Advances or Tranche 3 Advances while any Tranche 4 Advances are outstanding.

SECTION 2.11 Increased Costs. (a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any directive, guideline or request from any central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not having the force of law), in each case after the date hereof (or with respect to any Lender (or the Administrative Agent), if later, the date on which such Lender (or the Administrative Agent) becomes a Lender (or the Administrative Agent)), there shall be any increase in the cost to any Lender or the Administrative Agent of agreeing to make or making, funding or maintaining Advances (excluding for purposes of this Section 2.11 any such increased costs resulting from (i) Taxes as to which such Lender is indemnified under Section 2.14, (ii) Excluded Taxes, or (iii) Other Taxes), then the Borrower shall from time to time, upon demand by such Lender or the Administrative Agent (with a copy of such demand to the Administrative Agent, if applicable), pay to the Administrative Agent for the account of such Lender (or for its own account, if applicable) additional amounts sufficient to compensate such Lender or the Administrative Agent for such increased cost as reasonably determined by such Lender or the Administrative Agent (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender or the Administrative Agent under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender or the Administrative Agent then reasonably determines to be relevant). A certificate describing such increased costs in reasonable detail delivered to the Borrower shall be conclusive and binding for all purposes, absent demonstrable error.

(b) If any Lender reasonably determines that compliance with any law or regulation or any directive, guideline or request from any central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not having the force of law), in each case promulgated or given after the date hereof (or with respect to any Lender, if later, the date on
which such Lender becomes a Lender), affects or would affect the amount of capital, insurance or liquidity required or expected to be maintained by such Lender or any corporation controlling such Lender and that the amount of such capital, insurance or liquidity is increased by or based upon the existence of such Lender’s commitment to lend hereunder and other commitments of this type, the Borrower shall, from time to time upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances as reasonably determined by such Lender (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender then reasonably determines to be relevant), to the extent that such Lender reasonably determines such increase in capital, insurance or liquidity to be allocable to the existence of such Lender’s Advances or commitment to lend hereunder. A certificate as to such amounts submitted to the Borrower and the Administrative Agent by such Lender shall be conclusive and binding for all purposes, absent demonstrable error.

(c) Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs or reductions incurred more than six months prior to the date that such Lender notifies the Borrower of the change or circumstance giving rise to such increased costs or reductions and of such Lender’s intention to claim compensation therefor; provided further that, if the change or circumstance giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof. Any Lender making a claim for compensation under this Section 2.11 may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 8.07.

(d) Notwithstanding anything in this Section 2.11 to the contrary, for purposes of this Section 2.11, (A) the Dodd Frank Wall Street Reform and Consumer Protection Act and the rules and regulations issued thereunder or in connection therewith or in implementation thereof, and (B) all requests, rules, guidelines and directions promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any similar or successor agency, or the United States or foreign regulatory authorities, in each case, pursuant to Basel III) shall be deemed to have been enacted following the date hereof (or with respect to any Lender, if later, the date on which such Lender becomes a Lender); provided that no Lender shall demand compensation pursuant to this Section 2.11(c) unless such Lender is making corresponding demands on similarly situated borrowers in comparable credit facilities to which such Lender is a party.

SECTIO N2.12 Illegality. Notwithstanding any other provision of this Agreement, with respect to Dollar denominated Advances, (a) if any Lender shall notify the Administrative Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other Governmental Authority, including without limitation, any agency of the European Union or similar monetary or multinational authority, asserts that it is unlawful, for such Lender or its Eurocurrency Lending Office to perform its obligations hereunder to make Eurocurrency Rate Advances or to fund or maintain Eurocurrency Rate Advances hereunder, (i) each Eurocurrency Rate Advance of such Lender will automatically, upon such notification, be Converted into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of such Lender to make Eurocurrency Rate Advances or to Convert Advances into Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and such Lender that the circumstances causing such suspension no longer exist and (b) if Lenders constituting the Required Lenders so notify the Administrative Agent, (i) each Eurocurrency Rate Advance of each Lender will automatically, upon such notification, Convert into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of each Lender to make Eurocurrency Rate Advances or to Convert Advances into Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and each Lender that the
circumstances causing such suspension no longer exist. Any Lender that is prohibited from performing its obligations to make Advances or to continue to fund or maintain Advances may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 8.07.

SECTION 2.13 Payments and Computations. (a) The Borrower shall make each payment required to be made by it under this Agreement not later than 11:00 A.M. (Tokyo time) on the day when due in Dollars to the Administrative Agent at the applicable Administrative Agent’s Office in same day funds. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest or commitment fees ratably (other than amounts payable pursuant to Section 2.02(c), 2.07(c), 2.11, 2.12(a) (or if applicable the last sentence of Section 2.12), 2.14, 2.15 or 9.04(c)) to the Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.07(c), from and after the effective date specified in such Assignment and Acceptance, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the assignor for amounts which have accrued to but excluding the effective date of such assignment and to the assignee for amounts which have accrued from and after the effective date of such assignment. All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff.

(b) The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender by the Borrower is not made when due hereunder, to charge from time to time against any or all of the Borrower’s accounts with such Lender any amount so due, unless otherwise agreed between the Borrower and such Lender.

(c) All computations of interest hereunder shall be made by the Administrative Agent on the basis of a year of 360 days and in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or such fees are payable. Each determination by the Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent demonstrable error.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or commitment fee, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of Eurocurrency Rate Advances to be made in the next following calendar month, such payment shall be made on the immediately preceding Business Day.

(e) Unless the Administrative Agent shall have received written notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent, following prompt notice thereof, forthwith on demand such amount distributed to such Lender, together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Cost of Funds Rate.

SECTION 2.14 Taxes. (a) Any and all payments by or on behalf of the Borrower under any Loan Document shall be made, in accordance with Section 2.13, free and clear of and without deduction for any Taxes,
excluding, in the case of each Lender and the Administrative Agent, (i) taxes imposed on (or measured by) its overall net income (however denominated), franchise taxes, and branch profits taxes, in each case (A) imposed by the jurisdiction under the laws of which such Lender or the Administrative Agent, as the case may be, is organized or any political subdivision thereof, by the jurisdiction of the Administrative Agent’s principal office or such Lender’s Applicable Lending Office, as the case may be, or any political subdivision thereof or (B) that are Other Connection Taxes, (ii) with respect to a Lender that is not a Japanese tax resident or a Japanese branch of a non-Japanese tax resident and is not entitled to a full exemption on Japanese withholding tax on interest payments under a tax treaty entered into by Japan and that is in effect on the date specified in this clause (ii)(A)-(B) below, any Japanese withholding Taxes imposed by a Governmental Authority pursuant to a law in effect on the date on which (A) a Lender acquires such interest in an Advance or Commitment or, with respect to the Administrative Agent, the date that the Administrative Agent becomes a party to a Loan Document or (B) a Lender changes its Applicable Lending Office, except in each case to the extent that, pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender’s assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its Applicable Lending Office, (iii) any Tax that is imposed (for the avoidance of doubt, including any Tax that is imposed at higher effective tax rate) by reason of such Lender’s or the Administrative Agent’s failure to comply with Section 2.14(f), and (iv) any withholding taxes imposed under FATCA (all such excluded Taxes in respect of payments under any Loan Document being hereinafter referred to as “Excluded Taxes”). If any Taxes from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent shall be required to be deducted or withheld under applicable law, (A) the Borrower shall be entitled to make such deductions or withholdings and (B) the Borrower shall pay the full amount deducted or withheld to the relevant taxation authority or other Governmental Authority in accordance with applicable law. If any Taxes other than Excluded Taxes shall be required to be deducted from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent, the sum payable by the Borrower shall be increased as may be necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.14) such Lender or the Administrative Agent, as the case may be, receives an amount equal to the sum it would have received had no such deductions been made.

(b) In addition, without duplication of any other obligation set forth in this Section 2.14, the Borrower agrees to pay to the relevant taxing authority or Governmental Authority any present or future stamp and documentary Taxes and any other excise or property Taxes, charges or similar levies that arise from any payment made by it under any Loan Document or from the execution, delivery or registration of, or performance under, or otherwise with respect to, any Loan Document other than any such Taxes, charges or similar levies that are Other Connection Taxes imposed with respect to an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower) (such Taxes, charges or similar levies, hereinafter referred to as “Other Taxes”).

(c) Without duplication of any other obligation set forth in this Section 2.14, the Borrower shall indemnify each Lender and the Administrative Agent for the full amount of Taxes (other than Excluded Taxes) and Other Taxes (except to the extent such Other Taxes are Other Connection Taxes imposed solely as a result of an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower)) imposed on or paid by such Lender or the Administrative Agent, as the case may be, in respect of Advances made to the Borrower and any liability (including, without limitation, penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender or the Administrative Agent, as the case may be, makes written demand therefor. Such Lender or the Administrative Agent shall deliver to the Borrower a certificate describing in reasonable detail the amount of such payment or liability.

(d) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Borrower to do
so) and (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 9.07(e) relating to the maintenance of a Participant Register, in either case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate describing in reasonable detail the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) As soon as practical after the date of any payment of Taxes or Other Taxes for which the Borrower is responsible under this Section 2.14, the Borrower shall furnish to the Administrative Agent, at its address as specified in Schedule II, the original or a certified copy of a receipt evidencing payment thereof.

(f) (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(f)(ii) below) shall not be required if in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing:

1. Any Lender that is a “United States person” within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent executed originals of IRS Form W-9 (and any applicable successor form) and such other documentation or information prescribed by applicable Laws or reasonably requested by the Borrower or the Administrative Agent certifying that such Lender is exempt from U.S. federal backup withholding tax. The forms described in this Section 2.14(e)(ii)(1) shall be provided by each Lender to the Borrower and the Administrative Agent at the time such Lender becomes a party to this Agreement, at the time or times prescribed by applicable Laws, when reasonably requested by the Borrower or the Administrative Agent, and promptly upon the obsolescence, invalidity or expiration of any form previously provided by such Lender.

2. Any Lender that is neither a Japanese tax resident nor a Japanese branch of a non-Japanese tax resident shall provide, to the extent it is legally entitled to do so, the applicable documentation to claim the benefits of a tax treaty entered into by Japan, at the time or times prescribed by applicable Laws, when reasonably requested by the Borrower or the Administrative Agent, and promptly upon the obsolescence, invalidity or expiration of any form otherwise provided by such Lender.

3. Any Lender that is a Japanese branch of a non-Japanese tax resident shall present, to the extent it is legally entitled to do so, a Certificate of Exemption for Withholding Tax for Foreign Corporations issued by the relevant tax authority in Japan pursuant to Article 180 of the Income Tax Act of Japan (shotokuzehou) at the time or times prescribed by applicable Laws and when reasonably requested by the Borrower or the Administrative Agent.
(iii) If a payment made to a Lender under any Loan Document would be subject to withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower or the Administrative Agent to comply with its obligations under FATCA, to determine that such Lender has complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for the purposes of this clause 2.14(f)(ii), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

(iv) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(v) Notwithstanding the foregoing, any Japanese Taxes resulting from the failure or legal inability of a Lender to provide any tax forms pursuant to Section 2.14(f)(i)-(ii) or (iv) shall be considered Excluded Taxes unless (x) such Taxes are imposed as a result of a change in law or treaty occurring after the date the Lender became a party to this Agreement or acquired its interest in a Loan or Commitment and would otherwise have not been treated as an Excluded Tax under Section 2.14(a) but for this Section 2.14(f)(v) or (y) such Taxes were grossed up with respect to the Lender’s assignor immediately before such Lender became a party.

(g) In the event that an additional payment is made under Section 2.14(a) or 2.14(c) for the account of the Administrative Agent or any Lender and the Administrative Agent or such Lender, in its sole discretion exercised in good faith, determines that it has received a refund of any tax paid or payable by it in respect of or calculated with reference to the deduction or withholding giving rise to such additional payment (including by the payment of additional amounts pursuant to this Section 2.14), the Administrative Agent or such Lender shall pay to the Borrower such amount equal to such refund as the Administrative Agent or such Lender shall, in its reasonable discretion exercised in good faith, have determined is attributable to such deduction or withholding and will leave the Administrative Agent or such Lender (after such payment) in no worse position than it would have been had the Borrower not been required to make such deduction or withholding. The Borrower, upon the request of the Administrative Agent or such Lender, shall repay to the Administrative Agent or such Lender the amount paid over pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. Nothing contained in this Section 2.14(g) shall (i) interfere with the right of a Lender to arrange its tax affairs in whatever manner it thinks fit or (ii) oblige the Administrative Agent or any Lender to disclose any information relating to its tax returns, tax affairs or any computations in respect thereof or (iii) require any Lender to take or refrain from taking any action that would prejudice its ability to benefit from any other credits, reliefs, remissions or repayments to which it may be entitled.

(h) Each party’s obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under the Loan Documents.

(i) For purposes of this Section 2.14, the term “applicable law” includes FATCA.
2.12(a), 2.14 or 9.04(c)) in excess of its ratable share of payments on account of the Advances obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in the Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender’s ratable share (according to the proportion of (a) the amount of such Lender’s required repayment to (b) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.15 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of setoff) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The provisions of this Section 2.15 shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from a Defaulting Lender) as in effect from time to time or (B) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Advances to any assignee or participant permitted hereunder.

SECTION 2.16 Use of Proceeds. The proceeds of the Advances shall be available, and the Borrower agrees that it shall apply such proceeds, solely towards Certain Funds Purposes.

SECTION 2.17 Evidence of Debt. (a) The Register maintained by the Administrative Agent pursuant to Section 9.07(d) shall include (i) the date and amount of each Borrowing made hereunder by the Borrower, the Type and Class of Advances comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iv) the amount of any sum received by the Administrative Agent from the Borrower hereunder and each Lender’s share thereof.

(b) Entries made reasonably and in good faith by the Administrative Agent in the Register pursuant to subsection (a) above shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from the Borrower to each Lender under this Agreement, absent manifest error; provided, however, that the failure of the Administrative Agent to make an entry, or any finding that an entry is incorrect, in the Register or such account or accounts shall not limit, expand or otherwise affect the obligations of the Borrower under this Agreement.

SECTION 2.18 [Reserved].

SECTION 2.19 Defaulting Lenders.

(a) Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender (it being understood that the determination of whether a Lender is no longer a Defaulting Lender shall be made as described in Section 2.19(b)):

(i) such Defaulting Lender will not be entitled to any fees accruing during such period pursuant to Section 2.04(a);

(ii) such Defaulting Lender will not be entitled to any fees accruing under Section 2.04(b) with respect to its undrawn Commitment to the extent it is a Defaulting Lender on the date such fee would otherwise be payable and such fee would be attributable to its Commitment (for the avoidance of doubt fees attributable to funded Advances shall be payable);
(iii) to the fullest extent permitted by applicable law, such Lender will not be entitled to vote in respect of amendments and waivers hereunder, and the Commitment and the outstanding Advances of such Lender hereunder will not be taken into account in determining whether the Required Lenders or all of the Lenders, as required, have approved any such amendment or waiver (and the definition of “Required Lenders” will automatically be deemed modified accordingly for the duration of such period); provided that any such amendment or waiver that would increase or extend the term of the Commitment of such Defaulting Lender, extend the date fixed for the payment of principal or interest owing to such Defaulting Lender hereunder, reduce the principal amount of any obligation owing to such Defaulting Lender, reduce the amount of or the rate or amount of interest on any amount owing to such Defaulting Lender or of any fee payable to such Defaulting Lender hereunder, or alter the terms of this proviso, will require the consent of such Defaulting Lender; and

(iv) the Borrower may, at its sole expense and effort, require such Defaulting Lender to assign and delegate its interests, rights and obligations under this Agreement pursuant to Section 9.07.

(b) If the Borrower and the Administrative Agent agree in writing in their discretion that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, such Lender will cease to be a Defaulting Lender and will be a Non-Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while such Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Non-Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from such Lender’s having been a Defaulting Lender.

(c) Any payment of principal, interest, fees or other amounts received by the Administrative Agent hereunder for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 6.01 or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 9.05 shall be applied at such time or times as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as reasonably determined by the Administrative Agent; third, as the Borrower may request, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender’s potential future funding obligations with respect to Advances under this Agreement; fourth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; fifth, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; and sixth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or otherwise pursuant to this Section 2.19(c) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

SECTION 2.20 Mitigation. (a) Each Lender shall promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge that will result in, and will use reasonable commercial efforts available to it (and not, in such Lender’s good faith judgment, otherwise disadvantageous to such Lender) to mitigate or avoid, (i) any obligation by the Borrower to pay any amount pursuant to Section 2.11 or 2.14 or (ii) the occurrence of any circumstance described in Section 2.12 (and, if any Lender has given notice of any such event described in clause (i) or (ii) above and thereafter such event ceases to exist, such Lender shall promptly so
notify the Borrower and the Administrative Agent). In furtherance of the foregoing, each Lender will designate a different funding office if such designation will avoid (or reduce the cost to the Borrower of) any event described in clause (i) or (ii) of the preceding sentence and such designation will not, in such Lender’s good faith judgment, be otherwise disadvantageous to such Lender.

(b) Notwithstanding any other provision of this Agreement, if any Lender fails to notify the Borrower of any event or circumstance which will entitle such Lender to compensation pursuant to Section 2.11 within 180 days after such Lender obtains knowledge of such event or circumstance, then such Lender shall not be entitled to compensation from the Borrower for any amount arising prior to the date which is 180 days before the date on which such Lender notifies the Borrower of such event or circumstance.

ARTICLE III

CONDITIONS TO EFFECTIVENESS AND LENDING

(a) The Effective Date shall have occurred.

(b) If the Target Acquisition is effected by way of a Scheme, the Administrative Agent shall have received:

(i) a certificate of the Borrower signed by a director certifying:

(1) the date on which the Scheme Circular was posted to the shareholders of the Target;

(2) the date on which the Court has sanctioned the Scheme and that the Court Order has been duly delivered to the Registrar in accordance with Article 125(3) of the Jersey Companies Law;

(d) On the date of the applicable borrowing request and on the proposed date of such borrowing (x) no Certain Funds Default is continuing or would result from the proposed Borrowing and (y) all the Certain Funds Representations are true or, if a Certain Funds Representation does not include a materiality concept, true in all material respects.

(e) All fees due and payable by the Borrower to the Arrangers, the Administrative Agent and the Lenders pursuant to paragraphs 1(i), (ii), (iii) or (iv) of the Fee and Syndication Letter shall be paid or satisfied from the proceeds of the proposed Advance, to the extent invoiced at least one Business Day prior to the Closing Date by the relevant person and to the extent such amounts are payable on or prior to the Closing Date.

(f) The Administrative Agent shall have received a Notice of Borrowing in accordance with Section 2.02.

(g) The Administrative Agent shall have received a pro forma consolidated balance sheet and related pro forma consolidated statement of income of the Borrower and its Subsidiaries as of and for the twelve-month period ending on the last day of the most recently completed four-fiscal quarter period ended at least 45 days prior to the Closing Date, prepared after giving effect to the Transactions as if the Transactions had occurred as of such date (in the case of such balance sheet) or at the beginning of such period (in the case of such statement of income) (the “Pro Forma Financials”), it being acknowledged that neither the Administrative Agent nor any Lender shall have any approval right as regards the form or contents of the Pro Forma Financials).

(h) It is not illegal for any Lender to lend and there is no injunction, restraining order or equivalent prohibiting any Lender from lending its portion of the Advances or restricting the application of the proceeds thereof; provided that such Lender has used commercially reasonable efforts to make the Loans through an Affiliate of such Lender not subject to such legal restriction; provided further, that the
occurrence of such event in relation to one Lender shall not relieve any other Lender of its obligations to make Advances hereunder.

The Administrative Agent shall notify the Borrower and the Lenders of the Closing Date as soon as practicable upon its occurrence, and such notice shall be conclusive and binding.

SECTION 3.03 Conditions to Advances after the Closing Date. The obligation of each Lender to make an Advance on any date after the Closing Date and during the Availability Period is subject to the satisfaction (or waiver in accordance with Section 9.01) of the following conditions:

(ii) Provide evidence that a Scheme Circular or (if the Target Acquisition is effected by way of a Takeover Offer) a Takeover Offer Document is issued and dispatched as soon as is reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Scheme Press Release or Offer Press Announcement, as applicable unless, during that period the Borrower has elected to convert the Target Acquisition from a Scheme to a Takeover Offer, or vice versa (in which case the Scheme Circular or Takeover Offer Document, as applicable) shall be issued and dispatched as soon as reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Scheme Press Release or an Offer Press Announcement, as applicable.

(iii) Comply in all material respects with the City Code (subject to any waivers or dispensations granted by the Panel or the Court) and all other applicable laws and regulations in relation to any Takeover Offer or Scheme.

(iv) Except as consented to by the Arrangers in writing (such consent not to be unreasonably withheld, delayed or conditioned) and save to the extent that following the issue of a Scheme Press Release or an Offer Press Announcement the Borrower elects to proceed with the Target Acquisition by way of Takeover Offer or Scheme respectively, ensure that (i) if the Target Acquisition is effected by way of a Scheme, the Scheme Circular corresponds in all material respects to the terms and conditions of the Scheme as contained in the Scheme Press Release to which it relates or (ii) if the Target Acquisition is effected by way of a Takeover Offer, the Takeover Offer Document corresponds in all material respects to the terms and conditions of the Takeover Offer as contained in the corresponding Offer Press Announcement, subject to any variation required by the Court and to any variations required by the Panel or which are not materially adverse to the interests of the Lenders (or where the prior written consent of the Arrangers has been given).

(v) Ensure that the Scheme Documents or, if the Target Acquisition is effected by way of a Takeover Offer, the Offer Documents, provided to the Arrangers contain all the material terms and conditions of the Scheme or Takeover Offer, as at that date, as applicable.

(vi) Not make or approve any increase in the proposed amount of cash consideration payable per Target Share or make any other acquisition of any Target Share (including pursuant to a Takeover Offer) at a price that results in an increase in the cash consideration payable per Target Share stated in the Original Scheme Press Release or Original Offer Press Announcement, (as the case may be), unless such modification in price is not materially adverse to the interests of the Lenders (or where the prior written consent of the Arrangers has been given).

(vii) Except as consented to by the Arrangers in writing in the event that the matter is material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed, or conditioned), not (i) amend or waive any term of the Scheme Documents or the Takeover Offer Documents, as applicable, in a manner materially adverse to the interests of the Lenders from those in the Original Scheme Press Release or Original Offer Press Announcement, as the case may be, or (ii) if the Target Acquisition is proceeding as a Takeover Offer, amend or waive the Acceptance Condition, save for, (A) in the case of clause (i), any amendment or waiver required by the Panel, the City Code, a court or any other applicable law, regulation or regulatory body, (B) in the case of clause (ii), a waiver of the Acceptance Condition to permit the Takeover Offer to become unconditional with acceptance of Target Shares (excluding any shares held in treasury) which, when aggregated with all Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares.
(excluding any shares held in treasury) as at the date on which the Takeover Offer is declared unconditional as to acceptances, (C) in the case of clause (i) and any condition detailed in the Scheme Press Release or Offer Press Announcement (as appropriate), any waiver of a condition, which such condition would not have entitled the Borrower to lapse the Scheme or Takeover Offer (as the case may be) under rule 13.5(a) of the Takeover Code or (D) an extension of the Long Stop Date (as defined in the Original Offer Press Announcement) in the event that any condition in paragraphs 4(c) to (j) in Part A of Appendix 1 to the Original Scheme Press Release (or the equivalent provision in any Original Offer Press Announcement) has not been satisfied by the date falling 12 months after the date of this Agreement.

(viii) Not take any action which would require the Borrower to make a mandatory offer for the Target Shares in accordance with Rule 9 of the City Code.

(ix) Provide the Administrative Agent with copies of each Offer Document or Scheme Document (as applicable) and such information as it may reasonably request regarding, in the case of a Takeover Offer, the current level of acceptances subject to any confidentiality, legal, regulatory or other restrictions relating to the supply of such information.

(x) Promptly deliver to the Administrative Agent the receiving agent certificate issued under Rule 10 of the City Code (if the Target Acquisition is being pursued pursuant to a Takeover Offer), any written agreement between the Borrower or its Affiliates and Target to the extent material to the interests of the Lenders (as reasonably determined by the Borrower) in relation to the consummation of the Target Acquisition (in each case, upon such documents or agreements being entered into by a member of the Consolidated Group), and all other material announcements and documents published by the Borrower or delivered by the Borrower to the Panel pursuant to the Takeover Offer or Scheme (other than the cash confirmation) and all legally binding agreements entered into by the Borrower in connection with a Takeover Offer or Scheme, in each case to the extent the Borrower, acting reasonably, anticipates they will be material to the interests of the Lenders in connection with the Transactions, except to the extent it is prohibited by legal (including contractual) or regulatory obligations from doing so.

(xi) In the event that a Scheme is switched to a Takeover Offer or vice versa, (which the Borrower shall be entitled to do on multiple occasions provided that it complies with the terms of this Agreement), (i) within the applicable time periods provided in the definition of "Mandatory Cancellation Event", procure that an Offer Press Announcement or Scheme Press Release, as the case may be, is issued, and (ii) except as consented to by the Arrangers in writing where such matters are material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed or conditioned), ensure that (A) where the Target Acquisition is then proceeding by way of a Takeover Offer, the terms and conditions contained in the Offer Document include the Acceptance Condition and (B) except for any reference in the Scheme Documents to the recommendation of the Target Acquisition and the Scheme to the Scheme Shareholders by the board of directors of the Target, the conditions to be satisfied in connection with the Target Acquisition and contained in the Offer Documents or the Scheme Documents (whichever is applicable) are otherwise consistent in all material respects with those contained in the Offer Documents or Scheme Documents (whichever applied to the immediately preceding manner in which it was proposed that the Target Acquisition would be effected) (to the extent applicable for the legal form of a Takeover Offer or Scheme, as the case may be), in each case other than (i) in the case of clause (B), any changes permitted or required by the Panel or the City Code or any court of competent jurisdiction or are required to reflect the change in legal form to a Takeover Offer or Scheme or (ii) changes that could have been made to the Scheme or a Takeover Offer in accordance with the relevant provisions of this Agreement or which reflect the requirements of the terms of this Agreement and the manner in which the Target Acquisition may be effected, including, without limitation, changes to the price per Target Share which are made in accordance with
the relevant provisions of this Agreement or any other agreement between the Borrower and the Arrangers.

(xii) In the case of a Takeover Offer, (i) not declare the Takeover Offer unconditional as to acceptances until the Acceptance Condition has been satisfied and (ii) promptly upon the Borrower acquiring Target Shares which represent not less than 90% in nominal value of the Target Shares to which the Takeover Offer relates or, if the Takeover Offer relates to Target Shares of different classes, not less than 90% in nominal value of the shares of any class to which the Takeover Offer relates, ensure that notices under Article 117 of the Jersey Companies Law in respect of Target Shares that the Borrower has not yet agreed to directly or indirectly acquire are issued.

(xiii) In the case of a Scheme, within 90 days of the Scheme Effective Date, and in relation to a Takeover Offer, within 90 days after the later of (i) the Closing Date and (ii) the date upon which the Borrower (directly or indirectly) owns and/or has agreed to own or acquire and has received valid acceptances (which have not been withdrawn or cancelled) of Target Shares (excluding any shares held in treasury) in respect of, which, when aggregated with all other Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares (excluding any shares held in treasury), procure that such action as is necessary is taken to de-list the Target Shares from the Official List of the Financial Conduct Authority and to cancel trading in the Target Shares on the main market for listed securities of the London stock exchange and as soon as reasonably practicable thereafter, and subject always to the Jersey Companies Law and any applicable listing rules, use its reasonable endeavors to re-register Target as a private limited company.

(xiv) Except as consented by the Arrangers in writing, not give its consent with respect to any frustrating action of the Target pursuant to Rule 21.1(c)(ii) of the City Code.

(k) Use of Proceeds. The proceeds of the Advances will be used in accordance with the provisions of Section 2.16. No part of the proceeds of any Advance will be used, whether directly or indirectly, for any purpose that entails a violation of any of the Regulations of the Board, including Regulations U and X. The Borrower will not request any Borrowing, and the Borrower shall not use, and the Borrower shall procure that its Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of any Borrowing (i) for payments to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, to the extent such activities, businesses or transaction would be prohibited by Sanctions if conducted by a corporation incorporated in the United States, Japan, the United Kingdom or in a European Union member state or (iii) in any other manner that would result in the violation of any Sanctions applicable to any party hereto.

(l) Anti-Social Conduct; Anti-Social Groups. Each party hereto shall ensure that (i) it is not classified as an Anti-Social Group, nor shall any such party have any Anti-Social Relationship nor engage in any Anti-Social Conduct, whether directly or indirectly through a third party and (ii) it shall not make any claim against any other party hereto for any damages or losses suffered or incurred as a result of such other party exercising its rights under this Agreement as a result of any breach of this clause (l) or any misrepresentation in connection with Section 4.02.

The Borrower hereby acknowledges that the Administrative Agent and/or the Arrangers will make available to the Lenders materials and/or information provided by or on behalf of the Borrower hereunder (collectively, “Borrower Materials”) by posting the Borrower Materials on IntraLinks or another similar secure electronic system (the “Platform”).

Certain of the Lenders (each, a “Public Lender”) may have personnel who do not wish to receive material non-public information with respect to the Borrower or its respective Affiliates, or the respective securities of
any of the foregoing, and who may be engaged in investment and other market-related activities with respect to such Persons’ securities. The Borrower hereby agrees that (w) all Borrower Materials that are to be made available to Public Lenders shall be clearly and conspicuously marked “PUBLIC”; (x) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat the Borrower Materials as not containing any material non-public information with respect to the Borrower or its securities for purposes of the FIEA or United States Federal and state securities laws (provided, however, that to the extent the Borrower Materials constitute Information, they shall be treated as set forth in Section 9.08); (y) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designed “Public Side Information”; and (z) the Administrative Agent and the Arrangers shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Side Information.” Notwithstanding the foregoing, the Borrower shall be under no obligation to mark any Borrower Materials “PUBLIC.”

For purposes of the foregoing paragraph, with respect to the Company or its affiliates or securities, the term “material non-public information” shall include, without limitation (i) “material facts” (juyo jijitsu) as prescribed in Paragraph 2, Article 166 (Prohibited Acts of Corporate Insiders) of the FIEA and/or (ii) “issuer related information” (hojin kankei jyouho) as defined in Item 14, Paragraph 4, Article 1 of the Cabinet Office Ordinance on Financial Instruments Business, etc. (Cabinet Office Ordinance No. 52 of August 6, 2007), meaning any information relating to the operation, business or asset of the Company which is material non-public information and, if it were made public, would likely to have an effect on the investment decision of the investors and any non-public information in relation to a launch or a cancellation of a TOB of shares of common stock of the Company.

SECTION 5.02 Negative Covenants. So long as any Advance shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will not:

(a) Liens, Etc. Incur, issue, assume or guarantee, or permit any member of the Consolidated Group to incur, issue, assume or guaranty, at any time, any Borrowed Debt secured by a Lien on any property or asset now owned or hereafter acquired by the Borrower or any member of the Consolidated Group (other than Unrestricted Margin Stock), without effectively providing that the Advances outstanding at such time (together with, if the Borrower shall so determine, any other Borrowed Debt of the Borrower or such member of the Consolidated Group existing at such time or thereafter created that is not subordinate to the Advances) shall be secured equally and ratably with (or prior to) such secured Borrowed Debt, so long as such secured Borrowed Debt shall be so secured, unless, after giving effect thereto, the aggregate amount of all such secured Borrowed Debt would not exceed $2,500,000,000; provided, however, that this Section 5.02(a) shall not apply to, and there shall be excluded from secured Borrowed Debt in any computation under this Section 5.02(a), Borrowed Debt secured by:

(i) Liens on property of, or on any shares of stock or Borrowed Debt of, any Person existing at the time such Person becomes a member of the Consolidated Group;

(ii) Liens in favor of any member of the Consolidated Group;

(iii) Liens incurred in the ordinary course of business to secure the performance of tenders, statutory or regulatory obligations, surety, stay, customs and appeal bonds, statutory bonds, bids, leases, government contracts, trade contracts, performance and return of money bonds and other similar obligations (exclusive of obligations for the payment of borrowed money);

(iv) Liens on property of a member of the Consolidated Group in favor of the United States or any State thereof, or any department, agency or instrumentality or political subdivision of the United States or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute;
(v) Liens on property (including that of the Target and its Subsidiaries), shares of stock or Borrowed Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation) or to secure the payment of all or any part of the purchase price or construction or improvement cost thereof or to secure any Debt incurred prior to, at the time of, or within 180 days after, the acquisition of such property or shares or Borrowed Debt or the completion of any such construction or improvement for the purpose of financing all or any part of the purchase price or construction or improvement cost thereof;

(vi) Liens existing on the Effective Date;

(vii) (x) bankers’ Liens, rights of setoff, revocation, refund, chargeback or overdraft protection, and other similar Liens existing solely with respect to cash and cash equivalents on deposit in one or more accounts maintained by the Borrower or any member of the Consolidated Group, in each case granted in the ordinary course of business in favor of the bank or banks with which such accounts are maintained, securing amounts owing to such bank with respect to cash management and operating account arrangements, including those involving pooled accounts and netting arrangements and (y) Liens or rights of setoff against credit balances of the Borrower or any member of the Consolidated Group with credit card issuers or credit card processors or amounts owing by payment card issuers or payment card processors to Borrower or any member of the Consolidated Group in the ordinary course of business;

(viii) Liens arising from any monetization, securitization or other financing of accounts receivable or other receivables (including any related rights or claims) or in connection with factoring programs entered into in the ordinary course of business and consistent with past practice and on a non-recourse basis to the Borrower and its Subsidiaries; provided, that such Liens do not encumber any property or assets other than the accounts receivable or other receivables (including any related rights or claims) subject to such monetization, securitization, financing or factoring arrangement and any proceeds of the foregoing; provided, further, that the aggregate principal amount of the obligations secured by such Liens shall not exceed (x) prior to the Closing Date, $750,000,000 or (y) on or after the Closing Date, $1,500,000,000.

(ix) Liens incurred in connection with pollution control, industrial revenue or similar financing;

(x) survey exceptions and such matters as an accurate survey would disclose, easements, trackage rights, leases, licenses, special assessments, rights of way covenants, conditions, restrictions and declarations on or with respect to the use of real property, servicing agreements, development agreements, site plan agreements and other similar encumbrances incurred in the ordinary course of business and title defects or irregularities that are of a minor nature and that, in the aggregate, do not interfere in any material respect with the ordinary conduct of the business of the Borrower or any member of the Consolidated Group; and

(xi) any extension, renewal or replacement (or successive extensions, renewals or replacements), as a whole or in part, of any Borrowed Debt secured by any Lien referred to in subclauses (i) through (x) of this Section 5.02(a); provided, that (i) such extension renewal or replacement Lien shall be limited to all or a part of the same property, shares of stock or Debt that secured the Lien extended, renewed or replaced (plus improvements on such property) and (ii) the Borrowed Debt secured by such Lien at such time is not increased.
(b) Mergers, Etc. Merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of (whether in one transaction or in a series of transactions) all or substantially all of its assets (other than Unrestricted Margin Stock) (whether now owned or hereafter acquired) to, any Person, or permit any member of the Consolidated Group to do so, except that:

(i) any member of (x) the Consolidated Group other than the Borrower may merge or consolidate with or into or (y) the Consolidated Group may dispose of assets to, in each case, any other member of the Consolidated Group;

(ii) the Borrower may merge with any other Person so long as (A) the Borrower is the surviving entity or (B) the surviving entity shall succeed, by agreement reasonably satisfactory in form and substance to the Required Lenders, to all of the businesses and operations of the Borrower and shall assume all of the rights and obligations of the Borrower under this Agreement and the other Loan Documents (it being understood that notwithstanding the foregoing, the consummation of the Transactions shall not be prohibited by this Section 5.02(b) or otherwise pursuant hereto);

(iii) any member of the Consolidated Group (other than the Borrower) may merge or consolidate with or into another Person, convey, transfer, lease or otherwise dispose of all or any portion of its assets so long as (A) the consideration received in respect of such merger, consolidation, conveyance, transfer, lease or other disposition is at least equal to the fair market value of such assets and (B) no Material Adverse Effect would reasonably be expected to result from such merger, consolidation, conveyance, transfer, lease or other disposition; provided, in the cases of clause (i), (ii) and (iii) hereof, that no Default or Event of Default (or, during the Certain Funds Period, no Certain Funds Default) shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(c) Accounting Changes. Change the Borrower’s fiscal year-end from March 31 of each calendar year.

(d) Change in Nature of Business. Make any material change in the nature of the business of the Consolidated Group, taken as a whole, from that carried out by the Borrower and its Subsidiaries (other than the Target and its Subsidiaries) on the Effective Date and by Target and its Subsidiaries on the Closing Date; it being understood that this Section 5.02(d) shall not prohibit (i) the Transactions or (ii) members of the Consolidated Group from conducting any business or business activities incidental or related to such business as carried on as of the Effective Date (in the case of the Borrower and its Subsidiaries other than the Target and its Subsidiaries) or as of the Closing Date (in the case of the Target and its Subsidiaries) or any business or activity that is reasonably similar or complementary thereto or a reasonable extension, development or expansion thereof or ancillary thereto.

(e) Subsidiary Debt. Permit any of its Subsidiaries to create or suffer to exist any Borrowed Debt other than:

(i) Borrowed Debt existing on the Effective Date and disclosed to the Lenders prior to the date hereof (the “Existing Debt”);

(ii) Borrowed Debt of any Person (including the Target or any of its Subsidiaries) that becomes a Subsidiary after the date hereof; provided that such Borrowed Debt exists at the time such Person becomes a Subsidiary of the Borrower and is not created in contemplation of or in connection with such Person becoming a Subsidiary of the Borrower;

(iii) Borrowed Debt of any Subsidiary owed to any member of the Consolidated Group;

(iv) Borrowed Debt secured by Liens of the type described in and to the extent permitted by Sections 5.02(a)(iii), (iv), (v), (ix) and (xi) (to the extent it applies to Borrowed Debt secured by Liens referred to in Sections 5.02(a)(ii), (iv), (v) or (ix)).
(v) Borrowed Debt under ordinary course working capital or overdraft facilities;
(vi) Borrowed Debt consisting of commercial paper;
(vii) Borrowed Debt consisting of purchase money indebtedness; and
(viii) Borrowed Debt in an aggregate outstanding principal amount at any time not exceeding $2,500,000,000;

SECTION 5.03 Financial Covenant. Consolidated Net Debt to Consolidated EBITDA. Beginning on the last day of the first full fiscal half year ending after the Closing Date and on the last day of each fiscal half year ending thereafter, the Borrower will not permit, as of the last day of any such fiscal half year, the ratio of (x) Consolidated Net Debt at such time to (y) Consolidated EBITDA of the Borrower for the four consecutive fiscal quarter period ending as of such date to exceed, for the last day of each fiscal half year ending on or prior to September 30, 2019, 5.95 to 1.00, and for the last day of the fiscal half year ending March 31, 2020 and for the last day of each fiscal half year thereafter, 5.35 to 1.00.

For purposes of calculating the aggregate principal amount of the Consolidated Net Debt of the Borrower on any such date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.

ARTICLE VI

EVENTS OF DEFAULT

SECTION 6.01 Events of Default. If any of the following events (“Events of Default”) shall occur and be continuing:

(a) The Borrower shall fail (i) to pay any principal of any Advance when the same becomes due and payable or (ii) to pay any interest on any Advance or make any payment of fees or other amounts payable under this Agreement within five Business Days after the same becomes due and payable; or

(b) Any representation or warranty made by the Borrower herein or in any other Loan Document (or any of its officers or directors) in connection with this Agreement or in any certificate or other document furnished pursuant to or in connection with this Agreement, if any, in each case shall prove to have been incorrect in any material respect when made or deemed made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(d)(i), 5.01(i)(iv), 5.01(j), 5.02(a), 5.02(b), 5.02(d), 5.03, 9.01(b) or (ii) the Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(e) or clauses (i)-(iii) or (v)-(vii) of Section 5.01(i) if such failure shall remain unremedied for 10 Business Days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender, or (iii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement, if any, in each case on its part to be performed or observed if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) The Borrower or any Significant Subsidiary shall fail to pay any principal of or premium or interest on any Debt that is outstanding in a principal amount, or, in the case of any Hedge Agreement, having a
maximum Agreement Value, of at least $200,000,000 in the aggregate (but excluding Debt outstanding hereunder) of the Borrower or such Significant Subsidiary, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity thereof; it being understood and agreed that notwithstanding the foregoing, the delivery of a notice of prepayment by one or more lenders under the Existing Target Indebtedness as a result of the occurrence of the Target Acquisition will not result in an Event of Default under this clause (d); provided that this clause (d) will apply to the extent there is a failure to make any such prepayment when the same becomes due and payable; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), such proceeding shall remain undismissed or unstayed for a period of 60 days; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this Section 6.01(e). With respect to the Borrower or any Significant Subsidiary organized under the laws of Japan, the following shall constitute an Event of Default: if (i) the Borrower makes an express declaration or implicit declaration of its inability to pay its debts to its creditors generally (shiharai teishi); (ii) a bank clearinghouse refuses to process the Borrower’s checks (tegata torihiki teishi shobun); or densai.net Co., Ltd. (iii) an order is issued by a court for the attachment (whether preliminary or otherwise) or preservation of the Borrower’s material property, estate or other right and is not discharged within sixty (60) days; (iv) a receiver or trustee is appointed for all or a portion of the property or estate of the Borrower; (v) an involuntary petition for commencement of bankruptcy (hasan), corporate reorganization (kaisha kosei), civil rehabilitation (minji saisei), special liquidation (tokubetsu seisai) or similar proceedings are filed against the Borrower and are not discharged within sixty (60) days; (vi) the Borrower files a voluntary petition (including a petition filed by a director of the Borrower) to commence, or a court of competent jurisdiction approves an involuntary petition with respect to and commences the procedure of, any of the proceedings specified in subparagraph (v) above; (vii) a voluntary petition to commence a special conciliation proceeding (tokutei choutei); or (viii) the Borrower adopts a resolution for liquidation at a meeting of its shareholders; or

(f) Any one or more judgments or orders for the payment of money in excess of $200,000,000 shall be rendered against a member of the Consolidated Group and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; provided, however, that, for purposes of determining whether an Event of Default has occurred under this Section 6.01(f), the amount of any such judgment or order shall be reduced to the extent that (A) such judgment or order is covered by a valid and binding policy of insurance between the defendant and the insurer covering payment thereof and (B) such insurer, which shall be rated at least “A” by A.M. Best Company, has been notified of, and has not disputed the claim made for payment of, such judgment or order; or
(g) Any Person shall become an owner ("hoyusha") or two or more Persons shall become joint owners ("kyodo hoyusha") (in each case within the meaning of Articles 27-23 of the FIEA) of Voting Stock of the Borrower (or other securities convertible into or exchangeable for such Voting Stock) representing 50% or more of the combined voting power of all Voting Stock of the Borrower (as calculated pursuant to Article 27-23, Paragraph 4 of the FIEA); or

(h) One or more of the following shall have occurred or is reasonably expected to occur, which in each case would reasonably be expected to result in a Material Adverse Effect: (i) any ERISA Event; (ii) the partial or complete withdrawal of the Borrower or any ERISA Affiliate from a Multiemployer Plan; or (iii) the termination of a Multiemployer Plan; or

(i) This Agreement shall cease to be valid and enforceable against the Borrower (except to the extent it is terminated in accordance with its terms) or the Borrower shall so assert in writing;

then, and in any such event (subject to Section 3.04), the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make Advances to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the Advances, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the Advances, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; provided, however, (but for the avoidance of doubt, always subject to Section 3.04) that in the event of an Event of Default under Section 6.01(e), (A) the Commitment of each Lender shall automatically be terminated and (B) the Advances, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

Notwithstanding anything in this Agreement to the contrary, for a period commencing on the Closing Date and ending on the date falling 180 days after the Closing Date (the “Clean-up Date”), notwithstanding any other provision of any Loan Document, any breach of covenants, misrepresentation or other default which arises with respect to the Target Group will be deemed not to be a breach of representation or warranty, a breach of covenant or an Event of Default, as the case may be, if:

(i) it is capable of remedy and reasonable steps are being taken to remedy it;

(ii) the circumstances giving rise to it have not knowingly been procured by or approved by the Borrower; and

(iii) it is not reasonably likely to have a Material Adverse Effect.

If the relevant circumstances are continuing on or after the Clean-up Date, there shall be a breach of representation or warranty, breach of covenant or Event of Default, as the case may be, notwithstanding the above.

ARTICLE VII

THE AGENTS

SECTION 7.01 Authorization and Action. Each Lender hereby irrevocably appoints JPMorgan Chase Bank, N.A. (or any branch or Affiliate thereof designated by it) to act on its behalf as the Administrative Agent hereunder and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof, together with such actions and powers as are
reasonably incidental thereto. The provisions of this Article VII (other than the third sentence of Section 7.04)
are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a
third party beneficiary of any of such provisions (other than the third sentence of Section 7.04).

SECTION 7.02 Administrative Agent Individually. The Person serving as the Administrative Agent
hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise
the same as though it were not the Administrative Agent and the term “Lender” or “Lenders” shall, unless
otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the
Administrative Agent hereunder in its individual capacity as a Lender. Such Person and its Affiliates may accept
deposits from, own securities of, lend money to, act as the financial advisor or in any other advisory capacity for
and generally engage in any kind of business with any member of the Consolidated Group or other Affiliate
thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor
to the Lenders.

SECTION 7.03 Duties of Administrative Agent; Exculpatory Provisions.

(a) The Administrative Agent’s duties hereunder and under the other Loan Documents are solely
ministerial and administrative in nature, and the Administrative Agent shall not have any duties or obligations
except those expressly set forth herein or in any other Loan Document. Without limiting the generality of the
foregoing, the Administrative Agent shall not have any duty to take any discretionary action or exercise any
discretionary powers but shall be required to act or refrain from acting (and shall be fully protected in so acting
or refraining from acting) upon the written direction of the Required Lenders (or such other number or
percentage of the Lenders as shall be expressly provided for herein or in any other Loan Document); provided
that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its
counsel, may expose the Administrative Agent or any of its Affiliates to liability or that is contrary to any Loan
Document or applicable law, including for the avoidance of doubt, any action that may be in violation of the
automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of
property of a Defaulting Lender in violation of any Debtor Relief Law.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the
consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be
necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances
as provided in Section 9.01 or 6.01) or (ii) in the absence of its own gross negligence or willful misconduct. The
Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until
the Borrower or any Lender shall have given notice to the Administrative Agent describing such Default or Event
of Default.

(c) The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into
(i) any statement, warranty, representation or other information made or supplied in or in connection with this
Agreement or any other Loan Document or the information memorandum distributed in connection with the
syndication of the Commitments and Advances hereunder, (ii) the contents of any certificate, report or other
document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy
and/or completeness of the information contained therein, (iii) the performance or observance of any of the
covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default,
(iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any
other agreement, instrument or document or (v) the satisfaction of any condition set forth in Article III or
elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly
required to be delivered to the Administrative Agent.

(d) Nothing in this Agreement or any other Loan Document shall require the Administrative Agent or
any of its Related Parties to carry out any “know your customer” or other checks in relation to any person on
behalf of any Lender, and each Lender confirms to the Administrative Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Administrative Agent or any of its Related Parties.

SECTION 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the Effective Date, the making of any Advance or the Closing Date that by its terms must be fulfilled to the satisfaction of a Lender, each Lender shall be deemed to have consented to, approved or accepted such condition unless (i) an officer of the Administrative Agent responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender prior to the occurrence of the Effective Date, the making of such Advance or the Closing Date, as applicable, and (ii) in the case of a condition to the making of an Advance, such Lender shall not have made available to the Administrative Agent such Lender’s ratable portion of such Borrowing. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder by or through any one or more sub agents appointed by the Administrative Agent. The Administrative Agent and any such sub agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such sub agent and the Related Parties of the Administrative Agent and each such sub agent shall be entitled to the benefits of all provisions of this Article VII and Section 9.04 (as though such sub-agents were the “Administrative Agent” under this Agreement) as if set forth in full herein with respect thereto.

SECTION 7.06 Resignation of Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right (with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), to appoint a successor, which shall be a bank with an office in the United States or Tokyo, or an Affiliate of any such bank with an office in the United States or Tokyo. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders (and with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), appoint a successor Administrative Agent meeting the qualifications set forth above. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) With effect from the Resignation Effective Date (i) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring Administrative Agent, all payments, communications and determinations to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor
shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Administrative Agent (other than any rights to indemnity payments owed to the retiring Administrative Agent), and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Administrative Agent’s resignation hereunder and under the other Loan Documents, the provisions of this Article VII and Section 9.04 shall continue in effect for the benefit of such retiring Administrative Agent, its sub agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Administrative Agent was acting as Administrative Agent.

SECTION 7.07 Non-Reliance on Administrative Agent and Other Lenders. Each Lender acknowledges and agrees that the extensions of credit made hereunder are commercial loans and not investments in a business enterprise or securities. Each Lender further represents that it is engaged in making, acquiring or holding commercial loans in the ordinary course of its business and has, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any other Lender and their respective Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement as a Lender, and to make, acquire or hold Advances hereunder. Each Lender shall, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any amendment thereof or any other Lender and their respective Related Parties and based on such documents and information (which may contain material, non-public information within the meaning of the United States securities laws concerning the Borrower and its Affiliates) as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any related agreement or any document furnished hereunder or thereunder and in deciding whether or to the extent to which it will continue as a Lender or assign or otherwise transfer its rights, interests and obligations hereunder. Nothing in this Agreement shall oblige the Administrative Agent to conduct any “know your customer” or other procedures in relation to any Person or any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender, on behalf of any Lender and each Lender confirms to the Administrative Agent that it is solely responsible for any such procedures or check it is required to conduct and that it shall not rely on any statement in relation to such procedures or check made by the Administrative Agent.

SECTION 7.08 Indemnification. The Lenders agree to indemnify the Administrative Agent (to the extent not reimbursed by the Borrower), ratably according to the respective principal amounts of the Advances made by each of them (or, if no Advances are at the time outstanding, ratably according to the respective amounts of their Commitments), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Administrative Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Administrative Agent under this Agreement, in each case, acting in the capacity of Administrative Agent; provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Administrative Agent’s gross negligence or willful misconduct. Without limitation of the foregoing, each Lender agrees to reimburse the Administrative Agent promptly upon demand for its ratable share of any out-of-pocket expenses (including reasonable counsel fees) incurred by the Administrative Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Administrative Agent is not promptly reimbursed for such expenses by the Borrower.

SECTION 7.09 Other Agents. None of the Lenders identified on the facing page or signature pages of this Agreement as an “arranger” or “book runner” shall have any right, power, obligation, liability, responsibility
or duty under this Agreement other than those applicable to all Lenders as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any Lender. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

MISCELLANEOUS

SECTION 9.01 Amendments, etc.

(a) Except as provided in Section 2.08(c), no amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Borrower and acknowledged by the Administrative Agent, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no amendment, waiver or consent shall, unless in writing, do any of the following:

(i) waive any of the conditions specified in Section 3.01, 3.02 or 3.03 unless signed by each Lender directly and adversely affected thereby;

(ii) increase or extend the Commitments of a Lender or subject a Lender to any additional obligations, unless signed by such Lender;

(iii) reduce the principal of, or stated rate of interest on, the Advances, the stated rate at which any fees hereunder are calculated or any other amounts payable hereunder, unless signed by each Lender directly and adversely affected thereby; provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Default Interest” or to waive any obligation of the Borrower to pay Default Interest (except that no amendment entered into pursuant to the terms of Section 2.08(c) shall constitute a reduction in the rate of interest or fees for purposes of this clause (ii));

(iv) postpone any date fixed for any payment of principal of, or interest on, the Advances or any fees or other amounts payable hereunder, unless signed by each Lender directly and adversely affected thereby;

(v) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Advances, or the number of Lenders, that, in each case, shall be required for the Lenders or any of them to take any action hereunder, unless signed by all Lenders; or

(vi) amend this Section 9.01, unless signed by all Lenders.

and provided further that no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement. Notwithstanding the foregoing, the Administrative Agent and the Borrower may amend any Loan Document to correct any errors, mistakes, omissions, defects or inconsistencies, or to effect administrative changes that are not adverse to any Lender, and such amendment shall become effective without any further consent of any other party to such Loan Document other than the Administrative Agent and the Borrower.
(b) Notwithstanding the foregoing, in the event that the terms of this Agreement are required to be modified as specified in the applicable provisions of the Fee and Syndication Letter, then this Agreement may be amended (to the extent not adverse to the interests of the Lenders) by the Administrative Agent and the Borrower without the need to obtain the consent of any Lender. In furtherance of the foregoing, the Borrower agrees to promptly execute and deliver any amendment to this Agreement requested by the Administrative Agent as shall be necessary to implement any modification to this Agreement pursuant to the terms of the Fee and Syndication Letter within five Business Days of any such request.

(c) If, in connection with any proposed amendment, waiver or consent requiring the consent of “all Lenders,” “each Lender” or “each Lender directly and adversely affected thereby,” the consent of the Required Lenders is obtained, but the consent of other necessary Lenders is not obtained (any such Lender whose consent is necessary but not obtained being referred to herein as a “Non-Consenting Lender”), then the Borrower may elect to replace a Non-Consenting Lender as a Lender party to this Agreement; provided that, concurrently with such replacement, (i) another bank or other entity (which is reasonably satisfactory to the Borrower and the Administrative Agent) shall agree, as of such date, to purchase at par for cash the Advances and other obligations under the Loan Documents due to the Non-Consenting Lender pursuant to an Assignment and Acceptance and to become a Lender for all purposes under this Agreement and to assume all obligations of the Non-Consenting Lender to be terminated as of such date, and (ii) the Borrower shall pay to such Non-Consenting Lender in same day funds on the day of such replacement all principal, interest, fees and other amounts then accrued but unpaid to such Non-Consenting Lender by the Borrower to and including the date of termination. A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply. Each party hereto agrees that an assignment required pursuant to this paragraph may be effected pursuant to an Assignment and Acceptance executed by the Borrower, the Administrative Agent and the assignee (or, to the extent applicable, an agreement incorporating an Assignment and Acceptance by reference pursuant to an approved electronic platform as to which the Administrative Agent and such parties are participants), and (b) the Lender required to make such assignment need not be a party thereto in order for such assignment to be effective and shall be deemed to have consented to an be bound by the terms thereof; provided that, following the effectiveness of any such assignment, the other parties to such assignment agree to execute and deliver such documents necessary to evidence such assignment as reasonably requested by the applicable Lender, provided that any such documents shall be without recourse to or warranty by the parties thereto.

SECTION 9.02 Notices, Etc. (a) All notices and other communications provided for hereunder shall be in writing (including telecopier) and mailed, telecopied or delivered, if to the Borrower or the Administrative Agent, to the address, telecopier number or if applicable, electronic mail address, specified for such Person on Schedule II; or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written notice to the Borrower and the Administrative Agent. All such notices and communications shall, when mailed or telecopied, be effective three Business Days after being deposited in the mails, postage prepaid, or upon confirmation of receipt (except that if electronic confirmation of receipt is received at a time that the recipient is not open for business, the applicable notice or communication shall be effective at the opening of business on the next business day of the recipient), respectively, except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by telecopier or other electronic communication of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) Electronic Communications. Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, provided that the foregoing shall not apply to notices to any
Lender pursuant to Article II if such Lender has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender’s receipt of an acknowledgement from the intended recipient (such as by the “return receipt requested” function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

(c) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE.” THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE BORROWER MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE BORROWER MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE BORROWER MATERIALS OR THE PLATFORM. In no event shall the Administrative Agent or any of its Related Parties (collectively, the “Agent Parties”) have any liability to the Borrower, any Lender or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower’s or the Administrative Agent’s transmission of Borrower Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party; provided, however, that in no event shall any Agent Party have any liability to the Borrower, any Lender or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(d) Each Lender agrees that notice to it (as provided in the next sentence) (a “Notice”) specifying that any communication has been posted to the Platform shall constitute effective delivery of such information, documents or other materials to such Lender for purposes of this Agreement. Each Lender agrees to notify the Administrative Agent from time to time to ensure that the Administrative Agent has on record (i) an effective address, contact name, telephone number, telecopier number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable Law, including United States federal and state securities Laws, to make reference to Borrower Materials that are not made available through the “Public Side Information” portion of the Platform and that may contain material non-public information with respect to the Borrower or its securities for purposes of United States federal or state securities laws.

(e) If any notice required under this Agreement is permitted to be made, and is made, by telephone, actions taken or omitted to be taken in reliance thereon by the Administrative Agent or any Lender shall be binding upon the Borrower notwithstanding any inconsistency between the notice provided by telephone and any
subsequent writing in confirmation thereof provided to the Administrative Agent or such Lender; provided that any such action taken or omitted to be taken by the Administrative Agent or such Lender shall have been in good faith and in accordance with the terms of this Agreement.

(f) With respect to notices and other communications hereunder from the Borrower to any Lender, the Borrower shall provide such notices and other communications to the Administrative Agent, and the Administrative Agent shall promptly deliver such notices and other communications to any such Lender in accordance with subsection (b) above or otherwise.

SECTION 9.03 No Waiver; Remedies. No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by applicable law.

SECTION 9.04 Costs and Expenses. (a) The Borrower agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of each Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, (i) due diligence expenses, syndication expenses, travel expenses and (ii) the reasonable and documented out-of-pocket fees, charges and expenses of a single primary counsel (and one local counsel in each relevant jurisdiction) for the Administrative Agent with respect thereto and with respect to advising the Agents as to their respective rights and responsibilities under this Agreement. The Borrower further agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of the Agents and the Lenders, if any, in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation, reasonable and documented out-of-pocket fees and expenses of a single primary counsel and an additional single local counsel in any relevant jurisdictions for the Agents and the Lenders and, solely in the case of an actual or perceived conflict of interest where the Agents notify the Borrower of the existence of such conflict in writing, one additional counsel, in connection with the enforcement of rights under this Agreement.

(b) The Borrower agrees to indemnify and hold harmless each Agent and each Lender and each of their Affiliates and their respective officers, directors, employees, agents and advisors (each, an “Indemnified Party”) from and against any and all claims, damages, losses, penalties, liabilities and expenses (provided, that, the Borrower’s obligations to the Indemnified Parties in respect of fees and expenses of counsel shall be limited to the reasonable and documented out-of-pocket fees and expenses of one primary counsel for all Indemnified Parties, taken together, (and, if reasonably necessary, one local counsel in any relevant jurisdiction) and, solely in the case of an actual or potential conflict of interest of which you are notified in writing, of one additional counsel for all Indemnified Parties, taken together (and, if reasonably necessary, one local counsel in any relevant jurisdiction) (all such claims, damages, losses, penalties and reasonable expenses being, collectively, the “Losses”) that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of, or in connection with the preparation for a defense of, any investigation, litigation or proceeding arising out of, related to or in connection with (i) this Agreement, any of the transactions contemplated hereby or the actual or proposed use of the proceeds of the Advances or (ii) the actual or alleged presence or release of Hazardous Materials on any property of the Consolidated Group or any Environmental Action relating in any way to the Consolidated Group, in each case whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated, except to the extent Losses (A) are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from the gross negligence, bad faith or willful misconduct of such Indemnified Party or any of its Related Indemnified Parties (including any
breach of its obligations under this Agreement), (B) result from any dispute between an Indemnified Party and one or more other Indemnified Parties (other than against an Agent or Arranger acting in such a role) or (C) result from the claims of one or more Lenders solely against one or more other Lenders (and not claims by one or more Lenders against any Agent acting in its capacity as such except, in the case of Losses incurred by any Agent or any Lender as a result of such claims, to the extent such Losses are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement)) not attributable to any actions of a member of the Consolidated Group and for which the members of the Consolidated Group otherwise have no liability. The Borrower further agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract, tort or otherwise) to the Borrower or any of its shareholders or creditors for or in connection with this Agreement or any of the transactions contemplated hereby or the actual or proposed use of the proceeds of the Advances, except to the extent such liability is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement). In no event, however, shall any Indemnified Party or the Borrower be liable on any theory of liability for any special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings); provided that nothing in this sentence shall limit the Borrower’s indemnity and reimbursement obligations to the extent that such special, indirect, consequential or punitive damages are included in any claim by a third party unaffiliated with any of the Indemnified Parties with respect to which the applicable Indemnified Party is entitled to indemnification as set forth in the immediately preceding sentence. As used above, a “Related Indemnified Party” of an Indemnified Party means (1) any Controlling Person or Controlled Affiliate of such Indemnified Party, (2) the respective directors, officers, or employees of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates and (3) the respective agents, advisors or representatives of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates, in the case of this clause (3), acting at the instructions of such Indemnified Party, Controlling Person or Controlled Affiliate; provided that each reference to a Controlling Person, Controlled Affiliate, director, officer or employee in this sentence pertains to a Controlling Person, Controlled Affiliate, director, officer or employee involved in the structuring, arrangement, negotiation or syndication of the Bridge Facility and this Agreement. Notwithstanding the foregoing, this section 9.04(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) If any payment of principal of, or Conversion of, any Eurocurrency Rate Advance is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a result of (i) a payment or Conversion pursuant to Section 2.06, 2.08(b), 2.08(c), 2.10 or 2.12, (ii) acceleration of the maturity of the Advances pursuant to Section 6.01, (iii) a payment by an Eligible Assignee to any Lender other than on the last day of the Interest Period for such Advance upon an assignment of the rights and obligations of such Lender under this Agreement pursuant to Section 9.07 as a result of a demand by the Borrower pursuant to Section 9.07(a) or (iv) for any other reason, the Borrower shall, upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional reasonable losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion or as a result of any inability to Convert or exchange in the case of Section 2.08 or 2.12, including, without limitation, any reasonable loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Advance.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 9.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder.
SECTION 9.05 Right of Setoff. Subject to Section 3.04, upon (a) the occurrence and during the
continuance of any Event of Default and (b) the making of the request or the granting of the consent specified by
Section 6.01 to authorize the Administrative Agent to declare the Advances due and payable pursuant to the
provisions of Section 6.01, each Lender and each of its Affiliates is hereby authorized at any time and from time
to time, to the fullest extent permitted by applicable law, to set off and apply any and all deposits (general or
special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such
Lender or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations
of the Borrower now or hereafter existing under this Agreement, whether or not such Lender shall have made any
demand under this Agreement and although such obligations may be unmatured. Each Lender agrees promptly to
notify the Borrower after any such setoff and application is made by such Lender; provided that the failure to
give such notice shall not affect the validity of such setoff and application. The rights of each Lender and its
Affiliates under this Section 9.05 are in addition to other rights and remedies (including, without limitation, other
rights of setoff) that such Lender and its Affiliates may have.

SECTION 9.06 Binding Effect. This Agreement shall become effective upon the satisfaction (or waiver
in accordance with Section 9.01) of the conditions set forth in Section 3.01 and, thereafter, shall be binding upon
and inure to the benefit of, and be enforceable by, the Borrower, the Administrative Agent and each Lender and
their respective successors and permitted assigns, except that the Borrower shall have no right to assign their
rights hereunder or any interest herein without the prior written consent of the Lenders, and any purported
assignment without such consent shall be null and void.

SECTION 9.07 Assignments and Participations. (a) Each Lender may, with the consent of the
Borrower and the Administrative Agent, which consents shall not be unreasonably withheld or delayed (it being
agreed that notwithstanding anything herein, including the proviso set forth below, during the Certain Funds
Period the Borrower may withdraw such consent in its sole discretion unless a Certain Funds Default is
continuing) and, in the case of the Borrower, (A) shall not be required while an Event of Default (or during the
Certain Funds Period a Certain Funds Default) has occurred and is continuing and (B) shall be deemed given if
the Borrower shall not have objected within 10 Business Days following its receipt of notice of such assignment
(and, within five days after demand by the Borrower (with a copy of such demand to the Administrative Agent)
to (i) any Defaulting Lender, (ii) any Lender that has made a demand for payment pursuant to Section 2.11 or
2.14, (iii) any Lender that has asserted pursuant to Section 2.08(b) or 2.12 that it is impracticable or unlawful for
such Lender to make Eurocurrency Rate Advances or (iv) any Lender that fails to consent to an amendment or
waiver hereunder for which consent of all Lenders (or all affected Lenders) is required and as to which the
Required Lenders shall have given their consent, such Lender will), assign to one or more Persons (other than
natural persons) all or a portion of its rights and obligations under this Agreement (including, without limitation,
all or a portion of its Commitment and the Advances owing to it); provided, however, that:

(A) such consent shall not be required in the case of an assignment to any other Lender or an Affiliate
of any Lender, provided that (i) notice thereof shall have been given to the Borrower and the Administrative
Agent and (ii) solely with respect to assignments during the Certain Funds Period, such Affiliate has a rating
for its long term unsecured and non-credit enhanced debt obligations which is not less than that of the
relevant assigning Lender;

(B) each such assignment shall be of a constant, and not a varying, percentage of all rights and
obligations under this Agreement;

(C) except in the case of an assignment to a Person that, immediately prior to such assignment, was a
Lender or an assignment of all of a Lender’s rights and obligations under this Agreement associated with a
particular Class, the amount of the Commitment of the assigning Lender being assigned pursuant to each
such assignment (determined as of the date of the Assignment and Acceptance with respect to such
assignment) shall in no event be less than $25,000,000 or an integral multiple of $5,000,000 in excess
thereof;
(D) each such assignment shall be to an Eligible Assignee;

(E) each such assignment made as a result of a demand by the Borrower pursuant to this Section 9.07(a) shall be arranged by the Borrower with the approval of the Administrative Agent (which approval shall not be unreasonably withheld) and shall be either an assignment of all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that, in the aggregate, cover all of the rights and obligations of the assigning Lender under this Agreement;

(F) no Lender shall be obligated to make any such assignment as a result of a demand by the Borrower pursuant to this Section 9.07(a), (1) so long as a Default shall have occurred and be continuing and (2) unless and until such Lender shall have received one or more payments from one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Advances owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount, and from the Borrower or one or more Eligible Assignees in an aggregate amount equal to all other amounts accrued to such Lender under this Agreement (including, without limitation, any amounts owing under Sections 2.11, 2.14 or 9.04(c)) and (3) unless and until the Borrower shall have paid (or caused to be paid) to the Administrative Agent a processing and recordation fee of $3,500; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire; and

(G) the parties to each such assignment (other than, except in the case of a demand by the Borrower pursuant to this Section 9.07(a), the Borrower) shall execute and deliver to the Administrative Agent, for its acceptance and recording in the Register, an Assignment and Acceptance and, if such assignment does not occur as a result of a demand by the Borrower pursuant to this Section 9.07(a) (in which case the Borrower shall pay the fee required by subclause (F)(3) of this Section 9.07(a)), a processing and recordation fee of $3,500; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

Upon such execution, delivery, acceptance and recording, from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights and be released from its obligations under this Agreement, except that such assigning Lender shall continue to be entitled to the benefit of Section 9.04(a) and (b) with respect to matters arising out of the prior involvement of such assigning Lender as a Lender hereunder (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows:

(i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement or any other instrument or document furnished pursuant hereto;

(ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of the Borrower or the performance or observance by the
Borrower of any of its obligations under this Agreement or any other instrument or document furnished pursuant hereto;

(iii) such assignee confirms that it has received a copy of this Agreement, together with copies of the financial statements referred to in Section 4.01(e) and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance;

(iv) such assignee will, independently and without reliance upon any Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement;

(v) such assignee confirms that it is an Eligible Assignee;

(vi) such assignee appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement as are delegated to the Administrative Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and

(vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, the Administrative Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit B hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Borrower; provided that the Administrative Agent shall only be required to execute any such Assignment and Acceptance once it has satisfied and complied with all necessary “know your customer” or similar checks under all applicable laws and regulations in relation to the proposed assignment to the assignee.

(d) The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at its address as set forth on Schedule II a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount (and stated interest) of the Advances owing to, each Lender from time to time (the “Register”). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Agents and the Lenders shall treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(e) Each Lender may sell participations to one or more banks or other entities (other than the Borrower or any of its Affiliates or any natural person) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the Advances owing to it) without the consent of the Administrative Agent or the Borrower; provided, however, that:

(i) such Lender’s obligations under this Agreement (including, without limitation, its Commitment) shall remain unchanged;

(ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations;

(iii) such Lender shall remain the Lender of any such Advance for all purposes of this Agreement;

(iv) the Borrower, the Agents and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement; and
(v) no participant under any such participation shall have any right to approve any amendment or
waiver of any provision of this Agreement, or any consent to any departure by the Borrower herefrom
or therefrom, except to the extent that such amendment, waiver or consent would reduce the principal
of, or stated rate of interest on, the Advances or the stated rate at which any fees or any other amounts
payable hereunder are calculated, in each case to the extent subject to such participation, or postpone
any date fixed for any payment of principal of, or interest on, the Advances or any fees or any other
amounts payable hereunder, in each case to the extent subject to such participation.

Each Lender shall promptly notify the Borrower after any sale of a participation by such Lender pursuant to this
Section 9.07(e); provided that the failure of such Lender to give notice to the Borrower as provided herein shall
not affect the validity of such participation or impose any obligations on such Lender or the applicable
participant.

Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the
Borrower, maintain a register on which it enters the name and address of each participant and the principal
amounts (and stated interest) of each participant’s interest in the Advances or other obligations under the Loan
Documents (the “Participant Register”); provided that no Lender shall have any obligation to disclose all or any
portion of the Participant Register (including the identity of any participant or any information relating to a
participant’s interest in any commitments, loans, letters of credit or its other obligations under any Loan
Document) to any Person except to the extent that such disclosure is necessary to establish that such
commitment, loan, letter of credit or other obligation is in registered form under Treasury Regulations
Section 5f.103-1(c) and Proposed Treasury Regulations 1.163-5(b) (or any amended or successor version). The
entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each
Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of
this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent
(in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

The Borrower agrees that each participant shall be entitled to the benefits of Sections 2.11, 2.14 and 9.04(c)
(subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being
understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender))
to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of
this Section; provided that such participant (A) agrees to be subject to the provisions of Section 2.20 as if it were
an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment
under Section 2.11 or 2.14, with respect to any participation, than its participating Lender would have been
entitled to receive, except to the extent such entitlement to receive a greater payment results from the occurrence,
after the participant acquired the applicable participation, of any of the following: (i) the adoption or taking effect
of any law, rule, regulation or treaty or (ii) any change in any law, rule, regulation or treaty or in the
administration, interpretation, implementation or application thereof by any Governmental Authority.

(f) Any Lender may, in connection with any assignment or participation or proposed assignment or
participation pursuant to this Section 9.07, disclose to the assignee or participant or proposed assignee or
participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower;
provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall
agree to preserve the confidentiality of any Information relating to the Borrower received by it from such Lender
as more fully set forth in Section 9.08.

(g) Notwithstanding any other provision set forth in this Agreement, any Lender may at any time create
a security interest in all or any portion of its rights under this Agreement (including, without limitation and the
Advances owing to it) to secure obligations of such Lender, including, without limitation, any pledge or
assignment to secure obligations in favor of any Federal Reserve Bank in accordance with Regulation A of the
Board or any central bank having jurisdiction over such Lender.
SECTION 9.08 Confidentiality. Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its and its Affiliates’ respective managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential), (b) to the extent requested by any regulatory authority purporting to have jurisdiction over it or its Affiliates (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process (provided that the Administrative Agent or such Lender, as applicable, agrees that it will, to the extent practicable and other than with respect to any audit or examination conducted by bank accountants or any governmental bank regulatory authority exercising examination or regulatory authority, notify the Borrower promptly thereof, unless such notification is prohibited by law, rule or regulation), (d) to any other party hereto, (e) in connection with the exercise of any remedies hereunder or any action or proceeding relating to this Agreement or the enforcement of rights hereunder or thereunder, (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or participant in, or any prospective assignee of or participant in, any of its rights or obligations under this Agreement or (ii) any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap or derivative or similar transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, (iii) any rating agency, or (iv) the CUSIP Service Bureau or any similar organization, (g) with the consent of the Borrower or (h) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section or (y) becomes available to the Administrative Agent, any Lender or any of their respective Affiliates on a non-confidential basis from a source other than the Borrower. Each Lender acknowledges that its ability to disclose information concerning the Transactions is restricted by the City Code and the Panel and that Section 9.08 is subject to those restrictions.

For purposes of this Section, “Information” means this Agreement and the other Loan Documents and all information received from the Consolidated Group relating to the Consolidated Group or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a non-confidential basis prior to disclosure by the Consolidated Group and other than information pertaining to this Agreement routinely provided by arrangers to data service providers, including league table providers, that serve the lending industry. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 9.09 Debt Syndication during the Certain Funds Period. Each of the Lenders and the Administrative Agent confirms that it is aware of the terms and requirements of Practice Statement No. 25 (Debt Syndication during Offer Periods) issued by the Panel.

SECTION 9.10 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 9.11 Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier, facsimile or in a .pdf or similar file shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.12 Jurisdiction, Etc. (a) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the United States District Court of the Southern
District of New York, located in the Borough of Manhattan (or if such court lacks subject matter jurisdiction, the Supreme Court of the State of New York sitting in the Borough of Manhattan), and any appellate court from any such court, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding shall be heard and determined in any such New York State court or, to the extent permitted by law, in any such federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the parties hereto irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any New York State or federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 9.02. The Borrower irrevocably designates and appoints the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its authorized agent, to accept and acknowledge on its behalf, service of any and all process which may be served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City. Said designation and appointment shall be irrevocable by the Borrower. The Borrower hereby consents to process being served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City by service of process upon the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as provided in this Section 9.12(c); provided that, to the extent lawful and possible, notice of said service upon such agent shall be mailed by registered or certified air mail, postage prepaid, return receipt requested, to the Service of Process Agent, and to the Borrower (with a copy thereof to the Service of Process Agent) at the address specified for such Person on Schedule II or at such other address as shall be designated by such party in a written notice to the Administrative Agent. The Borrower irrevocably waives, to the fullest extent permitted by law, all claim of error by reason of any such service in such manner and agrees that such service shall be deemed in every respect effective service of process upon the Borrower in any such suit, action or proceeding and shall, to the fullest extent permitted by law, be taken and held to be valid and personal service upon and personal delivery to the Borrower. To the extent the Borrower has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether from service or notice, attachment prior to judgment, attachment in aid of execution of a judgment, execution or otherwise), the Borrower hereby irrevocably waives such immunity in respect of its obligations under the Loan Documents. Nothing in this Agreement or any other Loan Document will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

SECTION 9.13 Patriot Act Notice. Each Lender and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that pursuant to the requirements of the Patriot Act, it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act. The Borrower shall provide, to the extent commercially reasonable, such information and take such actions as are reasonably requested by the Administrative Agent or any Lenders in order to assist the Administrative Agent and the Lenders in maintaining compliance with the Patriot Act.

SECTION 9.14 No Advisory or Fiduciary Responsibility. The Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that no Credit Party will have any obligations except those
obligations expressly set forth herein and in the other Loan Documents and each Credit Party is acting solely in
the capacity of an arm’s length contractual counterparty to the Borrower with respect to the Loan Documents and
the transaction contemplated therein and not as a financial advisor or a fiduciary to, or an agent of, the Borrower
or any other person. The Borrower agrees that it will not assert any claim against any Credit Party based on an
alleged breach of fiduciary duty by such Credit Party in connection with this Agreement and the transactions
contemplated hereby. Additionally, the Borrower acknowledges and agrees that no Credit Party is advising the
Borrower as to any legal, tax, investment, accounting, regulatory or any other matters in any jurisdiction. The
Borrower shall consult with its own advisors concerning such matters and shall be responsible for making its own
independent investigation and appraisal of the transactions contemplated hereby, and the Credit Parties shall have
no responsibility or liability to the Borrower with respect thereto.

The Borrower further acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that
each Credit Party, together with its Affiliates, is a full service securities or banking firm engaged in securities
trading and brokerage activities as well as providing investment banking and other financial services. In the
ordinary course of business, any Credit Party may provide investment banking and other financial services to,
and/or acquire, hold or sell, for its own accounts and the accounts of customers, equity, debt and other securities
and financial instruments (including bank loans and other obligations) of, the Borrower and other companies with
which the Borrower may have commercial or other relationships. With respect to any securities and/or financial
instruments so held by any Credit Party or any of its customers, all rights in respect of such securities and
financial instruments, including any voting rights, will be exercised by the holder of the rights, in its sole
discretion.

In addition, the Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding,
that each Credit Party and its affiliates may be providing debt financing, equity capital or other services
(including financial advisory services) to other companies in respect of which the Borrower may have conflicting
interests regarding the transactions described herein and otherwise. No Credit Party will use confidential
information obtained from the Borrower by virtue of the transactions contemplated by the Loan Documents or its
other relationships with the Borrower in connection with the performance by such Credit Party of services for
other companies, and no Credit Party will furnish any such information to other companies. The Borrower also
acknowledges that no Credit Party has any obligation to use in connection with the transactions contemplated by
the Loan Documents, or to furnish to the Borrower, confidential information obtained from other companies.

SECTION 9.15 Waiver of Jury Trial. Each of the Borrower, the Administrative Agent and the Lenders
hereby irrevocably waives all right to trial by jury in any action, proceeding or counterclaim (whether based on
contract, tort or otherwise) arising out of or relating to this Agreement or the actions of the Administrative Agent
or any Lender in the negotiation, administration, performance or enforcement thereof.

SECTION 9.16 Conversion of Currencies. If, for the purpose of obtaining judgment in any court, it is
necessary to convert a sum owing hereunder in one currency into another currency, each party hereto agrees, to
the fullest extent that it may effectively do so, that the rate of exchange used shall be that at which in accordance
with normal banking procedures in the relevant jurisdiction the first currency could be purchased with such other
currency on the Business Day immediately preceding the day on which final judgment is given.

The obligations of the Borrower in respect of any sum due to any party hereto or any holder of the
obligations owing hereunder (the “Applicable Creditor”) shall, notwithstanding any judgment in a currency (the
“Judgment Currency”) other than the currency in which such sum is stated to be due hereunder (the “Agreement
Currency”), be discharged only to the extent that, on the Business Day following receipt by the Applicable
Creditor of any sum adjudged to be so due in the Judgment Currency, the Applicable Creditor may in accordance
with normal banking procedures in the relevant jurisdiction purchase the Agreement Currency with the Judgment
Currency; if the amount of the Agreement Currency so purchased is less than the sum originally due to the
Applicable Creditor in the Agreement Currency, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Applicable Creditor against such loss. The obligations of the Borrower contained in this Section 9.16 shall survive the termination of this Agreement and the payment of all other amounts owing hereunder.

SECTION 9.17 Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document may be subject to the Write-Down and Conversion Powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent entity, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority.

SECTION 9.18 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of Plan Asset Regulations) of one or more Benefit Plans in connection with the Commitments or Advances;

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement, and the conditions for exemptive relief thereunder are and will continue to be satisfied in connection therewith;

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Commitments, the Advances and this Agreement, (C) the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement
satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement; or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or if such Lender has not provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that:

(i) none of the Administrative Agent or the Arrangers or their respective Affiliates is a fiduciary with respect to the assets of such Lender (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto),

(ii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is independent (within the meaning of 29 CFR § 2510.3-21) and is a bank, an insurance carrier, an investment adviser, a broker-dealer or other person that holds, or has under management or control, total assets of at least $50 million, in each case as described in 29 CFR § 2510.3-21(c)(1)(i)(A)-(E),

(iii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies,

(iv) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is a fiduciary under ERISA or the Code, or both, with respect to the Commitments, the Advances and this Agreement and is responsible for exercising independent judgment in evaluating the transactions hereunder, and

(v) no fee or other compensation is being paid directly to the Administrative Agent or any Arranger or any their respective Affiliates for investment advice (as opposed to other services) in connection with the Commitments, the Advances or this Agreement.

(c) The Administrative Agent and each Arranger hereby informs the Lenders that each such Person is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Person has a financial interest in the transactions contemplated hereby in that such Person or an Affiliate thereof (i) may receive interest or other payments with respect to the Commitments, the Advances and this Agreement, (ii) may recognize a gain if it extended the Commitments or the Advances for an amount less than the amount being paid for an interest in the Commitments or the Advances by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees,
amendment fees, processing fees, term out premiums, banker’s acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

(d) The representations in this Section 8.09 are intended to comply with United States Department of Labor Regulations codified at 29 C.F.R. § 2510.3-21(a) and (c)(1) as promulgated on April 8, 2016 (81 Fed. Reg. 20,997). To the extent these regulations are revoked, repealed or no longer effective, these representations shall be deemed to be no longer in effect.

SECTION 9.19 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received or reserved by the Lender holding such Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Advance but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Advances or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Cost of Funds Rate to the date of repayment, shall have been received by such Lender. Notwithstanding the foregoing, if the Lender shall have received interest and/or Charges in an amount that exceeds the Maximum Rate, the excess interest and Charges shall be (i) applied to the principal of such Advance, (ii) if it exceeds such unpaid principal of such Advance, applied to the principal of other Advances held by such Lender, or (iii) if it exceeds such unpaid principal of other Advances, refunded to the Borrower. The Borrower represents and warrants to the Lenders that, as of the date of this Agreement, it falls into Article 2, Paragraph 1, Item 1 of the Act on Specified Commitment Line Contract (Act No. 4 of 1999).

SECTION 9.20 English Language.

(a) Save where this Agreement expressly provides to the contrary, any notice given under or in connection with this Agreement must be:

(i) in English; or

(ii) in any other language required in respect of such notice by applicable law and accompanied by a certified English translation at the cost of the Borrower, which English translation will prevail in all circumstances.

(b) All other documents provided under or in connection with this Agreement must be:

(iii) in English; or

(iv) if not in English, and if so required by the Administrative Agent, accompanied by a certified English translation at the cost of this Agreement and, in this case, the English translation will prevail in all circumstances unless the document is a constitutional, statutory or other official document.

Capitalized terms used herein and not otherwise defined herein shall have the respective meanings given to them in the Credit Agreement.

WHEREAS, the Company has requested that the requisite Lenders and the Administrative Agent agree to make certain amendments to the Credit Agreement;

WHEREAS, the Company, the Lenders party hereto and the Administrative Agent have so agreed on the terms and conditions set forth herein;

NOW, THEREFORE, in consideration of the premises set forth above, the terms and conditions contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company, the Lenders party hereto and the Administrative Agent hereby agree to enter into this Amendment.

1. Amendments to the Credit Agreement, Effective as of the Amendment No. 1 Effective Date (as defined below), the parties hereto agree that the Credit Agreement is hereby amended as follows:

(a) Section 1.01 of the Credit Agreement is hereby amended to add the following definition thereto in the appropriate alphabetical order:

“Exchange Rate” means on any day, for purposes of determining the Dollar equivalent of any currency, the rate at which such currency may be exchanged into Dollars at the time of determination on such day as quoted by Bloomberg on www.bloomberg.com/markets/currencies/fxc.html (and applying the Currency Converter set forth on such webpage), or as displayed on such other information service which publishes that rate of exchange from time to time in place of Bloomberg. In the event that such rate is not displayed by Bloomberg on the webpage specified in the immediately preceding sentence, the Exchange Rate shall be determined by reference to such other publicly available service for displaying exchange rates as may be agreed upon by the Administrative Agent and the Borrower, or, in the absence of such an agreement, such Exchange Rate shall instead be the arithmetic average of the spot rates of exchange of the Administrative Agent in the market where its foreign currency exchange operations in respect of such currency are then being conducted, at or about such time as the Administrative Agent shall elect after determining that such rates shall be the basis for determining the Exchange Rate; provided that if at the time of any such determination, for any reason, no such spot rate is being quoted, the Administrative Agent may use any reasonable method, in consultation with the Borrower, it deems appropriate to determine such rate, and such determination shall be conclusive absent manifest error.
(b) Article I of the Credit Agreement is hereby amended to add the following Section 1.06 at the end thereof:

SECTION 1.06. Currency Translations. For purposes of (i) determining the amount of Borrowed Debt incurred, outstanding or proposed to be incurred or outstanding under Section 5.02(e), (ii) determining the amount of obligations secured by Liens incurred, outstanding or proposed to be incurred or outstanding under Section 5.02(a) or (iii) determining the amount of Debt, the net assets of a Person or judgments outstanding under Section 6.01(d), (e) or (f), all amounts incurred, outstanding or proposed to be incurred or outstanding in currencies other than Dollars shall be translated into Dollars at the Exchange Rate on the applicable date; provided that no Default shall arise as a result of any limitation set forth in Dollars in Section 5.02(a) or (e) being exceeded solely as a result of changes in Exchange Rates from those rates applicable at the time or times Debt or obligations secured by Liens were initially consummated or acquired in reliance on the exceptions under such Sections.

(c) Section 2.05 of the Credit Agreement is hereby amended by deleting the phrase “hybrid securities denominated in Japanese Yen” each place such phrase appears and replacing it with the phrase “hybrid securities or loans denominated in Japanese Yen”.

(d) Section 2.07(a) of the Credit Agreement is hereby amended to restate clauses (i) and (ii) thereof in their entirety as follows:

“(i) Cost of Funds Rate Advances. During such periods as such Advance is a Cost of Funds Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Cost of Funds Rate for such Interest Period for such Advance and (B) the Applicable Margin, payable in arrears on (x) the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and (y) on the date such Cost of Funds Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clause (y) above, accrued but unpaid interest shall only be payable in respect of the principal amount of Advances prepaid or Converted on such date.”

“(ii) Eurocurrency Rate Advances. During such periods as such Advance is a Eurocurrency Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Eurocurrency Rate for such Interest Period for such Advance, and (B) the Applicable Margin, payable in arrears on (x) the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period and (y) on the date such Eurocurrency Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clause (y) above, accrued but unpaid interest shall only be payable in respect of the principal amount of Advances prepaid or Converted on such date.”

(e) The first sentence of Section 2.08(c) of the Credit Agreement is hereby amended and restated in its entirety as follows:

“If at any time the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (i) the circumstances set forth in clause (b)(i)(ii) have arisen and such circumstances are unlikely to be temporary or (ii) the circumstances set forth in clause (b)(i) have not arisen but either (w) the supervisor for the administrator of the Screen Rate has made a public statement that the administrator of the Screen Rate is insolvent (and there is no successor administrator that will continue publication of the Screen Rate), (x) the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently or indefinitely cease to be published by it (and there is no successor administrator that will continue publication of the
Screen Rate), (y) the supervisor for the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently or indefinitely cease to be published or (z) the supervisor for the administrator of the Screen Rate or a Governmental Authority having jurisdiction over the Administrative Agent has made a public statement identifying a specific date after which the Screen Rate may no longer be used for determining interest rates for loans, then the Administrative Agent and the Borrower shall endeavor to establish an alternate rate of interest to the Eurocurrency Rate that gives due consideration to the then prevailing market convention for determining a rate of interest for syndicated loans in the United States at such time, and shall enter into an amendment to this Agreement to reflect such alternate rate of interest and such other related changes to this Agreement as may be applicable (but for the avoidance of doubt, such related changes shall not include a reduction of the Applicable Margin); provided that, if such alternate rate of interest as so determined would be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement.”

(f) Each of Section 2.11(c) and Section 2.12 of the Credit Agreement is hereby amended to replace the reference to “Section 8.07” appearing therein with a reference to “Section 9.07”.

(g) Section 5.01 of the Credit Agreement is hereby amended to replace each instance of the phrase “the Company” appearing therein with the phrase “the Borrower”.

(h) Section 5.02(c) of the Credit Agreement is hereby amended to add the following proviso at the end thereof:

“; provided that the Borrower may change its fiscal year-end to December 31 of each calendar year in connection with the Transactions.”

(i) Section 5.03 of the Credit Agreement is hereby amended and restated in its entirety as follows:

SECTION 5.03. Financial Covenant. Consolidated Net Debt to Consolidated EBITDA. Beginning on the later of (i) the last day of the first fiscal half year ending at least one full fiscal quarter after the Closing Date (which, for the avoidance of doubt, shall be no later than March 31, 2020) and (ii)(A) if the fiscal year-end is December 31, June 30, 2019 or (B) if the fiscal year-end is March 31, September 30, 2019 and on the last day of each fiscal half year ending thereafter, the Borrower will not permit, as of the last day of any such fiscal half year (each such date, the “Testing Date”), the ratio of (x) Consolidated Net Debt at such time to (y) Consolidated EBITDA of the Borrower for the four consecutive fiscal quarter period ending as of such date to exceed the ratio level set forth in the applicable table below for such applicable Testing Date:

<tr>
<th>Testing Date (if fiscal year-end is March 31)</th>

</tr>
<tr>
<td>June 30, 2020 and thereafter</td>
<td>5.35 to 1.00</td>

</tbody>

If a Testing Date would have occurred in the fiscal quarter in which the Borrower changed its fiscal year-end to December 31 (the “Fiscal Year Change”) but does not because of such Fiscal Year Change, the last day of such fiscal quarter shall be a Testing Date notwithstanding the Fiscal Year Change.
For purposes of calculating the aggregate principal amount of the Consolidated Net Debt of the Borrower on any such date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.

(j) Section 9.08(f) of the Credit Agreement is hereby amended and restated in its entirety as follows:

“(f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or participant in, or any prospective assignee of or participant in, any of its rights or obligations under this Agreement, (ii) any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap or derivative or similar transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, (iii) any rating agency, (iv) the CUSIP Service Bureau or any similar organization or (v) any Person to whom or for whose benefit such Lender has created a security interest in all or any portion of its rights under this Agreement pursuant to Section 9.07(g).”

SECTION 1.05 Jersey Terms. In each Loan Document, where it relates to a person incorporated or formed or having its centre of main interests in Jersey, a reference to:

(a) a winding up, administration or dissolution includes, without limitation, bankruptcy (as that term is interpreted pursuant to Article 8 of the Interpretation (Jersey) Law 1954), any procedure or process referred to in Part 21 of the Jersey Companies Law, and any other similar proceedings affecting the rights of creditors generally under Jersey law, and shall be construed so as to include any equivalent or analogous proceedings; or

(b) a receiver, administrative receiver, administrator or the like includes, without limitation, the Viscount of the Royal Court of Jersey, autorisés or any other person performing the same function of each of the foregoing.

SECTION 1.06 Currency Translations.

(a) The Administrative Agent shall determine the Dollar Equivalent of each Advance denominated in Euros as of the date of the making of any Advance using the Exchange Rate for such currency in relation to Dollars in effect at 11:00 A.M. (Tokyo time) on the date that is three Business Days prior to such calculation date and such amount shall be used in calculating any applicable fees payable hereunder, the amount the applicable Commitments are reduced upon such Advance and other amounts to which the Dollar Equivalent applies pursuant to the terms hereof.

(b) For purposes of (i) determining the amount of Borrowed Debt incurred, outstanding or proposed to be incurred or outstanding under Section 5.02(e), (ii) determining the amount of obligations secured by Liens incurred, outstanding or proposed to be incurred or outstanding under Section 5.02(a) or (iii) determining the amount of Debt, the net assets of a Person or judgments outstanding under Section 6.01(d), (e) or (f), all amounts incurred, outstanding or proposed to be incurred or outstanding in currencies other than Dollars shall be translated into Dollars at the Exchange Rate on the applicable date; provided that no Default shall arise as a result of any limitation set forth in Dollars in Section 5.02(a) or (e) being exceeded solely as a result of changes in Exchange Rates from those rates applicable at the time or times Debt or obligations secured by Liens were initially consummated or acquired in reliance on the exceptions under such Sections.

ARTICLE II

AMOUNTS AND TERMS OF THE ADVANCES

SECTION 2.01 The Advances. Each Lender severally and not jointly agrees, on the terms and conditions hereinafter set forth to make Advances denominated in Dollars and/or Euros to the Borrower from time to time on any Business Day during the Availability Period in an amount not to exceed such Lender’s outstanding Commitment immediately prior to the making of the Advance; provided that no Lender shall be obligated to make Advances denominated in Euros if, after giving effect to such proposed Advance, the aggregate amount of Advances denominated in Euros made hereunder would exceed the Euro Sublimit. Each Borrowing shall be in an aggregate amount equal to the Borrowing Minimum or a Borrowing Multiple in excess thereof and shall initially consist of Eurocurrency Rate Advances made on the same day by the Lenders ratably according to their respective relevant Commitments. Upon the making of any Advance by a Lender such Lender’s relevant Commitment will be permanently reduced by the Dollar Equivalent of the aggregate principal amount of such Advance. The Borrower may prepay Advances pursuant to Section 2.10, provided that Advances may not be reborrowed once repaid.

SECTION 2.02 Making the Advances. (a) Each Borrowing shall be made on notice by the Borrower, given not later than 9:00 A.M. (Tokyo time) on the third Business Day prior to the date of the proposed
Borrowing, to the Administrative Agent, which shall give to each Lender prompt notice thereof by teletypewriter or other electronic communication. Each notice of a Borrowing (a “Notice of Borrowing”) shall be by telephone, confirmed immediately in writing, including by teletypewriter (or other electronic communication) in substantially the form of Exhibit A hereto, specifying therein the requested (i) date of such Borrowing (which shall be a Business Day), (ii) whether such Borrowing is to be denominated in Dollars or Euros (provided that if the Borrower fails to specify a currency in any Notice of Borrowing, then the Advances so requested shall be made in Dollars, it being understood that Dollars shall be the base currency for this Agreement), (iii) aggregate amount of such Borrowing, (iv) initial Interest Period for such Advance, if such Borrowing is to consist of Eurocurrency Rate Advances, and (v) account or accounts in which the proceeds of the Borrowing should be credited. Each Lender shall, before 11:00 A.M. (Tokyo time) on the date of such Borrowing make available for the account of its Applicable Lending Office to the Administrative Agent at the applicable Administrative Agent’s Office, in same day funds, such Lender’s ratable portion of such Borrowing. After the Administrative Agent’s receipt of such funds and upon fulfillment of the applicable conditions set forth in Article III, the Administrative Agent will make such funds available to the Borrower in immediately available funds to the account or accounts specified by the Borrower to the Administrative Agent in the Notice of Borrowing relating to the applicable Borrowing. Notwithstanding anything to the contrary herein, there shall not be more than ten separate Borrowings of Advances.

(b) Anything in Section 2.02(a) to the contrary notwithstanding, (i) the Borrower may not select Eurocurrency Rate Advances if the obligation of the Lenders to make Eurocurrency Rate Advances shall then be suspended pursuant to Section 2.08 or 2.12 and (ii) the Eurocurrency Rate Advances may not be outstanding as part of more than ten separate Borrowings.

(c) Each Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case of any Borrowing that the related Notice of Borrowing specifies is to be comprised of Eurocurrency Rate Advances, the Borrower shall indemnify each Lender against any reasonable loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing for such Borrowing the applicable conditions set forth in Article III, including, without limitation, any reasonable loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of such Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) Unless the Administrative Agent shall have received notice from a Lender prior to the time of any Borrowing that such Lender will not make available to the Administrative Agent such Lender’s ratable portion of such Borrowing, the Administrative Agent may assume that such Lender has made such portion available to the Administrative Agent on the date of such Borrowing in accordance with Section 2.02(a) and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that any Lender shall not have so made such ratable portion available to the Administrative Agent, such Lender and the Borrower severally agree to pay or to repay to the Administrative Agent forthwith on demand such corresponding amount and to pay interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is paid or repaid to the Administrative Agent, at (i) in the case of the Borrower, the higher of (A) the interest rate applicable at the time to Advances comprising such Borrowing and (B) the cost of funds incurred by the Administrative Agent in respect of such amount and (ii) in the case of such Lender, the greater of the Cost of Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender shall pay to the Administrative Agent such corresponding principal amount, such amount so paid shall constitute such Lender’s Advance as part of such Borrowing for all purposes of this
Agreement. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(e) The failure of any Lender to make the Advance to be made by it as part of any Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Advance to be made by such other Lender on the date of any Borrowing.

(f) If any Lender makes available to the Administrative Agent funds for any Advance to be made by such Lender as provided herein, and such funds are not made available to the Borrower by the Administrative Agent because the conditions to such Borrowing are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall promptly return such funds (in like funds as received from such Lender) to such Lender, without interest.

(g) Each Lender at its option may make any Advance by causing any domestic or foreign branch or Affiliate of such Lender to make such Advance (and in the case of an Affiliate, the provisions of Sections 2.08, 2.11 and 2.14 shall apply to such Affiliate to the same extent as to such Lender); provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Advance in accordance with the terms of this Agreement.

SECTION 2.04 Fees. (a) Commitment Fee. As part of the consideration for each Lender’s Commitment hereunder, the Borrower agrees to pay to the Administrative Agent, for the account of each Lender (other than a Defaulting Lender for such time as such Lender is a Defaulting Lender), a non-refundable commitment fee from (and excluding) the Effective Date and from time to time through and including the date of termination of the Commitments in full, at a rate per annum (x) equal to 0.10% until the receipt of a Public Debt Rating (after giving effect to the Target Acquisition) and (y) thereafter, equal to the Applicable Percentage per annum, on the aggregate daily amount of such Lender’s Commitments during such period, such fee to be earned and payable in arrears quarterly on the last Business Day of each March, June, September and December, and on the date the Commitment terminates in full or is otherwise reduced to zero.

(b) [Reserved].

(c) Additional Fees. The Borrower shall pay to the Administrative Agent and Arrangers for their account (or that of their applicable Affiliate) such fees as may from time to time be agreed between any of the Consolidated Group and the Administrative Agent and/or Arrangers.

(d) Calculation of Commitment. For the avoidance of doubt, with respect to the definition of “Mandatory Cancellation Event” and the ability thereunder for the Borrower to provide notices and issue documents to facilitate a switch from a Scheme to a Takeover Offer and vice versa, the Commitment shall be deemed to be in effect until the end of the day on which the applicable notice or issuance is required to but does not occur for the purposes of calculating any fees under this Agreement or any fee letters related hereto.

SECTION 2.05 Termination or Reduction of the Commitments. (a) Unless previously terminated, the Commitments shall terminate in full at 5:00 p.m. (Tokyo time) on the earlier of (i) the date on which all of the Certain Funds Purposes have been achieved without the making of any Advances and (ii) the date on which the Certain Funds Period terminates. Additionally, each Lender’s Commitment will be permanently reduced upon such Lender making any Advance under such Commitment by an amount equal to the Dollar Equivalent of such Advance. Any termination or reduction of the Commitments shall be permanent.
(b) Ratable Reduction or Termination. The Borrower shall have the right, upon at least three Business Days’ notice to the Administrative Agent, to terminate in whole or permanently reduce ratably in part the unused portions of Commitments of the Lenders; provided that each partial reduction shall be in an aggregate amount of not less than $50,000,000 and an integral multiple of $5,000,000 in excess thereof; provided further that any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied.

SECTION 2.06 Repayment of Advances.

(a) The Borrower shall repay the Advances in installments, together with accrued interest to the date of such repayment on the principal amount repaid, on each Repayment Date, which installments shall each be in an amount equal to (x) for the first eight of such payments, 1.25% of the aggregate principal amount of the Advances actually funded on or prior to the last day of the Availability Period and (y) for each other payment, 2.50% of the aggregate principal amount of the Advances actually funded on or prior to the last day of the Availability Period.

(b) The Borrower shall repay on the Maturity Date to the Administrative Agent for the ratable account of the Lenders, the aggregate principal amount of all Advances made to the Borrower outstanding on such date.

SECTION 2.07 Interest on Advances. (a) Scheduled Interest. The Borrower shall pay interest on the unpaid principal amount of each Advance made to it from the date of such Advance until such principal amount shall be paid in full, at the following rates per annum:

(i) Cost of Funds Rate Advances. During such periods as such Advance is a Cost of Funds Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Cost of Funds Rate for such Interest Period for such Advance and (B) the Applicable Margin for the currency in which such Advance is denominated, payable in arrears on (x) the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period, (y) if applicable, each Repayment Date and (z) on the date such Cost of Funds Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clauses (y) or (z) above, accrued but unpaid interest shall only be payable in respect of the principal amount of Advances prepaid or Converted on such date.

(ii) Eurocurrency Rate Advances. During such periods as such Advance is a Eurocurrency Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Eurocurrency Rate for such Interest Period for such Advance, and (B) the Applicable Margin for the currency in which such Advance is denominated, payable in arrears on (x) the last day of such Interest Period and, if such Interest Period has a duration of more than three months, on each day that occurs during such Interest Period every three months from the first day of such Interest Period, (y) if applicable, each Repayment Date and (z) on the date such Eurocurrency Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clauses (y) or (z) above, accrued but unpaid interest shall only be payable in respect of the principal amount of Advances prepaid or Converted on such date.

(b) Default Interest. Upon the occurrence and during the continuance of an Event of Default pursuant to Section 6.01(a), the Administrative Agent shall, upon the request of the Required Lenders, require the Borrower to pay interest (“Default Interest”), which amount shall accrue as of the date of occurrence of the Event of Default, on (i) amounts that are overdue, payable in arrears on the dates referred to in Section 2.07(a)(i) or 2.07(a)(ii), at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid.
on such overdue amount pursuant to Section 2.07(a)(i) or 2.07(a)(ii) and (ii) to the fullest extent permitted by law, the amount of any interest, fee or other amount payable hereunder that is not paid when due, from the date such amount shall be due until such amount shall be paid in full, payable in arrears on the date such amount shall be paid in full and on demand, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on Advances pursuant to Section 2.07(a)(ii) (or, if all Advances have been Converted to Cost of Funds Rate Advances pursuant to Section 2.07(a)(i)), provided, however, that following acceleration of the Advances pursuant to Section 6.01, Default Interest shall accrue and be payable hereunder whether or not previously required by the Administrative Agent.

(c) Additional Interest on Eurocurrency Rate Advances. The Borrower shall pay to each Lender, so long as and to the extent such Lender shall be subject to, under applicable law, rules or regulations to reserves, liquid asset, fees or similar requirements (as further described in the definition of Eurocurrency Rate Reserve Percentage) with respect to deposits or liabilities (as so described), additional interest on the unpaid principal amount of each Advance of such Lender made to the Borrower that is a Eurocurrency Rate Advance, from the date of such Advance until such principal amount is paid in full, at an interest rate per annum equal at all times to the remainder obtained by subtracting (a) the Eurocurrency Rate for the applicable Interest Period for such Advance from (b) the rate obtained by dividing such Eurocurrency Rate by a percentage equal to 100% minus the Eurocurrency Rate Reserve Percentage of such Lender for such Interest Period, payable on each date on which interest is payable on such Advance. Such Lender shall as soon as practicable provide notice to the Administrative Agent and the Borrower of any such additional interest arising in connection with such Advance, which notice shall be conclusive and binding, absent demonstrable error.

SECTION 2.08 Interest Rate Determination. (a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a)(i) or 2.07(a)(ii).

(b) If, with respect to any Eurocurrency Rate Advances, (i) the Administrative Agent shall have determined (which determination shall be conclusive and binding absent manifest error) that adequate and reasonable means (including, without limitation, by means of an Interpolated Rate) do not exist for ascertaining the Eurocurrency Rate for such Interest Period or (ii) the Required Lenders notify the Administrative Agent that (x) they are unable to obtain matching deposits in the London inter-bank market at or about 11:00 A.M. (London time) on the second Business Day before the making of a Borrowing in sufficient amounts to fund their respective Advances as a part of such Borrowing during its Interest Period or (y) the Eurocurrency Rate for any Interest Period for such Advances will not adequately and fairly reflect the cost to the Required Lenders of making, funding or maintaining their respective Eurocurrency Rate Advances for such Interest Period, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) (x) the Borrower will, on the last day of the then existing Interest Period theretofore pay such Advances or (y) any such Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration and (B) the obligation of the Lenders to make Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If at any time the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (i) the circumstances set forth in clause (b)(i) have arisen and such circumstances are unlikely to be temporary or (ii) the circumstances set forth in clause (b)(i) have not arisen but either (w) the supervisor for the administrator of the Screen Rate has made a public statement that the administrator of the Screen Rate is insolvent (and there is no successor administrator that will continue publication of the Screen Rate), (x) the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently or indefinitely cease to be published by it (and there is no successor administrator that will continue publication of the Screen Rate), (y) the supervisor for the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently
or indefinitely cease to be published or (z) the supervisor for the administrator of the Screen Rate or a Governmental Authority having jurisdiction over the Administrative Agent has made a public statement identifying a specific date after which the Screen Rate may no longer be used for determining interest rates for loans, then the Administrative Agent and the Borrower shall endeavor to establish an alternate rate of interest to the Eurocurrency Rate that gives due consideration to the then prevailing market convention for determining a rate of interest for syndicated loans in the United States at such time, and shall enter into an amendment to this Agreement to reflect such alternate rate of interest and such other related changes to this Agreement as may be applicable (but for the avoidance of doubt, such related changes shall not include a reduction of the Applicable Margin); provided that, if such alternate rate of interest as so determined would be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement. Notwithstanding anything to the contrary in Section 9.01, such amendment shall become effective without any further action or consent of any other party to this Agreement so long as the Administrative Agent shall not have received, within five Business Days of the date notice of such alternate rate of interest is provided to the Lenders, a written notice from the Required Lenders stating that such Required Lenders object to such amendment. Until an alternate rate of interest shall be determined in accordance with this clause (c) (but, in the case of the circumstances described in clause (ii) of the first sentence of this Section 2.08(c), only to the extent the Screen Rate for the applicable currency and such Interest Period is not available or published at such time on a current basis), (x) any request from the Borrower to continue any Advance as a Eurocurrency Rate Advance shall be ineffective and any such Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration and (y) the obligation of the Lenders to make Eurocurrency Rate Advances shall be suspended.

(d) If the Borrower shall fail to select the duration of any Interest Period for any Eurocurrency Rate Advances made to the Borrower in accordance with the provisions contained in the definition of “Interest Period” in Section 1.01, the Administrative Agent will forthwith so notify the Borrower and the Lenders and such Eurocurrency Rate Advances will automatically, on the last day of the then existing Interest Period therefor, be continued as a Eurocurrency Advance with an Interest Period of one month.

SECTION 2.09 [Intentionally Omitted].

SECTION 2.10 Optional Prepayments of Advances. The Borrower may, upon written notice to the Administrative Agent stating the proposed date and aggregate principal amount of the proposed prepayment, given not later than 10:00 A.M. (Tokyo time) one Business Day prior to the date (which date shall be a Business Day) of such proposed prepayment, in the case of a Borrowing consisting of Cost of Funds Rate Advances, and not later than 10:00 A.M. (Tokyo time) at least two Business Days prior to the date of such proposed prepayment, in the case of a Borrowing consisting of Eurocurrency Rate Advances, and if such notice is given, the Borrower shall, prepay the outstanding principal amount of the Advances comprising part of the same Borrowing made to the Borrower in whole or ratably in part, and together with accrued interest to the date of such prepayment on the principal amount prepaid; provided, however, that (i) each partial prepayment shall be in an aggregate principal amount of the Borrowing Minimum or a Borrowing Multiple in excess thereof and (ii) if any prepayment of a Eurocurrency Rate Advance is made on a date other than the last day of an Interest Period for such Eurocurrency Rate Advance, the Borrower shall also pay any amount owing pursuant to Section 9.04(c); and provided, further, that, subject to clause (ii) of the immediately preceding proviso, any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied. Notwithstanding anything in this Agreement to the contrary, the Borrower shall not optionally prepay any Advances while any Tranche 4 Advances (as defined under the Bridge Credit Agreement as in effect on the Effective Date) under the Bridge Facility are outstanding.

SECTION 2.11 Increased Costs. (a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any directive, guideline or request from any
central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not having the force of law), in each case after the date hereof (or with respect to any Lender (or the Administrative Agent), if later, the date on which such Lender (or the Administrative Agent) becomes a Lender (or the Administrative Agent)), there shall be any increase in the cost to any Lender or the Administrative Agent of agreeing to make or making, funding or maintaining Advances (excluding for purposes of this Section 2.11 any such increased costs resulting from (i) Taxes as to which such Lender is indemnified under Section 2.14, (ii) Excluded Taxes, or (iii) Other Taxes), then the Borrower shall from time to time, upon demand by such Lender or the Administrative Agent (with a copy of such demand to the Administrative Agent, if applicable), pay to the Administrative Agent for the account of such Lender (or for its own account, if applicable) additional amounts sufficient to compensate such Lender or the Administrative Agent for such increased cost as reasonably determined by such Lender or the Administrative Agent (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender or the Administrative Agent under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender or the Administrative Agent then reasonably determines to be relevant). A certificate describing such increased costs in reasonable detail delivered to the Borrower shall be conclusive and binding for all purposes, absent demonstrable error.

(b) If any Lender reasonably determines that compliance with any law or regulation or any directive, guideline or request from any central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not having the force of law), in each case promulgated or given after the date hereof (or with respect to any Lender, if later, the date on which such Lender becomes a Lender), affects or would affect the amount of capital, insurance or liquidity required or expected to be maintained by such Lender or any corporation controlling such Lender and that the amount of such capital, insurance or liquidity is increased by or based upon the existence of such Lender’s commitment to lend hereunder and other commitments of this type, the Borrower shall, from time to time upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances as reasonably determined by such Lender (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender then reasonably determines to be relevant), to the extent that such Lender reasonably determines such increase in capital, insurance or liquidity to be allocable to the existence of such Lender’s Advances or commitment to lend hereunder. A certificate as to such amounts submitted to the Borrower and the Administrative Agent by such Lender shall be conclusive and binding for all purposes, absent demonstrable error.

(c) Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs or reductions incurred more than six months prior to the date that such Lender notifies the Borrower of the change or circumstance giving rise to such increased costs or reductions and of such Lender’s intention to claim compensation therefor; provided further that, if the change or circumstance giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof. Any Lender making a claim for compensation under this Section 2.11 may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 9.07.

(d) Notwithstanding anything in this Section 2.11 to the contrary, for purposes of this Section 2.11, (A) the Dodd Frank Wall Street Reform and Consumer Protection Act and the rules and regulations issued thereunder or in connection therewith or in implementation thereof, and (B) all requests, rules, guidelines and directions promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any
similar or successor agency, or the United States or foreign regulatory authorities, in each case, pursuant to Basel III) shall be deemed to have been enacted following the date hereof (or with respect to any Lender, if later, the date on which such Lender becomes a Lender); provided that no Lender shall demand compensation pursuant to this Section 2.11(c) unless such Lender is making corresponding demands on similarly situated borrowers in comparable credit facilities to which such Lender is a party.

SECTION 2.12 Illegality. Notwithstanding any other provision of this Agreement, with respect to Dollar denominated Advances, (a) if any Lender shall notify the Administrative Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other Governmental Authority, including without limitation, any agency of the European Union or similar monetary or multinational authority, asserts that it is unlawful, for such Lender or its Eurocurrency Lending Office to perform its obligations hereunder to make Eurocurrency Rate Advances or to fund or maintain Eurocurrency Rate Advances hereunder, (i) each Eurocurrency Rate Advance of such Lender will automatically, upon such notification, be Converted into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of such Lender to make Eurocurrency Rate Advances or to Convert Advances into Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and such Lender that the circumstances causing such suspension no longer exist and (b) if Lenders constituting the Required Lenders so notify the Administrative Agent, (i) each Eurocurrency Rate Advance of each Lender will automatically, upon such notification, Convert into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of each Lender to make Eurocurrency Rate Advances or to Convert Advances into Eurocurrency Rate Advances shall be suspended until the Administrative Agent shall notify the Borrower and each Lender that the circumstances causing such suspension no longer exist. Any Lender that is prohibited from performing its obligations to make Advances or to continue to fund or maintain Advances may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 9.07.

SECTION 2.13 Payments and Computations. (a) The Borrower shall make each payment required to be made by it under this Agreement not later than 11:00 A.M. (Tokyo time) on the day when due in Dollars (or (i) with respect to principal, interest or breakage indemnity due in respect of Advances denominated in Euros and (ii) with respect to other payments required to be made pursuant to Section 2.11 or 9.04 that are invoiced in Euros shall be payable in Euros) to the Administrative Agent at the applicable Administrative Agent’s Office in same day funds. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest or commitment fees ratably (other than amounts payable pursuant to Section 2.02(c), 2.07(c), 2.11, 2.12(a) (or if applicable the last sentence of Section 2.12), 2.14, 2.15 or 9.04(c)) to the Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.07(c), from and after the effective date specified in such Assignment and Acceptance, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the assignor for amounts which have accrued to but excluding the effective date of such assignment and to the assignee for amounts which have accrued from and after the effective date of such assignment. All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff.

(b) The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender by the Borrower is not made when due hereunder, to charge from time to time against any or all of the Borrower’s accounts with such Lender any amount so due, unless otherwise agreed between the Borrower and such Lender.

(c) All computations of interest hereunder shall be made by the Administrative Agent on the basis of a year of 360 days and in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or such fees are payable. Each determination by the
Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent demonstrable error.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or commitment fee, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of Eurocurrency Rate Advances to be made in the next following calendar month, such payment shall be made on the immediately preceding Business Day.

(e) Unless the Administrative Agent shall have received written notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent, following prompt notice thereof, forthwith on demand such amount distributed to such Lender, together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Cost of Funds Rate.

SECTION 2.14 Taxes. (a) Any and all payments by or on behalf of the Borrower under any Loan Document shall be made, in accordance with Section 2.13, free and clear of and without deduction for any Taxes, excluding, in the case of each Lender and the Administrative Agent, (i) taxes imposed on (or measured by) its overall net income (however denominated), franchise taxes, and branch profits taxes, in each case (A) imposed by the jurisdiction under the laws of which such Lender or the Administrative Agent, as the case may be, is organized or any political subdivision thereof, by the jurisdiction of the Administrative Agent’s principal office or such Lender’s Applicable Lending Office, as the case may be, or any political subdivision thereof or (B) that are Other Connection Taxes, (ii) with respect to a Lender that is not a Japanese tax resident or a Japanese branch of a non-Japanese tax resident and is not entitled to a full exemption on Japanese withholding tax on interest payments under a tax treaty entered into by Japan and that is in effect on the date specified in this clause (ii)(A)-(B) below, any Japanese withholding Taxes imposed by a Governmental Authority pursuant to a law in effect on the date on which (A) a Lender acquires such interest in an Advance or Commitment or, with respect to the Administrative Agent, the date that the Administrative Agent becomes a party to a Loan Document or (B) a Lender changes its Applicable Lending Office, except in each case to the extent that, pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender’s assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its Applicable Lending Office, (iii) any Tax that is imposed (for the avoidance of doubt, including any Tax that is imposed at higher effective tax rate) by reason of such Lender’s or the Administrative Agent’s failure to comply with Section 2.14(f), and (iv) any withholding taxes imposed under FATCA (all such excluded Taxes in respect of payments under any Loan Document being hereinafter referred to as “Excluded Taxes”). If any Taxes from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent shall be required to be deducted or withheld under applicable law, (A) the Borrower shall be entitled to make such deductions or withholdings and (B) the Borrower shall pay the full amount deducted or withheld to the relevant taxation authority or other Governmental Authority in accordance with applicable law. If any Taxes other than Excluded Taxes shall be required to be deducted from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent, the sum payable by the Borrower shall be increased as may be necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.14) such Lender or the Administrative Agent, as the case may be, receives an amount equal to the sum it would have received had no such deductions been made.
(b) In addition, without duplication of any other obligation set forth in this Section 2.14, the Borrower agrees to pay to the relevant taxing authority or Governmental Authority any present or future stamp and documentary Taxes and any other excise or property Taxes, charges or similar levies that arise from any payment made by it under any Loan Document or from the execution, delivery or registration of, or performance under, or otherwise with respect to, any Loan Document other than any such Taxes, charges or similar levies that are Other Connection Taxes imposed with respect to an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower) (such Taxes, charges or similar levies, hereinafter referred to as “Other Taxes”).

(c) Without duplication of any other obligation set forth in this Section 2.14, the Borrower shall indemnify each Lender and the Administrative Agent for the full amount of Taxes (other than Excluded Taxes) and Other Taxes (except to the extent such Other Taxes are Other Connection Taxes imposed solely as a result of an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower)) imposed on or paid by such Lender or the Administrative Agent, as the case may be, in respect of Advances made to the Borrower and any liability (including, without limitation, penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender or the Administrative Agent, as the case may be, makes written demand therefor. Such Lender or the Administrative Agent shall deliver to the Borrower a certificate describing in reasonable detail the amount of such payment or liability.

(d) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Borrower to do so) and (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 9.07(e) relating to the maintenance of a Participant Register, in either case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate describing in reasonable detail the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) As soon as practical after the date of any payment of Taxes or Other Taxes for which the Borrower is responsible under this Section 2.14, the Borrower shall furnish to the Administrative Agent, at its address as specified in Schedule II, the original or a certified copy of a receipt evidencing payment thereof.

(f) (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(f)(ii) below) shall not be required if in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.
(ii) Without limiting the generality of the foregoing:

(1) Any Lender that is a “United States person” within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent executed originals of IRS Form W-9 (and any applicable successor form) and such other documentation or information prescribed by applicable Laws or reasonably requested by the Borrower or the Administrative Agent certifying that such Lender is exempt from U.S. federal backup withholding tax. The forms described in this Section 2.14(f)(ii)(1) shall be provided by each Lender to the Borrower and the Administrative Agent at the time such Lender becomes a party to this Agreement, at the time or times prescribed by applicable Laws, when reasonably requested by the Borrower or the Administrative Agent, and promptly upon the obsolescence, invalidity or expiration of any form previously provided by such Lender;

(2) Any Lender that is neither a Japanese tax resident nor a Japanese branch of a non-Japanese tax resident shall provide, to the extent it is legally entitled to do so, the applicable documentation to claim the benefits of a tax treaty entered into by Japan, at the time or times prescribed by applicable Laws and when reasonably requested by the Borrower or the Administrative Agent;

(3) Any Lender that is a Japanese branch of a non-Japanese tax resident shall present, to the extent it is legally entitled to do so, a Certificate of Exemption for Withholding Tax for Foreign Corporations issued by the relevant tax authority in Japan pursuant to Article 180 of the Income Tax Act of Japan (shotokuzeihou) at the time or times prescribed by applicable Laws and when reasonably requested by the Borrower or the Administrative Agent.

(iii) If a payment made to a Lender under any Loan Document would be subject to withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation prescribed by the Borrower or the Administrative Agent as may be necessary for the Borrower or the Administrative Agent to comply with its obligations under FATCA, to determine that such Lender has complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for the purposes of this clause 2.14(f)(ii), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

(iv) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(v) Notwithstanding the foregoing, any Japanese Taxes resulting from the failure or legal inability of a Lender to provide any tax forms pursuant to Section 2.14(f)(i)-(ii) or (iv) shall be considered Excluded Taxes unless (x) such Taxes are imposed as a result of a change in law or treaty occurring after the date the Lender became a party to this Agreement or acquired its interest in a Loan or Commitment and would otherwise have not been treated as an Excluded Tax under Section 2.14(a) but for this Section 2.14(f)(v) or (y) such Taxes were grossed up with respect to the Lender’s assignor immediately before such Lender became a party.

(g) In the event that an additional payment is made under Section 2.14(a) or 2.14(c) for the account of the Administrative Agent or any Lender and the Administrative Agent or such Lender, in its sole discretion exercised in good faith, determines that it has received a refund of any tax paid or payable by it in respect of or
calculated with reference to the deduction or withholding giving rise to such additional payment (including by the payment of additional amounts pursuant to this Section 2.14), the Administrative Agent or such Lender shall pay to the Borrower such amount equal to such refund as the Administrative Agent or such Lender shall, in its reasonable discretion exercised in good faith, have determined is attributable to such deduction or withholding and will leave the Administrative Agent or such Lender (after such payment) in no worse position than it would have been had the Borrower not been required to make such deduction or withholding. The Borrower, upon the request of the Administrative Agent or such Lender, shall repay to the Administrative Agent or such Lender the amount paid over pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. Nothing contained in this Section 2.14(g) shall (i) interfere with the right of a Lender to arrange its tax affairs in whatever manner it thinks fit or (ii) oblige the Administrative Agent or any Lender to disclose any information relating to its tax returns, tax affairs or any computations in respect thereof or (iii) require any Lender to take or refrain from taking any action that would prejudice its ability to benefit from any other credits, reliefs, remissions or repayments to which it may be entitled.

(h) Each party’s obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under the Loan Documents.

(i) For purposes of this Section 2.14, the term “applicable law” includes FATCA.

SECTION 2.15 Sharing of Payments, Etc. Subject to Section 2.19 in the case of a Defaulting Lender, if any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of setoff, or otherwise) on account of the Advances owing to it (other than pursuant to Section 2.02(c), 2.07(c), 2.11, 2.12(a), 2.14 or 9.04(c)) in excess of its ratable share of payments on account of the Advances obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in the Advances owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender’s ratable share (according to the proportion of (a) the amount of such Lender’s required repayment to (b) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.15 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of setoff) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The provisions of this Section 2.15 shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from a Defaulting Lender) as in effect from time to time or (B) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Advances to any assignee or participant permitted hereunder.

SECTION 2.16 Use of Proceeds. The proceeds of the Advances shall be available, and the Borrower agrees that it shall apply such proceeds, solely towards Certain Funds Purposes.

SECTION 2.17 Evidence of Debt. (a) The Register maintained by the Administrative Agent pursuant to Section 9.07(d) shall include (i) the date and amount of each Borrowing made hereunder by the Borrower, the Type of Advances comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iv) the
amount of any sum received by the Administrative Agent from the Borrower hereunder and each Lender’s share thereof.

(b) Entries made reasonably and in good faith by the Administrative Agent in the Register pursuant to subsection (a) above shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from the Borrower to each Lender under this Agreement, absent manifest error; provided, however, that the failure of the Administrative Agent to make an entry, or any finding that an entry is incorrect, in the Register or such account or accounts shall not limit, expand or otherwise affect the obligations of the Borrower under this Agreement.

SECTION 2.18 [Reserved].

SECTION 2.19 Defaulting Lenders.

(a) Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender (it being understood that the determination of whether a Lender is no longer a Defaulting Lender shall be made as described in Section 2.19(b)):

(i) such Defaulting Lender will not be entitled to any fees accruing during such period pursuant to Section 2.04(a);

(ii) [reserved];

(iii) to the fullest extent permitted by applicable law, such Lender will not be entitled to vote in respect of amendments and waivers hereunder, and the Commitment and the outstanding Advances of such Lender hereunder will not be taken into account in determining whether the Required Lenders or all of the Lenders, as required, have approved any such amendment or waiver (and the definition of “Required Lenders” will automatically be deemed modified accordingly for the duration of such period); provided that any such amendment or waiver that would increase or extend the term of the Commitment of such Defaulting Lender, extend the date fixed for the payment of principal or interest owing to such Defaulting Lender hereunder, reduce the principal amount of any obligation owing to such Defaulting Lender, reduce the amount of or the rate or amount of interest on any amount owing to such Defaulting Lender or of any fee payable to such Defaulting Lender hereunder, or alter the terms of this proviso, will require the consent of such Defaulting Lender; and

(iv) the Borrower may, at its sole expense and effort, require such Defaulting Lender to assign and delegate its interests, rights and obligations under this Agreement pursuant to Section 9.07.

(b) If the Borrower and the Administrative Agent agree in writing in their discretion that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, such Lender will cease to be a Defaulting Lender and will be a Non-Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while such Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Non-Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from such Lender’s having been a Defaulting Lender.

(c) Any payment of principal, interest, fees or other amounts received by the Administrative Agent hereunder for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 6.01 or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 9.05 shall be applied at such time or times as follows: first, to the payment of any amounts owing by
such Defaulting Lender to the Administrative Agent hereunder; second as the Borrower may request (so long as no Default or Event of Default exists), to the funding of any Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as reasonably determined by the Administrative Agent; third, as the Borrower may request, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender’s potential future funding obligations with respect to Advances under this Agreement; fourth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; fifth, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; and sixth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or otherwise pursuant to this Section 2.19(c) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

SECTION 2.20 Mitigation. (a) Each Lender shall promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge that will result in, and will use reasonable commercial efforts available to it (and not, in such Lender’s good faith judgment, otherwise disadvantageous to such Lender) to mitigate or avoid, (i) any obligation by the Borrower to pay any amount pursuant to Section 2.11 or 2.14 or (ii) the occurrence of any circumstance described in Section 2.12 (and, if any Lender has given notice of any such event described in clause (i) or (ii) above and thereafter such event ceases to exist, such Lender shall promptly so notify the Borrower and the Administrative Agent). In furtherance of the foregoing, each Lender will designate a different funding office if such designation will avoid (or reduce the cost to the Borrower of) any event described in clause (i) or (ii) of the preceding sentence and such designation will not, in such Lender’s good faith judgment, be otherwise disadvantageous to such Lender.

(b) Notwithstanding any other provision of this Agreement, if any Lender fails to notify the Borrower of any event or circumstance which will entitle such Lender to compensation pursuant to Section 2.11 within 180 days after such Lender obtains knowledge of such event or circumstance, then such Lender shall not be entitled to compensation from the Borrower for any amount arising prior to the date which is 180 days before the date on which such Lender notifies the Borrower of such event or circumstance.

ARTICLE III

(h) It is not illegal for any Lender to lend and there is no injunction, restraining order or equivalent prohibiting any Lender from lending its portion of the Advances or restricting the application of the proceeds thereof; provided that such Lender has used commercially reasonable efforts to make the Loans through an Affiliate of such Lender not subject to such legal restriction; provided further, that the occurrence of such event in relation to one Lender shall not relieve any other Lender of its obligations to make Advances hereunder.

The Administrative Agent shall notify the Borrower and the Lenders of the Closing Date as soon as practicable upon its occurrence, and such notice shall be conclusive and binding.

SECTION 3.03 Conditions to Advances after the Closing Date. The obligation of each Lender to make an Advance on any date after the Closing Date and during the Availability Period is subject to the satisfaction (or waiver in accordance with Section 9.01) of the following conditions:

SECTION 3.04 Actions by Lenders During the Certain Funds Period. During the Certain Funds Period and notwithstanding (i) any provision to the contrary in the Loan Documents or (ii) that any condition set out in Sections 3.01, 3.02 or 3.03 may subsequently be determined to not have been satisfied or any representation given was incorrect in any material respect, none of the Lenders nor the Administrative Agent shall, unless a Certain Funds Default has occurred and is continuing or would result from a proposed borrowing or a Certain Funds Representation remains incorrect or, if a Certain Funds Representation does not include a materiality concept, incorrect in any material respect, be entitled to:

(i) cancel any of its Commitments;

provided that immediately upon the expiry of the Certain Funds Period all such rights, remedies and entitlements shall be available to the Lenders and the Administrative Agent notwithstanding that they may not have been used or been available for use during the Certain Funds Period.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES

SECTION 4.01 Representations and Warranties of the Borrower. The Borrower represents and warrants on the Effective Date and the date of the making of each Advance (it being understood the conditions to the Effective Date are solely those set out in Section 3.01 and the conditions to each Advance are solely those set out in Sections 3.02 and 3.03, as applicable) as follows:

(a) The Borrower is duly organized, validly existing and in good standing (to the extent that such concept exists) under the laws of its jurisdiction of organization.

(b) The execution, delivery and performance by the Borrower of this Agreement and the other Loan Documents to which it is a party, and the consummation of the transactions contemplated hereby and thereby, (i) are within the Borrower’s organizational powers, (ii) have been duly authorized by all necessary organizational action, (iii) do not contravene (A) the Borrower’s charter, articles of incorporation or by-laws or other organizational documents or (B) any law, regulation or contractual restriction binding on or affecting the Borrower and (iv) will not result in or require the creation or imposition of any Lien upon or with respect to any of the properties of the Consolidated Group (other than Liens created or required to be created pursuant to the terms hereof), except, in the case of clause (iii)(B) and (iv), as would not be reasonably expected to have a Material Adverse Effect.

(c) No authorization or approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body is required for the due execution, delivery and performance by the Borrower of this Agreement and the consummation of the transactions contemplated hereby, other than (i) the Panel, as directed by the Panel pursuant to the requirements of the City Code, anti-trust regulators, as directed by anti-trust regulators, as contemplated by the Scheme Documents or (as the case may be) the Takeover Offer Documents or as is obtained by the time required and (ii) the Bank of Japan with respect to post-facto filings that may be required under the Foreign Exchange Act in connection with the performance of this Agreement.

The release of the Offer Press Announcement and the posting of the Takeover Offer Documents if a Takeover Offer is pursued has been or will be, prior to their release or posting (as the case may be) duly authorized by the Borrower. Each of the material obligations of the Borrower under the Takeover Offer Documents is or will be, when entered into and delivered, the legal, valid and binding obligation of the Borrower, enforceable against such Persons in accordance with its terms in each case, except as may be limited by (i) bankruptcy, insolvency, reorganization or other similar laws affecting the rights and remedies of creditors generally and (ii) general principles of equity.

(d) Preservation of Existence, Etc. Do, or cause to be done, all things necessary to preserve and keep in full force and effect its (i) existence and (ii) rights (charter and statutory) and franchises; provided, however, that the Borrower may consummate any merger or consolidation permitted under Section 5.02(b); and provided further that the Borrower shall not be required to preserve any such right or franchise if the management of the Borrower shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Borrower and that the loss thereof is not disadvantageous in any material respect to the Lenders.

(e) Visitation Rights. At any reasonable time and from time to time during normal business hours (but not more than once annually if no Event of Default has occurred and is continuing), upon no less than ten (10) days’ prior notice to the Borrower, permit the Administrative Agent or any of the Lenders, or any agents or representatives thereof coordinated through the Administrative Agent, to examine and make copies of and abstracts from the records and books of account, and to discuss the affairs, finances and accounts of the Consolidated Group with any of the members of the senior treasury staff of the Borrower.

(f) Keeping of Books. If the Administrative Agent requests hard copies of such financial statements and other information, the Borrower shall furnish these to the Administrative Agent provided that no request shall affect that delivery has deemed to occur in accordance with the immediately preceding sentence.

(i) [reserved].

(ii) Provide evidence that a Scheme Circular is issued and dispatched as soon as is reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Original Scheme Press Release unless, during that period the Borrower has elected to convert the Target Acquisition from a Scheme to a Takeover Offer, in which case the Takeover Offer Document shall be issued and dispatched as soon as reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Offer Press Announcement.

(iii) Comply in all material respects with the City Code (subject to any waivers or dispensations granted by the Panel or the Court) and all other applicable laws and regulations in relation to any Takeover Offer or Scheme.

(iv) Except as consented to by the Arrangers in writing (such consent not to be unreasonably withheld, delayed or conditioned) and save to the extent that following the issue of a Scheme Press Release or an Offer Press Announcement the Borrower elects to proceed with the Target Acquisition by way of Takeover Offer or Scheme respectively, ensure that (i) if the Target Acquisition is effected by way of a Scheme, the Scheme Circular corresponds in all material respects to the terms and conditions of the Scheme as contained in the Scheme Press Release to which it relates or (ii) if the Target Acquisition is effected by way of a Takeover Offer, the Takeover Offer Document corresponds in all material respects to the terms and conditions of the Takeover Offer as contained in the corresponding Offer Press Announcement, subject to any variation required by the Court and to any variations required by the Panel or which are not materially adverse to the interests of the Lenders (or where the prior written consent of the Arrangers has been given).

(v) Ensure that the Scheme Documents or, if the Target Acquisition is effected by way of a Takeover Offer, the Offer Documents, provided to the Arrangers contain all the material terms and conditions of the Scheme or Takeover Offer, as at that date, as applicable.

(vi) Not make or approve any increase in the proposed amount of cash consideration payable per Target Share or make any other acquisition of any Target Share (including pursuant to a Takeover Offer) at a price that results in an increase in the cash consideration payable per Target Share stated in the Original Scheme Press Release, unless such modification in price is not materially adverse to the interests of the Lenders (or where the prior written consent of the Arrangers has been given).

(vii) Except as consented to by the Arrangers in writing in the event that the matter is material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed, or conditioned), not (i) amend or waive any term of the Scheme Documents or the Takeover Offer Documents, as applicable, in a manner materially adverse to the interests of the Lenders from those in the Original Scheme Press Release, or (ii) if the Target Acquisition is proceeding as a Takeover Offer, amend or waive the Acceptance Condition, save for, (A) in the case of clause (i), any amendment or waiver required by the Panel, the City Code, a court or any other applicable law, regulation or regulatory body, (B) in the case of clause (ii), a waiver of the Acceptance Condition to permit the Takeover Offer to become unconditional with acceptance of Target Shares (excluding any shares held in treasury) which, when aggregated with all Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares (excluding any shares held in treasury) as at the date on which the Takeover Offer is declared unconditional as to acceptances, (C) in the case of clause (i) and any condition detailed in the Original Scheme Press Release, any waiver of a condition, which such condition would not have entitled the Borrower to lapse the Scheme or Takeover Offer (as the case
may be) under rule 13.5(a) of the Takeover Code or (D) an extension of the Long Stop Date (as defined in the Original Scheme Press Release) in the event that any condition in paragraphs 4(c) to (j) in Part A of Appendix 1 to the Original Scheme Press Release (or the equivalent provision in any Offer Press Announcement) has not been satisfied by the date falling 12 months after the Bridge Facility Effective Date.

(viii) Not take any action which would require the Borrower to make a mandatory offer for the Target Shares in accordance with Rule 9 of the City Code.

(ix) Provide the Administrative Agent with copies of each Offer Document or Scheme Document (as applicable) and such information as it may reasonably request regarding, in the case of a Takeover Offer, the current level of acceptances subject to any confidentiality, legal, regulatory or other restrictions relating to the supply of such information.

(x) Promptly deliver to the Administrative Agent the receiving agent certificate issued under Rule 10 of the City Code (if the Target Acquisition is being pursued pursuant to a Takeover Offer), any written agreement between the Borrower or its Affiliates and Target to the extent material to the interests of the Lenders (as reasonably determined by the Borrower) in relation to the consummation of the Target Acquisition (in each case, upon such documents or agreements being entered into by a member of the Consolidated Group), and all other material announcements and documents published by the Borrower or delivered by the Borrower to the Panel pursuant to the Takeover Offer or Scheme (other than the cash confirmation) and all legally binding agreements entered into by the Borrower in connection with a Takeover Offer or Scheme, in each case to the extent the Borrower, acting reasonably, anticipates they will be material to the interests of the Lenders in connection with the Transactions, except to the extent it is prohibited by legal (including contractual) or regulatory obligations from doing so.

(xi) In the event that a Scheme is switched to a Takeover Offer or vice versa, (which the Borrower shall be entitled to do on multiple occasions provided that it complies with the terms of this Agreement), (i) within the applicable time periods provided in the definition of “Mandatory Cancellation Event”, procure that an Offer Press Announcement or Scheme Press Release, as the case may be, is issued, and (ii) except as consented to by the Arrangers in writing where such matters are material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed or conditioned), ensure that (A) where the Target Acquisition is then proceeding by way of a Takeover Offer, the terms and conditions contained in the Offer Document include the Acceptance Condition and (B) except for any reference in the Scheme Documents to the recommendation of the Target Acquisition and the Scheme to the Scheme Shareholders by the board of directors of the Target, the conditions to be satisfied in connection with the Target Acquisition and contained in the Offer Documents or the Scheme Documents (whichever is applicable) are otherwise consistent in all material respects with those contained in the Offer Documents or Scheme Documents (whichever applied to the immediately preceding manner in which it was proposed that the Target Acquisition would be effected) (to the extent applicable for the legal form of a Takeover Offer or Scheme, as the case may be), in each case other than (i) in the case of clause (B), any changes permitted or required by the Panel or the City Code or any court of competent jurisdiction or are required to reflect the change in legal form to a Takeover Offer or Scheme or (ii) changes that could have been made to the Scheme or a Takeover Offer in accordance with the relevant provisions of this Agreement or which reflect the requirements of the terms of this Agreement and the manner in which the Target Acquisition may be effected, including, without limitation, changes to the price per Target Share which are made in accordance with the relevant provisions of this Agreement or any other agreement between the Borrower and the Arrangers.

(xii) In the case of a Takeover Offer, (i) not declare the Takeover Offer unconditional as to acceptances until the Acceptance Condition has been satisfied and (ii) promptly upon the Borrower
acquiring Target Shares which represent not less than 90% in nominal value of the Target Shares to which the Takeover Offer relates or, if the Takeover Offer relates to Target Shares of different classes, not less than 90% in nominal value of the shares of any class to which the Takeover Offer relates, ensure that notices under Article 117 of the Jersey Companies Law in respect of Target Shares that the Borrower has not yet agreed to directly or indirectly acquire are issued.

(xiii) In the case of a Scheme, within 90 days of the Scheme Effective Date, and in relation to a Takeover Offer, within 90 days after the later of (i) the Closing Date and (ii) the date upon which the Borrower (directly or indirectly) owns and/or has agreed to own or acquire and has received valid acceptances (which have not been withdrawn or cancelled) of Target Shares (excluding any shares held in treasury) in respect of, which, when aggregated with all other Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares (excluding any shares held in treasury), procure that such action as is necessary is taken to de-list the Target Shares from the Official List of the Financial Conduct Authority and to cancel trading in the Target Shares on the main market for listed securities of the London stock exchange and as soon as reasonably practicable thereafter, and subject always to the Jersey Companies Law and any applicable listing rules, use its reasonable endeavors to re-register Target as a private limited company.

(xiv) Except as consented by the Arrangers in writing, not give its consent with respect to any frustrating action of the Target pursuant to Rule 21.1(c)(ii) of the City Code.

(k) Use of Proceeds. The proceeds of the Advances will be used in accordance with the provisions of Section 2.16. No part of the proceeds of any Advance will be used, whether directly or indirectly, for any purpose that entails a violation of any of the Regulations of the Board, including Regulations U and X. The Borrower will not request any Borrowing, and the Borrower shall not use, and the Borrower shall procure that its Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of any Borrowing (i) for payments to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, to the extent such activities, businesses or transaction would be prohibited by Sanctions if conducted by a corporation incorporated in the United States, Japan, the United Kingdom or in a European Union member state or (iii) in any other manner that would result in the violation of any Sanctions applicable to any party hereto.

(l) Anti-Social Conduct; Anti-Social Groups. Each party hereto shall ensure that (i) it is not classified as an Anti-Social Group, nor shall any such party have any Anti-Social Relationship nor engage in any Anti-Social Conduct, whether directly or indirectly through a third party and (ii) it shall not make any claim against any other party hereto for any damages or losses suffered or incurred as a result of such other party exercising its rights under this Agreement as a result of any breach of this clause (l) or any misrepresentation in connection with Section 4.02.

The Borrower hereby agrees that (w) all Borrower Materials that are to be made available to Public Lenders shall be clearly and conspicuously marked “PUBLIC”; (x) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat the Borrower Materials as not containing any material non-public information with respect to the Borrower or its

(v) Liens on property (including that of the Target and its Subsidiaries), shares of stock or Borrowed Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation) or to secure the payment of all or any part of the purchase price or construction or improvement cost thereof or to secure any Debt incurred prior to, at the time of, or within 180 days after, the acquisition of such property or shares or Borrowed Debt or the completion of any such
construction or improvement for the purpose of financing all or any part of the purchase price or
construction or improvement cost thereof;

(vi) Liens existing on the Effective Date;

(vii) (x) bankers’ Liens, rights of setoff, revocation, refund, chargeback or overdraft protection,
and other similar Liens existing solely with respect to cash and cash equivalents on deposit in one or
more accounts maintained by the Borrower or any member of the Consolidated Group, in each case
granted in the ordinary course of business in favor of the bank or banks with which such accounts are
maintained, securing amounts owing to such bank with respect to cash management and operating
account arrangements, including those involving pooled accounts and netting arrangements and
(y) Liens or rights of setoff against credit balances of the Borrower or any member of the Consolidated

(viii) Liens arising from any monetization, securitization or other financing of accounts receivable
or other receivables (including any related rights or claims) or in connection with factoring programs
entered into in the ordinary course of business and consistent with past practice and on a non-recourse
basis to the Borrower and its Subsidiaries; provided, that such Liens do not encumber any property or
assets other than the accounts receivable or other receivables (including any related rights or claims)
subject to such monetization, securitization, financing or factoring arrangement and any proceeds of
the foregoing; provided, further, that the aggregate principal amount of the obligations secured by such
Liens shall not exceed (x) prior to the Closing Date, $750,000,000 or (y) on or after the Closing Date,
$1,500,000,000.

(ix) Liens incurred in connection with pollution control, industrial revenue or similar financing;

(x) survey exceptions and such matters as an accurate survey would disclose, easements,
trackage rights, leases, licenses, special assessments, rights of way covenants, conditions, restrictions
and declarations on or with respect to the use of real property, servicing agreements, development
agreements, site plan agreements and other similar encumbrances incurred in the ordinary course of
business and title defects or irregularities that are of a minor nature and that, in the aggregate, do not
interfere in any material respect with the ordinary conduct of the business of the Borrower or any
member of the Consolidated Group; and

(xi) any extension, renewal or replacement (or successive extensions, renewals or replacements),
as a whole or in part, of any Borrowed Debt secured by any Lien referred to in subclauses (i) through
(x) of this Section 5.02(a); provided, that (i) such extension renewal or replacement Lien shall be
limited to all or a part of the same property, shares of stock or Debt that secured the Lien extended,
renewed or replaced (plus improvements on such property) and (ii) the Borrowed Debt secured by such
Lien at such time is not increased.

(b) Mergers, Etc. Merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of
(whether in one transaction or in a series of transactions) all or substantially all of its assets (other than
Unrestricted Margin Stock) (whether now owned or hereafter acquired) to, any Person, or permit any
member of the Consolidated Group to do so, except that:

(i) any member of (x) the Consolidated Group other than the Borrower may merge or
consolidate with or into or (y) the Consolidated Group may dispose of assets to, in each case, any other
member of the Consolidated Group;

(ii) the Borrower may merge with any other Person so long as (A) the Borrower is the surviving
entity or (B) the surviving entity shall succeed, by agreement reasonably satisfactory in form and
substance to the Required Lenders, to all of the businesses and operations of the Borrower and shall assume all of the rights and obligations of the Borrower under this Agreement and the other Loan Documents (it being understood that notwithstanding the foregoing, the consummation of the Transactions shall not be prohibited by this Section 5.02(b) or otherwise pursuant hereto);

(iii) any member of the Consolidated Group (other than the Borrower) may merge or consolidate with or into another Person, convey, transfer, lease or otherwise dispose of all or any portion of its assets so long as (A) the consideration received in respect of such merger, consolidation, conveyance, transfer, lease or other disposition is at least equal to the fair market value of such assets and (B) no Material Adverse Effect would reasonably be expected to result from such merger, consolidation, conveyance, transfer, lease or other disposition;

provided, in the cases of clause (i), (ii) and (iii) hereof, that no Default or Event of Default (or, during the Certain Funds Period, no Certain Funds Default) shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(c) Accounting Changes. Change the Borrower’s fiscal year-end from March 31 of each calendar year; provided that the Borrower may change its fiscal year-end to December 31 of each calendar year in connection with the Transactions.

(d) Change in Nature of Business. Make any material change in the nature of the business of the Consolidated Group, taken as a whole, from that carried out by the Borrower and its Subsidiaries (other than the Target and its Subsidiaries) on the Effective Date and by Target and its Subsidiaries on the Closing Date; it being understood that this Section 5.02(d) shall not prohibit (i) the Transactions or (ii) members of the Consolidated Group from conducting any business or business activities incidental or related to such business as carried on as of the Effective Date (in the case of the Borrower and its Subsidiaries other than the Target and its Subsidiaries) or as of the Closing Date (in the case of the Target and its Subsidiaries) or any business or activity that is reasonably similar or complementary thereto or a reasonable extension, development or expansion thereof or ancillary thereto.

(e) Subsidiary Debt. Permit any of its Subsidiaries to create or suffer to exist any Borrowed Debt other than:

(i) Borrowed Debt existing on the Effective Date and disclosed to the Lenders prior to the date hereof (the “Existing Debt”);

(ii) Borrowed Debt of any Person (including the Target or any of its Subsidiaries) that becomes a Subsidiary after the date hereof; provided that such Borrowed Debt exists at the time such Person becomes a Subsidiary of the Borrower and is not created in contemplation of or in connection with such Person becoming a Subsidiary of the Borrower;

(iii) Borrowed Debt of any Subsidiary owed to any member of the Consolidated Group;

(iv) Borrowed Debt secured by Liens of the type described in and to the extent permitted by Sections 5.02(a)(iii), (iv), (v), (ix) and (xi) (to the extent it applies to Borrowed Debt secured by Liens referred to in Sections 5.02(a)(iii), (iv), (v) or (ix));

(v) Borrowed Debt under ordinary course working capital or overdraft facilities;

(vi) Borrowed Debt consisting of commercial paper;

(vii) Borrowed Debt consisting of purchase money indebtedness; and

(viii) Borrowed Debt in an aggregate outstanding principal amount at any time not exceeding the greater of (x) $2,500,000,000 and (y) 15% of Consolidated Tangible Assets (determined by reference to the financial statements most recently delivered pursuant to Section 5.01(i) (or prior to the first such delivery, the financial statements referred to in Section 4.01(e)));
For purposes of calculating the aggregate principal amount of the Consolidated Tangible Assets of the Borrower on any date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.

SECTION 5.03 Financial Covenant. Consolidated Net Debt to Consolidated EBITDA. Beginning on the later of (i) the last day of the first fiscal half year ending at least one full fiscal quarter after the Closing Date (which, for the avoidance of doubt, shall be no later than March 31, 2020) and (ii)(A) if the fiscal year-end is December 31, June 30, 2019 or (B) if the fiscal year-end is March 31, September 30, 2019 and on the last day of each fiscal half year ending thereafter, the Borrower will not permit, as of the last day of any such fiscal half year (each such date, the “Testing Date”), the ratio of (x) Consolidated Net Debt at such time to (y) Consolidated EBITDA of the Borrower for the four consecutive fiscal quarter period ending as of such date to exceed the ratio level set forth in the applicable table below for such applicable Testing Date:

If a Testing Date would have occurred in the fiscal quarter in which the Borrower changed its fiscal year-end to December 31 (the “Fiscal Year Change”) but does not because of such Fiscal Year Change, the last day of such fiscal quarter shall be a Testing Date notwithstanding the Fiscal Year Change.

Notwithstanding the foregoing, in the event that the Borrower incurs indebtedness in an amount no less than $5,000,000,000 in connection with an Acquisition and the Borrower’s Public Debt Rating is equal to or higher than each of (x) Baa3 from Moody’s and (y) BBB- from S&P, then the Borrower shall be permitted on one (1) occasion during the term of this Agreement to allow the maximum ratio of Consolidated Net Debt to Consolidated EBITDA permitted pursuant this Section 5.03 to be increased to 5.00 to 1.00 (if the then applicable required ratio level is lower than 5.00 to 1.00); provided that on the second Testing Date after the Testing Date on which such maximum ratio was increased to 5.00 to 1.00, the maximum ratio permitted under this Section 5.03 shall be 4.50 to 1.00 and on the fourth Testing Date after the Testing Date on which such maximum ratio was increased to 5.00 to 1.00, the maximum ratio permitted under this Section 5.03 shall be 4.00 to 1.00.

For purposes of calculating the aggregate principal amount of the Consolidated Net Debt of the Borrower on any such date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.
ARTICLE VI

EVENTS OF DEFAULT

SECTION 6.01 Events of Default. If any of the following events ("Events of Default") shall occur and be continuing:

(a) The Borrower shall fail (i) to pay any principal of any Advance when the same becomes due and payable or (ii) to pay any interest on any Advance or make any payment of fees or other amounts payable under this Agreement within five Business Days after the same becomes due and payable; or

(b) Any representation or warranty made by the Borrower herein or in any other Loan Document (or any of its officers or directors) in connection with this Agreement or in any certificate or other document furnished pursuant to or in connection with this Agreement, if any, in each case shall prove to have been incorrect in any material respect when made or deemed made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(d)(i), 5.01(i)(iv), 5.01(j), 5.02(a), 5.02(b), 5.02(d), 5.03 or (ii) the Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(e) or clauses (i)-(iii) or (v)-(vii) of Section 5.01(i) if such failure shall remain unremedied for 10 Business Days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender, or (iii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement, if any, in each case on its part to be performed or observed if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) The Borrower or any Significant Subsidiary shall fail to pay any principal of or premium or interest on any Debt that is outstanding in a principal amount, or, in the case of any Hedge Agreement, having a maximum Agreement Value, of at least $200,000,000 in the aggregate (but excluding Debt outstanding hereunder) of the Borrower or such Significant Subsidiary, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity thereof; it being understood and agreed that notwithstanding the foregoing, the delivery of a notice of prepayment by one or more lenders under the Existing Target Indebtedness as a result of the occurrence of the Target Acquisition will not result in an Event of Default under this clause (d); provided that this clause (d) will apply to the extent there is a failure to make any such prepayment when the same becomes due and payable; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), such
proceeding shall remain undismissed or unstayed for a period of 60 days; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this Section 6.01(e). With respect to the Borrower or any Significant Subsidiary organized under the laws of Japan, the following shall constitute an Event of Default: if (i) the Borrower makes an express declaration or implicit declaration of its inability to pay its debts to its creditors generally (shiharai teishi); (ii) a bank clearinghouse refuses to process the Borrower’s checks (tegata torihiki teishi shobun); or densai.net Co., Ltd. (iii) an order is issued by a court for the attachment (whether preliminary or otherwise) or preservation of the Borrower’s material property, estate or other right and is not discharged within sixty (60) days; (iv) a receiver or trustee is appointed for all or a portion of the property or estate of the Borrower; (v) an involuntary petition for commencement of bankruptcy (hasan), corporate reorganization (kaisha kosei), civil rehabilitation (minji saisei), special liquidation (tokubetsu seisan) or similar proceedings are filed against the Borrower and are not discharged within sixty (60) days; (vi) the Borrower files a voluntary petition (including a petition filed by a director of the Borrower) to commence, or a court of competent jurisdiction approves an involuntary petition with respect to and commences the procedure of, any of the proceedings specified in subparagraph (v) above; (vii) a voluntary petition to commence a special conciliation proceeding (tokutei choutei); or (viii) the Borrower adopts a resolution for liquidation at a meeting of its shareholders; or

(f) Any one or more judgments or orders for the payment of money in excess of $200,000,000 shall be rendered against a member of the Consolidated Group and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; provided, however, that, for purposes of determining whether an Event of Default has occurred under this Section 6.01(f), the amount of any such judgment or order shall be reduced to the extent that (A) such judgment or order is covered by a valid and binding policy of insurance between the defendant and the insurer covering payment thereof and (B) such insurer, which shall be rated at least “A” by A.M. Best Company, has been notified of, and has not disputed the claim made for payment of, such judgment or order; or

(g) Any Person shall become an owner (hoyusha) or two or more Persons shall become joint owners (kyodo hoyusha) (in each case within the meaning of Articles 27-23 of the FIEA) of Voting Stock of the Borrower (or other securities convertible into or exchangeable for such Voting Stock) representing 50% or more of the combined voting power of all Voting Stock of the Borrower (as calculated pursuant to Article 27-23, Paragraph 4 of the FIEA); or

(h) One or more of the following shall have occurred or is reasonably expected to occur, which in each case would reasonably be expected to result in a Material Adverse Effect: (i) any ERISA Event; (ii) the partial or complete withdrawal of the Borrower or any ERISA Affiliate from a Multiemployer Plan; or (iii) the termination of a Multiemployer Plan; or

(i) This Agreement shall cease to be valid and enforceable against the Borrower (except to the extent it is terminated in accordance with its terms) or the Borrower shall so assert in writing;

then, and in any such event (subject to Section 3.04), the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make Advances to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the Advances, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the Advances, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; provided, however, (but for the avoidance of doubt, always subject to Section 3.04) that in the event of an Event of Default under Section 6.01(e), (A) the Commitment of each Lender shall automatically be terminated
and (B) the Advances, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

Notwithstanding anything in this Agreement to the contrary, for a period commencing on the Closing Date and ending on the date falling 180 days after the Closing Date (the “Clean-up Date”), notwithstanding any other provision of any Loan Document, any breach of covenants, misrepresentation or other default which arises with respect to the Target Group will be deemed not to be a breach of representation or warranty, a breach of covenant or an Event of Default, as the case may be, if:

(i) it is capable of remedy and reasonable steps are being taken to remedy it;

(ii) the circumstances giving rise to it have not knowingly been procured by or approved by the Borrower; and

(iii) it is not reasonably likely to have a Material Adverse Effect.

If the relevant circumstances are continuing on or after the Clean-up Date, there shall be a breach of representation or warranty, breach of covenant or Event of Default, as the case may be, notwithstanding the above.

ARTICLE VII

THE AGENTS

SECTION 7.01 Authorization and Action. Each Lender hereby irrevocably appoints JPMorgan Chase Bank, N.A. (or any branch or Affiliate thereof designated by it) to act on its behalf as the Administrative Agent hereunder and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Article VII (other than the third sentence of Section 7.04) are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a third party beneficiary of any of such provisions (other than the third sentence of Section 7.04).

SECTION 7.02 Administrative Agent Individually. The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity as a Lender. Such Person and its Affiliates may accept deposits from, own securities of, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with any member of the Consolidated Group or other Affiliate thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

SECTION 7.03 Duties of Administrative Agent; Exculpatory Provisions.

(a) The Administrative Agent’s duties hereunder and under the other Loan Documents are solely ministerial and administrative in nature, and the Administrative Agent shall not have any duties or obligations except those expressly set forth herein or in any other Loan Document. Without limiting the generality of the foregoing, the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers but shall be required to act or refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the written direction of the Required Lenders (or such other number or
percentage of the Lenders as shall be expressly provided for herein or in any other Loan Document); provided
that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its
counsel, may expose the Administrative Agent or any of its Affiliates to liability or that is contrary to any Loan
Document or applicable law, including for the avoidance of doubt, any action that may be in violation of the
automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of
property of a Defaulting Lender in violation of any Debtor Relief Law.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the
consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be
necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances
as provided in Section 9.01 or 6.01) or (ii) in the absence of its own gross negligence or willful misconduct. The
Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until
the Borrower or any Lender shall have given notice to the Administrative Agent describing such Default or Event
of Default.

c) The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into
(i) any statement, warranty, representation or other information made or supplied in or in connection with this
Agreement or any other Loan Document or the information memorandum distributed in connection with the
syndication of the Commitments and Advances hereunder, (ii) the contents of any certificate, report or other
document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy
and/or completeness of the information contained therein, (iii) the performance or observance of any of the
covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default,
(iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any
other agreement, instrument or document or (v) the satisfaction of any condition set forth in Article III or
elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly
required to be delivered to the Administrative Agent.

d) Nothing in this Agreement or any other Loan Document shall require the Administrative Agent or
any of its Related Parties to carry out any “know your customer” or other checks in relation to any person on
behalf of any Lender, and each Lender confirms to the Administrative Agent that it is solely responsible for any
such checks it is required to carry out and that it may not rely on any statement in relation to such checks made
by the Administrative Agent or any of its Related Parties.

SECTION 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely
upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement,
instrument, document or other writing (including any electronic message, Internet or intranet website posting or
other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the
proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and
believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In
determining compliance with any condition hereunder to the Effective Date, the making of any Advance or the
Closing Date that by its terms must be fulfilled to the satisfaction of a Lender, each Lender shall be deemed to
have consented to, approved or accepted such condition unless (i) an officer of the Administrative Agent
responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender
prior to the occurrence of the Effective Date, the making of such Advance or the Closing Date, as applicable, and
(ii) in the case of a condition to the making of an Advance, such Lender shall not have made available to the
Administrative Agent such Lender’s ratable portion of such Borrowing. The Administrative Agent may consult
with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected
by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such
counsel, accountants or experts.
SECTION 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder by or through any one or more sub agents appointed by the Administrative Agent. The Administrative Agent and any such sub agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such sub agent and the Related Parties of the Administrative Agent and each such sub agent shall be entitled to the benefits of all provisions of this Article VII and Section 9.04 (as though such sub-agents were the “Administrative Agent” under this Agreement) as if set forth in full herein with respect thereto.

SECTION 7.06 Resignation of Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right (with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), to appoint a successor, which shall be a bank with an office in the United States or Tokyo, or an Affiliate of any such bank with an office in the United States or Tokyo. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders (and with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), appoint a successor Administrative Agent meeting the qualifications set forth above. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) With effect from the Resignation Effective Date (i) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring Administrative Agent, all payments, communications and determinations to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Administrative Agent (other than any rights to indemnity payments owed to the retiring Administrative Agent), and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Administrative Agent’s resignation hereunder and under the other Loan Documents, the provisions of this Article VII and Section 9.04 shall continue in effect for the benefit of such retiring Administrative Agent, its sub agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Administrative Agent was acting as Administrative Agent.

SECTION 7.07 Non-Reliance on Administrative Agent and Other Lenders. Each Lender acknowledges and agrees that the extensions of credit made hereunder are commercial loans and not investments in a business enterprise or securities. Each Lender further represents that it is engaged in making, acquiring or holding commercial loans in the ordinary course of its business and has, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any other Lender and their respective Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement as a Lender, and to make, acquire or hold Advances hereunder. Each Lender shall, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any amendment thereof or any other Lender and their respective Related Parties and based on such documents and information (which may contain material, non-public information within the meaning of the United States securities laws concerning the Borrower and its
Affiliates) as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any related agreement or any document furnished hereunder or thereunder and in deciding whether or to the extent to which it will continue as a Lender or assign or otherwise transfer its rights, interests and obligations hereunder. Nothing in this Agreement shall oblige the Administrative Agent to conduct any “know your customer” or other procedures in relation to any Person or any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender, on behalf of any Lender and each Lender confirms to the Administrative Agent that it is solely responsible for any such procedures or check it is required to conduct and that it shall not rely on any statement in relation to such procedures or check made by the Administrative Agent.

SECTION 7.08 Indemnification. The Lenders agree to indemnify the Administrative Agent (to the extent not reimbursed by the Borrower), ratably according to the respective principal amounts of the Advances made by each of them (or, if no Advances are at the time outstanding, ratably according to the respective amounts of their Commitments), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Administrative Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Administrative Agent under this Agreement, in each case, acting in the capacity of Administrative Agent; provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Administrative Agent’s gross negligence or willful misconduct. Without limitation of the foregoing, each Lender agrees to reimburse the Administrative Agent promptly upon demand for its ratable share of any out-of-pocket expenses (including reasonable counsel fees) incurred by the Administrative Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Administrative Agent is not promptly reimbursed for such expenses by the Borrower.

SECTION 7.09 Other Agents. None of the Lenders identified on the facing page or signature pages of this Agreement as an “arranger” or “book runner” shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than those applicable to all Lenders as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any Lender. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

MISCELLANEOUS

SECTION 9.01 Amendments, Etc.

(a) Except as provided in Section 2.08(c), no amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Borrower and acknowledged by the Administrative Agent, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for
which given; provided, however, that no amendment, waiver or consent shall, unless in writing, do any of the following:

(i) waive any of the conditions specified in Section 3.01, 3.02 or 3.03 unless signed by each Lender directly and adversely affected thereby;

(ii) increase or extend the Commitments of a Lender or subject a Lender to any additional obligations, unless signed by such Lender;

(iii) reduce the principal of, or stated rate of interest on, the Advances, the stated rate at which any fees hereunder are calculated or any other amounts payable hereunder, unless signed by each Lender directly and adversely affected thereby; provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Default Interest” or to waive any obligation of the Borrower to pay Default Interest (except that no amendment entered into pursuant to the terms of Section 2.08(c) shall constitute a reduction in the rate of interest or fees for purposes of this clause (ii));

(iv) postpone any date fixed for any payment of principal of, or interest on, the Advances or any fees or other amounts payable hereunder, unless signed by each Lender directly and adversely affected thereby;

(v) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Advances, or the number of Lenders, that, in each case, shall be required for the Lenders or any of them to take any action hereunder, unless signed by all Lenders; or

(vi) amend this Section 9.01, unless signed by all Lenders.

and provided further that no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement. Notwithstanding the foregoing, the Administrative Agent and the Borrower may amend any Loan Document to correct any errors, mistakes, omissions, defects or inconsistencies, or to effect administrative changes that are not adverse to any Lender, and such amendment shall become effective without any further consent of any other party to such Loan Document other than the Administrative Agent and the Borrower.

(b) [reserved].

(c) If, in connection with any proposed amendment, waiver or consent requiring the consent of “all Lenders,” “each Lender” or “each Lender directly and adversely affected thereby,” the consent of the Required Lenders is obtained, but the consent of other necessary Lenders is not obtained (any such Lender whose consent is necessary but not obtained being referred to herein as a “Non-Consenting Lender”), then the Borrower may elect to replace a Non-Consenting Lender as a Lender party to this Agreement; provided that, concurrently with such replacement, (i) another bank or other entity (which is reasonably satisfactory to the Borrower and the Administrative Agent) shall agree, as of such date, to purchase at par for cash the Advances and other obligations under the Loan Documents due to the Non-Consenting Lender pursuant to an Assignment and Acceptance and to become a Lender for all purposes under this Agreement and to assume all obligations of the Non-Consenting Lender to be terminated as of such date, and (ii) the Borrower shall pay to such Non-Consenting Lender in same day funds on the day of such replacement all principal, interest, fees and other amounts then accrued but unpaid to such Non-Consenting Lender by the Borrower to and including the date of termination. A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply. Each party hereto agrees that an assignment required pursuant to this paragraph may be effected pursuant to an Assignment and Acceptance executed by the Borrower, the Administrative Agent and the assignee (or, to the extent applicable, an agreement incorporating an Assignment and Acceptance by reference pursuant to an
approved electronic platform as to which the Administrative Agent and such parties are participants), and (b) the Lender required to make such assignment need not be a party thereto in order for such assignment to be effective and shall be deemed to have consented to and be bound by the terms thereof; provided that, following the effectiveness of any such assignment, the other parties to such assignment agree to execute and deliver such documents necessary to evidence such assignment as reasonably requested by the applicable Lender, provided that any such documents shall be without recourse to or warranty by the parties thereto.

SECTION 9.02 Notices, Etc. (a) All notices and other communications provided for hereunder shall be in writing (including telecopier) and mailed, telecopied or delivered, if to the Borrower or the Administrative Agent, to the address, telecopier number or if applicable, electronic mail address, specified for such Person on Schedule II; or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written notice to the Borrower and the Administrative Agent. All such notices and communications shall, when mailed or telecopied, be effective three Business Days after being deposited in the mails, postage prepaid, or upon confirmation of receipt (except that if electronic confirmation of receipt is received at a time that the recipient is not open for business, the applicable notice or communication shall be effective at the opening of business on the next business day of the recipient), respectively, except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by telecopier or other electronic communication of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) Electronic Communications. Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. The Administrative Agent or the Borrower may, in its discretion, agree to accept notices and other communications to it hereunder by electronic communications pursuant to procedures approved by it, provided that approval of such procedures may be limited to particular notices or communications.

Unless the Administrative Agent otherwise prescribes, (i) notices and other communications sent to an e-mail address shall be deemed received upon the sender’s receipt of an acknowledgement from the intended recipient (such as by the “return receipt requested” function, as available, return e-mail or other written acknowledgement), provided that if such notice or other communication is not sent during the normal business hours of the recipient, such notice or communication shall be deemed to have been sent at the opening of business on the next business day for the recipient, and (ii) notices or communications posted to an Internet or intranet website shall be deemed received upon the deemed receipt by the intended recipient at its e-mail address as described in the foregoing clause (i) of notification that such notice or communication is available and identifying the website address therefor.

(c) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE.” THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE BORROWER MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE BORROWER MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE BORROWER MATERIALS OR THE PLATFORM. In no event shall the Administrative Agent or any of its Related Parties (collectively, the “Agent Parties”) have any
CONFORMED COPY

liability to the Borrower, any Lender or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower’s or the Administrative Agent’s transmission of Borrower Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party; provided, however, that in no event shall any Agent Party have any liability to the Borrower, any Lender or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(d) Each Lender agrees that notice to it (as provided in the next sentence) (a “Notice”) specifying that any communication has been posted to the Platform shall constitute effective delivery of such information, documents or other materials to such Lender for purposes of this Agreement. Each Lender agrees to notify the Administrative Agent from time to time to ensure that the Administrative Agent has on record (i) an effective address, contact name, telephone number, telex number and electronic mail address to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable Law, including United States federal and state securities Laws, to make reference to Borrower Materials that are not made available through the “Public Side Information” portion of the Platform and that may contain material non-public information with respect to the Borrower or its securities for purposes of United States federal or state securities laws.

(e) If any notice required under this Agreement is permitted to be made, and is made, by telephone, actions taken or omitted to be taken in reliance thereon by the Administrative Agent or any Lender shall be binding upon the Borrower notwithstanding any inconsistency between the notice provided by telephone and any subsequent writing in confirmation thereof provided to the Administrative Agent or such Lender; provided that any such action taken or omitted to be taken by the Administrative Agent or such Lender shall have been in good faith and in accordance with the terms of this Agreement.

(f) With respect to notices and other communications hereunder from the Borrower to any Lender, the Borrower shall provide such notices and other communications to the Administrative Agent, and the Administrative Agent shall promptly deliver such notices and other communications to any such Lender in accordance with subsection (b) above or otherwise.

SECTION 9.03 No Waiver; Remedies. No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by applicable law.

SECTION 9.04 Costs and Expenses. (a) The Borrower agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of each Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, (i) due diligence expenses, syndication expenses, travel expenses and (ii) the reasonable and documented out-of-pocket fees, charges and expenses of a single primary counsel (and one local counsel in each relevant jurisdiction) for the Administrative Agent with respect thereto and with respect to advising the Agents as to their respective rights and responsibilities under this Agreement. The Borrower further agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of the Agents and the Lenders, if any, in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation,
reasonable and documented out-of-pocket fees and expenses of a single primary counsel and an additional single local counsel in any relevant jurisdictions for the Agents and the Lenders and, solely in the case of an actual or perceived conflict of interest where the Agents notify the Borrower of the existence of such conflict in writing, one additional counsel, in connection with the enforcement of rights under this Agreement.

(b) The Borrower agrees to indemnify and hold harmless each Agent and each Lender and each of their Affiliates and their respective officers, directors, employees, agents and advisors (each, an “Indemnified Party”) from and against any and all claims, damages, losses, penalties, liabilities and expenses (provided, that, the Borrower’s obligations to the Indemnified Parties in respect of fees and expenses of counsel shall be limited to the reasonable and documented out-of-pocket fees and expenses of one primary counsel for all Indemnified Parties, taken together, and, if reasonably necessary, one local counsel in any relevant jurisdiction) and, solely in the case of an actual or potential conflict of interest of which the Borrower is notified in writing, of any investigation, litigation or proceeding arising out of, related to or in connection with (i) this Agreement, any of the transactions contemplated hereby or the actual or proposed use of the proceeds of the Advances or (ii) the actual or alleged presence or release of Hazardous Materials on any property of the Consolidated Group or any Environmental Action relating in any way to the Consolidated Group, in each case whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated, except to the extent Losses (A) are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from the gross negligence, bad faith or willful misconduct of such Indemnified Party or any of its Related Indemnified Parties (including any breach of its obligations under this Agreement), (B) result from any dispute between an Indemnified Party and one or more other Indemnified Parties (other than against an Agent or Arranger acting in such a role) or (C) result from the claims of one or more Lenders solely against one or more other Lenders (and not claims by one or more Lenders against any Agent acting in its capacity as such except, in the case of Losses incurred by any Agent or any Lender as a result of such claims, to the extent such Losses are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement)) not attributable to any actions of a member of the Consolidated Group and for which the members of the Consolidated Group otherwise have no liability. The Borrower further agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract, tort or otherwise) to the Borrower or any of its shareholders or creditors for or in connection with this Agreement or any of the transactions contemplated hereby or the actual or proposed use of the proceeds of the Advances, except to the extent such liability is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement). In no event, however, shall any Indemnified Party or the Borrower be liable on any theory of liability for any special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings); provided that nothing in this sentence shall limit the Borrower’s indemnity and reimbursement obligations to the extent that such special, indirect, consequential or punitive damages are included in any claim by a third party unaffiliated with any of the Indemnified Parties with respect to which the applicable Indemnified Party is entitled to indemnification as set forth in the immediately preceding sentence. As used above, a “Related Indemnified Party” of an Indemnified Party means (1) any Controlling Person or Controlled Affiliate of such Indemnified Party, (2) the respective directors, officers, or employees of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates and (3) the respective agents, advisors or representatives of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates, in the case of this clause (3), acting at the instructions of such Indemnified Party, Controlling Person or Controlled Affiliate; provided that each
reference to a Controlling Person, Controlled Affiliate, director, officer or employee in this sentence pertains to a
Controlling Person, Controlled Affiliate, director, officer or employee involved in the structuring, arrangement,
negotiation or syndication of the Bridge Facility and this Agreement. Notwithstanding the foregoing, this section
9.04(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc.
arising from any non-Tax claim.

(c) If any payment of principal of, or Conversion of, any Eurocurrency Rate Advance is made by the
Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a
result of (i) a payment or Conversion pursuant to Section 2.06, 2.08(b), 2.08(c), 2.10 or 2.12, (ii) acceleration of
the maturity of the Advances pursuant to Section 6.01, (iii) a payment by an Eligible Assignee to any Lender
other than on the last day of the Interest Period for such Advance upon an assignment of the rights and
obligations of such Lender under this Agreement pursuant to Section 9.07 as a result of a demand by the
Borrower pursuant to Section 9.07(a) or (iv) for any other reason, the Borrower shall, upon demand by such
Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the
account of such Lender any amounts required to compensate such Lender for any additional reasonable losses,
costs or expenses that it may reasonably incur as a result of such payment or Conversion or as a result of any
inability to Convert or exchange in the case of Section 2.08 or 2.12, including, without limitation, any reasonable
loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment
of deposits or other funds acquired by any Lender to fund or maintain such Advance.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the
agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 9.04 shall survive the payment
in full of principal, interest and all other amounts payable hereunder.

SECTION 9.05 Right of Setoff. Subject to Section 3.04, upon (a) the occurrence and during the
continuance of any Event of Default and (b) the making of the request or the granting of the consent specified by
Section 6.01 to authorize the Administrative Agent to declare the Advances due and payable pursuant to the
provisions of Section 6.01, each Lender and each of its Affiliates hereby authorized at any time and from time
to time, to the fullest extent permitted by applicable law, to set off and apply any and all deposits (general or
special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such
Lender or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations
of the Borrower now or hereafter existing under this Agreement, whether or not such Lender shall have made any
demand under this Agreement and although such obligations may be unmatured. Each Lender agrees promptly to
notify the Borrower after any such setoff and application is made by such Lender; provided that the failure to
give such notice shall not affect the validity of such setoff and application. The rights of each Lender and its
Affiliates under this Section 9.05 are in addition to other rights and remedies (including, without limitation, other
rights of setoff) that such Lender and its Affiliates may have.

SECTION 9.06 Binding Effect. This Agreement shall become effective upon the satisfaction (or waiver
in accordance with Section 9.01) of the conditions set forth in Section 3.01 and, thereafter, shall be binding upon
and inure to the benefit of, and be enforceable by, the Borrower, the Administrative Agent and each Lender and
their respective successors and permitted assigns, except that the Borrower shall have no right to assign their
rights hereunder or any interest herein without the prior written consent of the Lenders, and any purported
assignment without such consent shall be null and void.

SECTION 9.07 Assignments and Participations. (a) Each Lender may, with the consent of the
Borrower and the Administrative Agent, which consents shall not be unreasonably withheld or delayed (it being
agreed that notwithstanding anything herein, including the proviso set forth below, during the Certain Funds
Period the Borrower may withhold such consent in its sole discretion unless a Certain Funds Default is
continuing) and, in the case of the Borrower, (A) shall not be required while an Event of Default (or during the
Certain Funds Period a Certain Funds Default) has occurred and is continuing and (B) shall be deemed given if the Borrower shall not have objected within 10 Business Days following its receipt of notice of such assignment (and, within five days after demand by the Borrower (with a copy of such demand to the Administrative Agent) to (i) any Defaulting Lender, (ii) any Lender that has made a demand for payment pursuant to Section 2.11 or 2.14, (iii) any Lender that has asserted pursuant to Section 2.08(b) or 2.12 that it is impracticable or unlawful for such Lender to make Eurocurrency Rate Advances or (iv) any Lender that fails to consent to an amendment or waiver hereunder for which consent of all Lenders (or all affected Lenders) is required and as to which the Required Lenders shall have given their consent, such Lender will), assign to one or more Persons (other than natural persons) all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the Advances owing to it); provided, however, that:

(A) such consent shall not be required in the case of an assignment to any other Lender or an Affiliate of any Lender, provided that (i) notice thereof shall have been given to the Borrower and the Administrative Agent and (ii) solely with respect to assignments during the Certain Funds Period, such Affiliate has a rating for its long term unsecured and non-credit enhanced debt obligations which is not less than that of the relevant assigning Lender;

(B) each such assignment shall be of a constant, and not a varying, percentage of all rights and obligations under this Agreement;

(C) except in the case of an assignment to a Person that, immediately prior to such assignment, was a Lender or an assignment of all of a Lender’s rights and obligations under this Agreement, the amount of the Commitment of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than $25,000,000 or an integral multiple of $5,000,000 in excess thereof;

(D) each such assignment shall be to an Eligible Assignee;

(E) each such assignment made as a result of a demand by the Borrower pursuant to this Section 9.07(a) shall be arranged by the Borrower with the approval of the Administrative Agent (which approval shall not be unreasonably withheld) and shall be either an assignment of all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that, in the aggregate, cover all of the rights and obligations of the assigning Lender under this Agreement;

(F) no Lender shall be obligated to make any such assignment as a result of a demand by the Borrower pursuant to this Section 9.07(a), (1) so long as a Default shall have occurred and be continuing and (2) unless and until such Lender shall have received one or more payments from one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Advances owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount, and from the Borrower or one or more Eligible Assignees in an aggregate amount equal to all other amounts accrued to such Lender under this Agreement (including, without limitation, any amounts owing under Sections 2.11, 2.14 or 9.04(c)) and (3) unless and until the Borrower shall have paid (or caused to be paid) to the Administrative Agent a processing and recordation fee of $3,500; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire; and

(G) the parties to each such assignment (other than, except in the case of a demand by the Borrower pursuant to this Section 9.07(a), the Borrower) shall execute and deliver to the Administrative Agent, for its acceptance and recording in the Register, an Assignment and Acceptance and, if such assignment does not occur as a result of a demand by the Borrower pursuant to this Section 9.07(a) (in which case the Borrower shall pay the fee required by subclause (F)(3) of this Section 9.07(a)), a processing and recordation fee of
$3,500; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

Upon such execution, delivery, acceptance and recording, from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights and be released from its obligations under this Agreement, except that such assigning Lender shall continue to be entitled to the benefit of Section 9.04(a) and (b) with respect to matters arising out of the prior involvement of such assigning Lender as a Lender hereunder (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows:

(i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement or any other instrument or document furnished pursuant hereto;

(ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of the Borrower or the performance or observance by the Borrower of any of its obligations under this Agreement or any other instrument or document furnished pursuant hereto;

(iii) such assignee confirms that it has received a copy of this Agreement, together with copies of the financial statements referred to in Section 4.01(e) and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance;

(iv) such assignee will, independently and without reliance upon any Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement;

(v) such assignee confirms that it is an Eligible Assignee;

(vi) such assignee appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement as are delegated to the Administrative Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and

(vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, the Administrative Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit B hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof.
to the Borrower; provided that the Administrative Agent shall only be required to execute any such Assignment and Acceptance once it has satisfied and complied with all necessary “know your customer” or similar checks under all applicable laws and regulations in relation to the proposed assignment to the assignee.

(d) The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at its address as set forth on Schedule II a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount (and stated interest) of the Advances owing to, each Lender from time to time (the “Register”). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Agents and the Lenders shall treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(e) Each Lender may sell participations to one or more banks or other entities (other than the Borrower or any of its Affiliates or any natural person) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the Advances owing to it) without the consent of the Administrative Agent or the Borrower; provided, however, that:

(i) such Lender’s obligations under this Agreement (including, without limitation, its Commitment) shall remain unchanged;

(ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations;

(iii) such Lender shall remain the Lender of any such Advance for all purposes of this Agreement;

(iv) the Borrower, the Agents and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement; and

(v) no participant under any such participation shall have any right to approve any amendment or waiver of any provision of this Agreement, or any consent to any departure by the Borrower herefrom or therefrom, except to the extent that such amendment, waiver or consent would reduce the principal of, or stated rate of interest on, the Advances or the stated rate at which any fees or any other amounts payable hereunder are calculated, in each case to the extent subject to such participation, or postpone any date fixed for any payment of principal of, or interest on, the Advances or any fees or any other amounts payable hereunder, in each case to the extent subject to such participation.

Each Lender shall promptly notify the Borrower after any sale of a participation by such Lender pursuant to this Section 9.07(e); provided that the failure of such Lender to give notice to the Borrower as provided herein shall not affect the validity of such participation or impose any obligations on such Lender or the applicable participant.

Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each participant and the principal amounts (and stated interest) of each participant’s interest in the Advances or other obligations under the Loan Documents (the “Participant Register”); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any participant or any information relating to a participant’s interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Treasury Regulations Section 5f.103-1(c) and Proposed Treasury Regulations 1.163-5(b) (or any amended or successor version). The
entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each
Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of
this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent
(in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

The Borrower agrees that each participant shall be entitled to the benefits of Sections 2.11, 2.14 and 9.04(c)
(subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being
understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender))
to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of
this Section; provided that such participant (A) agrees to be subject to the provisions of Section 2.20 as if it were
an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment
under Section 2.11 or 2.14, with respect to any participation, than its participating Lender would have been
entitled to receive, except to the extent such entitlement to receive a greater payment results from the occurrence,
after the participant acquired the applicable participation, of any of the following: (i) the adoption or taking effect
of any law, rule, regulation or treaty or (ii) any change in any law, rule, regulation or treaty or in the
administration, interpretation, implementation or application thereof by any Governmental Authority.

(f) Any Lender may, in connection with any assignment or participation or proposed assignment or
participation pursuant to this Section 9.07, disclose to the assignee or participant or proposed assignee or
participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower;
provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall
agree to preserve the confidentiality of any Information relating to the Borrower received by it from such Lender
as more fully set forth in Section 9.08.

(g) Notwithstanding any other provision set forth in this Agreement, any Lender may at any time create
a security interest in all or any portion of its rights under this Agreement (including, without limitation and the
Advances owing to it) to secure obligations of such Lender, including, without limitation, any pledge or
assignment to secure obligations in favor of any Federal Reserve Bank in accordance with Regulation A of the
Board or any central bank having jurisdiction over such Lender.

SECTION 9.08 Confidentiality. Each of the Administrative Agent and the Lenders agrees to maintain
the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its
Affiliates and to its and its Affiliates’ respective managers, administrators, trustees, partners, directors, officers,
employees, agents, advisors and other representatives (it being understood that the Persons to whom such
disclosure is made will be informed of the confidential nature of such Information and instructed to keep such
Information confidential), (b) to the extent requested by any regulatory authority purporting to have jurisdiction
over it or its Affiliates (including any self-regulatory authority, such as the National Association of Insurance
Commissioners), (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal
process (provided that the Administrative Agent or such Lender, as applicable, agrees that it will, to the extent
practicable and other than with respect to any audit or examination conducted by bank accountants or any
governmental bank regulatory authority exercising examination or regulatory authority, notify the Borrower
promptly thereof, unless such notification is prohibited by law, rule or regulation), (d) to any other party hereto,
(e) in connection with the exercise of any remedies hereunder or any action or proceeding relating to this
Agreement or the enforcement of rights hereunder or thereunder, (f) subject to an agreement containing
provisions substantially the same as those of this Section, to (i) any assignee of or participant in, or any
prospective assignee of or participant in, any of its rights or obligations under this Agreement, (ii) any actual or
prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents,
advisors and other representatives) to any swap or derivative or similar transaction under which payments are to
be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, (iii) any rating
agency, (iv) the CUSIP Service Bureau or any similar organization or (v) any Person to whom or for whose
benefit such Lender has created a security interest in all or any portion of its rights under this Agreement pursuant to Section 9.07(g), (g) with the consent of the Borrower or (h) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section or (y) becomes available to the Administrative Agent, any Lender or any of their respective Affiliates on a non-confidential basis from a source other than the Borrower. Each Lender acknowledges that its ability to disclose information concerning the Transactions is restricted by the City Code and the Panel and that Section 9.08 is subject to those restrictions.

For purposes of this Section, “Information” means this Agreement and the other Loan Documents and all information received from the Consolidated Group relating to the Consolidated Group or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a non-confidential basis prior to disclosure by the Consolidated Group and other than information pertaining to this Agreement routinely provided by arrangers to data service providers, including league table providers, that serve the lending industry. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 9.09 Debt Syndication during the Certain Funds Period. Each of the Lenders and the Administrative Agent confirms that it is aware of the terms and requirements of Practice Statement No. 25 (Debt Syndication during Offer Periods) issued by the Panel.

SECTION 9.10 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 9.11 Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telex, facsimile or in a .pdf or similar file shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.12 Jurisdiction, Etc. (a) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the United States District Court of the Southern District of New York, located in the Borough of Manhattan (or if such court lacks subject matter jurisdiction, the Supreme Court of the State of New York sitting in the Borough of Manhattan), and any appellate court from any such court, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding shall be heard and determined in any such New York State court or, to the extent permitted by law, in any such federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the parties hereto irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any New York State or federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 9.02. The Borrower irrevocably designates and appoints the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its
authorized agent, to accept and acknowledge on its behalf, service of any and all process which may be served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City. Said designation and appointment shall be irrevocable by the Borrower. The Borrower hereby consents to process being served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City by service of process upon the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as provided in this Section 9.12(c); provided that, to the extent lawful and possible, notice of said service upon such agent shall be mailed by registered or certified air mail, postage prepaid, return receipt requested, to the Service of Process Agent, and to the Borrower (with a copy thereof to the Service of Process Agent) at the address specified for such Person on Schedule II or at such other address as shall be designated by such party in a written notice to the Administrative Agent. The Borrower irrevocably waives, to the fullest extent permitted by law, all claim of error by reason of any such service in such manner and agrees that such service shall be deemed in every respect effective service of process upon the Borrower in any such suit, action or proceeding and shall, to the fullest extent permitted by law, be taken and held to be valid and personal service upon and personal delivery to the Borrower. To the extent the Borrower has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether from service or notice, attachment prior to judgment, attachment in aid of execution of a judgment, execution or otherwise), the Borrower hereby irrevocably waives such immunity in respect of its obligations under the Loan Documents. Nothing in this Agreement or any other Loan Document will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

SECTION 9.13 Patriot Act Notice. Each Lender and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that pursuant to the requirements of the Patriot Act, it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act. The Borrower shall provide, to the extent commercially reasonable, such information and take such actions as are reasonably requested by the Administrative Agent or any Lenders in order to assist the Administrative Agent and the Lenders in maintaining compliance with the Patriot Act.

SECTION 9.14 No Advisory or Fiduciary Responsibility. The Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that no Credit Party will have any obligations except those obligations expressly set forth herein and in the other Loan Documents and each Credit Party is acting solely in the capacity of an arm’s length contractual counterparty to the Borrower with respect to the Loan Documents and the transaction contemplated therein and not as a financial advisor or a fiduciary to, or an agent of, the Borrower or any other person. The Borrower agrees that it will not assert any claim against any Credit Party based on an alleged breach of fiduciary duty by such Credit Party in connection with this Agreement and the transactions contemplated hereby. Additionally, the Borrower acknowledges and agrees that no Credit Party is advising the Borrower as to any legal, tax, investment, accounting, regulatory or any other matters in any jurisdiction. The Borrower shall consult with its own advisors concerning such matters and shall be responsible for making its own independent investigation and appraisal of the transactions contemplated hereby, and the Credit Parties shall have no responsibility or liability to the Borrower with respect thereto.

The Borrower further acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that each Credit Party, together with its Affiliates, is a full service securities or banking firm engaged in securities trading and brokerage activities as well as providing investment banking and other financial services. In the ordinary course of business, any Credit Party may provide investment banking and other financial services to, and/or acquire, hold or sell, for its own accounts and the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of, the Borrower and other companies with which the Borrower may have commercial or other relationships. With respect to any securities and/or financial
instruments so held by any Credit Party or any of its customers, all rights in respect of such securities and financial instruments, including any voting rights, will be exercised by the holder of the rights, in its sole discretion.

In addition, the Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that each Credit Party and its affiliates may be providing debt financing, equity capital or other services (including financial advisory services) to other companies in respect of which the Borrower may have conflicting interests regarding the transactions described herein and otherwise. No Credit Party will use confidential information obtained from the Borrower by virtue of the transactions contemplated by the Loan Documents or its other relationships with the Borrower in connection with the performance by such Credit Party of services for other companies, and no Credit Party will furnish any such information to other companies. The Borrower also acknowledges that no Credit Party has any obligation to use in connection with the transactions contemplated by the Loan Documents, or to furnish to the Borrower, confidential information obtained from other companies.

SECTION 9.15 Waiver of Jury Trial. Each of the Borrower, the Administrative Agent and the Lenders hereby irrevocably waives all right to trial by jury in any action, proceeding or counterclaim (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of the Administrative Agent or any Lender in the negotiation, administration, performance or enforcement thereof.

SECTION 9.16 Conversion of Currencies. If, for the purpose of obtaining judgment in any court, it is necessary to convert a sum owing hereunder in one currency into another currency, each party hereto agrees, to the fullest extent that it may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures in the relevant jurisdiction the first currency could be purchased with such other currency on the Business Day immediately preceding the day on which final judgment is given.

The obligations of the Borrower in respect of any sum due to any party hereto or any holder of the obligations owing hereunder (the “Applicable Creditor”) shall, notwithstanding any judgment in a currency (the “Judgment Currency”) other than the currency in which such sum is stated to be due hereunder (the “Agreement Currency”), be discharged only to the extent that, on the Business Day following receipt by the Applicable Creditor of any sum adjudged to be so due in the Judgment Currency, the Applicable Creditor may in accordance with normal banking procedures in the relevant jurisdiction purchase the Agreement Currency with the Judgment Currency; if the amount of the Agreement Currency so purchased is less than the sum originally due to the Applicable Creditor, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Applicable Creditor against such loss. The obligations of the Borrower contained in this Section 9.16 shall survive the termination of this Agreement and the payment of all other amounts owing hereunder.

SECTION 9.17 Acknowledgment and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document may be subject to the Write-Down and Conversion Powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent entity, or a bridge institution that may be issued to it or
otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority.

SECTION 9.18 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(i) such Lender is not using "plan assets" (within the meaning of Plan Asset Regulations) of one or more Benefit Plans in connection with the Commitments or Advances;

(ii) the transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable with respect to such Lender’s entrance into, participation in, administration of and performance of the Advances, the Commitments and this Agreement, and the conditions for exemptive relief thereunder are and will continue to be satisfied in connection therewith,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Commitments, the Advances and this Agreement, (C) the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement; or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or if such Lender has not provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and the Arrangers and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that:

(i) none of the Administrative Agent or the Arrangers or their respective Affiliates is a fiduciary with respect to the assets of such Lender (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto),
(ii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is independent (within the meaning of 29 CFR § 2510.3-21) and is a bank, an insurance carrier, an investment adviser, a broker-dealer or other person that holds, or has under management or control, total assets of at least $50 million, in each case as described in 29 CFR § 2510.3-21(c)(1)(i)(A)-(E),

(iii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is capable of evaluating investment risks independently, both in general and with regard to particular transactions and investment strategies,

(iv) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advances and this Agreement is a fiduciary under ERISA or the Code, or both, with respect to the Commitments, the Advances and this Agreement and is responsible for exercising independent judgment in evaluating the transactions hereunder, and

(v) no fee or other compensation is being paid directly to the Administrative Agent or any Arranger or any their respective Affiliates for investment advice (as opposed to other services) in connection with the Commitments, the Advances or this Agreement.

c) The Administrative Agent and each Arranger hereby informs the Lenders that each such Person is not undertaking to provide impartial investment advice, or to give advice in a fiduciary capacity, in connection with the transactions contemplated hereby, and that such Person has a financial interest in the transactions contemplated hereby in that such Person or an Affiliate thereof (i) may receive interest or other payments with respect to the Commitments, the Advances and this Agreement, (ii) may recognize a gain if it extended the Commitments or the Advances for an amount less than the amount being paid for an interest in the Commitments or the Advances by such Lender or (iii) may receive fees or other payments in connection with the transactions contemplated hereby, the Loan Documents or otherwise, including structuring fees, commitment fees, arrangement fees, facility fees, upfront fees, underwriting fees, ticking fees, agency fees, administrative agent or collateral agent fees, utilization fees, minimum usage fees, letter of credit fees, fronting fees, deal-away or alternate transaction fees, amendment fees, processing fees, term out premiums, banker’s acceptance fees, breakage or other early termination fees or fees similar to the foregoing.

d) The representations in this Section 9.18 are intended to comply with United States Department of Labor Regulations codified at 29 C.F.R. § 2510.3-21(a) and (c)(1) as promulgated on April 8, 2016 (81 Fed. Reg. 20,997). To the extent these regulations are revoked, repealed or no longer effective, these representations shall be deemed to be no longer in effect.

SECTION 9.19 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to any Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received or reserved by the Lender holding such Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of such Advance but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other Advances or periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Cost of Funds Rate to the date of repayment, shall have been received by such Lender. Notwithstanding the foregoing, if the Lender shall have
received interest and/or Charges in an amount that exceeds the Maximum Rate, the excess interest and Charges shall be (i) applied to the principal of such Advance, (ii) if it exceeds such unpaid principal of such Advance, applied to the principal of other Advances held by such Lender, or (iii) if it exceeds such unpaid principal of other Advances, refunded to the Borrower. The Borrower represents and warrants to the Lenders that, as of the date of this Agreement, it falls into Article 2, Paragraph 1, Item 1 of the Act on Specified Commitment Line Contract (Act No. 4 of 1999).

SECTION 9.20 English Language.

(a) Save where this Agreement expressly provides to the contrary, any notice given under or in connection with this Agreement must be:

(i) in English; or

(ii) in any other language required in respect of such notice by applicable law and accompanied by a certified English translation at the cost of the Borrower, which English translation will prevail in all circumstances.

(b) All other documents provided under or in connection with this Agreement must be:

(i) in English; or

(ii) if not in English, and if so required by the Administrative Agent, accompanied by a certified English translation at the cost of the Borrower and, in this case, the English translation will prevail in all circumstances unless the document is a constitutional, statutory or other official document.

Except as otherwise expressly provided herein, all accounting terms not specifically defined herein shall be construed in accordance with, and all financial data (including financial calculations) required to be submitted pursuant to this Agreement shall be prepared in conformity with, IFRS, as in effect from time to time. If at any time any change in IFRS would affect the calculation of any covenant set forth herein and either the Borrower or the Required Lenders shall so request, the Administrative Agent, the Lenders and the Borrower shall negotiate in good faith to amend such covenant to preserve the original intent thereof in light of such change in IFRS (subject to the approval of the Required Lenders); provided that, until so amended, (i) such covenant shall continue to be calculated in accordance with IFRS prior to such change and (ii) the Borrower shall provide to the Administrative Agent and the Lenders, concurrently with the delivery of any financial statements or reports with respect to such covenant, statements setting forth a reconciliation between calculations of such covenant made before and after giving effect to such change in IFRS. Notwithstanding any other provision contained herein, all terms of an accounting or financial nature used herein shall be construed, and all computations of amounts and ratios referred to herein shall be made, without giving effect to (i) any election under applicable accounting standards to value any Debt or other liabilities of the Borrower or any Subsidiary at “fair value” or similar term and (ii) any treatment of Debt in respect of convertible debt instruments under applicable accounting standards to value any such Debt in a reduced or bifurcated manner, and such Debt shall at all times be valued at the full stated principal amount thereof.

SECTION 1.04 Terms Generally. The definitions of terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include”, “includes” and “including” shall be deemed to be followed by the phrase “without limitation”. The word “will” shall be construed to have the same meaning and effect as the word “shall”. Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, restated, supplemented or otherwise modified (subject to any restrictions on such amendments, restatements, supplements or modifications set forth herein), (b) any definition of or reference to any statute, rule or regulation shall be construed as referring thereto as from time to time amended, supplemented or otherwise modified (including by succession of comparable successor laws), (c) any reference herein to any Person shall be construed to include such Person’s successors and assigns (subject to any restrictions on assignment set forth herein and (d) the words “herein”, “hereof” and “hereunder”, and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereeto.

ARTICLE II

AMOUNTS AND TERMS OF THE ADVANCE

SECTION 2.01 The Advance. Each Lender severally and not jointly agrees, on the terms and conditions hereinafter set forth to make a single Advance denominated in Yen to the Borrower on any Business Day during the Availability Period in an amount not to exceed such Lender’s outstanding Commitment immediately prior to the making of the Advance. The Borrowing shall be in an aggregate amount equal to the Borrowing Minimum or a Borrowing Multiple in excess thereof and shall initially consist of a Eurocurrency Rate Advance made on the same day by the Lenders ratably according to their respective Commitments. Upon the making of the Advance by a Lender such Lender’s relevant Commitment will be permanently reduced to zero and terminated. The Borrower may prepay the Advance pursuant to Section 2.10, provided that the Advance may not be reborrowed once repaid.

SECTION 2.02 Making the Advance. (a) The Borrowing shall be made on notice by the Borrower, given not later than 9:00 A.M. (Tokyo time) on the third Business Day prior to the date of the proposed Borrowing, to the Administrative Agent, which shall give to each Lender prompt notice thereof by writing or telecopy. A notice of Borrowing (a “Notice of Borrowing”) shall be by telecopy to the Agent in writing substantially in the form of Exhibit A hereto, specifying therein the requested (i) date of the Borrowing (which shall be a Business Day), (ii) aggregate amount of such Borrowing, (iii) Maturity Date for the Advance, if the Borrowing is to consist of a Eurocurrency Rate Advance, and (iv) account or accounts in which the proceeds of the Borrowing should be credited. Each Lender shall, before 11:00 A.M. (Tokyo time) on the date of the Borrowing make available for the account of its Applicable Lending Office to the Administrative Agent at the applicable Administrative Agent’s Office, in same day funds, such Lender’s ratable portion of the Borrowing. After the Administrative Agent’s receipt of such funds and upon fulfillment of the applicable conditions set forth in Article III, the Administrative Agent will make such funds available to the Borrower in immediately available funds to the account or accounts specified by the Borrower to the Administrative Agent in the Notice of Borrowing relating to the Borrowing. Notwithstanding anything to the contrary herein, there shall not be more than one separate Borrowing for the Advance.

(b) Anything in Section 2.02(a) to the contrary notwithstanding, the Borrower may not select a Eurocurrency Rate Advance if the obligation of the Lenders to make a Eurocurrency Rate Advance shall then be suspended pursuant to Section 2.08 or 2.12.
(c) The Notice of Borrowing shall be irrevocable and binding on the Borrower. In the case it is specified in the Notice of Borrowing that the Borrowing to be comprised of a Eurocurrency Rate Advance, the Borrower shall indemnify each Lender against any reasonable loss, cost or expense incurred by such Lender as a result of any failure to fulfill on or before the date specified in such Notice of Borrowing the applicable conditions set forth in Article III, including, without limitation, any reasonable loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by such Lender to fund the Advance to be made by such Lender as part of the Borrowing when such Advance, as a result of such failure, is not made on such date.

(d) Unless the Administrative Agent shall have received notice from a Lender prior to the time of the Borrowing that such Lender will not make available to the Administrative Agent such Lender’s ratable portion of such Borrowing, the Administrative Agent may assume that such Lender has made such portion available to the Administrative Agent on the date of the Borrowing in accordance with Section 2.02(a) and the Administrative Agent may, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent that any Lender shall not have so made such ratable portion available to the Administrative Agent, such Lender and the Borrower severally agree to pay or to repay to the Administrative Agent forthwith on demand such corresponding amount and to pay interest thereon, for each day from the date such amount is made available to the Borrower until the date such amount is paid or repaid to the Administrative Agent, at (i) in the case of the Borrower, the higher of (A) the interest rate applicable at the time to the Advance comprising the Borrowing and (B) the cost of funds incurred by the Administrative Agent in respect of such amount and (ii) in the case of such Lender, the greater of the Cost of Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation. If the Borrower and such Lender shall pay such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to the Borrower the amount of such interest paid by the Borrower for such period. If such Lender shall pay to the Administrative Agent such corresponding principal amount, such amount so paid shall constitute such Lender’s Advance as part of the Borrowing for all purposes of this Agreement. Any payment by the Borrower shall be without prejudice to any claim the Borrower may have against a Lender that shall have failed to make such payment to the Administrative Agent.

(e) The failure of any Lender to make the Advance to be made by it as part of the Borrowing shall not relieve any other Lender of its obligation, if any, hereunder to make its Advance on the date of such Borrowing, but no Lender shall be responsible for the failure of any other Lender to make the Advance to be made by such other Lender on the date of the Borrowing.

(f) If any Lender makes available to the Administrative Agent funds for the Advance to be made by such Lender as provided herein, and such funds are not made available to the Borrower by the Administrative Agent because the conditions to the Borrowing are not satisfied or waived in accordance with the terms hereof, the Administrative Agent shall promptly return such funds (in like funds as received from such Lender) to such Lender, without interest.

(g) Each Lender at its option may make the Advance by causing any domestic or foreign branch or Affiliate of such Lender to make such Advance (and in the case of an Affiliate, the provisions of Sections 2.08, 2.11 and 2.14 shall apply to such Affiliate to the same extent as to such Lender); provided that any exercise of such option shall not affect the obligation of the Borrower to repay such Advance in accordance with the terms of this Agreement.

SECTION 2.03 [Reserved].

SECTION 2.04 Fees. (a) Commitment Fee. As part of the consideration for each Lender’s Commitment hereunder, the Borrower agrees to pay to the Administrative Agent, for the account of each Lender
(other than a Defaulting Lender for such time as such Lender is a Defaulting Lender), a non-refundable commitment fee from (and excluding) the Effective Date and from time to time through and including the date of termination of the Commitments in full, at a rate per annum equal to 0.05% per annum on the aggregate daily amount of such Lender’s Commitments during such period, such fee to be earned and payable in arrears quarterly on the last Business Day of each March, June, September and December, and on the date the Commitment terminates in full or is otherwise reduced to zero.

(b) [Reserved].

(c) Additional Fees. The Borrower shall pay to the Administrative Agent, Lead Arrangers and Arranger for their account (or that of their applicable Affiliate) such fees as may from time to time be agreed between any of the Consolidated Group and the Administrative Agent, Lead Arrangers, and/or Arranger.

(d) Calculation of Commitment. For the avoidance of doubt, with respect to the definition of “Mandatory Cancellation Event” and the ability thereunder for the Borrower to provide notices and issue documents to facilitate a switch from a Scheme to a Takeover Offer and vice versa, the Commitment shall be deemed to be in effect until the end of the day on which the applicable notice or issuance is required to but does not occur for the purposes of calculating any fees under this Agreement or any fee letters related hereto.

SECTION 2.05 Termination or Reduction of the Commitments. (a) Unless previously terminated, the Commitments shall terminate in full at 5:00 p.m. (Tokyo time) on the earlier of (i) the date on which all of the Certain Funds Purposes have been achieved without the making of any Advances and (ii) the date on which the Certain Funds Period terminates. Additionally, each Lender’s Commitment will be permanently reduced to zero and terminated upon such Lender making an Advance under such Commitment. Any termination or reduction of the Commitments shall be permanent.

(b) Ratable Reduction or Termination. The Borrower shall have the right, upon at least three Business Days’ notice to the Administrative Agent at or about 10:00 A.M. (Tokyo time), to terminate in whole or permanently reduce ratably in part the unused portions of Commitments of the Lenders; provided that each partial reduction shall be in an aggregate amount of not less than 5,000,000,000 Yen and an integral multiple of 5,000,000,000 Yen in excess thereof; provided further that any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied.

(c) Mandatory Reduction or Termination. Each Lender’s Commitment will be permanently reduced ratably upon the incurrence by the Borrower of any HYB Debt (but excluding the Yen HYB Loan Agreement) following the Effective Date until the end of the Availability Period (provided, however, that this provision shall not apply with respect to the funding or drawdown of (i) any such HYB Debt by issuance of subordinated notes or bonds denominated in a currency other than Yen and (ii) any such HYB Debt that is not identified by the Borrower to be used for Certain Funds Purposes or does not have conditions precedent thereunder that are no more restrictive to the Borrower than the conditions precedent to the Closing Date in the Bridge Credit Agreement). The Commitments shall be reduced by the Yen Equivalent of the amount of such HYB Debt upon the date of funding of such HYB Debt (if notes or bonds) or upon the execution of the loan agreement for such HYB Debt (if loans).

SECTION 2.06 Repayment of the Advance.

(a) The Borrower shall repay on the Maturity Date to the Administrative Agent for the ratable account of the Lenders, together with accrued and unpaid interest to the date of such repayment on the principal amount repaid, the aggregate principal amount of the Advance made to the Borrower outstanding on such date.
(b) The Borrower shall with respect to any HYB Debt incurred by the Borrower following the Effective Date (including the Yen HYB Loan Agreement, provided, however, that this provision shall not apply with respect to the funding of any such HYB Debt by issuance of subordinated notes or bonds denominated in a currency other than Yen), upon the date of funding of any such HYB Debt pay the Yen or Yen Equivalent of the amount of such funding to repay the Advance, and if any prepayment hereunder is made on a date other than the last day of an Interest Period for the Advance, the Borrower shall also pay any amount owing pursuant to Section 9.04(c), until all of the amounts have been paid in full.

(c) Each Party hereto acknowledges and agrees with respect to the foregoing that it is the intention of such parties that the Advance will be repaid in its entirety by the Maturity Date with the proceeds of Yen HYB Bonds, Yen HYB Loans and/or other HYB Debt incurred by the Borrower after the Effective Date (provided, however, that this provision shall not apply with respect to the funding of any such HYB Debt by issuance of subordinated notes or bonds denominated in a currency other than Yen), and the Borrower shall therefore ensure that such proceeds when incurred are used to repay the Advances in accordance with this Section 2.06(b) ahead of any other purpose.

SECTION 2.07 Interest on the Advance. (a) Scheduled Interest. The Borrower shall pay interest on the unpaid principal amount of the Advance made to it from the date of the Advance until such principal amount shall be paid in full, at the following rates per annum:

(i) Cost of Funds Rate Advance. During such periods as the Advance is a Cost of Funds Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Cost of Funds Rate for such Interest Period for such Advance and (B) the Applicable Margin payable in arrears on (x) the last day of such Interest Period and (y) on the date such Cost of Funds Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clause (y) above, accrued but unpaid interest shall only be payable in respect of the principal amount of the Advance prepaid or Converted on such date.

(ii) Eurocurrency Rate Advance. During such periods as the Advance is a Eurocurrency Rate Advance, a rate per annum equal at all times during each Interest Period for such Advance to the sum of (A) the Eurocurrency Rate for such Interest Period for such Advance, and (B) the Applicable Margin, payable in arrears on (x) the last day of such Interest Period and (y) on the date such Eurocurrency Rate Advance shall be Converted or paid in full; provided that, in the event of any payment of interest pursuant to clause (y) above, accrued but unpaid interest shall only be payable in respect of the principal amount of the Advance prepaid or Converted on such date.

(b) Default Interest. Upon the occurrence and during the continuance of an Event of Default pursuant to Section 6.01(a), the Administrative Agent shall, upon the request of the Required Lenders, require the Borrower to pay interest (“Default Interest”), which amount shall accrue as of the date of occurrence of the Event of Default, on (i) amounts that are overdue, payable in arrears on the dates referred to in Section 2.07(a)(i) or 2.07(a)(ii), at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on such overdue amount pursuant to Section 2.07(a)(i) or 2.07(a)(ii) and (ii) to the fullest extent permitted by law, the amount of any interest, fee or other amount payable hereunder that is not paid when due, from the date such amount shall be due until such amount shall be paid in full, payable in arrears on the date such amount shall be paid in full and on demand, at a rate per annum equal at all times to 2% per annum above the rate per annum required to be paid on the Advance pursuant to Section 2.07(a)(ii) (or, if the Advance has been Converted to a Cost of Funds Rate Advance pursuant to Section 2.07(a)(ii)), provided, however, that following acceleration of the Advance pursuant to Section 6.01, Default Interest shall accrue and be payable hereunder whether or not previously required by the Administrative Agent.
(c) Additional Interest on Eurocurrency Rate Advance. The Borrower shall pay to each Lender, so long as and to the extent such Lender shall be subject to, under applicable law, rules or regulations to reserves, liquid asset, fees or similar requirements (as further described in the definition of Eurocurrency Rate Reserve Percentage) with respect to deposits or liabilities (as so described), additional interest on the unpaid principal amount of the Advance of such Lender made to the Borrower as a Eurocurrency Rate Advance, from the date of such Advance until such principal amount is paid in full, at an interest rate per annum equal at all times to the remainder obtained by subtracting (a) the Eurocurrency Rate for the applicable Interest Period for the Advance from (b) the rate obtained by dividing such Eurocurrency Rate by a percentage equal to 100% minus the Eurocurrency Rate Reserve Percentage of such Lender for such Interest Period, payable on each date on which interest is payable on the Advance. Such Lender shall as soon as practicable provide notice to the Administrative Agent and the Borrower of any such additional interest arising in connection with the Advance, which notice shall be conclusive and binding, absent demonstrable error.

SECTION 2.08 Interest Rate Determination. (a) The Administrative Agent shall give prompt notice to the Borrower and the Lenders of the applicable interest rate determined by the Administrative Agent for purposes of Section 2.07(a)(i) or 2.07(a)(ii).

(b) If, with respect to a Eurocurrency Rate Advance, (i) the Administrative Agent shall have determined (which determination shall be conclusive and binding absent manifest error) that adequate and reasonable means (including, without limitation, by means of an Interpolated Rate) do not exist for ascertaining the Eurocurrency Rate for such Interest Period or (ii) the Required Lenders notify the Administrative Agent that the Eurocurrency Rate for any Interest Period for the Advance will not adequately and fairly reflect the cost to the Required Lenders of making, funding or maintaining their respective portion of the Eurocurrency Rate Advance for such Interest Period, the Administrative Agent shall forthwith so notify the Borrower and the Lenders, whereupon (A) (x) the Borrower will, on the last day of the then existing Interest Period therefor prepay the Advance or (y) the Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration, and (B) the obligation of the Lenders to make the Advance as a Eurocurrency Rate Advance shall be suspended until the Administrative Agent shall notify the Borrower and the Lenders that the circumstances causing such suspension no longer exist.

(c) If at any time the Administrative Agent determines (which determination shall be conclusive absent manifest error) that (i) the circumstances set forth in clause (b)(i) have arisen and such circumstances are unlikely to be temporary or (ii) the circumstances set forth in clause (b)(i) have not arisen but either (w) the supervisor for the administrator of the Screen Rate has made a public statement that the administrator of the Screen Rate is insolvent (and there is no successor administrator that will continue publication of the Screen Rate), (x) the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently or indefinitely cease to be published by it (and there is no successor administrator that will continue publication of the Screen Rate), (y) the supervisor for the administrator of the Screen Rate has made a public statement identifying a specific date after which the Screen Rate will permanently or indefinitely cease to be published or (z) the supervisor for the administrator of the Screen Rate or a Governmental Authority having jurisdiction over the Administrative Agent has made a public statement identifying a specific date after which the Screen Rate may no longer be used for determining interest rates for loans, then the Administrative Agent and the Borrower shall endeavor to establish an alternate rate of interest to the Eurocurrency Rate that gives due consideration to the then prevailing market convention for determining a rate of interest for syndicated loans in the United States at such time, and shall enter into an amendment to this Agreement to reflect such alternate rate of interest and such other related changes to this Agreement as may be applicable (but for the avoidance of doubt, such related changes shall not include a reduction of the Applicable Margin); provided that, if such alternate rate of interest as so determined would be less than zero, such rate shall be deemed to be zero for the purposes of this Agreement. Notwithstanding anything to the contrary in
Section 9.01, such amendment shall become effective without any further action or consent of any other party to this Agreement so long as the Administrative Agent shall not have received, within five Business Days of the date notice of such alternate rate of interest is provided to the Lenders, a written notice from the Required Lenders stating that such Required Lenders object to such amendment. Until an alternate rate of interest shall be determined in accordance with this clause (c) (but, in the case of the circumstances described in clause (ii) of the first sentence of this Section 2.08(c), only to the extent the Screen Rate for the applicable currency and such Interest Period is not available or published at such time on a current basis), any request from the Borrower to continue the Advance as a Eurocurrency Rate Advance shall be ineffective and the Advance shall automatically, on the last day of the then existing Interest Period therefor, be Converted to a Cost of Funds Rate Advance with an Interest Period of the same duration.

SECTION 2.09 [Reserved].

SECTION 2.10 Optional Prepayments of the Advance. The Borrower may, upon written notice to the Administrative Agent stating the proposed date and aggregate principal amount of the proposed prepayment, given not later than 10:00 A.M. (Tokyo time) three Business Days prior to the date (which date shall be a Business Day) of such proposed prepayment, and if such notice is given, the Borrower shall, prepay the outstanding principal amount of the Advance made to the Borrower in whole or ratably in part, and together with accrued interest to the date of such prepayment on the principal amount prepaid; provided, however, that (i) each partial prepayment shall be in an aggregate principal amount of the Borrowing Minimum or a Borrowing Multiple in excess thereof and (ii) if any prepayment of a Eurocurrency Rate Advance is made on a date other than the last day of an Interest Period for such Eurocurrency Rate Advance, the Borrower shall also pay any amount owing pursuant to Section 9.04(c); and provided, further, that, subject to clause (ii) of the immediately preceding proviso, any such notice may state that such notice is conditioned upon the effectiveness of other credit facilities or the consummation of a specific transaction, in which case such notice may be revoked by the Borrower if such condition is not satisfied.

SECTION 2.11 Increased Costs. (a) If, due to either (i) the introduction of or any change in or in the interpretation of any law or regulation or (ii) the compliance with any directive, guideline or request from any central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not having the force of law), in each case after the date hereof (or with respect to any Lender (or the Administrative Agent), if later, the date on which such Lender (or the Administrative Agent) becomes a Lender (or the Administrative Agent)), there shall be any increase in the cost to any Lender or the Administrative Agent of agreeing to make or making, funding or maintaining the Advance (excluding for purposes of this Section 2.11 any such increased costs resulting from (i) Taxes as to which such Lender is indemnified under Section 2.14, (ii) Excluded Taxes, or (iii) Other Taxes), then the Borrower shall from time to time, upon demand by such Lender or the Administrative Agent (with a copy of such demand to the Administrative Agent, if applicable), pay to the Administrative Agent for the account of such Lender (or for its own account, if applicable) additional amounts sufficient to compensate such Lender or the Administrative Agent for such increased cost as reasonably determined by such Lender or the Administrative Agent (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender or the Administrative Agent under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender or the Administrative Agent then reasonably determines to be relevant). A certificate describing such increased costs in reasonable detail delivered to the Borrower shall be conclusive and binding for all purposes, absent demonstrable error.

(b) If any Lender reasonably determines that compliance with any law or regulation or any directive, guideline or request from any central bank or other Governmental Authority including, without limitation, any agency of the European Union or similar monetary or multinational authority (whether or not
having the force of law), in each case promulgated or given after the date hereof (or with respect to any Lender, if later, the date on which such Lender becomes a Lender), affects or would affect the amount of capital, insurance or liquidity required or expected to be maintained by such Lender or any corporation controlling such Lender and that the amount of such capital, insurance or liquidity is increased by or based upon the existence of such Lender’s commitment to lend hereunder and other commitments of this type, the Borrower shall, from time to time upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender, additional amounts sufficient to compensate such Lender or such corporation in the light of such circumstances as reasonably determined by such Lender (which determination shall be made in good faith (and not on an arbitrary or capricious basis) and consistent with similarly situated customers of the applicable Lender under agreements having provisions similar to this Section 2.11 after consideration of such factors as such Lender then reasonably determines to be relevant), to the extent that such Lender reasonably determines such increase in capital, insurance or liquidity to be allocable to the existence of such Lender’s Advance or commitment to lend hereunder. A certificate as to such amounts submitted to the Borrower and the Administrative Agent by such Lender shall be conclusive and binding for all purposes, absent demonstrable error.

(c) Failure or delay on the part of any Lender to demand compensation pursuant to this Section shall not constitute a waiver of such Lender’s right to demand such compensation; provided that the Borrower shall not be required to compensate a Lender pursuant to this Section for any increased costs or reductions incurred more than six months prior to the date that such Lender notifies the Borrower of the change or circumstance giving rise to such increased costs or reductions and of such Lender’s intention to claim compensation therefor; provided further, that, if the change or circumstance giving rise to such increased costs or reductions is retroactive, then the six-month period referred to above shall be extended to include the period of retroactive effect thereof. Any Lender making a claim for compensation under this Section 2.11 may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 9.07.

(d) Notwithstanding anything in this Section 2.11 to the contrary, for purposes of this Section 2.11, (A) the Dodd Frank Wall Street Reform and Consumer Protection Act and the rules and regulations issued thereunder or in connection therewith or in implementation thereof, and (B) all requests, rules, guidelines and directions promulgated by the Bank for International Settlements, the Basel Committee on Banking Supervision (or any similar or successor agency, or the United States or foreign regulatory authorities, in each case, pursuant to Basel III) shall be deemed to have been enacted following the date hereof (or with respect to any Lender, if later, the date on which such Lender becomes a Lender); provided that no Lender shall demand compensation pursuant to this Section 2.11(c) unless such Lender is making corresponding demands on similarly situated borrowers in comparable credit facilities to which such Lender is a party.

SECTION 2.12 Illegality. Notwithstanding any other provision of this Agreement, (a) if any Lender shall notify the Administrative Agent that the introduction of or any change in or in the interpretation of any law or regulation makes it unlawful, or any central bank or other Governmental Authority, including without limitation, any agency of the European Union or similar monetary or multinational authority, asserts that it is unlawful, for such Lender or its Eurocurrency Lending Office to perform its obligations hereunder to make a Eurocurrency Rate Advance or to fund or maintain a Eurocurrency Rate Advance hereunder, (i) the Eurocurrency Rate Advance of such Lender will automatically, upon such notification, be Converted into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of such Lender to make a Eurocurrency Rate Advance or to Convert the Advance into a Eurocurrency Rate Advance shall be suspended until the Administrative Agent shall notify the Borrower and such Lender that the circumstances causing such suspension no longer exist and (b) if Lenders constituting the Required Lenders so notify the Administrative Agent, (i) the Eurocurrency Rate Advance of each Lender will automatically, upon such notification, Convert into a Cost of Funds Rate Advance with an Interest Period of one month and (ii) the obligation of each Lender to make a
Eurocurrency Rate Advance or to Convert the Advance into a Eurocurrency Rate Advance shall be suspended until the Administrative Agent shall notify the Borrower and each Lender that the circumstances causing such suspension no longer exist. Any Lender that is prohibited from performing its obligations to make the Advance or to continue to fund or maintain the Advance may be required to assign all of its rights and obligations hereunder upon a request by the Borrower in accordance with Section 9.07.

SECTION 2.13 Payments and Computations. (a) The Borrower shall make each payment required to be made by it under this Agreement not later than 11:00 A.M. (Tokyo time) on the day when due in Yen to the Administrative Agent at the applicable Administrative Agent’s Office in same day funds. The Administrative Agent will promptly thereafter cause to be distributed like funds relating to the payment of principal or interest or commitment fees ratably (other than amounts payable pursuant to Section 2.02(c), 2.07(c), 2.11, 2.12(a) (or if applicable the last sentence of Section 2.12), 2.14, 2.15 or 9.04(c)) to the Lenders for the account of their respective Applicable Lending Offices, and like funds relating to the payment of any other amount payable to any Lender to such Lender for the account of its Applicable Lending Office, in each case to be applied in accordance with the terms of this Agreement. Upon its acceptance of an Assignment and Acceptance and recording of the information contained therein in the Register pursuant to Section 9.07(c), from and after the effective date specified in such Assignment and Acceptance, the Administrative Agent shall make all payments hereunder in respect of the interest assigned thereby to the assignor for amounts which have accrued to but excluding the effective date of such assignment and to the assignee for amounts which have accrued from and after the effective date of such assignment. All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff.

(b) The Borrower hereby authorizes each Lender, if and to the extent payment owed to such Lender by the Borrower is not made when due hereunder, to charge from time to time against any or all of the Borrower’s accounts with such Lender any amount so due, unless otherwise agreed between the Borrower and such Lender.

(c) All computations of interest hereunder shall be made by the Administrative Agent on the basis of a year of 365 days and in each case for the actual number of days (including the first day but excluding the last day) occurring in the period for which such interest or such fees are payable. Each determination by the Administrative Agent of an interest rate hereunder shall be conclusive and binding for all purposes, absent demonstrable error.

(d) Whenever any payment hereunder shall be stated to be due on a day other than a Business Day, such payment shall be made on the next succeeding Business Day, and such extension of time shall in such case be included in the computation of payment of interest or commitment fee, as the case may be; provided, however, that, if such extension would cause payment of interest on or principal of the Advance made as a Eurocurrency Rate Advance to be made in the next following calendar month, such payment shall be made on the immediately preceding Business Day.

(e) Unless the Administrative Agent shall have received written notice from the Borrower prior to the date on which any payment is due to the Lenders hereunder that the Borrower will not make such payment in full, the Administrative Agent may assume that the Borrower has made such payment in full to the Administrative Agent on such date and the Administrative Agent may, in reliance upon such assumption, cause to be distributed to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent the Borrower shall not have so made such payment in full to the Administrative Agent, each Lender shall repay to the Administrative Agent, following prompt notice thereof, forthwith on demand such amount distributed to such Lender, together with interest thereon, for each day from the date such amount is distributed to such Lender until the date such Lender repays such amount to the Administrative Agent, at the Cost of Funds Rate.
SECTION 2.14 Taxes. (a) Any and all payments by or on behalf of the Borrower under any Loan Document shall be made, in accordance with Section 2.13, free and clear of and without deduction for any Taxes, excluding, in the case of each Lender and the Administrative Agent, (i) taxes imposed on (or measured by) its overall net income (however denominated), franchise taxes, and branch profits taxes, in each case (A) imposed by the jurisdiction under the laws of which such Lender or the Administrative Agent, as the case may be, is organized or any political subdivision thereof, by the jurisdiction of the Administrative Agent’s principal office or such Lender’s Applicable Lending Office, as the case may be, or any political subdivision thereof or (B) that are Other Connection Taxes, (ii) with respect to a Lender that is not a Japanese tax resident or a Japanese branch of a non-Japanese tax resident and is not entitled to a full exemption on Japanese withholding tax on interest payments under a tax treaty entered into by Japan and that is in effect on the date specified in this clause (ii)(A)-(B) below, any Japanese withholding Taxes imposed by a Governmental Authority pursuant to a law in effect on the date on which (A) a Lender acquires such interest in an Advance or Commitment or, with respect to the Administrative Agent, the date that the Administrative Agent becomes a party to a Loan Document or (B) a Lender changes its Applicable Lending Office, except in each case to the extent that, pursuant to Section 2.14, amounts with respect to such Taxes were payable either to such Lender’s assignor immediately before such Lender became a party hereto or to such Lender immediately before it changed its Applicable Lending Office, (iii) any Tax that is imposed (for the avoidance of doubt, including any Tax that is imposed at higher effective tax rate) by reason of such Lender’s or the Administrative Agent’s failure to comply with Section 2.14(f), and (iv) any withholding taxes imposed under FATCA (all such excluded Taxes in respect of payments under any Loan Document being hereinafter referred to as “Excluded Taxes”). If any Taxes from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent shall be required to be deducted or withheld under applicable law, (A) the Borrower shall be entitled to make such deductions or withholdings and (B) the Borrower shall pay the full amount deducted or withheld to the relevant taxation authority or other Governmental Authority in accordance with applicable law. If any Taxes other than Excluded Taxes shall be required to be deducted from or in respect of any sum payable under any Loan Document to any Lender or the Administrative Agent, the sum payable by the Borrower shall be increased as may be necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 2.14) such Lender or the Administrative Agent, as the case may be, receives an amount equal to the sum it would have received had no such deductions been made.

(b) In addition, without duplication of any other obligation set forth in this Section 2.14, the Borrower agrees to pay to the relevant taxing authority or Governmental Authority any present or future stamp and documentary Taxes and any other excise or property Taxes, charges or similar levies that arise from any payment made by it under any Loan Document or from the execution, delivery or registration of, or performance under, or otherwise with respect to, any Loan Document other than any such Taxes, charges or similar levies that are Other Connection Taxes imposed with respect to an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower) (such Taxes, charges or similar levies, hereinafter referred to as “Other Taxes”).

(c) Without duplication of any other obligation set forth in this Section 2.14, the Borrower shall indemnify each Lender and the Administrative Agent for the full amount of Taxes (other than Excluded Taxes) and Other Taxes (except to the extent such Other Taxes are Other Connection Taxes imposed solely as a result of an assignment or the designation of a new Applicable Lending Office (other than an assignment or designation pursuant to a request by the Borrower)) imposed on or paid by such Lender or the Administrative Agent, as the case may be, in respect of the Advance made to the Borrower and any liability (including, without limitation, penalties, interest and expenses) arising therefrom or with respect thereto. This indemnification shall be made within 30 days from the date such Lender or the Administrative Agent, as the case may be, makes written demand therefor. Such Lender or the Administrative Agent shall deliver to the Borrower a certificate describing in reasonable detail the amount of such payment or liability.
(d) Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Taxes and without limiting the obligation of the Borrower to do so) and (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 9.07(e) relating to the maintenance of a Participant Register, in either case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant governmental authority. A certificate describing in reasonable detail the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) As soon as practical after the date of any payment of Taxes or Other Taxes for which the Borrower is responsible under this Section 2.14, the Borrower shall furnish to the Administrative Agent, at its address as specified in Schedule II, the original or a certified copy of a receipt evidencing payment thereof.

(f) (i) Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in Section 2.14(f)(ii) below) shall not be required if in the Lender’s reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) Without limiting the generality of the foregoing:

(1) Any Lender that is a “United States person” within the meaning of Section 7701(a)(30) of the Code shall deliver to the Borrower and the Administrative Agent executed originals of IRS Form W-9 (and any applicable successor form) and such other documentation or information prescribed by applicable Laws or reasonably requested by the Borrower or the Administrative Agent certifying that such Lender is exempt from U.S. federal backup withholding tax. The forms described in this Section 2.14(f)(ii)(1) shall be provided by each Lender to the Borrower and the Administrative Agent at the time such Lender becomes a party to this Agreement, at the time or times prescribed by applicable Laws, when reasonably requested by the Borrower or the Administrative Agent, and promptly upon the obsolescence, invalidity or expiration of any form previously provided by such Lender;

(2) Any Lender that is neither a Japanese tax resident nor a Japanese branch of a non-Japanese tax resident shall provide, to the extent it is legally entitled to do so, the applicable documentation to claim the benefits of a tax treaty entered into by Japan , at the time or times prescribed by applicable Laws and when reasonably requested by the Borrower or the Administrative Agent;
(3) Any Lender that is a Japanese branch of a non-Japanese tax resident shall present, to the extent it is legally entitled to do so, a Certificate of Exemption for Withholding Tax for Foreign Corporations issued by the relevant tax authority in Japan pursuant to Article 180 of the Income Tax Act of Japan (shotokuzeihou) at the time or times prescribed by applicable Laws and when reasonably requested by the Borrower or the Administrative Agent.

(iii) If a payment made to a Lender under any Loan Document would be subject to withholding tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Borrower and the Administrative Agent, at the time or times prescribed by law and at such time or times reasonably requested by the Borrower or the Administrative Agent, such documentation prescribed by applicable law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower or the Administrative Agent as may be necessary for the Borrower or the Administrative Agent to comply with its obligations under FATCA, to determine that such Lender has complied with such Lender’s obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for the purposes of this clause 2.14(f)(ii), “FATCA” shall include any amendments made to FATCA after the date of this Agreement.

(iv) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(v) Notwithstanding the foregoing, any Japanese Taxes resulting from the failure or legal inability of a Lender to provide any tax forms pursuant to Section 2.14(f)(i)-(ii) or (iv) shall be considered Excluded Taxes unless (x) such Taxes are imposed as a result of a change in law or treaty occurring after the date the Lender became a party to this Agreement or acquired its interest in a Loan or Commitment and would otherwise have not been treated as an Excluded Tax under Section 2.14(a) but for this Section 2.14(f)(v) or (y) such Taxes were grossed up with respect to the Lender’s assignor immediately before such Lender became a party.

(g) In the event that an additional payment is made under Section 2.14(a) or 2.14(c) for the account of the Administrative Agent or any Lender and the Administrative Agent or such Lender, in its sole discretion exercised in good faith, determines that it has received a refund of any tax paid or payable by it in respect of or calculated with reference to the deduction or withholding giving rise to such additional payment (including by the payment of additional amounts pursuant to this Section 2.14), the Administrative Agent or such Lender shall pay to the Borrower such amount equal to such refund as the Administrative Agent or such Lender shall, in its reasonable discretion exercised in good faith, have determined is attributable to such deduction or withholding and will leave the Administrative Agent or such Lender (after such payment) in no worse position than it would have been had the Borrower not been required to make such deduction or withholding. The Borrower, upon the request of the Administrative Agent or such Lender, shall repay to the Administrative Agent or such Lender the amount paid over pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that the Administrative Agent or such Lender is required to repay such refund to such Governmental Authority. Nothing contained in this Section 2.14(g) shall (i) interfere with the right of a Lender to arrange its tax affairs in whatever manner it thinks fit or (ii) oblige the Administrative Agent or any Lender to disclose any information relating to its tax returns, tax affairs or any computations in respect thereof or (iii) require any Lender to take or refrain from taking any action that would prejudice its ability to benefit from any other credits, reliefs, remissions or repayments to which it may be entitled.

(h) Each party’s obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under the Loan Documents.
(i) For purposes of this Section 2.14, the term “applicable law” includes FATCA.

SECTION 2.15 Sharing of Payments, Etc. Subject to Section 2.19 in the case of a Defaulting Lender, if any Lender shall obtain any payment (whether voluntary, involuntary, through the exercise of any right of setoff, or otherwise) on account of the Advance owing to it (other than pursuant to Section 2.02(c), 2.07(c), 2.11, 2.12(a), 2.14 or 9.04(c)) in excess of its ratable share of payments on account of the Advance obtained by all the Lenders, such Lender shall forthwith purchase from the other Lenders such participations in the Advance owing to them as shall be necessary to cause such purchasing Lender to share the excess payment ratably with each of them; provided, however, that if all or any portion of such excess payment is thereafter recovered from such purchasing Lender, such purchase from each Lender shall be rescinded and such Lender shall repay to the purchasing Lender the purchase price to the extent of such recovery together with an amount equal to such Lender’s ratable share (according to the proportion of (a) the amount of such Lender’s required repayment to (b) the total amount so recovered from the purchasing Lender) of any interest or other amount paid or payable by the purchasing Lender in respect of the total amount so recovered. The Borrower agrees that any Lender so purchasing a participation from another Lender pursuant to this Section 2.15 may, to the fullest extent permitted by law, exercise all its rights of payment (including the right of setoff) with respect to such participation as fully as if such Lender were the direct creditor of the Borrower in the amount of such participation. The provisions of this Section 2.15 shall not be construed to apply to (A) any payment made by the Borrower pursuant to and in accordance with the express terms of this Agreement (including the application of funds arising from a Defaulting Lender) as in effect from time to time or (B) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Advance to any assignee or participant permitted hereunder.

SECTION 2.16 Use of Proceeds. The proceeds of the Advance shall be available, and the Borrower agrees that it shall apply such proceeds, solely towards Certain Funds Purposes.

SECTION 2.17 Evidence of Debt. (a) The Register maintained by the Administrative Agent pursuant to Section 9.07(d) shall include (i) the date and amount of the Borrowing made hereunder by the Borrower, the Type of Advance comprising such Borrowing and, if appropriate, the Interest Period applicable thereto, (ii) the terms of each Assignment and Acceptance delivered to and accepted by it, (iii) the amount of any principal or interest due and payable or to become due and payable from the Borrower to each Lender hereunder and (iv) the amount of any sum received by the Administrative Agent from the Borrower hereunder and each Lender’s share thereof.

(b) Entries made reasonably and in good faith by the Administrative Agent in the Register pursuant to subsection (a) above shall be prima facie evidence of the amount of principal and interest due and payable or to become due and payable from the Borrower to each Lender under this Agreement, absent manifest error; provided, however, that the failure of the Administrative Agent to make an entry, or any finding that an entry is incorrect, in the Register or such account or accounts shall not limit, expand or otherwise affect the obligations of the Borrower under this Agreement.

SECTION 2.18 [Reserved].

SECTION 2.19 Defaulting Lenders.

(a) Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender (it being understood that the determination of whether a Lender is no longer a Defaulting Lender shall be made as described in Section 2.19(b)):

(i) such Defaulting Lender will not be entitled to any fees accruing during such period pursuant to Section 2.04(a);
(ii) [reserved];

(iii) to the fullest extent permitted by applicable law, such Lender will not be entitled to vote in respect of amendments and waivers hereunder, and the Commitment and the outstanding Advance of such Lender hereunder will not be taken into account in determining whether the Required Lenders or all of the Lenders, as required, have approved any such amendment or waiver (and the definition of “Required Lenders” will automatically be deemed modified accordingly for the duration of such period): provided that any such amendment or waiver that would increase or extend the term of the Commitment of such Defaulting Lender, extend the date fixed for the payment of principal or interest owing to such Defaulting Lender hereunder, reduce the principal amount of any obligation owing to such Defaulting Lender, reduce the amount of or the rate or amount of interest on any amount owing to such Defaulting Lender or of any fee payable to such Defaulting Lender hereunder, or alter the terms of this proviso, will require the consent of such Defaulting Lender; and

(iv) the Borrower may, at its sole expense and effort, require such Defaulting Lender to assign and delegate its interests, rights and obligations under this Agreement pursuant to Section 9.07.

(b) If the Borrower and the Administrative Agent agree in writing in their discretion that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, such Lender will cease to be a Defaulting Lender and will be a Non-Defaulting Lender; provided that no adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Borrower while such Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Non-Defaulting Lender will constitute a waiver or release of any claim of any party hereunder arising from such Lender’s having been a Defaulting Lender.

(c) Any payment of principal, interest, fees or other amounts received by the Administrative Agent hereunder for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Section 6.01 or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 9.05 shall be applied at such time or times as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second as the Borrower may request (so long as no Default or Event of Default exists), to the funding of the Advance in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as reasonably determined by the Administrative Agent; third, as the Borrower may request, to be held in a deposit account and released pro rata in order to satisfy such Defaulting Lender’s potential future funding obligations with respect to the Advance under this Agreement; fourth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; fifth, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Borrower as a result of any judgment of a court of competent jurisdiction obtained by the Borrower against such Defaulting Lender as a result of such Defaulting Lender’s breach of its obligations under this Agreement; and sixth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender or otherwise pursuant to this Section 2.19(c) shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

SECTION 2.20 Mitigation. (a) Each Lender shall promptly notify the Borrower and the Administrative Agent of any event of which it has knowledge that will result in, and will use reasonable commercial efforts available to it (and not, in such Lender’s good faith judgment, otherwise disadvantageous to such Lender) to mitigate or avoid, (i) any obligation by the Borrower to pay any amount pursuant to Section 2.11
or 2.14 or (ii) the occurrence of any circumstance described in Section 2.12 (and, if any Lender has given notice of any such event described in clause (i) or (ii) above and thereafter such event ceases to exist, such Lender shall promptly so notify the Borrower and the Administrative Agent). In furtherance of the foregoing, each Lender will designate a different funding office if such designation will avoid (or reduce the cost to the Borrower of) any event described in clause (i) or (ii) of the preceding sentence and such designation will not, in such Lender’s good faith judgment, be otherwise disadvantageous to such Lender.

(b) Notwithstanding any other provision of this Agreement, if any Lender fails to notify the Borrower of any event or circumstance which will entitle such Lender to compensation pursuant to Section 2.11 within 180 days after such Lender obtains knowledge of such event or circumstance, then such Lender shall not be entitled to compensation from the Borrower for any amount arising prior to the date which is 180 days before the date on which such Lender notifies the Borrower of such event or circumstance.

ARTICLE III

(g) It is not illegal for any Lender to lend and there is no injunction, restraining order or equivalent prohibiting any Lender from lending its portion of the Advance or restricting the application of the proceeds thereof; provided that such Lender has used commercially reasonable efforts to make the Loans through an Affiliate of such Lender not subject to such legal restriction; provided further, that the occurrence of such event in relation to one Lender shall not relieve any other Lender of its obligations to make the Advance hereunder.

The Administrative Agent shall notify the Borrower and the Lenders of the Closing Date as soon as practicable upon its occurrence, and such notice shall be conclusive and binding.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES

SECTION 4.01 Representations and Warranties of the Borrower. The Borrower represents and warrants on the Effective Date and the date of the making of the Advance (it being understood the conditions to the Effective Date are solely those set out in Section 3.01 and the conditions to the Advance are solely those set out in Sections 3.02 and 3.03, as applicable) as follows:

(a) The Borrower is duly organized, validly existing and in good standing (to the extent that such concept exists) under the laws of its jurisdiction of organization.

(c) No authorization or approval or other action by, and no notice to or filing with, any Governmental Authority or regulatory body is required for the due execution, delivery and performance by the Borrower of this Agreement and the consummation of the transactions contemplated hereby, other than (i) the Panel, as directed by the Panel pursuant to the requirements of the City Code, anti-trust regulators, as directed by anti-trust regulators, as contemplated by the Scheme Documents or (as the case may be) the Takeover Offer Documents or as is obtained by the time required and (ii) the Bank of Japan with respect to post-facto filings that may be required under the Foreign Exchange Act in connection with the performance of this Agreement.

(e) The Borrower has heretofore furnished to the Lenders (i) its consolidated balance sheet at March 31, 2018 and the related consolidated statements of operations, shareholders’ equity and cash flows for the fiscal year ended March 31, 2018, in each case reported on by KPMG AZSA LLC, independent public accountants and (ii) the consolidated balance sheet of the Target as December 31, 2017 and the related consolidated statements of operations, shareholders’ equity and cash flows for the fiscal year ended December 31, 2017. (h) All written information (other than the Projections) concerning the Borrower, the Target and their Subsidiaries and the transactions contemplated hereby or otherwise prepared by or on behalf of the Borrower and its Subsidiaries and furnished to the Agents or the Lenders in connection with the negotiation of, or pursuant to the terms of, this Agreement when taken as a whole (and with respect to information regarding the Target Group, to the Borrower’s knowledge), was true and correct in all material respects as of the date when furnished by such Person to the Agents or the Lenders and did not, taken as a whole, when so furnished contain any untrue statement of a material fact as of any such date or omit to state a material fact necessary in order to make the statements contained therein, taken as a whole, not misleading in light of the circumstances under which such statements were made. The Projections and estimates and information of a general economic nature prepared by or on behalf of the Borrower or its Subsidiaries and that have been furnished by such Person to any Lenders or the Administrative Agent in connection with the transactions contemplated hereby have been prepared in good faith based upon assumptions believed by such Person to be reasonable as of the date of such Projections (it being understood that actual results may vary materially from the Projections).

(k) Neither the Borrower nor any ERISA Affiliate (i) is reasonably expected to incur any Withdrawal Liability to any Multiemployer Plan or has incurred any Withdrawal Liability that has not been satisfied in full or (ii) has been notified by the sponsor of a Multiemployer Plan that such Multiemployer Plan is in reorganization (within the meaning of Section 4241 of ERISA) or has been determined to be in "endangered" or "critical" status (within the meaning of Section 432 of the Code or Section 305 of ERISA), and no such Multiemployer Plan is reasonably expected to be in reorganization or in "endangered" or "critical" status.

(l) (i) The operations and properties of the Consolidated Group comply, and have complied for the previous three years, in all respects with all applicable Environmental Laws and Environmental Permits except to the extent that the failure to so comply, either individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect; (ii) all past non-compliance with such Environmental Laws and Environmental Permits has been resolved without any ongoing obligations or costs except to the extent that such non-compliance, individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect; and (iii) to the Borrower’s knowledge, no circumstances exist that would be reasonably expected to (A) form the basis of an Environmental Action against a member of the Consolidated Group or any of its properties that, either individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect or (B) cause any such property to be subject to any restrictions on ownership, occupancy, use or transferability under any Environmental Law that, either individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect.

(m) (i) None of the properties currently or formerly owned or operated by a member of the Consolidated Group is listed or formally proposed for listing on the NPL or on the CERCLIS or any analogous foreign, state or local list; (ii) to the Borrower’s knowledge, there are no, and never have been any, underground or aboveground storage tanks or any surface impoundments, septic tanks, pits, sumps or lagoons in which Hazardous Materials are being or have been treated, stored or disposed of on any property currently owned or operated by any member of the Consolidated Group or, to the Borrower’s knowledge, on any property formerly owned or operated by a member of the Consolidated Group that, either individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect; (iii) to the Borrower’s knowledge, there is no asbestos or asbestos-containing material on any property currently owned or operated by a member of the Consolidated Group the mitigation of which, either individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect; and (iv) to the Borrower’s knowledge, no Hazardous Materials have been released, discharged or disposed of on any property currently or formerly owned, leased or operated by a member of the Consolidated Group for which a member of the Consolidated Group could be expected to be made liable to remediate under Environmental Law except in each case as would not have a Material Adverse Effect.

(n) No member of the Consolidated Group is undertaking either individually or together with other potentially responsible parties, any investigation or assessment or remedial or response action relating to any actual or threatened release, discharge or disposal of Hazardous Materials at any site, location or operation, either voluntarily or pursuant to the order of any governmental or regulatory authority or the requirements of any Environmental Law that, either individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect; and, to the Borrower’s knowledge, all Hazardous Materials generated, used, treated, handled or stored at, or transported to or from, any property currently or formerly owned or operated by a member of the Consolidated Group, or any offsite locations to which a member of the Consolidated Group sent Hazardous Materials for treatment or disposal, have been disposed of in a manner that, either individually or in the aggregate, would not reasonably be expected to result in a Material Adverse Effect.
(o) The Borrower is not an “investment company” as defined in, or subject to regulation under, the
Investment Company Act of 1940, as amended.

obligations of the Borrower hereunder.

(q) The proceeds of the Advance will be used in accordance with Section 2.16.

(r) The Borrower has implemented and maintains in effect policies and procedures reasonably

Corruption Law or applicable Sanctions.

(t) The Borrower has delivered to the Administrative Agent a complete and correct copy of the

including all schedules and exhibits thereto. The release of the Offer Press Announcement and the posting of
the Takeover Offer Documents if a Takeover Offer is pursued has been or will be, prior to their release or
posting (as the case may be) duly authorized by the Borrower. Each of the material obligations of the
Borrower under the Takeover Offer Documents is or will be, when entered into and delivered, the legal,
valid and binding obligation of the Borrower, enforceable against such Persons in accordance with its terms
in each case, except as may be limited by (i) bankruptcy, insolvency, reorganization or other similar laws
affecting the rights and remedies of creditors generally and (ii) general principles of equity.

(i) Comply, and cause each member of the Consolidated Group to comply, with all applicable laws, rules, regulations and orders (such compliance to include, without limitation, compliance with ERISA and Environmental Laws), except to the extent that the failure to so comply, either individually or in the aggregate, would not reasonably be expected to have a Material Adverse Effect, and (ii) maintain in effect and enforce policies and procedures reasonably designed to promote compliance by the Borrower, its Subsidiaries and their respective directors, officers, employees and agents with Anti-Corruption Laws and applicable Sanctions.

Except where the failure to do so would reasonably be expected to result in a Material Adverse Effect, maintain, and cause each member of the Consolidated Group to maintain, insurance with responsible and reputable insurance companies or associations (or pursuant to self-insurance arrangements) in such amounts (after giving effect to any self-insurance which the Borrower believes (in the good faith judgement of management of the Borrower) is reasonable and prudent in light of the size and nature of its business) and covering such risks as is usually carried by companies engaged in similar businesses and owning similar properties in the same general areas in which any member of the Consolidated Group operates.

(e) Visitation Rights. At any reasonable time and from time to time during normal business hours (but not more than once annually if no Event of Default has occurred and is continuing), upon no less than ten (10) days’ prior notice to the Borrower, permit the Administrative Agent or any of the Lenders, or any agents or representatives thereof coordinated through the Administrative Agent, to examine and make copies of and abstracts from the records and books of account, and visit the properties, of the Consolidated Group, and to discuss the affairs, finances and accounts of the Consolidated Group with any of the members of the senior treasury staff of the Borrower.

(h) [reserved].

(i) Reporting Requirements. Furnish to the Administrative Agent for further distribution to the Lenders:

(i) as soon as available and in any event within 60 days after the end of each of the first three quarters of each fiscal year of the Borrower, a Consolidated balance sheet of the Consolidated Group as of the end of such quarter and Consolidated statements of income and cash flows of the Consolidated Group for the period commencing at the end of the previous fiscal year and ending with the end of such quarter, duly certified by the Chief Financial Officer or the Treasurer of the Borrower as having been prepared in accordance with IFRS (subject to the absence of footnotes and year end audit adjustments);

(iv) as soon as possible and in any event within five days after any Responsible Officer of the Borrower shall have obtained knowledge of the occurrence of each Default continuing on the date of such statement, a statement of a Responsible Officer of the Borrower setting forth details of such Default and the action that the Borrower has taken and proposes to take with respect thereto;

(v) promptly after the sending or filing thereof, copies of all reports that the Borrower sends to any of its securityholders, in their capacity as such, and copies of all reports and registration statements that members of the Consolidated Group file with the Prime Minister of Japan through the Financial Services Agency of Japan, the Securities and Exchange Commission or any national securities exchange;

(vi) promptly after a Responsible Officer of the Borrower obtains knowledge of the commencement thereof, notice of all actions, suits, investigations, litigations and proceedings before any court, governmental agency or arbitrator affecting the Consolidated Group of the type described in
Section 4.01(f)(b) subject, in each case, to any confidentiality, legal or regulatory restrictions relating to the supply of such information;

(vii) at any time following the Effective Date, if the Borrower has incurred any other subordinated Debt of the same priority as the Yen HYB Loans (including issuance of any Yen HYB Bonds), the Borrower shall promptly notify the Agent and all the Lenders of the fact thereof (including without exception the date of incurrence, the amount of incurrence, whether it constitutes equity, etc.); and

(viii) such other information respecting the Consolidated Group as any Lender through the Administrative Agent may from time to time reasonably request.

The Borrower shall be deemed to have delivered the financial statements and other information referred to in paragraphs (i), (ii) and (v) above when such financial statements and other information have been posted on the Borrower’s internet website or the website of the Financial Services Agency of Japan, the Securities and Exchange Commission or any national securities exchange (in each case, to the extent such website is accessible by the Lenders without charge) and the Borrower has notified the Administrative Agent. If the Administrative Agent requests hard copies of such financial statements and other information, the Borrower shall furnish these to the Administrative Agent provided that no request shall affect that delivery has deemed to occur in accordance with the immediately preceding sentence.

(j) The Scheme and Related Matters. To the extent applicable, the Borrower shall or it shall procure that the applicable members of the Consolidated Group shall:

(i) [reserved].

(ii) Provide evidence that a Scheme Circular is issued and dispatched as soon as is reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Original Scheme Press Release unless, during that period the Borrower has elected to convert the Target Acquisition from a Scheme to a Takeover Offer, in which case the Takeover Offer Document shall be issued and dispatched as soon as reasonably practicable and in any event within 28 days (or such longer period as may be agreed with the Panel) after the issuance of the Offer Press Announcement.

(iii) Comply in all material respects with the City Code (subject to any waivers or dispensations granted by the Panel or the Court) and all other applicable laws and regulations in relation to any Takeover Offer or Scheme.

(iv) Except as consented to by the Lead Arrangers and the Arranger in writing (such consent not to be unreasonably withheld, delayed or conditioned) and save to the extent that following the issue of a Scheme Press Release or an Offer Press Announcement the Borrower elects to proceed with the Target Acquisition by way of Takeover Offer or Scheme respectively, ensure that (i) if the Target Acquisition is effected by way of a Scheme, the Scheme Circular corresponds in all material respects to the terms and conditions of the Scheme as contained in the Scheme Press Release to which it relates or (ii) if the Target Acquisition is effected by way of a Takeover Offer, the Takeover Offer Document corresponds in all material respects to the terms and conditions of the Takeover Offer as contained in the corresponding Offer Press Announcement, subject to any variation required by the Court and to any variations required by the Panel or which are not materially adverse to the interests of the Lenders (or where the prior written consent of the Lead Arrangers and the Arranger has been given).
(v) Ensure that the Scheme Documents or, if the Target Acquisition is effected by way of a Takeover Offer, the Offer Documents, provided to the Lead Arrangers and the Arranger contain all the material terms and conditions of the Scheme or Takeover Offer, as at that date, as applicable.

(vi) Not make or approve any increase in the proposed amount of cash consideration payable per Target Share or make any other acquisition of any Target Share (including pursuant to a Takeover Offer) at a price that results in an increase in the cash consideration payable per Target Share stated in the Original Scheme Press Release, unless such modification in price is not materially adverse to the interests of the Lenders (or where the prior written consent of the Lead Arrangers and the Arranger has been given).

(vii) Except as consented to by the Lead Arrangers and the Arranger in writing in the event that the matter is material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed, or conditioned), not (i) amend or waive any term of the Scheme Documents or the Takeover Offer Documents, as applicable, in a manner materially adverse to the interests of the Lenders from those in the Original Scheme Press Release, or (ii) if the Target Acquisition is proceeding as a Takeover Offer, amend or waive the Acceptance Condition, save for, (A) in the case of clause (i), any amendment or waiver required by the Panel, the City Code, a court or any other applicable law, regulation or regulatory body, (B) in the case of clause (ii), a waiver of the Acceptance Condition to permit the Takeover Offer to become unconditional with acceptance of Target Shares (excluding any shares held in treasury) which, when aggregated with all Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares (excluding any shares held in treasury) as at the date on which the Takeover Offer is declared unconditional as to acceptances, (C) in the case of clause (i) and any condition detailed in the Original Scheme Press Release, any waiver of a condition, which such condition would not have entitled the Borrower to lapse the Scheme or Takeover Offer (as the case may be) under rule 13.5(a) of the Takeover Code or (D) an extension of the Long Stop Date (as defined in the Original Scheme Press Release) in the event that any condition in paragraphs 4(c) to (j) in Part A of Appendix 1 to the Original Scheme Press Release (or the equivalent provision in any Offer Press Announcement) has not been satisfied by the date falling 12 months after the Bridge Facility Effective Date.

(viii) Not take any action which would require the Borrower to make a mandatory offer for the Target Shares in accordance with Rule 9 of the City Code.

(ix) Provide the Administrative Agent with copies of each Offer Document or Scheme Document (as applicable) and such information as it may reasonably request regarding, in the case of a Takeover Offer, the current level of acceptances subject to any confidentiality, legal, regulatory or other restrictions relating to the supply of such information.

(x) Promptly deliver to the Administrative Agent the receiving agent certificate issued under Rule 10 of the City Code (if the Target Acquisition is being pursued pursuant to a Takeover Offer), any written agreement between the Borrower or its Affiliates and Target to the extent material to the interests of the Lenders (as reasonably determined by the Borrower) in relation to the consummation of the Target Acquisition (in each case, upon such documents or agreements being entered into by a member of the Consolidated Group), and all other material announcements and documents published by the Borrower or delivered by the Borrower to the Panel pursuant to the Takeover Offer or Scheme (other than the cash confirmation) and all legally binding agreements entered into by the Borrower in connection with a Takeover Offer or Scheme, in each case to the extent the Borrower, acting reasonably, anticipates they will be material to the interests of the Lenders in connection with the Transactions, except to the extent it is prohibited by legal (including contractual) or regulatory obligations from doing so.
In the event that a Scheme is switched to a Takeover Offer or vice versa, (which the Borrower shall be entitled to do on multiple occasions provided that it complies with the terms of this Agreement), (i) within the applicable time periods provided in the definition of “Mandatory Cancellation Event”, procure that an Offer Press Announcement or Scheme Press Release, as the case may be, is issued, and (ii) except as consented to by the Lead Arrangers and the Arranger in writing where such matters are material to the interests of the Lenders (such consent not to be unreasonably withheld, delayed or conditioned), ensure that (A) where the Target Acquisition is then proceeding by way of a Takeover Offer, the terms and conditions contained in the Offer Document include the Acceptance Condition and (B) except for any reference in the Scheme Documents to the recommendation of the Target Acquisition and the Scheme to the Scheme Shareholders by the board of directors of the Target, the conditions to be satisfied in connection with the Target Acquisition and contained in the Offer Documents or the Scheme Documents (whichever is applicable) are otherwise consistent in all material respects with those contained in the Offer Documents or Scheme Documents (whichever applied to the immediately preceding manner in which it was proposed that the Target Acquisition would be effected) (to the extent applicable for the legal form of a Takeover Offer or Scheme, as the case may be), in each case other than (i) in the case of clause (B), any changes permitted or required by the Panel or the City Code or any court of competent jurisdiction or are required to reflect the change in legal form to a Takeover Offer or Scheme or (ii) changes that could have been made to the Scheme or a Takeover Offer in accordance with the relevant provisions of this Agreement or which reflect the requirements of the terms of this Agreement and the manner in which the Target Acquisition may be effected, including, without limitation, changes to the price per Target Share which are made in accordance with the relevant provisions of this Agreement or any other agreement between the Borrower and the Lead Arrangers and the Arranger.

In the case of a Takeover Offer, (i) not declare the Takeover Offer unconditional as to acceptances until the Acceptance Condition has been satisfied and (ii) promptly upon the Borrower acquiring Target Shares which represent not less than 90% in nominal value of the Target Shares to which the Takeover Offer relates or, if the Takeover Offer relates to Target Shares of different classes, not less than 90% in nominal value of the shares of any class to which the Takeover Offer relates, ensure that notices under Article 117 of the Jersey Companies Law in respect of Target Shares that the Borrower has not yet agreed to directly or indirectly acquire are issued.

In the case of a Scheme, within 90 days of the Scheme Effective Date, and in relation to a Takeover Offer, within 90 days after the later of (i) the Closing Date and (ii) the date upon which the Borrower (directly or indirectly) owns and/or has agreed to own or acquire and has received valid acceptances (which have not been withdrawn or cancelled) of Target Shares (excluding any shares held in treasury) in respect of, which, when aggregated with all other Target Shares owned by the Borrower (directly or indirectly), represent not less than 75% of all Target Shares (excluding any shares held in treasury), procure that such action as is necessary is taken to de-list the Target Shares from the Official List of the Financial Conduct Authority and to cancel trading in the Target Shares on the main market for listed securities of the London stock exchange and as soon as reasonably practicable thereafter, and subject always to the Jersey Companies Law and any applicable listing rules, use its reasonable endeavors to re-register Target as a private limited company.

Except as consented by the Lead Arrangers and the Arranger in writing, not give its consent with respect to any frustrating action of the Target pursuant to Rule 21.1(c)(ii) of the City Code.

Use of Proceeds. The proceeds of the Advance will be used in accordance with the provisions of Section 2.16. No part of the proceeds of the Advance will be used, whether directly or indirectly, for any
purpose that entails a violation of any of the Regulations of the Board, including Regulations U and X. The Borrower will not request the Borrowing, and the Borrower shall not use, and the Borrower shall procure that its Subsidiaries and its or their respective directors, officers, employees and agents shall not use, the proceeds of the Borrowing (i) for payments to any Person in violation of any Anti-Corruption Laws, (ii) for the purpose of funding, financing or facilitating any activities, business or transaction of or with any Sanctioned Person, or in any Sanctioned Country, to the extent such activities, businesses or transaction would be prohibited by Sanctions if conducted by a corporation incorporated in the United States, Japan, the United Kingdom or in a European Union member state or (iii) in any other manner that would result in the violation of any Sanctions applicable to any party hereto.

(l) Anti-Social Conduct; Anti-Social Groups. Each party hereto shall ensure that (i) it is not classified as an Anti-Social Group, nor shall any such party have any Anti-Social Relationship nor engage in any Anti-Social Conduct, whether directly or indirectly through a third party and (ii) it shall not make any claim against any other party hereto for any damages or losses suffered or incurred as a result of such other party exercising its rights under this Agreement as a result of any breach of this clause (l) or any misrepresentation in connection with Section 4.02.

(m) Pari Passu Ranking. Notwithstanding anything to the contrary contained herein or in any other provision of this Agreement, the Borrower shall ensure that the Advance and all related obligations of the Borrower under this Agreement rank at least pari passu with the claims of all its other unsecured and unsubordinated creditors except those creditors whose claims are mandatorily preferred by laws of general application to companies.

The Borrower hereby acknowledges that the Administrative Agent, the Lead Arrangers and/or the Arranger will make available to the Lenders materials and/or information provided by or on behalf of the Borrower hereunder (collectively, “Borrower Materials”) by posting the Borrower Materials on IntraLinks or another similar secure electronic system (the “Platform”).

Certain of the Lenders (each, a “Public Lender”) may have personnel who do not wish to receive material non-public information with respect to the Borrower or its respective Affiliates, or the respective securities of any of the foregoing, and who may be engaged in investment and other market-related activities with respect to such Persons’ securities. The Borrower hereby agrees that (w) all Borrower Materials that are to be made available to Public Lenders shall be clearly and conspicuously marked “PUBLIC”; (x) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat the Borrower Materials as not containing any material non-public information with respect to the Borrower or its securities for purposes of the FIEA or United States Federal and state securities laws (provided, however, that to the extent the Borrower Materials constitute Information, they shall be treated as set forth in Section 9.08); (y) all Borrower Materials marked “PUBLIC,” the Borrower shall be deemed to have authorized the Administrative Agent and the Lenders to treat the Borrower Materials as not containing any material non-public information with respect to the Borrower or its securities for purposes of the FIEA or United States Federal and state securities laws (provided, however, that to the extent the Borrower Materials constitute Information, they shall be treated as set forth in Section 9.08); (z) the Administrative Agent and the Lead Arrangers and the Arranger shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Side Information.” Notwithstanding the foregoing, the Borrower shall be under no obligation to mark any Borrower Materials “PUBLIC.”

For purposes of the foregoing paragraph, with respect to the Borrower or its affiliates or securities, the term “material non-public information” shall include, without limitation (i) “material facts” (juyo jijitsu) as prescribed in Paragraph 2, Article 166 (Prohibited Acts of Corporate Insiders) of the FIEA and/or (ii) “issuer related information” (hojin kankei jyouho) as defined in Item 14, Paragraph 4, Article 1 of the Cabinet Office Ordinance on Financial Instruments Business, etc. (Cabinet Office Ordinance No. 52 of August 6, 2007), meaning any information relating to the operation, business or asset of the Borrower which is material non-public information and, if it were made public, would likely to have an effect on the investment decision of the investors and any non-public information in relation to a launch or a cancellation of a TOB of shares of common stock of the Borrower.
SECTION 5.02 Negative Covenants. So long as any portion of the Advance shall remain unpaid or any Lender shall have any Commitment hereunder, the Borrower will not:

(a) Liens, Etc. Incur, issue, assume or guarantee, or permit any member of the Consolidated Group to incur, issue, assume or guaranty, at any time, any Borrowed Debt secured by a Lien on any property or asset now owned or hereafter acquired by the Borrower or any member of the Consolidated Group (other than Unrestricted Margin Stock), without effectively providing that the Advance outstanding at such time (together with, if the Borrower shall so determine, any other Borrowed Debt of the Borrower or such member of the Consolidated Group existing at such time or thereafter created that is not subordinate to the Advance) shall be secured equally and ratably with (or prior to) such secured Borrowed Debt, so long as such secured Borrowed Debt shall be so secured, unless, after giving effect thereto, the aggregate amount of all such secured Borrowed Debt would not exceed $2,500,000,000; provided, however, that this Section 5.02(a) shall not apply to, and there shall be excluded from secured Borrowed Debt in any computation under this Section 5.02(a), Borrowed Debt secured by:

(i) Liens on property of, or on any shares of stock or Borrowed Debt of, any Person existing at the time such Person becomes a member of the Consolidated Group;

(ii) Liens in favor of any member of the Consolidated Group;

(iv) Liens on property of a member of the Consolidated Group in favor of the United States or any State thereof, or any department, agency or instrumentality or political subdivision of the United States or any State thereof, or in favor of any other country, or any political subdivision thereof, to secure partial, progress, advance or other payments pursuant to any contract or statute;

(v) Liens on property (including that of the Target and its Subsidiaries), shares of stock or Borrowed Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation) or to secure the payment of all or any part of the purchase price or construction or improvement cost thereof or to secure any Debt incurred prior to, at the time of, or within 180 days after, the acquisition of such property or shares or Borrowed Debt or the completion of any such construction or improvement for the purpose of financing all or any part of the purchase price or construction or improvement cost thereof;

(vi) Liens existing on the Effective Date;

(vii) (x) bankers’ Liens, rights of setoff, revocation, refund, chargeback or overdraft protection, and other similar Liens existing solely with respect to cash and cash equivalents on deposit in one or more accounts maintained by the Borrower or any member of the Consolidated Group, in each case granted in the ordinary course of business in favor of the bank or banks with which such accounts are maintained, securing amounts owing to such bank with respect to cash management and operating account arrangements, including those involving pooled accounts and netting arrangements and (y) Liens or rights of setoff against credit balances of the Borrower or any member of the Consolidated Group with credit card issuers or credit card processors or amounts owing by payment card issuers or payment card processors to Borrower or any member of the Consolidated Group in the ordinary course of business;
CONFORMED COPY

(viii) Liens arising from any monetization, securitization or other financing of accounts receivable or other receivables (including any related rights or claims) or in connection with factoring programs entered into in the ordinary course of business and consistent with past practice and on a non-recourse basis to the Borrower and its Subsidiaries; provided, that such Liens do not encumber any property or assets other than the accounts receivable or other receivables (including any related rights or claims) subject to such monetization, securitization, financing or factoring arrangement and any proceeds of the foregoing; provided, further, that the aggregate principal amount of the obligations secured by such Liens shall not exceed (x) prior to the Closing Date, $750,000,000 or (y) on or after the Closing Date, $1,500,000,000.

(ix) Liens incurred in connection with pollution control, industrial revenue or similar financing;

(x) survey exceptions and such matters as an accurate survey would disclose, easements, trackage rights, leases, licenses, special assessments, rights of way covenants, conditions, restrictions and declarations on or with respect to the use of real property, servicing agreements, development agreements, site plan agreements and other similar encumbrances incurred in the ordinary course of business and title defects or irregularities that are of a minor nature and that, in the aggregate, do not interfere in any material respect with the ordinary conduct of the business of the Borrower or any member of the Consolidated Group; and

(xi) any extension, renewal or replacement (or successive extensions, renewals or replacements), as a whole or in part, of any Borrowed Debt secured by any Lien referred to in subclauses (i) through (x) of this Section 5.02(a); provided, that (i) such extension renewal or replacement Lien shall be limited to all or a part of the same property, shares of stock or Debt that secured the Lien extended, renewed or replaced (plus improvements on such property) and (ii) the Borrowed Debt secured by such Lien at such time is not increased.

(b) Mergers, Etc. Merge or consolidate with or into, or convey, transfer, lease or otherwise dispose of (whether in one transaction or in a series of transactions) all or substantially all of its assets (other than Unrestricted Margin Stock) (whether now owned or hereafter acquired) to, any Person, or permit any member of the Consolidated Group to do so, except that:

(i) any member of (x) the Consolidated Group other than the Borrower may merge or consolidate with or into or (y) the Consolidated Group may dispose of assets to, in each case, any other member of the Consolidated Group;

(ii) the Borrower may merge with any other Person so long as (A) the Borrower is the surviving entity or (B) the surviving entity shall succeed, by agreement reasonably satisfactory in form and substance to the Required Lenders, to all of the businesses and operations of the Borrower and shall assume all of the rights and obligations of the Borrower under this Agreement and the other Loan Documents (it being understood that notwithstanding the foregoing, the consummation of the Transactions shall not be prohibited by this Section 5.02(b) or otherwise pursuant hereto);

(iii) any member of the Consolidated Group (other than the Borrower) may merge or consolidate with or into another Person, convey, transfer, lease or otherwise dispose of all or any portion of its assets so long as (A) the consideration received in respect of such merger, consolidation, conveyance, transfer, lease or other disposition is at least equal to the fair market value of such assets and (B) no Material Adverse Effect would reasonably be expected to result from such merger, consolidation, conveyance, transfer, lease or other disposition;
provided, in the cases of clause (i), (ii) and (iii) hereof, that no Default or Event of Default (or, during the Certain Funds Period, no Certain Funds Default) shall have occurred and be continuing at the time of such proposed transaction or would result therefrom.

(c) **Accounting Changes.** Change the Borrower’s fiscal year-end from March 31 of each calendar year; provided that the Borrower may change its fiscal year-end to December 31 of each calendar year in connection with the Transactions.

(d) **Change in Nature of Business.** Make any material change in the nature of the business of the Consolidated Group, taken as a whole, from that carried out by the Borrower and its Subsidiaries (other than the Target and its Subsidiaries) on the Effective Date and by Target and its Subsidiaries on the Closing Date; it being understood that this Section 5.02(d) shall not prohibit (i) the Transactions or (ii) members of the Consolidated Group from conducting any business or business activities incidental or related to such business as carried on as of the Effective Date (in the case of the Borrower and its Subsidiaries other than the Target and its Subsidiaries) or as of the Closing Date (in the case of the Target and its Subsidiaries) or any business or activity that is reasonably similar or complementary thereto or a reasonable extension, development or expansion thereof or ancillary thereto.

(e) **Subsidiary Debt.** Permit any of its Subsidiaries to create or suffer to exist any Borrowed Debt other than:

(i) Borrowed Debt existing on the Effective Date and disclosed to the Lenders prior to the date hereof (the “Existing Debt”);

(ii) Borrowed Debt of any Person (including the Target or any of its Subsidiaries) that becomes a Subsidiary after the date hereof; provided that such Borrowed Debt exists at the time such Person becomes a Subsidiary of the Borrower and is not created in contemplation of or in connection with such Person becoming a Subsidiary of the Borrower;

(iii) Borrowed Debt of any Subsidiary owed to any member of the Consolidated Group;

(iv) Borrowed Debt secured by Liens of the type described in and to the extent permitted by Sections 5.02(a)(iii), (iv), (v), (ix) and (xii) (to the extent it applies to Borrowed Debt secured by Liens referred to in Sections 5.02(a)(iii), (iv), (v) or (ix));

(v) Borrowed Debt under ordinary course working capital or overdraft facilities;

(vi) Borrowed Debt consisting of commercial paper;

(vii) Borrowed Debt consisting of purchase money indebtedness; and

(viii) Borrowed Debt in an aggregate outstanding principal amount at any time not exceeding the greater of (x) $2,500,000,000 and (y) 15% of Consolidated Tangible Assets (determined by reference to the financial statements most recently delivered pursuant to Section 5.01(i) (or prior to the first such delivery, the financial statements referred to in Section 4.01(e)));

For purposes of calculating the aggregate principal amount of the Consolidated Tangible Assets of the Borrower on any date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.
SECTION 5.03 Financial Covenant. Consolidated Net Debt to Consolidated EBITDA. Beginning on the later of (i) the last day of the first fiscal half year ending at least one full fiscal quarter after the Closing Date (which, for the avoidance of doubt, shall be no later than March 31, 2020) and (ii) (A) if the fiscal year-end is December 31, June 30, 2019 or (B) if the fiscal year-end is March 31, September 30, 2019 and on the last day of each fiscal half year ending thereafter, the Borrower will not permit, as of the last day of any such fiscal half year (each such date, the “Testing Date”), the ratio of (x) Consolidated Net Debt at such time to (y) Consolidated EBITDA of the Borrower for the four consecutive fiscal quarter period ending as of such date to exceed the ratio level set forth in the applicable table below for such applicable Testing Date:

If a Testing Date would have occurred in the fiscal quarter in which the Borrower changed its fiscal year-end to December 31 (the “Fiscal Year Change”) but does not because of such Fiscal Year Change, the last day of such fiscal quarter shall be a Testing Date notwithstanding the Fiscal Year Change.

Notwithstanding the foregoing, in the event that the Borrower incurs indebtedness in an amount no less than $5,000,000,000 in connection with an Acquisition and the Borrower’s Public Debt Rating is equal to or higher than each of (x) Baa3 from Moody’s and (y) BBB- from S&P, then the Borrower shall be permitted on one (1) occasion during the term of this Agreement to allow the maximum ratio of Consolidated Net Debt to Consolidated EBITDA permitted pursuant this Section 5.03 to be increased to 5.00 to 1.00 (if the then applicable required ratio level is lower than 5.00 to 1.00); provided that on the second Testing Date after the Testing Date on which such maximum ratio was increased to 5.00 to 1.00, the maximum ratio permitted under this Section 5.03 shall be 4.50 to 1.00 and on the fourth Testing Date after the Testing Date on which such maximum ratio was increased to 5.00 to 1.00, the maximum ratio permitted under this Section 5.03 shall be 4.00 to 1.00.

For purposes of calculating the aggregate principal amount of the Consolidated Net Debt of the Borrower on any such date, the currency exchange rate used for such calculation shall be the rate used in the annual or semi-annual financial statements for such date; provided, however, that if the Borrower determines that an average exchange rate is a more accurate reflection of the value of such currency over such four consecutive fiscal quarter period, the currency exchange rate used may be, at the option of the Borrower, the currency exchange rate used for the statement of income of the Borrower for such fiscal half year.

ARTICLE VI

EVENTS OF DEFAULT

SECTION 6.01 Events of Default. If any of the following events (“Events of Default”) shall occur and be continuing:

(a) The Borrower shall fail (i) to pay any principal of the Advance when the same becomes due and payable or (ii) to pay any interest on the Advance or make any payment of fees or other amounts payable under this Agreement within five Business Days after the same becomes due and payable; or
(b) Any representation or warranty made by the Borrower herein or in any other Loan Document (or any of its officers or directors) in connection with this Agreement or in any certificate or other document furnished pursuant to or in connection with this Agreement, if any, in each case shall prove to have been incorrect in any material respect when made or deemed made; or

(c) (i) The Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(d)(i), 5.01(i)(iv), 5.01(j), 5.02(a), 5.02(b), 5.02(d), 5.03 or (ii) the Borrower shall fail to perform or observe any term, covenant or agreement contained in Section 5.01(e) or clauses (i)-(iii) or (v)-(vii) of Section 5.01(i) if such failure shall remain unremedied for 10 Business Days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender, or (iii) the Borrower shall fail to perform or observe any other term, covenant or agreement contained in this Agreement, if any, in each case on its part to be performed or observed if such failure shall remain unremedied for 30 days after written notice thereof shall have been given to the Borrower by the Administrative Agent or any Lender; or

(d) The Borrower or any Significant Subsidiary shall fail to pay any principal of or premium or interest on any Debt that is outstanding in a principal amount, or, in the case of any Hedge Agreement, having a maximum Agreement Value, of at least $200,000,000 in the aggregate (but excluding Debt outstanding hereunder) of the Borrower or such Significant Subsidiary, when the same becomes due and payable (whether by scheduled maturity, required prepayment, acceleration, demand or otherwise), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt; or any other event shall occur or condition shall exist under any agreement or instrument relating to any such Debt and shall continue after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such Debt; or any such Debt shall be declared to be due and payable, or required to be prepaid or redeemed (other than by a regularly scheduled required prepayment or redemption), purchased or defeased, or an offer to prepay, redeem, purchase or defease such Debt shall be required to be made, in each case prior to the stated maturity thereof; it being understood and agreed that notwithstanding the foregoing, the delivery of a notice of prepayment by one or more lenders under the Existing Target Indebtedness as a result of the occurrence of the Target Acquisition will not result in an Event of Default under this clause (d); provided that this clause (d) will apply to the extent there is a failure to make any such prepayment when the same becomes due and payable; or

(e) The Borrower or any Significant Subsidiary shall generally not pay its debts as such debts become due, or shall admit in writing its inability to pay its debts generally, or shall make a general assignment for the benefit of creditors; or any proceeding shall be instituted by or against the Borrower or any Significant Subsidiary seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up, reorganization, arrangement, adjustment, protection, relief, or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or seeking the entry of an order for relief or the appointment of a receiver, trustee, custodian or other similar official for it or for any substantial part of its property and, in the case of any such proceeding instituted against it (but not instituted by it), such proceeding shall remain undismissed or unstayed for a period of 60 days; or the Borrower or any Significant Subsidiary shall take any corporate action to authorize any of the actions set forth above in this Section 6.01(e). With respect to the Borrower or any Significant Subsidiary organized under the laws of Japan, the following shall constitute an Event of Default: if (i) the Borrower makes an express declaration or implicit declaration of its inability to pay its debts to its creditors generally (shiharai teishi); (ii) a bank clearinghouse refuses to process the Borrower’s checks (tegata torihiki teishi shobun); or densai.net Co., Ltd. (iii) an order is issued by a court for the attachment (whether preliminary or otherwise) or preservation of the Borrower’s material property, estate or other right and is not discharged within sixty (60) days; (iv) a receiver or trustee is appointed for all or a portion of the property or estate of the Borrower; (v) an
involuntary petition for commencement of bankruptcy (hasan), corporate reorganization (kaisha kosei), civil rehabilitation (minji saisei), special liquidation (tokubetsu seisan) or similar proceedings are filed against the Borrower and are not discharged within sixty (60) days; (vi) the Borrower files a voluntary petition (including a petition filed by a director of the Borrower) to commence, or a court of competent jurisdiction approves an involuntary petition with respect to and commences the procedure of, any of the proceedings specified in subparagraph (v) above; (vii) a voluntary petition to commence a special conciliation proceeding (tokutei choutei); or (viii) the Borrower adopts a resolution for liquidation at a meeting of its shareholders; or

(f) Any one or more judgments or orders for the payment of money in excess of $200,000,000 shall be rendered against a member of the Consolidated Group and either (i) enforcement proceedings shall have been commenced by any creditor upon such judgment or order or (ii) there shall be any period of 60 consecutive days during which a stay of enforcement of such judgment or order, by reason of a pending appeal or otherwise, shall not be in effect; provided, however, that, for purposes of determining whether an Event of Default has occurred under this Section 6.01(f), the amount of any such judgment or order shall be reduced to the extent that (A) such judgment or order is covered by a valid and binding policy of insurance between the defendant and the insurer covering payment thereof and (B) such insurer, which shall be rated at least “A” by A.M. Best Company, has been notified of, and has not disputed the claim made for payment of, such judgment or order; or

(g) Any Person shall become an owner (hoyusha) or two or more Persons shall become joint owners (kyodo hoyusha) (in each case within the meaning of Articles 27-23 of the FIEA) of Voting Stock of the Borrower (or other securities convertible into or exchangeable for such Voting Stock) representing 50% or more of the combined voting power of all Voting Stock of the Borrower (as calculated pursuant to Article 27-23, Paragraph 4 of the FIEA); or

(h) One or more of the following shall have occurred or is reasonably expected to occur, which in each case would reasonably be expected to result in a Material Adverse Effect: (i) any ERISA Event; (ii) the partial or complete withdrawal of the Borrower or any ERISA Affiliate from a Multiemployer Plan; or (iii) the termination of a Multiemployer Plan; or

(i) This Agreement shall cease to be valid and enforceable against the Borrower (except to the extent it is terminated in accordance with its terms) or the Borrower shall so assert in writing;

then, and in any such event (subject to Section 3.04), the Administrative Agent (i) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the obligation of each Lender to make the Advance to be terminated, whereupon the same shall forthwith terminate, and (ii) shall at the request, or may with the consent, of the Required Lenders, by notice to the Borrower, declare the Advance, all interest thereon and all other amounts payable under this Agreement to be forthwith due and payable, whereupon the Advance, all such interest and all such amounts shall become and be forthwith due and payable, without presentment, demand, protest or further notice of any kind, all of which are hereby expressly waived by the Borrower; provided, however, (but for the avoidance of doubt, always subject to Section 3.04) that in the event of an Event of Default under Section 6.01(e), (A) the Commitment of each Lender shall automatically be terminated and (B) the Advance, all such interest and all such amounts shall automatically become and be due and payable, without presentment, demand, protest or any notice of any kind, all of which are hereby expressly waived by the Borrower.

Notwithstanding anything in this Agreement to the contrary, for a period commencing on the Closing Date and ending on the date falling 180 days after the Closing Date (the “Clean-up Date”), notwithstanding any other provision of any Loan Document, any breach of covenants, misrepresentation or other default which arises with
respect to the Target Group will be deemed not to be a breach of representation or warranty, a breach of covenant or an Event of Default, as the case may be, if:

(i) it is capable of remedy and reasonable steps are being taken to remedy it;

(ii) the circumstances giving rise to it have not knowingly been procured by or approved by the Borrower; and

(iii) it is not reasonably likely to have a Material Adverse Effect.

If the relevant circumstances are continuing on or after the Clean-up Date, there shall be a breach of representation or warranty, breach of covenant or Event of Default, as the case may be, notwithstanding the above.

ARTICLE VII

THE AGENTS

SECTION 7.01 Authorization and Action. Each Lender hereby irrevocably appoints Sumitomo Mitsui Banking Corporation (or any branch or Affiliate thereof designated by it) to act on its behalf as the Administrative Agent hereunder and authorizes the Administrative Agent to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Article VII (other than the third sentence of Section 7.04) are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a third party beneficiary of any of such provisions (other than the third sentence of Section 7.04).

SECTION 7.02 Administrative Agent Individually. The Person serving as the Administrative Agent hereunder shall have the same rights and powers in its capacity as a Lender as any other Lender and may exercise the same as though it were not the Administrative Agent and the term “Lender” or “Lenders” shall, unless otherwise expressly indicated or unless the context otherwise requires, include the Person serving as the Administrative Agent hereunder in its individual capacity as a Lender. Such Person and its Affiliates may accept deposits from, own securities of, lend money to, act as the financial advisor or in any other advisory capacity for and generally engage in any kind of business with any member of the Consolidated Group or other Affiliate thereof as if such Person were not the Administrative Agent hereunder and without any duty to account therefor to the Lenders.

SECTION 7.03 Duties of Administrative Agent; Exculpatory Provisions.

(a) The Administrative Agent’s duties hereunder and under the other Loan Documents are solely ministerial and administrative in nature, and the Administrative Agent shall not have any duties or obligations except those expressly set forth herein or in any other Loan Document. Without limiting the generality of the foregoing, the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers but shall be required to act or refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the written direction of the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in any other Loan Document); provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent or any of its Affiliates to liability or that is contrary to any Loan Document or applicable law, including for the avoidance of doubt, any action that may be in violation of the automatic stay under any Debtor Relief Law or that may effect a forfeiture, modification or termination of property of a Defaulting Lender in violation of any Debtor Relief Law.
(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances as provided in Section 9.01 or 6.01) or (ii) in the absence of its own gross negligence or willful misconduct. The Administrative Agent shall be deemed not to have knowledge of any Default or Event of Default unless and until the Borrower or any Lender shall have given notice to the Administrative Agent describing such Default or Event of Default.

(c) The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty, representation or other information made or supplied in or in connection with this Agreement or any other Loan Document or the information memorandum distributed in connection with the syndication of the Commitments and the Advance hereunder, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith or the adequacy, accuracy and/or completeness of the information contained therein, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Agreement, any other Loan Document or any other agreement, instrument or document or (v) the satisfaction of any condition set forth in Article III or elsewhere herein, other than (but subject to the foregoing clause (ii)) to confirm receipt of items expressly required to be delivered to the Administrative Agent.

(d) Nothing in this Agreement or any other Loan Document shall require the Administrative Agent or any of its Related Parties to carry out any “know your customer” or other checks in relation to any person on behalf of any Lender, and each Lender confirms to the Administrative Agent that it is solely responsible for any such checks it is required to carry out and that it may not rely on any statement in relation to such checks made by the Administrative Agent or any of its Related Parties.

SECTION 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the Effective Date, the making of the Advance or the Closing Date that by its terms must be fulfilled to the satisfaction of a Lender, each Lender shall be deemed to have consented to, approved or accepted such condition unless (i) an officer of the Administrative Agent responsible for the transactions contemplated hereby shall have received notice to the contrary from such Lender prior to the occurrence of the Effective Date, the making of the Advance or the Closing Date, as applicable, and (ii) in the case of a condition to the making of an Advance, such Lender shall not have made available to the Administrative Agent such Lender’s ratable portion of such Borrowing. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder by or through any one or more sub agents appointed by the Administrative Agent. The Administrative Agent and any such sub agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. Each such sub agent and the Related Parties of the Administrative Agent and each such sub agent shall be entitled to the benefits of all provisions of this Article VII and Section 9.04 (as though such sub-agents were the “Administrative Agent” under this Agreement) as if set forth in full herein with respect thereto.
SECTION 7.06  Resignation of Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right (with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), to appoint a successor, which shall be a bank with an office in the United States or Tokyo, or an Affiliate of any such bank with an office in the United States or Tokyo. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders (and with the consent of the Borrower, provided that no consent of the Borrower shall be required if an Event of Default has occurred and is continuing), appoint a successor Administrative Agent meeting the qualifications set forth above. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) With effect from the Resignation Effective Date (i) the retiring Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring Administrative Agent, all payments, communications and determinations to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Administrative Agent (other than any rights to indemnity payments owed to the retiring Administrative Agent), and the retiring Administrative Agent shall be discharged from all of its duties and obligations hereunder and under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring Administrative Agent’s resignation hereunder and under the other Loan Documents, the provisions of this Article VII and Section 9.04 shall continue in effect for the benefit of such retiring Administrative Agent, its sub agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring Administrative Agent was acting as Administrative Agent.

SECTION 7.07  Non-Reliance on Administrative Agent and Other Lenders. Each Lender acknowledges and agrees that the extensions of credit made hereunder are commercial loans and not investments in a business enterprise or securities. Each Lender further represents that it is engaged in making, acquiring or holding commercial loans in the ordinary course of its business and has, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any other Lender and their respective Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement as a Lender, and to make, acquire or hold the Advance hereunder. Each Lender shall, independently and without reliance upon the Administrative Agent, any arranger of the credit facilities evidenced by this Agreement or any amendment thereof or any other Lender and their respective Related Parties and based on such documents and information (which may contain material, non-public information within the meaning of the United States securities laws concerning the Borrower and its Affiliates) as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any related agreement or any document furnished hereunder or thereunder and in deciding whether or to the extent to which it will continue as a Lender or assign or otherwise transfer its rights, interests and obligations hereunder. Nothing in this Agreement shall oblige the Administrative Agent to conduct any “know your customer” or other procedures in relation to any Person or any check on the extent to which any transaction contemplated by this Agreement might be unlawful for any Lender, on behalf of any Lender and each Lender confirms to the Administrative Agent that it is solely responsible for any such procedures or check it is required to conduct and that it shall not rely on any statement in relation to such procedures or check made by the Administrative Agent.
SECTION 7.08 Indemnification. The Lenders agree to indemnify the Administrative Agent (to the extent not reimbursed by the Borrower), ratably according to the respective principal amounts of the Advance made by each of them (or, if the Advance is not at the time outstanding, ratably according to the respective amounts of their Commitments), from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses and disbursements of any kind or nature whatsoever that may be imposed on, incurred by, or asserted against the Administrative Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Administrative Agent under this Agreement, in each case, acting in the capacity of Administrative Agent; provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Administrative Agent’s gross negligence or willful misconduct. Without limitation of the foregoing, each Lender agrees to reimburse the Administrative Agent promptly upon demand for its ratable share of any out-of-pocket expenses (including reasonable counsel fees) incurred by the Administrative Agent in connection with the preparation, execution, delivery, administration, modification, amendment or enforcement (whether through negotiations, legal proceedings or otherwise) of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Administrative Agent is not promptly reimbursed for such expenses by the Borrower.

SECTION 7.09 Other Agents. None of the Lenders identified on the facing page or signature pages of this Agreement as an “arranger” or “book runner” shall have any right, power, obligation, liability, responsibility or duty under this Agreement other than those applicable to all Lenders as such. Without limiting the foregoing, none of the Lenders so identified shall have or be deemed to have any fiduciary relationship with any Lender. Each Lender acknowledges that it has not relied, and will not rely, on any of the Lenders so identified in deciding to enter into this Agreement or in taking or not taking action hereunder.

SECTION 9.01 Amendments, Etc.

(a) Except as provided in Section 2.08(c), no amendment or waiver of any provision of this Agreement, nor consent to any departure by the Borrower therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Borrower and acknowledged by the Administrative Agent, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided, however, that no amendment, waiver or consent shall, unless in writing, do any of the following:

(i) waive any of the conditions specified in Section 3.01, 3.02 or 3.03 unless signed by each Lender directly and adversely affected thereby;

(ii) increase or extend the Commitments of a Lender or subject a Lender to any additional obligations, unless signed by such Lender;

(iii) reduce the principal of, or stated rate of interest on, the Advance, the stated rate at which any fees hereunder are calculated or any other amounts payable hereunder, unless signed by each
Lender directly and adversely affected thereby; provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Default Interest” or to waive any obligation of the Borrower to pay Default Interest (except that no amendment entered into pursuant to the terms of Section 2.08(c) shall constitute a reduction in the rate of interest or fees for purposes of this clause (ii));

(iv) postpone any date fixed for any payment of principal of, or interest on, the Advance or any fees or other amounts payable hereunder, unless signed by each Lender directly and adversely affected thereby;

(v) change the percentage of the Commitments or of the aggregate unpaid principal amount of the Advance, or the number of Lenders, that, in each case, shall be required for the Lenders or any of them to take any action hereunder, unless signed by all Lenders; or

(vi) amend this Section 9.01, unless signed by all Lenders.

and provided further that no amendment, waiver or consent shall, unless in writing and signed by the Administrative Agent in addition to the Lenders required above to take such action, affect the rights or duties of the Administrative Agent under this Agreement. Notwithstanding the foregoing, the Administrative Agent and the Borrower may amend any Loan Document to correct any errors, mistakes, omissions, defects or inconsistencies, or to effect administrative changes that are not adverse to any Lender, and such amendment shall become effective without any further consent of any other party to such Loan Document other than the Administrative Agent and the Borrower.

(b) [reserved].

(c) If, in connection with any proposed amendment, waiver or consent requiring the consent of “all Lenders,” “each Lender” or “each Lender directly and adversely affected thereby,” the consent of the Required Lenders is obtained, but the consent of other necessary Lenders is not obtained (any such Lender whose consent is necessary but not obtained being referred to herein as a “Non-Consenting Lender”), then the Borrower may elect to replace a Non-Consenting Lender as a Lender party to this Agreement; provided that, concurrently with such replacement, (i) another bank or other entity (which is reasonably satisfactory to the Borrower and the Administrative Agent) shall agree, as of such date, to purchase at par for cash the Advance and other obligations under the Loan Documents due to the Non-Consenting Lender pursuant to an Assignment and Acceptance and to become a Lender for all purposes under this Agreement and to assume all obligations of the Non-Consenting Lender to be terminated as of such date, and (ii) the Borrower shall pay to such Non-Consenting Lender in same day funds on the day of such replacement all principal, interest, fees and other amounts then accrued but unpaid to such Non-Consenting Lender by the Borrower to and including the date of termination. A Lender shall not be required to make any such assignment and delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply. Each party hereto agrees that an assignment required pursuant to this paragraph may be effected pursuant to an Assignment and Acceptance executed by the Borrower, the Administrative Agent and the assignee (or, to the extent applicable, an agreement incorporating an Assignment and Acceptance by reference pursuant to an approved electronic platform as to which the Administrative Agent and such parties are participants), and (b) the Lender required to make such assignment need not be a party thereto in order for such assignment to be effective and shall be deemed to have consented to an be bound by the terms thereof; provided that, following the effectiveness of any such assignment, the other parties to such assignment agree to execute and deliver such documents necessary to evidence such assignment as reasonably requested by the applicable Lender, provided that any such documents shall be without recourse to or warranty by the parties thereto.

SECTION 9.02 Notices, Etc. (a) All notices and other communications provided for hereunder shall be in writing (including telecopier) and mailed, telecopied or hand delivered, if to the Borrower or the
Administrative Agent, to the address or telecopier number specified for such Person on Schedule II; or, as to the Borrower or the Administrative Agent, at such other address as shall be designated by such party in a written notice to the other parties and, as to each other party, at such other address as shall be designated by such party in a written notice to the Borrower and the Administrative Agent. All such notices and communications shall be effective three Business Days after being deposited in the mails, postage prepaid, or upon confirmation of receipt (except that if electronic confirmation of receipt is received at a time that the recipient is not open for business, the applicable notice or communication shall be effective at the opening of business on the next business day of the recipient), respectively, except that notices and communications to the Administrative Agent pursuant to Article II, III or VII shall not be effective until received by the Administrative Agent. Delivery by telecopier or other electronic communication of an executed counterpart of any amendment or waiver of any provision of this Agreement or of any Exhibit hereto to be executed and delivered hereunder shall be effective as delivery of a manually executed counterpart thereof.

(b) THE PLATFORM IS PROVIDED “AS IS” AND “AS AVAILABLE.” THE AGENT PARTIES (AS DEFINED BELOW) DO NOT WARRANT THE ACCURACY OR COMPLETENESS OF THE BORROWER MATERIALS OR THE ADEQUACY OF THE PLATFORM, AND EXPRESSLY DISCLAIM LIABILITY FOR ERRORS IN OR OMISSIONS FROM THE BORROWER MATERIALS. NO WARRANTY OF ANY KIND, EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT OF THIRD PARTY RIGHTS OR FREEDOM FROM VIRUSES OR OTHER CODE DEFECTS, IS MADE BY ANY AGENT PARTY IN CONNECTION WITH THE BORROWER MATERIALS OR THE PLATFORM. In no event shall the Administrative Agent or any of its Related Parties (collectively, the “Agent Parties”) have any liability to the Borrower, any Lender or any other Person for losses, claims, damages, liabilities or expenses of any kind (whether in tort, contract or otherwise) arising out of the Borrower’s or the Administrative Agent’s transmission of Borrower Materials through the Internet, except to the extent that such losses, claims, damages, liabilities or expenses are determined by a court of competent jurisdiction by a final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Agent Party: provided, however, that in no event shall any Agent Party have any liability to the Borrower, any Lender or any other Person for indirect, special, incidental, consequential or punitive damages (as opposed to direct or actual damages).

(c) Each Lender agrees that notice to it (as provided in the next sentence) (a “Notice”) specifying that any communication has been posted to the Platform shall constitute effective delivery of such information, documents or other materials to such Lender for purposes of this Agreement. Each Lender agrees to notify the Administrative Agent from time to time to ensure that the Administrative Agent has on record (i) an effective address, contact name, telephone number and telecopier number to which notices and other communications may be sent and (ii) accurate wire instructions for such Lender. Furthermore, each Public Lender agrees to cause at least one individual at or on behalf of such Public Lender to at all times have selected the “Private Side Information” or similar designation on the content declaration screen of the Platform in order to enable such Public Lender or its delegate, in accordance with such Public Lender’s compliance procedures and applicable Law, including United States federal and state securities Laws, to make reference to Borrower Materials that are not made available through the “Public Side Information” portion of the Platform and that may contain material non-public information with respect to the Borrower or its securities for purposes of United States federal or state securities laws.

(d) With respect to notices and other communications hereunder from the Borrower to any Lender, the Borrower shall provide such notices and other communications to the Administrative Agent, and the Administrative Agent shall promptly deliver such notices and other communications to any such Lender in accordance with subsection (b) above or otherwise.

SECTION 9.03 No Waiver; Remedies. No failure on the part of any Lender or the Administrative Agent to exercise, and no delay in exercising, any right hereunder shall operate as a waiver thereof; nor shall any
C Single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right. The remedies herein provided are cumulative and not exclusive of any remedies provided by applicable law.

SECTION 9.04 Costs and Expenses. (a) The Borrower agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of each Agent in connection with the preparation, execution, delivery, administration, modification and amendment of this Agreement and the other documents to be delivered hereunder, including, (i) due diligence expenses, syndication expenses, travel expenses and (ii) the reasonable and documented out-of-pocket fees, charges and expenses of a single primary counsel (and one local counsel in each relevant jurisdiction) for the Administrative Agent with respect thereto and with respect to advising the Agents as to their respective rights and responsibilities under this Agreement. The Borrower further agrees to pay, upon demand, all reasonable and documented out-of-pocket costs and expenses of the Agents and the Lenders, if any, in connection with the enforcement (whether through negotiations, legal proceedings or otherwise) of this Agreement and the other documents to be delivered hereunder, including, without limitation, reasonable and documented out-of-pocket fees and expenses of a single primary counsel and an additional single local counsel in any relevant jurisdictions for the Agents and the Lenders and, solely in the case of an actual or perceived conflict of interest where the Agents notify the Borrower of the existence of such conflict in writing, one additional counsel, in connection with the enforcement of rights under this Agreement.

(b) The Borrower agrees to indemnify and hold harmless each Agent and each Lender and each of their Affiliates and their respective officers, directors, employees, agents and advisors (each, an “Indemnified Party”) from and against any and all claims, damages, losses, penalties, liabilities and expenses (provided, that, the Borrower’s obligations to the Indemnified Parties in respect of fees and expenses of counsel shall be limited to the reasonable and documented out-of-pocket fees and expenses of one primary counsel for all Indemnified Parties, taken together, and, if reasonably necessary, one local counsel in any relevant jurisdiction) that may be incurred by or asserted or awarded against any Indemnified Party, in each case arising out of or in connection with or by reason of, or in connection with the preparation for a defense of, any investigation, litigation or proceeding arising out of, related to or in connection with (i) this Agreement, any of the transactions contemplated hereby or the actual or proposed use of the proceeds of the Advance or (ii) the actual or alleged presence or release of Hazardous Materials on any property of the Consolidated Group or any Environmental Action relating in any way to the Consolidated Group, in each case whether or not such investigation, litigation or proceeding is brought by the Borrower, its directors, shareholders or creditors or an Indemnified Party or any other Person or any Indemnified Party is otherwise a party thereto and whether or not the transactions contemplated hereby are consummated, except to the extent Losses (A) are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from the gross negligence, bad faith or willful misconduct of such Indemnified Party or any of its Related Indemnified Parties (including any breach of its obligations under this Agreement), (B) result from any dispute between an Indemnified Party and one or more other Indemnified Parties (other than against an Agent the Lead Arrangers, and/or the Arranger acting in such a role) or (C) result from the claims of one or more Lenders solely against one or more other Lenders (and not claims by one or more Lenders against any Agent acting in its capacity as such except, in the case of Losses incurred by any Agent or any Lender as a result of such claims, to the extent such Losses are found in a final, nonappealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement)) not attributable to any actions of a member of the Consolidated Group and for which the members of the Consolidated Group otherwise have no liability. The Borrower further agrees that no Indemnified Party shall have any liability (whether direct or indirect, in contract, tort or otherwise) to the Borrower or any of its shareholders or creditors for in connection with this Agreement or any of the transactions contemplated
hereby or the actual or proposed use of the proceeds of the Advance, except to the extent such liability is found in a final non-appealable judgment by a court of competent jurisdiction to have resulted from such Indemnified Party’s gross negligence, bad faith or willful misconduct (including any breach of its obligations under this Agreement). In no event, however, shall any Indemnified Party or the Borrower be liable on any theory of liability for any special, indirect, consequential or punitive damages (including, without limitation, any loss of profits, business or anticipated savings); provided that nothing in this sentence shall limit the Borrower’s indemnity and reimbursement obligations to the extent that such special, indirect, consequential or punitive damages are included in any claim by a third party unaffiliated with any of the Indemnified Parties with respect to which the applicable Indemnified Party is entitled to indemnification as set forth in the immediately preceding sentence. As used above, a “Related Indemnified Party” of an Indemnified Party means (1) any Controlling Person or Controlled Affiliate of such Indemnified Party, (2) the respective directors, officers, or employees of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates and (3) the respective agents, advisors or representatives of such Indemnified Party or any of its Controlling Persons or Controlled Affiliates, in the case of this clause (3), acting at the instructions of such Indemnified Party, Controlling Person or Controlled Affiliate; provided that each reference to a Controlling Person, Controlled Affiliate, director, officer or employee in this sentence pertains to a Controlling Person, Controlled Affiliate, director, officer or employee involved in the structuring, arrangement, negotiation or syndication of the Bridge Facility and this Agreement. Notwithstanding the foregoing, this section 9.04(b) shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) If any payment of principal of, or Conversion of, a Eurocurrency Rate Advance is made by the Borrower to or for the account of a Lender other than on the last day of the Interest Period for such Advance, as a result of (i) a payment or Conversion pursuant to Section 2.06, 2.08(b), 2.08(c), 2.10 or 2.12, (ii) acceleration of the maturity of the Advance pursuant to Section 6.01, (iii) a payment by an Eligible Assignee to any Lender other than on the last day of the Interest Period for such Advance upon an assignment of the rights and obligations of such Lender under this Agreement pursuant to Section 9.07 as a result of a demand by the Borrower pursuant to Section 9.07(a) or (iv) for any other reason, the Borrower shall, upon demand by such Lender (with a copy of such demand to the Administrative Agent), pay to the Administrative Agent for the account of such Lender any amounts required to compensate such Lender for any additional reasonable losses, costs or expenses that it may reasonably incur as a result of such payment or Conversion or as a result of any inability to Convert or exchange in the case of Section 2.08 or 2.12, including, without limitation, any reasonable loss (excluding loss of anticipated profits), cost or expense incurred by reason of the liquidation or reemployment of deposits or other funds acquired by any Lender to fund or maintain such Advance. In the case where the principal is repaid any day other than on the last day of the Interest Period for such Advance, and the Reinvestment Rate falls below the applicable interest rate, the amount shall be calculated as the principal amount with respect to which such repayment was made, multiplied by the difference between the Reinvestment Rate and the Eurocurrency Rate, and the actual number of days of the Remaining Period. “Remaining Period” means the period commencing on (and including) the day on which the repayment was made and ending on (and including) the Maturity Date, and the “Reinvestment Rate” means the interest rate reasonably determined by an applicable Lender as the interest rate to be applied on the assumption that the prepaid principal amount will be reinvested in the Tokyo interbank market, etc. during the Remaining Period. The calculation method for such Break Funding Cost shall be on a per diem basis, inclusive of the first day and exclusive of the last day, wherein divisions shall be done at the end of the calculation, and fractions less than 1 Yen shall be rounded down.

(d) Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in Sections 2.11, 2.14 and 9.04 shall survive the payment in full of principal, interest and all other amounts payable hereunder.

SECTION 9.05 Right of Setoff. Subject to Section 3.04, upon (a) the occurrence and during the continuance of any Event of Default and (b) the making of the request or the granting of the consent specified by
Section 6.01 to authorize the Administrative Agent to declare the Advance due and payable pursuant to the provisions of Section 6.01, each Lender and each of its Affiliates is hereby authorized at any time and from time to time, to the fullest extent permitted by applicable law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held and other indebtedness at any time owing by such Lender or such Affiliate to or for the credit or the account of the Borrower against any and all of the obligations of the Borrower now or hereafter existing under this Agreement, whether or not such Lender shall have made any demand under this Agreement and although such obligations may be unmatured. Each Lender agrees promptly to notify the Borrower after any such setoff and application is made by such Lender; provided that the failure to give such notice shall not affect the validity of such setoff and application. The rights of each Lender and its Affiliates under this Section 9.05 are in addition to other rights and remedies (including, without limitation, other rights of setoff) that such Lender and its Affiliates may have.

SECTION 9.06 Binding Effect. This Agreement shall become effective upon the satisfaction (or waiver in accordance with Section 9.01) of the conditions set forth in Section 3.01 and, thereafter, shall be binding upon and inure to the benefit of, and be enforceable by, the Borrower, the Administrative Agent and each Lender and their respective successors and permitted assigns, except that the Borrower shall have no right to assign their rights hereunder or any interest herein without the prior written consent of the Lenders, and any purported assignment without such consent shall be null and void.

SECTION 9.07 Assignments and Participations. (a) Each Lender may, with the consent of the Borrower and the Administrative Agent, which consents shall not be unreasonably withheld or delayed (it being agreed that notwithstanding anything herein, including the proviso set forth below, during the Certain Funds Period the Borrower may withhold such consent in its sole discretion unless a Certain Funds Default is continuing) and, in the case of the Borrower, (A) shall not be required while an Event of Default (or during the Certain Funds Period a Certain Funds Default) has occurred and is continuing and (B) shall be deemed given if the Borrower shall not have objected within 10 Business Days following its receipt of notice of such assignment (and, within five days after demand by the Borrower (with a copy of such demand to the Administrative Agent) to (i) any Defaulting Lender, (ii) any Lender that has made a demand for payment pursuant to Section 2.11 or 2.14, (iii) any Lender that has asserted pursuant to Section 2.08(b) or 2.12 that it is impracticable or unlawful for such Lender to make a Eurocurrency Rate Advance or (iv) any Lender that fails to consent to an amendment or waiver hereunder for which consent of all Lenders (or all affected Lenders) is required and as to which the Required Lenders shall have given their consent, such Lender will), assign to one or more Persons (other than natural persons) all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the Advance owing to it); provided, however, that:

(A) such consent shall not be required in the case of an assignment to any other Lender or an Affiliate of any Lender, provided that (i) notice thereof shall have been given to the Borrower and the Administrative Agent and (ii) solely with respect to assignments during the Certain Funds Period, such Affiliate has a rating for its long term unsecured and non-credit enhanced debt obligations which is not less than that of the relevant assigning Lender;

(B) each such assignment shall be of a constant, and not a varying, percentage of all rights and obligations under this Agreement;

(C) except in the case of an assignment to a Person that, immediately prior to such assignment, was a Lender or an assignment of all of a Lender’s rights and obligations under this Agreement, the amount of the Commitment of the assigning Lender being assigned pursuant to each such assignment (determined as of the date of the Assignment and Acceptance with respect to such assignment) shall in no event be less than 100 million Yen;

(D) each such assignment shall be to an Eligible Assignee;
(E) each such assignment made as a result of a demand by the Borrower pursuant to this Section 9.07(a) shall be arranged by the Borrower with the approval of the Administrative Agent (which approval shall not be unreasonably withheld) and shall be either an assignment of all of the rights and obligations of the assigning Lender under this Agreement or an assignment of a portion of such rights and obligations made concurrently with another such assignment or other such assignments that, in the aggregate, cover all of the rights and obligations of the assigning Lender under this Agreement;

(F) no Lender shall be obligated to make any such assignment as a result of a demand by the Borrower pursuant to this Section 9.07(a), (1) so long as a Default shall have occurred and be continuing and (2) unless and until such Lender shall have received one or more payments from one or more Eligible Assignees in an aggregate amount at least equal to the aggregate outstanding principal amount of the Advance owing to such Lender, together with accrued interest thereon to the date of payment of such principal amount, and from the Borrower or one or more Eligible Assignees in an aggregate amount equal to all other amounts accrued to such Lender under this Agreement (including, without limitation, any amounts owing under Sections 2.11, 2.14 or 9.04(c)) and (3) unless and until the Borrower shall have paid (or caused to be paid) to the Administrative Agent a processing and recordation fee of 500,000 Yen; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire; and

(G) the parties to each such assignment (other than, except in the case of a demand by the Borrower pursuant to this Section 9.07(a), the Borrower) shall execute and deliver to the Administrative Agent, for its acceptance and recording in the Register, an Assignment and Acceptance and, if such assignment does not occur as a result of a demand by the Borrower pursuant to this Section 9.07(a) (in which case the Borrower shall pay the fee required by subclause (F)(3) of this Section 9.07(a)), a processing and recordation fee of 500,000 Yen; provided, however, that the Administrative Agent may, in its sole discretion, elect to waive such processing and recordation fee in the case of any assignment. The assignee, if it is not a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire.

Upon such execution, delivery, acceptance and recording, from and after the effective date specified in each Assignment and Acceptance, (x) the assignee thereunder shall be a party hereto and, to the extent that rights and obligations hereunder have been assigned to it pursuant to such Assignment and Acceptance, have the rights and obligations of a Lender hereunder and (y) the Lender assignor thereunder shall, to the extent that rights and obligations hereunder have been assigned by it pursuant to such Assignment and Acceptance, relinquish its rights and be released from its obligations under this Agreement, except that such assigning Lender shall continue to be entitled to the benefit of Section 9.04(a) and (b) with respect to matters arising out of the prior involvement of such assigning Lender as a Lender hereunder (and, in the case of an Assignment and Acceptance covering all or the remaining portion of an assigning Lender’s rights and obligations under this Agreement, such Lender shall cease to be a party hereto).

(b) By executing and delivering an Assignment and Acceptance, the Lender assignor thereunder and the assignee thereunder confirm to and agree with each other and the other parties hereto as follows:

(i) other than as provided in such Assignment and Acceptance, such assigning Lender makes no representation or warranty and assumes no responsibility with respect to any statements, warranties or representations made in or in connection with this Agreement or the execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement or any other instrument or document furnished pursuant hereto;

(ii) such assigning Lender makes no representation or warranty and assumes no responsibility with respect to the financial condition of the Borrower or the performance or observance by the Borrower of any of its obligations under this Agreement or any other instrument or document furnished pursuant hereto;
CONFORMED COPY

(iii) such assignee confirms that it has received a copy of this Agreement, together with copies of the financial statements referred to in Section 4.01(e) and such other documents and information as it has deemed appropriate to make its own credit analysis and decision to enter into such Assignment and Acceptance;

(iv) such assignee will, independently and without reliance upon any Agent, such assigning Lender or any other Lender and based on such documents and information as it shall deem appropriate at the time, continue to make its own credit decisions in taking or not taking action under this Agreement;

(v) such assignee confirms that it is an Eligible Assignee;

(vi) such assignee appoints and authorizes the Administrative Agent to take such action as agent on its behalf and to exercise such powers and discretion under this Agreement as are delegated to the Administrative Agent by the terms hereof, together with such powers and discretion as are reasonably incidental thereto; and

(vii) such assignee agrees that it will perform in accordance with their terms all of the obligations that by the terms of this Agreement are required to be performed by it as a Lender.

(c) Upon its receipt of an Assignment and Acceptance executed by an assigning Lender and an assignee representing that it is an Eligible Assignee, the Administrative Agent shall, if such Assignment and Acceptance has been completed and is in substantially the form of Exhibit B hereto, (i) accept such Assignment and Acceptance, (ii) record the information contained therein in the Register and (iii) give prompt notice thereof to the Borrower; provided that the Administrative Agent shall only be required to execute any such Assignment and Acceptance once it has satisfied and complied with all necessary “know your customer” or similar checks under all applicable laws and regulations in relation to the proposed assignment to the assignee.

(d) The Administrative Agent, acting solely for this purpose as a non-fiduciary agent of the Borrower, shall maintain at its address as set forth on Schedule II a copy of each Assignment and Acceptance delivered to and accepted by it and a register for the recordation of the names and addresses of the Lenders and the Commitment of, and principal amount (and stated interest) of the Advance owing to, each Lender from time to time (the “Register”). The entries in the Register shall be conclusive and binding for all purposes, absent manifest error, and the Borrower, the Agents and the Lenders shall treat each Person whose name is recorded in the Register as a Lender hereunder for all purposes of this Agreement. The Register shall be available for inspection by the Borrower or any Lender at any reasonable time and from time to time upon reasonable prior notice.

(e) Each Lender may sell participations to one or more banks or other entities (other than the Borrower or any of its Affiliates or any natural person) in or to all or a portion of its rights and obligations under this Agreement (including, without limitation, all or a portion of its Commitment and the Advance owing to it) without the consent of the Administrative Agent or the Borrower; provided, however, that:

(i) such Lender’s obligations under this Agreement (including, without limitation, its Commitment) shall remain unchanged;

(ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations;

(iii) such Lender shall remain the Lender of the Advance for all purposes of this Agreement;
(iv) the Borrower, the Agents and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender’s rights and obligations under this Agreement; and

(v) no participant under any such participation shall have any right to approve any amendment or waiver of any provision of this Agreement, or any consent to any departure by the Borrower herefrom or therefrom, except to the extent that such amendment, waiver or consent would reduce the principal of, or stated rate of interest on, the Advance or the stated rate at which any fees or any other amounts payable hereunder are calculated, in each case to the extent subject to such participation, or postpone any date fixed for any payment of principal of, or interest on, the Advance or any fees or any other amounts payable hereunder, in each case to the extent subject to such participation.

Each Lender shall promptly notify the Borrower after any sale of a participation by such Lender pursuant to this Section 9.07(e); provided that the failure of such Lender to give notice to the Borrower as provided herein shall not affect the validity of such participation or impose any obligations on such Lender or the applicable participant.

Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each participant and the principal amounts (and stated interest) of each participant’s interest in the Advance or other obligations under the Loan Documents (the “Participant Register”); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any participant or any information relating to a participant’s interest in any commitments, loans, letters of credit or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan, letter of credit or other obligation is in registered form under Treasury Regulations Section 5f.103-1(c) and Proposed Treasury Regulations 1.163-5(b) (or any amended or successor version). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall have no responsibility for maintaining a Participant Register.

The Borrower agrees that each participant shall be entitled to the benefits of Sections 2.11, 2.14 and 9.04(c) (subject to the requirements and limitations therein, including the requirements under Section 2.14(f) (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such participant (A) agrees to be subject to the provisions of Section 2.20 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.11 or 2.14, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from the occurrence, after the participant acquired the applicable participation, of any of the following: (i) the adoption or taking effect of any law, rule, regulation or treaty or (ii) any change in any law, rule, regulation or treaty or in the administration, interpretation, implementation or application thereof by any Governmental Authority.

(f) Any Lender may, in connection with any assignment or participation or proposed assignment or participation pursuant to this Section 9.07, disclose to the assignee or participant or proposed assignee or participant, any information relating to the Borrower furnished to such Lender by or on behalf of the Borrower; provided that, prior to any such disclosure, the assignee or participant or proposed assignee or participant shall agree to preserve the confidentiality of any Information relating to the Borrower received by it from such Lender as more fully set forth in Section 9.08.
(g) Notwithstanding any other provision set forth in this Agreement, any Lender may at any time create a security interest in all or any portion of its rights under this Agreement (including, without limitation and the Advance owing to it) to secure obligations of such Lender, including, without limitation, any pledge or assignment to secure obligations in favor of any Federal Reserve Bank in accordance with Regulation A of the Board or any central bank having jurisdiction over such Lender.

SECTION 9.08 Confidentiality. Each of the Administrative Agent and the Lenders agrees to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its Affiliates and to its and its Affiliates’ respective managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential), (b) to the extent requested by any regulatory authority purporting to have jurisdiction over it or its Affiliates (including any self-regulatory authority, such as the National Association of Insurance Commissioners), (c) to the extent required by applicable laws or regulations or by any subpoena or similar legal process (provided that the Administrative Agent or such Lender, as applicable, agrees that it will, to the extent practicable and other than with respect to any audit or examination conducted by bank accountants or any governmental bank regulatory authority exercising examination or regulatory authority, notify the Borrower promptly thereof, unless such notification is prohibited by law, rule or regulation), (d) to any other party hereto, (e) in connection with the exercise of any remedies hereunder or any action or proceeding relating to this Agreement or the enforcement of rights hereunder or thereunder, (f) subject to an agreement containing provisions substantially the same as those of this Section, to (i) any assignee of or participant in, or any prospective assignee of or participant in, any of its rights or obligations under this Agreement, (ii) any actual or prospective party (or its managers, administrators, trustees, partners, directors, officers, employees, agents, advisors and other representatives) to any swap or derivative or similar transaction under which payments are to be made by reference to the Borrower and its obligations, this Agreement or payments hereunder, (iii) any rating agency, (iv) the CUSIP Service Bureau or any similar organization or (v) any Person to whom or for whose benefit such Lender has created a security interest in all or any portion of its rights under this Agreement pursuant to Section 9.07(g), (g) with the consent of the Borrower or (h) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section or (y) becomes available to the Administrative Agent, any Lender or any of their respective Affiliates on a non-confidential basis from a source other than the Borrower. Each Lender acknowledges that its ability to disclose information concerning the Transactions is restricted by the City Code and the Panel and that Section 9.08 is subject to those restrictions.

For purposes of this Section, “Information” means this Agreement and the other Loan Documents and all information received from the Consolidated Group relating to the Consolidated Group or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a non-confidential basis prior to disclosure by the Consolidated Group and other than information pertaining to this Agreement routinely provided by arrangers to data service providers, including league table providers, that serve the lending industry. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 9.09 Debt Syndication during the Certain Funds Period. Each of the Lenders and the Administrative Agent confirms that it is aware of the terms and requirements of Practice Statement No. 25 (Debt Syndication during Offer Periods) issued by the Panel.

SECTION 9.10 Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.
SECTION 9.11 Execution in Counterparts. This Agreement may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by telecopier, facsimile or in a .pdf or similar file shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 9.12 Jurisdiction, Etc. (a) Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the United States District Court of the Southern District of New York, located in the Borough of Manhattan (or if such court lacks subject matter jurisdiction, the Supreme Court of the State of New York sitting in the Borough of Manhattan), and any appellate court from any such court, in any action or proceeding arising out of or relating to this Agreement, or for recognition or enforcement of any judgment, and each of the parties hereto hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding shall be heard and determined in any such New York State court or, to the extent permitted by law, in any such federal court. Each of the parties hereto agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

(b) Each of the parties hereto irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement in any New York State or federal court. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Each party to this Agreement irrevocably consents to service of process in the manner provided for notices in Section 9.02. The Borrower irrevocably designates and appoints the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as its authorized agent, to accept and acknowledge on its behalf, service of any and all process which may be served in any suit, action or proceeding arising out of or relating to this Agreement in any New York State or federal court. Said designation and appointment shall be irrevocable by the Borrower. The Borrower hereby consents to process being served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City. Said designation and appointment shall be irrevocable by the Borrower. The Borrower hereby consents to process being served in any suit, action or proceeding of the nature referred to in Section 9.12(a) in any federal or New York State court sitting in New York City by service of process upon the Service of Process Agent, with offices on the date of this Agreement at 111 Eighth Avenue, 13th Floor, New York, New York 10011, as provided in this Section 9.12(c); provided that, to the extent lawful and possible, notice of said service upon such agent shall be mailed by registered or certified air mail, postage prepaid, return receipt requested, to the Service of Process Agent, and to the Borrower (with a copy thereof to the Service of Process Agent) at the address specified for such Person on Schedule II or at such other address as shall be designated by such party in a written notice to the Administrative Agent. The Borrower irrevocably waives, to the fullest extent permitted by law, all claim of error by reason of any such service in such manner and agrees that such service shall be deemed in every respect effective service of process upon the Borrower in any such suit, action or proceeding and shall, to the fullest extent permitted by law, be taken and held to be valid and personal service upon and personal delivery to the Borrower. To the extent the Borrower has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether from service or notice, attachment prior to judgment, attachment in aid of execution of a judgment, execution or otherwise), the Borrower hereby irrevocably waives such immunity in respect of its obligations under the Loan Documents. Nothing in this Agreement or any other Loan Document will affect the right of any party to this Agreement to serve process in any other manner permitted by law.

SECTION 9.13 Patriot Act Notice. Each Lender and the Administrative Agent (for itself and not on behalf of any Lender) hereby notifies the Borrower that pursuant to the requirements of the Patriot Act, it is required to obtain, verify and record information that identifies the Borrower, which information includes the
name and address of the Borrower and other information that will allow such Lender or the Administrative Agent, as applicable, to identify the Borrower in accordance with the Patriot Act. The Borrower shall provide, to the extent commercially reasonable, such information and take such actions as are reasonably requested by the Administrative Agent or any Lenders in order to assist the Administrative Agent and the Lenders in maintaining compliance with the Patriot Act.

SECTION 9.14 No Advisory or Fiduciary Responsibility. The Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that no Credit Party will have any obligations except those obligations expressly set forth herein and in the other Loan Documents and each Credit Party is acting solely in the capacity of an arm’s length contractual counterparty to the Borrower with respect to the Loan Documents and the transaction contemplated therein and not as a financial advisor or a fiduciary to, or an agent of, the Borrower or any other person. The Borrower agrees that it will not assert any claim against any Credit Party based on an alleged breach of fiduciary duty by such Credit Party in connection with this Agreement and the transactions contemplated hereby. Additionally, the Borrower acknowledges and agrees that no Credit Party is advising the Borrower as to any legal, tax, investment, accounting, regulatory or any other matters in any jurisdiction. The Borrower shall consult with its own advisors concerning such matters and shall be responsible for making its own independent investigation and appraisal of the transactions contemplated hereby, and the Credit Parties shall have no responsibility or liability to the Borrower with respect thereto.

The Borrower further acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that each Credit Party, together with its Affiliates, is a full service securities or banking firm engaged in securities trading and brokerage activities as well as providing investment banking and other financial services. In the ordinary course of business, any Credit Party may provide investment banking and other financial services to, and/or acquire, hold or sell, for its own accounts and the accounts of customers, equity, debt and other securities and financial instruments (including bank loans and other obligations) of, the Borrower and other companies with which the Borrower may have commercial or other relationships. With respect to any securities and/or financial instruments so held by any Credit Party or any of its customers, all rights in respect of such securities and financial instruments, including any voting rights, will be exercised by the holder of the rights, in its sole discretion.

In addition, the Borrower acknowledges and agrees, and acknowledges its Subsidiaries’ understanding, that each Credit Party and its affiliates may be providing debt financing, equity capital or other services (including financial advisory services) to other companies in respect of which the Borrower may have conflicting interests regarding the transactions described herein and otherwise. No Credit Party will use confidential information obtained from the Borrower by virtue of the transactions contemplated by the Loan Documents or its other relationships with the Borrower in connection with the performance by such Credit Party of services for other companies, and no Credit Party will furnish any such information to other companies. The Borrower also acknowledges that no Credit Party has any obligation to use in connection with the transactions contemplated by the Loan Documents, or to furnish to the Borrower, confidential information obtained from other companies.

SECTION 9.15 Waiver of Jury Trial. Each of the Borrower, the Administrative Agent and the Lenders hereby irrevocably waives all right to trial by jury in any action, proceeding or counterclaim (whether based on contract, tort or otherwise) arising out of or relating to this Agreement or the actions of the Administrative Agent or any Lender in the negotiation, administration, performance or enforcement thereof.

SECTION 9.16 Conversion of Currencies. If, for the purpose of obtaining judgment in any court, it is necessary to convert a sum owing hereunder in one currency into another currency, each party hereto agrees, to the fullest extent that it may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures in the relevant jurisdiction the first currency could be purchased with such other currency on the Business Day immediately preceding the day on which final judgment is given.
The obligations of the Borrower in respect of any sum due to any party hereto or any holder of the obligations owing hereunder (the “Applicable Creditor”) shall, notwithstanding any judgment in a currency (the “Judgment Currency”) other than the currency in which such sum is stated to be due hereunder (the “Agreement Currency”), be discharged only to the extent that, on the Business Day following receipt by the Applicable Creditor of any sum adjudged to be so due in the Judgment Currency, the Applicable Creditor may in accordance with normal banking procedures in the relevant jurisdiction purchase the Agreement Currency with the Judgment Currency; if the amount of the Agreement Currency so purchased is less than the sum originally due to the Applicable Creditor in the Agreement Currency, the Borrower agrees, as a separate obligation and notwithstanding any such judgment, to indemnify the Applicable Creditor against such loss. The obligations of the Borrower contained in this Section 9.16 shall survive the termination of this Agreement and the payment of all other amounts owing hereunder.

SECTION 9.17 Acknowledgement and Consent to Bail-In of EEA Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any EEA Financial Institution arising under any Loan Document may be subject to the Write-Down and Conversion Powers of an EEA Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by an EEA Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an EEA Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

(ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such EEA Financial Institution, its parent entity, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Loan Document; or

(iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any EEA Resolution Authority.

SECTION 9.18 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Lead Arrangers and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Commitments, the Advance and this Agreement, (C) the entrance into, participation in, administration of and performance of the Commitments, the Advance and this Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Commitments, the Advance and this Agreement; or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or if such Lender has not provided another representation, warranty and covenant as provided in sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent, the Lead Arrangers and the Arranger and their respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Borrower, that:

(i) none of the Administrative Agent, the Lead Arrangers or the Arranger or their respective Affiliates is a fiduciary with respect to the assets of such Lender (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Loan Document or any documents related to hereto or thereto),

(ii) the Person making the investment decision on behalf of such Lender with respect to the entrance into, participation in, administration of and performance of the Commitments, the Advance and this Agreement is independent (within the meaning of 29 CFR § 2510.3-21) and is a bank, an insurance carrier, an investment adviser, a broker-dealer or other person that holds, or has under management or control, total assets of at least $50 million, in each case as described in 29 CFR § 2510.3-21(c)(1)(i)(A)-(E),

Reg. 20,997). To the extent these regulations are revoked, repealed or no longer effective, these representations shall be deemed to be no longer in effect.

SECTION 9.19 Interest Rate Limitation. Notwithstanding anything herein to the contrary, if at any time the interest rate applicable to the Advance, together with all fees, charges and other amounts which are treated as interest on such Advance under applicable law (collectively the “Charges”), shall exceed the maximum lawful rate (the “Maximum Rate”) which may be contracted for, charged, taken, received or reserved by the Lender holding the Advance in accordance with applicable law, the rate of interest payable in respect of such Advance hereunder, together with all Charges payable in respect thereof, shall be limited to the Maximum Rate and, to the extent lawful, the interest and Charges that would have been payable in respect of the Advance but were not payable as a result of the operation of this Section shall be cumulated and the interest and Charges payable to such Lender in respect of other periods shall be increased (but not above the Maximum Rate therefor) until such cumulated amount, together with interest thereon at the Cost of Funds Rate to the date of repayment, shall have been received by such Lender. Notwithstanding the forgoing, if the Lender shall have received interest and/or Charges in an amount that exceeds the Maximum Rate, the excess interest and Charges shall be (i) applied to the principal of the Advance, or (ii) if it exceeds the principal of the Advance, refunded to the Borrower. The Borrower represents and warrants to the Lenders that, as of the date of this Agreement, it falls into Article 2, Paragraph 1, Item 1 of the Act on Specified Commitment Line Contract (Act No. 4 of 1999).

(a) Save where this Agreement expressly provides to the contrary, any notice given under or in connection with this Agreement must be:

(i) in English; or

(ii) if not in English, and if so required by the Administrative Agent, accompanied by a certified English translation at the cost of the Borrower and, in this case, the English translation will prevail in all circumstances unless the document is a constitutional, statutory or other official document.

(c) Notwithstanding the foregoing, the Administrative Agent, the Lenders and the Borrower hereby agree that notices and other communication customarily made in the Japanese language by the Administrative Agent to the Lenders and/or the Borrower (primarily, those of an administrative nature, such as with respect to base rate determinations, applicable interest rate, interest payment amount, etc.) may be made solely in the Japanese language as between the relevant parties, as determined at the sole discretion of the Administrative Agent.

In such case, the Borrower shall, within thirty (30) days from the date of payment by itself, directly send to such Lender or Agent a certificate of tax payment in relation to withholding taxes issued by the tax authorities or other competent governmental authorities in Japan.

(Conditions precedent)

(3) In the case where, with respect to the Borrower, commencement of reorganization proceedings has been decided and such reorganization proceedings continue, the right to payment of the claims under this Agreement shall take effect when the conditions precedent set forth below are fulfilled.

(Conditions precedent)

(4) In the case where, with respect to the Borrower, commencement of rehabilitation proceedings has been decided and the rehabilitation proceedings continue without a decision on simplified rehabilitation or consensual rehabilitation, the right to payment of the claims under this Agreement shall take effect when the conditions precedent set forth below are fulfilled.

(Conditions precedent)

(5) In the case where, with respect to the Borrower, commencement of liquidation proceedings, bankruptcy proceedings, reorganization proceedings, rehabilitation proceedings or proceedings equivalent thereto is decided in a foreign country in accordance with laws other than the laws of Japan, the right to payment of the claims under this Agreement shall procedurally take effect in such proceedings when conditions corresponding to the conditions precedent set forth in Paragraphs (1) through (4) of this Article are fulfilled; provided, however, that, in the case where such conditions are not procedurally allowed to be attached, such right shall take effects without such fulfillment.

(6) In the case where after a Subordination Event, there is a commencement of liquidation proceedings, bankruptcy proceedings, reorganization proceedings, rehabilitation proceedings or proceedings equivalent thereto in a foreign country in accordance with laws other than the laws of Japan, each Lender, with respect to its Individual Loan shall be deemed to have a payment claim under this Agreement for an amount calculated in accordance with the items below, and the Borrower shall not be obligated to pay each Lender beyond such amount:

(i) the principal amount of its Individual Loans outstanding at the time of the occurrence of the Subordination Event; and

(ii) the Optional Outstanding Payment Amount and Default Interest accrued on the principal amount of its Individual Loans as of such date and interest on the unpaid balance, if such date falls on the same date as an Interest Payment Date;

(7) Any amendment to any of the provisions of this Agreement to the disadvantage of the creditors of the Borrower other than the creditors of the Subordinated Claims is prohibited by any means, and any agreement on such amendment takes no effect by any means and with respect to any person.

(8) In the case where a Subordination Event has occurred and continues, the right to payment of the claims under this Agreement shall be the sum derived by multiplying the total amount of cash available for repayment from all of the Equivalent Securities (where Most Preferred Stock exists, the amount that is the aggregate of the distributions that would be paid out of the residual assets of the Borrower if all of the Subordinated Claims were composed of the Most Preferred Stock) by (i) the amount of such payment claims under this Agreement divided by (ii) the amount of all of the payment claims with respect to such Equivalent Securities (in the case of the Most Preferred Stock, capped the amount where if it is anticipated there is no shortfall of cash available for repayment, distributions out of the residual assets of the Borrower) and such payment claims shall only be exercised within the range of such amount.

(9) In the case where a Subordination Event has occurred and continues, if, despite the fact that the right to payment of the claims under this Agreement do not take effect in accordance with Paragraphs (1) through (5) of this Article, all or a part of the claims are paid to the Lenders, the payment shall be invalid and the Lenders shall immediately return such payment to the Borrower through the Agent.

(10) As long as the right to payment of the claims under this Agreement has not taken effect in accordance with Paragraphs (1) through (5) of this Article, the right to payment of the claims under this Agreement may not be used for setoff. However, even in the event that the right to payment of the claims under this Agreement has taken effect in accordance with Paragraphs (1) through (5) of this Article, the right to payment of the claims under this Agreement may only be used for setoff within the range for the exercise of such rights permitted under Paragraph 8 of this Article.

(11) In the case where payments of any obligation under this Agreement are delayed to the Repayment Date since the right to payment of the claims under this Agreement has not taken effect in accordance with Paragraphs (1) through (5) of this Article, the Lenders may not claim interest or any other payment in connection with the delay.
Chapter 8  Terms and Conditions to Prepayment

Article 8-1  (Terms and Conditions to Prepayment)

(1) The Borrower may not make any prepayment of the principal of an Individual Loan, except for (i) in the case where, after the occurrence of a Subordination Event, the conditions precedent regarding such Subordination Event have been fulfilled, or (ii) in the cases set forth in Paragraphs (2) through (3) of this Article.

(2) Except for the case where a Subordination Event has occurred and continues, if the Borrower gives to the Agent and all Lenders a written notice of its intention to make a prepayment (including the information regarding (a) the amount desired for the prepayment and (b) the desired date to make the prepayment; the same shall apply in this Article) by ten (10) Business Days prior to an Available Prepayment Date, the Borrower may repay to the Lenders all or a part (which shall be one hundred million Yen (¥100,000,000) or more with an increment of one hundred million Yen (¥100,000,000); the same shall apply in this Article) of the principal amount of the Individual Loans on the Available Prepayment Date, as well as the payment of the interest payable on the day on which such prepayment is to be made. If there is any Optional Outstanding Payment Amount on the day on which such prepayment is to be made, the Borrower shall pay, with respect to all Optional Outstanding Payment Amount, the Optional Deferred Payment Amount obtained by multiplying the Optional Outstanding Payment Amount by the percentage of the aggregate principal amount of the Individual Loans subject to such prepayment to the aggregate principal amount of the Outstanding Individual Loan Amount, together with the Additional Interest thereon (if any).

(3) In the case where a Tax Event or an Equity Credit Change Event has occurred, except for the case where a Subordination Event has occurred and continues, the Borrower may, by giving to the Agent and all Lenders a written notice of its intention to make a prepayment by thirty (30) Business Days prior to the desired date to make such prepayment (which shall be a Business Day), repay to the Lenders all or a part of the principal amount of the Individual Loans, as well as the payment of the interest payable on the day on which such prepayment is to be made and the Break Funding Cost (if any). If there is any Break Funding Cost, each Lender shall notify the Agent of the Break Funding Cost by two (2) Business Days prior to the day on which such prepayment is to be made, and the Agent shall notify the Borrower of the details of such notice by the Business Day immediately preceding the day on which such prepayment is to be made. If there is any Optional Outstanding Payment Amount on the day on which such prepayment is to be made, the Borrower shall pay, with respect to all Optional Outstanding Payment Amount, the Optional Deferred Payment Amount obtained by multiplying the Optional Outstanding Payment Amount by the percentage of the aggregate principal amount of the Individual Loans subject to such prepayment to the aggregate principal amount of the Outstanding Individual Loan Amount, together with the Additional Interest thereon (if any).
Chapter 9  Syndication Terms

Article 9-1  (Rights and Obligations of the Lenders)

(1) Unless otherwise provided in this Agreement, the obligations of the Lenders under this Agreement shall be independent, and a Lender shall not be released from its obligations under this Agreement for the reason that any other Lender fails to perform such obligations. A Lender shall not be responsible for the failure of any other Lender to perform its obligations under this Agreement.

(2) If a Lender, in breach of its Lending Obligation, fails to extend the Individual Loan on the Requested Drawdown Date, such Lender shall, upon request by the Borrower, immediately compensate the Borrower for all Damages incurred by the Borrower as a result of such breach of the Lending Obligation; provided, however, that the compensation to the Borrower for such Damages shall be limited to the maximum of the difference between the interest and other expenses that are required or would be required to be paid when the Borrower separately borrows money as a result of the Individual Loan not being made on the Requested Drawdown Date and the interest and other expenses that would have been required to be paid if the Individual Loan were made on the Requested Drawdown Date.

(3) Unless otherwise provided in this Agreement, the rights of the Lenders under this Agreement are independent and each Lender may exercise its rights under this Agreement separately and independently.

Article 9-2  (Distributions to the Lenders)

(1) In the case where any amount remains after deducting the amounts under Items (i) and (ii) of the Order of Allocation from the amount withdrawn from the Syndicate Account in accordance with this Agreement, the Agent shall immediately distribute such remaining amount to each Lender in accordance with the provisions of this Article; provided, however, that if such amount was withdrawn from the Syndicate Account as Increased Costs to an Increased Costs Lender, notwithstanding the provisions of this Article, the Agent shall promptly distribute such money to the Increased Costs Lender. If an order for provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae) or attachment (sashiosae) with respect to the deposit claim in the Syndicate Account is served on the Agent prior to a withdrawal from the Syndicate Account, the Agent shall have no responsibility to make any withdrawal from the Syndicate Account or any distribution under this Article. In the case where the Agent makes a distribution under this Article in spite of such service of an order, absent willful act or gross negligence on the part of the Agent, the Lenders who received such distribution will return to the Agent the amounts that were distributed immediately upon the request of the Agent. In the case where the refund of distribution is made by the Lenders and the Agent returns the money to the Syndicate Account, the obligations paid by such money by the Borrower shall retroactively become unperformed as of the time of withdrawal of such money from the Syndicate Account.

(2) In the case where, prior to a distribution by the Agent to the Lenders in accordance with this Article, (i) an order for provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae) or attachment (sashiosae) with respect to a loan claim related to the Individual Loans is served on the Borrower, or (ii) a loan claim related to the Individual Loans is assigned, the rights and obligations of the Borrower, the Agent and the Lenders shall be subject to the following provisions:

(a) (I) In the case where the Agent completes the distribution to the Lenders pursuant to this Article before receiving a notice from the Borrower that an order for provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae) or attachment (sashiosae) with respect to a loan claim was served on the Agent:

In this case, even if the creditor obtaining an order for provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae), or attachment (sashiosae), the
Borrower, the Lenders or any other third party suffers any Damages as a result of such
distribution by the Agent and the withdrawal from the Syndicate Account prior to such
distribution, the Agent shall not be liable in relation thereto, and the relevant Lender with
respect to such loan claim shall deal with the matter at its own cost and liability. The relevant
Lender with respect to such loan claim shall compensate the Agent for any Damages, if any,
incurred by the Agent due to such withdrawal and distribution.

(II) In the case where the Agent, after the withdrawal of the relevant amount from the Syndicate
Account in accordance with this Agreement and before the completion of a distribution to the
Lenders pursuant to this Article, receives a notice from the Borrower that an order for
provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae), or
attachment (sashiosae) with respect to the loan claim for which such distribution was made
was served on the Agent:

In this case, (i) with respect to the amount subject to such notice, the Agent may withhold the
distribution pursuant to this Article, and may take other measures in the manner that the
Agent deems reasonable; and (ii) the Agent shall distribute the money withdrawn from the
Syndicate Account other than the money subject to such notice to all Lenders other than the
Lenders subject to such notice. If the creditor obtaining an order for provisional attachment
(kari-sashiosae), preservative attachment (hozen-sashiosae), or attachment (sashiosae), the
Borrower, the Lender or any other third party suffers any Damages as a result of the
distribution and the withdrawal from the Syndicate Account prior to such distribution by the
Agent pursuant to (i) of this Item, the Agent shall not be liable in relation thereto, and the
relevant Lender with respect to such loan claim shall deal with the matter at its own cost and
liability. The relevant Lender with respect to such loan claim shall compensate the Agent for
any Damages, if any, incurred by the Agent due to such withdrawal and distribution.

(III) In the case where the Agent receives a notice from the Borrower of receipt of a service of an
order for provisional attachment (kari-sashiosae), preservative attachment (hozen-sashiosae),
or attachment (sashiosae) with respect to a loan claim under this Agreement prior to a
withdrawal from the Syndicate Account in accordance with this Agreement:

In this case, (i) the Agent shall not withdraw the money subject to such notice from the
Syndicate Account in accordance with this Agreement; provided that, notwithstanding such
notice, in the case where the notice of the receipt of the service of an order for provisional
attachment (kari-sashiosae), preservative attachment (hozen-sashiosae), or attachment
(sashiosae) is not received from the Borrower in accordance with this Agreement by the
Business Day immediately preceding the day of withdrawal by the Agent, the Agent may
make the withdrawal from the Syndicate Account and distribution, and (ii) the Agent shall
distribute the money withdrawn from the Syndicate Account other than the money subject to
such notice to all Lenders other than the Lenders subject to such notice. If the creditor
obtaining an order for provisional attachment (kari-sashiosae), preservative attachment
(hozen-sashiosae), or attachment (sashiosae), the Borrower, the Lender, or any other third
party suffers any Damages as a result of the distribution and the withdrawal from the
Syndicate Account prior to the distribution by the Agent pursuant to the proviso to (i) of this
Item, the Agent shall not be liable in relation thereto, and the relevant Lender with respect to
such loan claim shall deal with the matter at its own cost and liability. The relevant Lender
with respect to such loan claim shall compensate the Agent for any Damages, if any, incurred
by the Agent due to such withdrawal and distribution.
(b) If the assignor and the assignee, in their joint names, or the Borrower individually, notifies the Agent of an assignment of the loan claim pursuant to this Agreement:

In this case, the Agent shall, after receiving either of such notice(s), immediately commence all administrative procedures necessary in order to treat such assignee as the creditor of such loan claim, and the Agent shall not be held liable, insofar as the Agent treats the previous Lender as the party in interest until the Agent notifies the Borrower, the assignor, and the assignee that such procedures have been completed. If the assignee or any other third party suffers any Damages due to such treatment by the Agent, the Agent shall not be liable in relation thereto, and the assignor of such loan claim shall deal with the matter at their own cost and liability. The assignor of such loan claim shall compensate the Agent for any Damages, if any, incurred by the Agent arising out of this Item.

(3) A distribution by the Agent to the Lenders shall be made in the order of Items (iii) to (viii) of the Order of Allocation. If a Deficient Item arises in the amounts to be distributed, the allocation and distribution with respect to such Deficient Item shall be made in accordance with the Deficient Item Allocation Method.

(4) Notwithstanding the provisions regarding the Order of Allocation and the Deficient Item Allocation Method, if, after the occurrence of a Subordination Event, the conditions precedent regarding such Subordination Event was fulfilled and the obligations hereunder were paid, the Agent shall distribute the amount remaining after deducting the amounts described under Items (i) and (ii) of the Order of Allocation from the amount paid by the Borrower, in proportion to the amount of the obligations that the Borrower owes to the Lenders under this Agreement, and the Agent shall bear no liability to the extent that the Agent makes such distribution. In this case, the allocation shall be made in the order and the method that the Lender deems appropriate, and the Lender shall promptly report to the Agent contents of allocation.

(5) If the remittance of money by the Borrower to the Syndicate Account is made later than the Due Time, the Agent shall be under no obligation to make the distribution under Paragraph (1) of this Article on the same date. In such case, the Agent shall make such distribution immediately after receiving remittance from the Borrower, and the Borrower shall bear any Damages, if any, incurred by the Lenders or the Agent as a result thereof.

(6) Upon request from the Agent, and if such request is based on a reasonable cause, the Lenders receiving such request shall immediately notify the Agent of the amount (including specifics) of the claims they hold against the Borrower under this Agreement. In this case, the obligation of the Agent to make a distribution under Paragraph (1) of this Article shall arise at the time all such notices reach the Agent. In the case where a Lender delays such notice without reasonable cause, such Lender shall bear all Damages, if any, incurred by the Lenders or the Agent due to such delay.

(7) The Agent may make a distribution to the Lenders by Temporary Advance. If the Temporary Advance is not cleared by the Due Time, the Lenders who received the distribution pursuant to this Paragraph shall, immediately upon the Agent’s request, reimburse to the Agent the amount of such Temporary Advance that it received. The Lenders shall, immediately upon the Agent’s request, pay to the Agent any Temporary Advance Costs required in making such Temporary Advance, in proportion to the amount of Temporary Advance that it received. If a Lender pays such Temporary Advance Costs to the Agent and if the relevant Temporary Advance is made based on the Borrower’s request, the Borrower shall compensate such Lender for such Temporary Advance Costs.

Article 9-3 (Rights and Obligations of the Agent)

(1) The Agent shall, on behalf of all Lenders, perform the duties, and exercise the rights, set forth in each provision of this Agreement entrusted by all Lenders to the Agent (referred to in this Paragraph as the
“Agency Services”), and shall exercise such rights as, in the Agent’s opinion, are ordinarily necessary or appropriate upon performing the Agency Services. The Agent shall not be liable for any obligation other than those expressly specified by the provisions of this Agreement, nor be liable for any non-performance of obligations by any of the Lenders under this Agreement. The Agent shall be an agent of the Lenders and, unless otherwise provided, shall not be an agent of the Borrower. The Borrower shall pay a fee separately agreed with the Agent (the “Agency Fee”) in consideration of the Agent undertaking the Agency Services under this Agreement.

(2) The Agent may rely upon any communication, instrument and document that has been delivered by an appropriate person with the signature or the name and seal of such appropriate persons and believed by the Agent to be true and correct, and may act in reliance upon any written opinion or explanatory letter of experts reasonably appointed by the Agent within the necessary extent in relation to this Agreement.

(3) The Agent shall perform its duties and exercise its authorities provided for in this Agreement with the due care of a good manager.

(4) Neither the Agent nor any of its directors, employees or agents shall be liable to the Lenders for any actions or omissions pursuant to, or in connection with, this Agreement, unless there is a willful misconduct or gross negligence on its or their part. The Lenders other than the Agent shall jointly and severally indemnify the Agent for any and all liabilities and Damages incurred by the Agent in the course of the performance of its duties under this Agreement, to the extent not reimbursed by the Borrower, and only for the amount outstanding after deducting the portion for which the Agent should contribute, calculated pursuant to the Participation Ratio of the Lender acting as the Agent (provided, however, that with respect to any Lender whose Lending Obligation has been cancelled but has Outstanding Individual Loan Amounts, for purposes of calculating its Participation Ratio for such indemnity, its Commitment Amount shall be deemed to be equivalent to the principal portion of the Outstanding Individual Loan Amount for such Lender. In addition, where the Lending Obligation has been cancelled for all Lenders, prior to the repayment of all amounts due and payable under this Agreement the Participation Ratio for each Lender for such indemnity shall be equivalent to its pro rata share of the Total Loan Balance with respect to the principal portion of the Outstanding Individual Loan Amount with respect to such Lender, and if any of the Lenders cannot perform the indemnity for which it is liable, the Participation Ratio of the Lender acting as the Agent shall be figured by dividing the Participation Ratio of the Lender acting as the Agent by the aggregate of the Participation Ratios of the Lenders excluding such non-indemnifying Lender).

(5) The Agent shall not guarantee the validity of this Agreement, or any matters represented in this Agreement, and the Lenders shall enter into, and conduct transactions contemplated in, this Agreement at their sole discretion by conducting investigations as to the creditworthiness of the Borrower and other necessary matters on the basis of the documents, information and other data as they deem appropriate.

(6) In the case where the Agent is also acting as a Lender, the Agent shall have the same rights and obligations as other Lenders under this Agreement, irrespective of the Agent’s obligations under this Agreement. The Agent may engage in commonly accepted banking transactions with the Borrower outside the scope of this Agreement. The Agent shall not be required to disclose to other Lenders any information relating to the Borrower obtained through transactions outside the scope of this Agreement, nor shall the Agent be required to distribute to other Lenders any amount it has received from the Borrower through transactions with the Borrower outside the scope of this Agreement (any information that the Agent has received from the Borrower shall be, unless expressly identified as being made pursuant to this Agreement, deemed obtained in relation to the transactions outside the scope of this Agreement.)

(7) In the case where the Agent is also acting as a Lender, in the calculation of amounts to be distributed to each Lender pursuant to the provisions of this Agreement, the amounts to be distributed to each Lender other than the Agent shall be determined by discarding any amount less than one Yen (¥1), and the

Subordinated Syndicated Loan Agreement dated October 26, 2018, for Takeda Pharmaceutical Company Limited
amount remaining after deduction of the amounts distributed to other Lenders from the aggregate
distribution amounts shall be the amounts to be distributed to the Lender who is also acting as the Agent.

(8) Except for the preceding Paragraph, the handling of fractions less than one Yen (¥1) that are required
under this Agreement shall be made in the manner the Agent deems appropriate.

(9) In the case where the Agent receives any notice from the Borrower which is required to be given to the
Lenders in accordance with this Agreement, the Agent shall immediately inform all Lenders of the details
of such notice, or if the Agent receives any notice from a Lender which is required to be given to the
Borrower or other Lenders in accordance with this Agreement, the Agent shall immediately inform the
Borrower or all Lenders other than the Lender who gave such notice of the details of such notice. The
Agent shall make available for review by the Lenders during the ordinary business hours any documents
obtained from the Borrower and kept by the Agent.

Article 9-4  (Resignation and Dismissal of the Agent)

(1) The procedures for resignation of the Agent shall be as follows:

(i) The Agent may resign from its position by giving a written notice to all Lenders and the
Borrower; provided, however, that such resignation shall not become effective until a successor
Agent is appointed and accepts such appointment.

(ii) In the case where the notice is given pursuant to the preceding Item, the Majority Lenders shall
appoint a successor Agent upon obtaining the consent of the Borrower.

(iii) In the case where a successor Agent is not appointed by the Majority Lenders within thirty
(30) days from the date the notice under Item (i) above is given, or if the entity appointed by the
Majority Lenders does not agree to assume the position, the Agent in office at that time shall,
upon obtaining consent from the Borrower, appoint a successor Agent in lieu of the Majority
Lenders.

(2) The procedures for dismissal of the Agent shall be as follows:

(i) The Majority Lenders may dismiss the Agent by giving a written notice thereof to each of the
other Lenders, the Borrower and the Agent; provided, however, that such dismissal shall not
become effective until a successor Agent is appointed and accepts such appointment.

(ii) In the case where the notice is given pursuant to the preceding Item, the Majority Lenders shall
appoint a successor Agent upon obtaining the consent from the Borrower.

(3) In the case where the entity appointed as the successor Agent under the preceding two (2) Paragraphs
accepts the appointment, the former Agent shall deliver to the successor Agent all documents and
materials it retained as the Agent under this Agreement, and shall give all the cooperation necessary for
the successor Agent to perform its duties as the Agent set forth under this Agreement.

(4) The successor Agent shall succeed to the rights and obligations of the former Agent under this
Agreement, and the former Agent shall, at the time of assumption of office by the successor Agent, be
released from all of its obligations as the Agent; provided, however, that the provisions of this Agreement
relevant to any actions (including omissions) conducted by the former Agent during the period it was in
office shall remain effective.

(5) In the case where any of the following events occurs, the Agent may resign with the agreement of the
Majority Lenders, notwithstanding the preceding four (4) Paragraphs. In the case where the Agent resigns
under this Paragraph, the resigning Agent shall promptly notify the Borrower and the Lenders, other than
the Lenders who made such agreement, of such resignation and the Borrower shall not make any
objection to such resignation. Further, the Majority Lenders may appoint a successor Agent by mutual

Subordinated Syndicated Loan Agreement dated October 26, 2018, for Takeda Pharmaceutical Company Limited
agreement, and the Borrower shall not make any objection to such appointment (and if the entity appointed as the successor Agent accepts such appointment, the provisions of the preceding two Paragraphs shall apply). Even in the case where the Agent resigns under this Paragraph, the Borrower shall not be exempted from payment of the accrued Agency Fees.

(i) In the case where there is a petition (including a similar petition filed outside Japan) for bankruptcy (hasan), commencement of rehabilitation procedures (saiseitetuzuki-kaishi), commencement of reorganization procedures (koseitetuzuki-kaishi), commencement of special liquidation (tokubetsu-seisan), or commencement of any other similar legal rearrangement procedure is filed against the Borrower;

(ii) In the case where the Borrower fails to pay the Agency Fee, and if, although the Agent requests the Borrower to pay the Agency Fee by setting a reasonable period of time, the Borrower fails to pay the Agency Fee within such period.

(6) In the case where a successor Agent is not promptly appointed by agreement of the Majority Lenders when the Agent resigns under the preceding Paragraph, the Majority Lenders and the Agent (provided that, when the Agent has already resigned, the Majority Lenders) shall, to the extent reasonably required in order to make it possible for each Lender to act for itself, make necessary or appropriate changes to this Agreement, including a possible deletion or amendment to provisions relating to the Agent in this Agreement.

Article 9-5  (Decisions of Majority Lenders)

(1) The procedures for seeking decisions of the Majority Lenders shall be as follows:

(i) When an event requiring the instruction of the Majority Lenders under this Agreement occurs, a Lender may give a notice to the Agent to request a decision of the Majority Lenders.

(ii) The Agent shall, upon receipt of a notice under the preceding Item, immediately give to all Lenders a notice that it will seek a decision of the Majority Lenders.

(iii) Each Lender shall, upon receipt of the notice under the preceding Item, make its decision on the relevant event and inform the Agent of such decision within a reasonable period designated by the Agent (in principle, by five (5) Business Days after the receipt of the notice under the preceding Item).

(iv) If a decision of the Majority Lenders is made pursuant to the preceding three Items, the Agent shall immediately notify the Borrower and all Lenders of such decision as the instruction by the Majority Lenders.

(2) In addition to the preceding Paragraph, in the case where the Agent itself decides that an event which requires a decision of the Majority Lenders has occurred, the Agent may give all Lenders a notice to seek such decision. The procedures after giving such notice shall follow the provisions of Items (iii) and (iv) of the preceding Paragraph.

Article 9-6  (Collection from a Third Party)

Without the prior written consent of the Agent and all of the Lenders, no third party other than the Borrower shall be entitled to repay the obligations of the Borrower under this Agreement.

Article 9-7  (Assignment of Position)

(1) The Borrower shall not assign to any third party its position, rights or obligations under this Agreement without the prior written consent of all Lenders and the Agent.
Prior to the end of the Commitment Period, a Lender may assign to any third party its position under this Agreement, and all or any part of its rights and obligations associated therewith, only when the Borrower and the Agent give prior written consent thereto and all requirements described in each Item below are satisfied (provided, however, that this provision shall not apply to the assignment of loan claims otherwise provided in this Agreement. Hereafter, the Lender making the relevant assignment shall be referred to as the “Position Assignor” and the Lender accepting the relevant assignment shall be referred to as the “Position Assignee.”) Upon the relevant assignment taking effect, the Agent shall provide notice thereof to all of the Lenders. In the case where the Agent incurs any Damages in relation to the perfection relating to a consent under Item (i) below, the Position Assignor and the Position Assignee shall bear them.

(i) In the case where the Position Assignor owns loan claims, the consent of the Borrower hereunder shall be deemed to include consent to the assignment of such loan claims, and, promptly following the date of assignment, certification of the date thereof shall be obtained.

Any request, demand, authorization, direction, notice, consent, waiver or other action provided or permitted by this Agreement to be given, made or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by an agent duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Fiscal Agent and, where it is hereby expressly required, to the Company. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the “Act” of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Agreement and conclusive in favor of the Fiscal Agent and the Company, if made in the manner provided in this Section 1.4.

The fact and date of the execution by any Person of any such instrument or writing may be proved by the affidavit of a witness of such execution or by a certificate of a notary public or other officer authorized by law to take acknowledgments of deeds, certifying that the individual signing such instrument or writing acknowledged to him the execution thereof. Where such execution is by a signer acting in a capacity other than his individual capacity, such certificate or affidavit shall also constitute sufficient proof of his authority. The fact and date of the execution of any such instrument or writing, or the authority of the Person executing the same, may also be proved in any other manner which the Fiscal Agent deems sufficient.

The ownership of Notes shall be proved by the Notes Register.

Any request, demand, authorization, direction, notice, consent, waiver or other Act of the Holder of any Note shall bind every future Holder of the same Note and the Holder of every Note issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof in respect of anything done, omitted or suffered to be done by the Fiscal Agent or the Company in reliance thereon, whether or not notation of such action is made upon such Note.

The Company may set any day as a record date for the purpose of determining the Holders of Outstanding Notes entitled to give, make or take any request, demand, authorization, direction, notice, consent, waiver or other action provided or permitted by this Agreement to be given, made or taken by Holders of Notes, provided that the Company may not set a record date for, and the provisions of this paragraph shall not apply with respect to, the giving or making of any notice, declaration, request or direction referred to in the next paragraph. If any record date is set pursuant to this paragraph, the Holders of Outstanding Notes at the close of business on such record date, and no other Holders, shall be entitled to take the relevant action, whether or not such Holders remain Holders after such record date; provided that no such action shall be effective hereunder unless taken on or prior to the applicable Expiration Date by Holders of the requisite principal amount of Outstanding Notes on such record date. Nothing in this paragraph shall be construed to prevent the Company from setting a new record date for any action for which a record date has previously been set pursuant to this paragraph (whereupon the record date previously set shall automatically and with no action by any Person be
cancelled and of no effect), and nothing in this paragraph shall be construed to render ineffective any action taken by Holders of the requisite principal amount of Outstanding Notes on the date such action is taken based on such record date previously set. Promptly after any record date is set pursuant to this paragraph, the Company, at its own expense, shall cause notice of such record date, the proposed action by Holders and the applicable Expiration Date to be given to the Fiscal Agent in writing and to each Holder of Notes in the manner set forth in Section 1.6.

The Fiscal Agent may set any day as a record date for the purpose of determining the Holders of Outstanding Notes entitled to join in the giving or making of (i) any declaration of acceleration referred to in Section 4.2, (ii) any request to institute proceedings referred to in Section 4.7 or (iii) any direction referred to in Section 4.12. If any record date is set pursuant to this paragraph, the Holders of Outstanding Notes at the close of business on such record date, and no other Holders, shall be entitled to join in such declaration, request or direction, whether or not such Holders remain Holders after such record date; provided that no such action shall be effective hereunder unless taken on or prior to the applicable Expiration Date by Holders of the requisite principal amount of Outstanding Notes on such record date. Nothing in this paragraph shall be construed to prevent the Fiscal Agent from setting a new record date for any action for which a record date has previously been set pursuant to this paragraph (whereupon the record date previously set shall automatically and with no action by any Person be cancelled and of no effect), provided, however, that nothing in this paragraph shall be construed to render ineffective any action taken by Holders of the requisite principal amount of Outstanding Notes on the date such action is taken based on such record date previously set. Promptly after any record date is set pursuant to this paragraph, the Fiscal Agent, at the Company’s expense, shall cause notice of such record date, the proposed action by Holders and the applicable Expiration Date to be given to the Company in writing and to each Holder of Notes in the manner set forth in Section 1.6.

With respect to any record date set pursuant to this Section 1.4, the party hereto which sets such record dates may designate any day as the “Expiration Date” and from time to time may change the Expiration Date to any earlier or later day; provided that no such change shall be effective unless notice of the proposed new Expiration Date is given to the other parties hereto in writing, and to each Holder of Notes in the manner set forth in Section 1.6, on or prior to the existing Expiration Date. If an Expiration Date is not designated with respect to any record date set pursuant to this Section 1.4, the party hereto which set such record date shall be deemed to have initially designated the 180th day after such record date as the Expiration Date with respect thereto, subject to its right to change the Expiration Date as provided in this paragraph. Notwithstanding the foregoing, no Expiration Date shall be later than the 180th day after the applicable record date.

Without limiting the foregoing, a Holder entitled hereunder to take any action hereunder with regard to any particular Note may do so with regard to all or any part of the principal amount of such Note or by one or more duly appointed agents each of which may do so pursuant to such appointment with regard to all or any part of such principal amount of such Note.

SECTION 1.5. Notices, Etc., to Fiscal Agent and the Company.

Any request, demand, authorization, direction, notice, consent, waiver or Act of Holders or other document provided or permitted by this Agreement to be made upon, given or furnished to, or filed with,

(1) the Fiscal Agent by any Holder or by the Company shall be sufficient for every purpose hereunder if made, given, furnished or filed in writing to or with the Fiscal Agent at the Fiscal Agent’s Office, or

(2) the Company by the Fiscal Agent or by any Holder shall be sufficient for every purpose hereunder if in writing and mailed, first-class postage prepaid to the Company at its address at 1-1, Nihonbashi-Honcho 2-Chome, Chuo-ku, Tokyo 103-8668, Japan, Fax: +81-3-3278-2198, Attention: Global Treasury & Finance Management, Group Finance & Controlling, Global Finance; or at any other address previously furnished in writing to the Fiscal Agent by the Company.
SECTION 1.6. Notice to Holders; Waiver.

Where this Agreement provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, or emailed, in PDF format, to each Holder affected by such event, at his address as it appears in the Notes Register, not later than the latest date (if any), and not earlier than the earliest date (if any), prescribed for the giving of such notice. In any case where notice to Holders is given by mail or email, neither the failure to mail or email such notice, nor any defect in any notice so mailed or emailed, to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. Where this Agreement provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Fiscal Agent, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Fiscal Agent shall constitute a sufficient notification for every purpose hereunder.

SECTION 1.7. Effect of Headings and Table of Contents.

The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

SECTION 1.8. Successors and Assigns.

All covenants and agreements in this Agreement by the Company shall bind its successors and assigns, whether so expressed or not.

SECTION 1.9. Separability Clause.

In case any provision in this Agreement or in the Notes shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

SECTION 1.10. Benefits of Agreement.

Nothing in this Agreement or in the Notes, express or implied, shall give to any Person, other than the parties hereto and their successors hereunder and the Holders, any benefit or any legal or equitable right, remedy or claim under this Agreement.

SECTION 1.11. Governing Law.

This Agreement and the Notes shall be governed by, and construed in accordance with, the laws of the State of New York.

SECTION 1.12. Consent to Jurisdiction; Waiver of Immunities.

(a) The Company hereby irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New York State or the federal courts of the United States located in the Borough of Manhattan, The City of New York over any suit, action or proceeding arising out of or relating to this Agreement or any Note. The Company irrevocably and unconditionally waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such suit, action or proceeding brought in such a court and any claim that any such suit, action or proceeding brought in such a court has been
brought in an inconvenient forum. To the extent that the Company has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process with respect to itself or its property, it irrevocably waives such immunity in respect of its obligations hereunder or under any Note. The Company agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding upon the Company and, to the extent permitted by applicable law, may be enforced in any court to the jurisdiction of which the Company is subject by a suit upon such judgment or in any manner provided by law, provided that service of process is effected upon the Company in the manner specified in the following paragraph or as otherwise permitted by law.

(b) As long as any of the Notes remain Outstanding, the Company will at all times have an authorized agent in The City of New York upon whom process may be served in any legal action or proceeding arising out of or relating to this Agreement or any Note. Service of process upon such agent and written notice of such service mailed or delivered to the Company shall to the fullest extent permitted by law be deemed in every respect effective service of process upon the Company in any such legal action or proceeding. The Company has appointed Cogency Global Inc. as its agent for such purpose, and covenants and agrees that service of process in any suit, action or proceeding may be made upon it at the offices of such agent. Cogency Global Inc. has accepted such appointment as agent for service of process. Notwithstanding the foregoing, the Company may, with prior written notice to the Fiscal Agent, terminate the appointment of such agent and appoint another agent for the above purposes so that the Company shall at all times have an agent for the above purposes in The City of New York.

(c) The Company hereby irrevocably waives, to the fullest extent permitted by law, any requirement or other provision of law, rule, regulation or practice which requires or otherwise establishes as a condition to the institution, prosecution or completion of any suit, action or proceeding (including appeals) arising out of or relating to this Agreement or any Note, the posting of any bond or the furnishing, directly or indirectly, of any other security.

EACH OF THE COMPANY AND THE FISCAL AGENT HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE NOTES OR THE TRANSACTION CONTEMPLATED HEREBY.

In any case in which any Fixed Rate Interest Payment Date falls on a day that is not a Business Day, then payment of principal or interest (or Additional Amounts, if any) need not be made on such date but may be made on the next succeeding Business Day. Any payment made pursuant to the preceding sentence on such next succeeding Business Day shall have the same force and effect as if made on the due date, and no additional interest shall accrue with respect to such payment for the period after such date.

If any Floating Rate Interest Payment Date would otherwise be a day that is not a EURIBOR Business Day, such Floating Rate Interest Payment Date shall be the next succeeding EURIBOR Business Day, unless the next succeeding EURIBOR Business Day is in the next succeeding calendar month, in which case such Floating Rate Interest Payment Date shall be the immediately preceding EURIBOR Business Day.

SECTION 1.15. Communications by Holders with Other Holders.

Within five Business Days of receipt of a written application by a Holder stating that such Holder desires to communicate with other Holders of Notes, the Fiscal Agent, provided it has received a copy of the form of proxy or other communication which such applying Holder proposes to transmit and proof
reasonably satisfactory to the Fiscal Agent that such Holder has owned Notes for a period of at least six months prior to such request, shall either (i) afford the applying Holder access to the requested information or (ii) transmit copies of the communication prepared by the applying Holder to the registered Holders at the expense of such applying Holder.

SECTION 1.16. English Language.

All certificates, opinions, notices, consents, requests or other documents or instruments delivered pursuant hereto shall be in the English language.

SECTION 1.17. Counterparts

This Agreement may be executed in two or more counterparts, each of which shall be deemed to be an original and all of which together shall constitute one and the same agreement. The exchange of copies of this Agreement and of signature pages by facsimile or PDF transmission shall constitute effective execution and delivery of this Agreement as to the parties hereto and may be used in lieu of the original Agreement and signature pages for all purposes.

may be executed and delivered by the Company to the Fiscal Agent for authentication, accompanied by a Company Order directing such authentication, and the Fiscal Agent shall thereupon authenticate and deliver said Notes to or upon the written order of the Company (as set forth in such Company Order) signed by an Authorized Officer of the Company. Notwithstanding the foregoing, the Company, pursuant to a Board Resolution, may from time to time, without the consent of Holders of Notes, create and issue further notes having the same terms and conditions as the Notes of a series in all respects, except for the issue date, issue price and first Interest Payment Date thereon. Additional notes issued in this manner may be consolidated with and form a single series with the previously outstanding Notes of the relevant series; provided that if any additional notes are not fungible with the Notes of the relevant series for U.S. federal income tax purposes, such additional notes will be issued as a separate series under this Agreement and will have a separate “ISIN” or similar identifying number from the Notes of the relevant series.

The Notes shall be issuable only in fully registered form without interest coupons in denominations of €100,000 and integral multiples of €1,000 in excess thereof. Notes issued in accordance with Rule 144A of the Securities Act shall initially be issued in the form of one or more global notes in the form of Exhibit A-1 or A-3 hereto (each, a “Rule 144A Global Note”) and Notes issued in accordance with Regulation S of the Securities Act shall initially be issued in the form of one or more global notes in the form of Exhibit A-2 or

The Notes may have such additional provisions, omissions, variations or substitutions as are not inconsistent with the provisions of this Agreement and may have such letters, numbers or other marks of identification and such legends or endorsements placed thereon as may be required to comply with any law or with any rules made pursuant thereto or with the rules of any securities exchange, any governmental agency or the Depositary or as may, consistently herewith, be determined by the officers of the Company executing such Notes, as evidenced by their execution thereof. All Notes shall be substantially identical except as to denomination and as provided herein.

The Notes shall be executed on behalf of the Company by any Representative Director of the Company. The signature of any Representative Director of the Company on the Notes may be manual or facsimile.

Notes bearing the manual or facsimile signatures of individuals who were at the time of issuance of such Notes the proper Representative Director of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices thereafter.

The definitive Notes shall be printed, lithographed or engraved on steel engraved borders or may be produced in any other manner, all as determined by the Representative Director of the Company executing such Notes, as evidenced by their execution thereof. Until definitive Notes shall have been prepared, the Company may execute, and upon the written order of the Company, the Fiscal Agent shall authenticate and deliver, in accordance with the provisions of this Agreement (in lieu of definitive Notes), temporary Notes which are printed, lithographed, typewritten, mimeographed or otherwise produced, substantially of the tenor referred to above. Such temporary Notes shall be subject to the same limitations and conditions and entitled to the same rights and benefits as definitive Notes, except as provided herein or therein. If temporary Notes are issued, the Company shall promptly cause definitive Notes to be prepared. Temporary Notes shall be exchangeable at the principal office of the Fiscal Agent in London (or at such other office in London as shall be specified in the text of such temporary Notes) for definitive Notes when the latter shall be ready for delivery; and upon the surrender for exchange at said office of such temporary Notes, the Company, at its own expense, shall execute, and the Fiscal Agent is authorized to authenticate and deliver, in accordance with the provisions of Section 2.2 of this Agreement, in exchange for such temporary Notes a like aggregate principal amount of definitive Notes of the appropriate form and denomination. Temporary Notes shall be appropriately legended.

SECTION 2.2. Certificate of Authentication.

Only such Notes as shall bear thereon a certificate of authentication substantially as set forth in the Form of Note in Exhibit A-1, A-2, A-3 or A-4 hereto, as applicable, executed by the Fiscal Agent by manual signature of one of its Responsible Officers, shall be entitled to the benefits of this Agreement or be valid or obligatory for any purpose. Such certification by the Fiscal Agent upon any Note executed by or on behalf of the Company shall be conclusive evidence that the Note so authenticated has been duly authenticated and delivered hereunder and that the Holder thereof is entitled to the benefits of this Agreement.

SECTION 2.3. Issue and Delivery of Notes.

The Company has, by a purchase agreement dated November 15, 2018 among the Company and J.P. Morgan Securities plc, SMBC Nikko Capital Markets Limited, Morgan Stanley MUFG Securities Co., Ltd., Barclays Bank PLC, BNP Paribas and HSBC Bank plc as representatives (the “Representatives”) of the initial purchasers named therein (the “Initial Purchasers”), agreed to issue

- €1,250,000,000 aggregate principal amount of 0.375% Senior Notes due 2020,
• €1,000,000,000 aggregate principal amount of the Senior Floating Rate Notes due 2020,
• €1,500,000,000 aggregate principal amount of 1.125% Senior Notes due 2022,
• €750,000,000 aggregate principal amount of the Senior Floating Rate Notes due 2022,
• €1,500,000,000 aggregate principal amount of 2.250% Senior Notes due 2026, and
• €1,500,000,000 aggregate principal amount of 3.000% Senior Notes due 2030.

The aggregate principal amount of the Rule 144A Global Notes and the Regulation S Global Notes issued on the Closing Date shall be €7,500,000,000. The principal amount of any Rule 144A Global Note and any Regulation S Global Note may from time to time be increased or decreased by adjustments made on the records of the Fiscal Agent, as provided in Section 2.6. The Global Notes will be dated November 21, 2018.

SECTION 2.4. Registrar, Registration of Transfer and Exchange.

The Company shall cause to be kept at the Fiscal Agent’s Office a register (the register maintained in such office and in any other office or agency of the Company herein sometimes collectively referred to as the “Notes Register”) in which, subject to such reasonable regulations as it may prescribe, the Company shall provide for the registration of Notes and of transfers of Notes. The Fiscal Agent is hereby appointed “Notes Registrar” for the purpose of registering Notes and transfers of such Notes as herein provided.

The Company may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts; provided, however, that there shall at all times be a transfer agent in London. There shall be only one Notes Registrar. The Notes Register will show the amount of the Notes, the date of issue, all subsequent transfers and changes of ownership in respect thereof and the names, tax identifying numbers (if relevant to a specific holder), addresses of the holders of the Notes and any payment instructions with respect thereto (if different from a holder’s registered address). The Fiscal Agent will also maintain a record which will include notations as to whether the Notes have been paid or cancelled, and, in the case of mutilated, destroyed, stolen or lost Notes, whether such Notes have been replaced.

In the case of the replacement of any of the Notes, such records will include notations of each Note so replaced, and the Note issued in replacement thereof. In the case of the cancellation of any of the Notes, such records will include notations of each Note so cancelled and the date on which such Note was cancelled. The Fiscal Agent shall upon written request make the Notes Register and such records available, during normal office hours and on reasonable written notice, to the Company, or any Person authorized by the Company in writing, for inspection and for the taking of copies thereof or extracts therefrom, and, at the expense of the Company, the Fiscal Agent shall deliver to such Persons all lists of Holders of Notes, their addresses and amounts of such holdings as they may request.

Except as otherwise specifically provided herein, (i) all references in this Agreement to the Fiscal Agent shall be deemed to refer to the Fiscal Agent in its capacity as Fiscal Agent, Notes Registrar and Calculation Agent and (ii) every provision of this Agreement relating to the conduct, rights or privileges of the Fiscal Agent or affecting the liability or offering protection, immunity or indemnity to the Fiscal Agent shall be deemed to apply with the same force and effect to the Fiscal Agent acting in its capacities as Notes Registrar, Calculation Agent and Paying Agent and to each agent of the Fiscal Agent employed to act hereunder.

Subject to this Section 2.4, Section 2.5 and Section 2.6, at the option of the Holder, Notes may be presented for exchange for other Notes, of any authorized denominations and of like tenor and aggregate principal amount or for registration of transfer by the Holder thereof or his attorney duly authorized in writing and with the form of transfer thereon duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Fiscal Agent duly executed, at the office of the Fiscal Agent or at the office of any transfer agent designated by the Company for such purpose. Whenever any Notes are so surrendered for exchange, the Company shall execute and the Fiscal Agent shall authenticate and deliver the Notes which the Holder making the exchange is entitled to receive.
Upon surrender for registration of transfer of any Note at the office or agency of the Company, the Company shall execute and the Fiscal Agent shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Notes, of any authorized denominations and of like tenor and aggregate principal amount.

All Notes issued upon any registration of transfer or exchange of Notes shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits under this Agreement, as the Notes surrendered upon such registration of transfer or exchange.

Every Note presented or surrendered for registration of transfer or for exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company duly executed, by the Holder thereof or his attorney duly authorized in writing.

No service charge shall be made for any registration of transfer or exchange of Notes, but the Company may require payment by the Holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Notes.

The Fiscal Agent shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Agreement or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Participants or beneficial owners of interests in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by the terms of, this Agreement, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

SECTION 2.5. **Global Notes.**

Each Global Note authenticated under this Agreement shall be registered in the name of the Depositary designated for such Global Note or a nominee thereof and delivered to such Depositary or a nominee thereof or custodian therefor, and each such Global Note shall constitute a single Note for all purposes of this Agreement.

Ownership of beneficial interests in a Global Note will be limited to persons who have accounts with Euroclear and Clearstream (“Participants”) or persons who hold interests through such Participants. Upon the issuance of a Global Note, Euroclear or Clearstream shall credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such Global Note to the accounts of its Participants. Ownership of beneficial interests in a Global Note shall be shown only on, and the transfer of such ownership interests shall be effected only through, records maintained by Euroclear and Clearstream (with respect to interests of Participants) or by any such Participant (with respect to interests of persons held by such Participants on their behalf). Payments, transfers, exchanges and other matters relating to beneficial interests in a Global Note may be subject to various policies and procedures adopted by Euroclear and Clearstream from time to time. None of the Company, the Fiscal Agent or any of their respective agents shall have any responsibility or liability for any aspect of Euroclear’s, Clearstream’s or any Participant’s records, policies or procedures relating to, or for payments made on account of, beneficial interests in a Global Note or for any other aspect of the relationship between Euroclear or Clearstream and its Participants, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Notwithstanding any provision of this Agreement or any Note to the contrary, no Global Note may be exchanged in whole or in part for Notes registered, and no transfer of a Global Note in whole or in part may be registered, in the name of any Person other than the Depositary or its nominee unless (i) Euroclear and Clearstream is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or (ii) there shall
have occurred and be continuing an Event of Default with respect to the Notes. All definitive Notes issued in
exchange for a Global Note or any portion thereof shall be registered in such names as the Depositary shall
direct. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in a
Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with
respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8, the right of such owner
to pursue such remedy with respect to the portion of the Global Note that represents such owner’s Notes as if
such definitive Notes had been issued.

Except in the circumstances referred to in the preceding paragraph, as long as the Depositary,
or its nominee, is the registered Holder of a Global Note, the Depositary or such nominee, as the case may be,
shall be considered the sole owner and Holder of such Global Note (and of the Notes represented thereby) for all
purposes under this Agreement and the Notes. Except in the circumstances referred to in the preceding
paragraph, owners of beneficial interests in a Global Note shall not be entitled to have such Global Note or any
Notes represented thereby registered in their names, shall not receive or be entitled to receive physical delivery of
definitive Notes in exchange therefor and shall not be considered the owners or Holders of such Global Note (or
any Notes represented thereby) for any purpose under this Agreement or the Notes. In addition, no beneficial
owner of an interest in a Global Note shall be able to transfer that interest except in accordance with the
Depositary’s applicable procedures (in addition to those under this Agreement referred to herein and, if
applicable, those of Euroclear and Clearstream). All payments of interest on, principal of, or Additional Amounts
on, a Global Note shall be made to or to the order of the Depositary or its nominee, as the case may be, as the
Holder thereof.

Every Note authenticated and delivered upon registration of transfer of, or in exchange for or in
lieu of, a Global Note or any portion thereof, whether pursuant to this Section 2.5, Section 2.6, Section 2.7 or
otherwise, shall be authenticated and delivered in the form of, and shall be, a Global Note, unless such Note is
registered in the name of a Person other than the Depositary for such Global Note or a nominee thereof.

Neither the Fiscal Agent nor any Agent shall have any responsibility or liability for any actions
taken or not taken by the Depositary.

SECTION 2.6. Transfer Restrictions.

(a) The Global Notes shall be subject to the restrictions on transfers (the “Transfer
Restrictions”) provided in the applicable legends (the “Legends”) required to be set forth on the face of each
Global Note as provided in Exhibits A-1, A-2, A-3 and A-4 hereto, and each Holder of a Global Note and each
owner of a beneficial interest in a Global Note, by its acceptance thereof, agrees to be bound by and comply with
the Transfer Restrictions, in each case unless compliance with the Transfer Restrictions shall be waived by the
Company in writing delivered to the Fiscal Agent.

(b) The Transfer Restrictions shall cease and terminate with respect to any particular
Global Note upon receipt by the Company of evidence satisfactory to it (which may include an opinion of
independent counsel experienced in matters of United States federal securities law) that, as of the date of
determination, such Global Note (a) has been sold pursuant to an effective registration statement under the
Securities Act or (b) has been transferred (i) in a transaction satisfying all the requirements of Rule 903 or 904
(as applicable) of Regulation S under the Securities Act or (ii) pursuant to Rule 144 under the Securities Act. All
references in the preceding sentence to any regulation, rule or provision thereof shall be deemed also to refer to
any successor provisions thereof.

(c) At the request of the Holder and upon the surrender of such Global Note to the Fiscal
Agent for exchange in accordance with the provisions of this Section 2.6, any Global Note as to which the
Transfer Restrictions shall have terminated in accordance with the preceding paragraph shall be exchanged for a
new Note, of like tenor and aggregate principal amount, but without the Legends.
(d) As used in this Section 2.6, the term “transfer” encompasses any sale, pledge, transfer or other disposition of any Notes referred to herein.

(e) Rule 144A Global Note to Regulation S Global Note. If the owner of a beneficial interest (an “Owner Transferor”) in a Rule 144A Global Note wishes at any time to transfer such beneficial interest to a Person (an “Owner Transferee”) who wishes to take delivery thereof in the form of a beneficial interest in a Regulation S Global Note, such transfer may be effected, subject to the Applicable Procedures, only in accordance with the provisions of this paragraph (e). “Applicable Procedures” means, with respect to any transfer of a beneficial interest in a Global Note, the rules and procedures of Euroclear and Clearstream to the extent the same are applicable to such transfer and shall be complied with by any Holder or any party which has a beneficial interest in a Global Note; provided, however, the Fiscal Agent shall not be responsible for determining any compliance with such rules and procedures. Upon receipt by the Fiscal Agent of (1) written instructions given in accordance with the Applicable Procedures from a Participant whose account is to be debited (a “Participant Transferor”) with respect to the Rule 144A Global Note directing the Fiscal Agent to credit or cause to be credited to a specified account of another Participant (a “Participant Transferee”) a beneficial interest in a Regulation S Global Note in a principal amount equal to that of the beneficial interest in the Rule 144A Global Note to be so transferred (the “Rule 144A Global Transferred Amount”), (2) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Participant Transferee to be credited with, and the account of the Participant Transferor to be debited for, the Rule 144A Global Transferred Amount and (3) a certificate in substantially the form set forth in Exhibit B hereto given by the Owner Transferee stating that the transfer has been made pursuant to and in accordance with Rule 903 or Rule 904 of Regulation S under the Securities Act, the Fiscal Agent shall instruct Euroclear or Clearstream, as applicable, to reduce the principal amount of the Rule 144A Global Note, and to increase the principal amount of the Regulation S Global Note, and to credit or cause to be credited to the account of the Participant Transferee a beneficial interest in the Regulation S Global Note, and to debit or cause to be debited to the account of the Participant Transferor a beneficial interest in the Rule 144A Global Note, in each case having a principal amount equal to the Rule 144A Global Transferred Amount.

(f) Regulation S Global Note to Rule 144A Global Note. If an Owner Transferor wishes at any time to transfer a beneficial interest in a Regulation S Global Note to an Owner Transferee who wishes to take delivery thereof in the form of a beneficial interest in a Rule 144A Global Note, such transfer may be effected, subject to the Applicable Procedures, only in accordance with this Section 2.6(f). Upon receipt by the Fiscal Agent of (1) written instructions given in accordance with the Applicable Procedures from the Participant Transferor, directing the Fiscal Agent to credit or cause to be credited to a specified account of a Participant Transferee a beneficial interest in a Rule 144A Global Note in a principal amount equal to that of the beneficial interest in the Regulation S Global Note to be so transferred (the “Regulation S Global Transferred Amount”), (2) a written order given in accordance with the Applicable Procedures containing information regarding the account of the Participant Transferee to be credited with, and the account of the Participant Transferor to be debited for, the Regulation S Global Transferred Amount, and (3) if the transfer is prior to or on the 40th day after the later of the commencement of the offering of the Notes and the issue date of the Notes, a certificate in substantially the form set forth in Exhibit C hereto given by the Owner Transferor stating (A) that the Person transferring such interest in a Regulation S Global Note (i) reasonably believes that the Person acquiring such interest in a Rule 144A Global Note is a Qualified Institutional Buyer purchasing for its own account (or for the account of one or more Qualified Institutional Buyers over which account it exercises sole investment discretion), (ii) has notified such Person of the transfer restrictions applicable to the Global Notes, and (B) the transfer is in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction, the Fiscal Agent shall instruct Euroclear or Clearstream, as applicable, to reduce the principal amount of the Regulation S Global Note, and to increase the principal amount of the Rule 144A Global Note, by the Regulation S Global Transferred Amount, and to credit or cause to be credited to the account of the Participant Transferee a beneficial interest in the Rule 144A Global Note, and to debit or cause to be debited to the account of the Participant Transferor.
Transferor a beneficial interest in the Regulation S Global Note, in each case having a principal amount equal to the Regulation S Global Transferred Amount.

SECTION 2.7. Mutilated, Destroyed, Lost and Stolen Notes.

If any mutilated Note is surrendered to the Fiscal Agent, the Company shall execute, and the Fiscal Agent shall authenticate and deliver in exchange therefor, a new Note of like tenor and principal amount and bearing a number not contemporaneously outstanding.

If there shall be delivered to the Company and the Fiscal Agent (i) evidence to their satisfaction of the destruction, loss or theft of any Note and (ii) indemnity satisfactory to them to save each of them and any of their agents harmless, from any losses or claims incurred in connection with the issuance of a new Note, then, in the absence of notice to the Company or the Fiscal Agent that such Note has been acquired by a bona fide purchaser, the Company shall execute and the Fiscal Agent shall authenticate and deliver, in lieu of any such destroyed, lost or stolen Note, a new Note of like tenor and principal amount and bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Note has become or is about to become due and payable, the Company in its discretion may, instead of issuing a new Note, pay such Note.

Upon the issuance of any new Note under this Section 2.7, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Fiscal Agent) connected therewith.

Every new Note issued pursuant to this Section 2.7 in exchange for any mutilated Note or in lieu of any destroyed, lost or stolen Note shall constitute an original contractual obligation of the Company, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Agreement equally and proportionately with any and all other Notes duly issued hereunder.

The provisions of this Section 2.7 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes.

SECTION 2.8. Persons Deemed Owners.

Prior to due presentment of a Note for registration of transfer, the Company, the Fiscal Agent and any agent of the Company or the Fiscal Agent may treat the Person in whose name such Note is registered as the owner of such Note for the purpose of receiving payment of principal of and any interest on such Note and for all other purposes whatsoever, whether or not such Note be overdue, and neither the Company, the Fiscal Agent nor any agent of the Company or the Fiscal Agent shall be affected by notice to the contrary. In considering the interests of the Holders of Notes while title to the Notes is registered in the name of a nominee of the Depositary, the Fiscal Agent may refer to any information made available to it by the Depositary as to the identity (either individually or by category) of its Participants or persons who hold interests through such Participants with entitlements to Notes and may consider such interests as if such accountholders were the Holders of the Notes. For the purposes of enforcement of the provisions of this Agreement against the Fiscal Agent, the persons named in a certificate of the Holder of any Global Note in respect of which a global certificate is issued shall be recognized as the beneficiaries of this Agreement, to the extent of the principal amounts of their interests in the Notes set out in the certificate of the Holder, as if they were themselves the Holders of the Notes in such principal amounts.
SECTION 2.9. Cancellation.

All Notes surrendered for payment, redemption, registration of transfer or exchange shall, if surrendered to any Person other than the Fiscal Agent, be delivered to the Fiscal Agent and shall be promptly canceled by it. The Company may at any time deliver to the Fiscal Agent for cancellation any Notes previously authenticated and delivered hereunder which the Company may have acquired in any manner whatsoever, and may deliver to the Fiscal Agent (or to any other Person for delivery to the Fiscal Agent) for cancellation any Notes previously authenticated hereunder which the Company has not issued and sold, and all Notes so delivered shall be promptly canceled by the Fiscal Agent. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.9, except as expressly permitted by this Agreement. All canceled Notes (and all Notes paid in full at final maturity thereof) held by the Fiscal Agent shall be disposed of in accordance with the Fiscal Agent’s customary practices.

(a) In compliance with Japanese tax laws and the practices of tax authorities in Japan, in respect of any interest payment on the Notes issued in global or book-entry form pursuant to this Agreement or any amendments or supplements hereto, any Paying Agent shall act in accordance with the procedures and forms set out in the applicable and most recent memorandum prepared by the International Capital Markets Association, or any other organization or organizations that succeed the International Capital Markets Association (as may be amended or supplemented from time to time by notice from such association) entitled “Compliance Procedures for International Securities Offerings by Japanese Issuers”, intended to provide for the administration of the Act on Special Taxation Measures (the “ICMA Procedures”). Except as otherwise provided in this Agreement, any such Paying Agent shall be responsible only for performing such services as are specifically provided for in the ICMA Procedures or such other procedures actually known by the Paying Agent, as applicable and as may be amended or modified and communicated to the Paying Agent from time to time. Any such Paying Agent and the Company may rely on the information provided in the claim for exemption from Japanese withholding taxes and other documentation in the absence of actual knowledge to the contrary. If any interest payment on a Note is due to be made hereunder, and if and so long as payments of interest (if any) by the Company to any Paying Agent may be made without withholding or deduction for or on account of Japanese tax only upon receipt of Tax Documentation, the relevant Paying Agent at the direction of the Company, shall (i) accept delivery of the required Tax Documentation from the clearing organization (or Holders of the Notes, if definitive Notes have been issued); (ii) provide to the Company any required confirmations of information available to it; and (iii) deliver such Tax Documentation to, or on the written order of, the Company via facsimile no later than two Business Days after the Paying Agent has received such Tax Documentation, followed by first class mail or express courier at the address stipulated in Section 1.5, for filing with the relevant Japanese district tax office. Any such Paying Agent may rely on the information provided in Tax Documentation (including, where relevant, supporting documentation) in the absence of actual knowledge that such information is incorrect.

(b) If a Holder of the Notes or the holder of a depositary interest representing the Notes satisfies the requirements for claiming an exemption from Japanese withholding tax after the date on which an amount in respect of such tax is withheld and before the date on which the tax is actually paid to the Japanese tax authorities, then the Company or the Paying Agent acting at the direction of the Company may, to the extent reasonably practicable, repay the amount withheld (after deduction of reasonable costs, including amounts in respect of changes in foreign exchange rates) to the Holder.

SECTION 2.11. Japanese Withholding Tax Legend.

Each Global Note and each definitive Note issued for exchange for a beneficial interest in the Global Note shall bear the following legend relating to Japanese withholding tax:

“INTEREST PAYMENTS ON THIS NOTE GENERALLY WILL BE SUBJECT TO JAPANESE WITHHOLDING TAX UNLESS IT IS ESTABLISHED THAT THIS NOTE IS HELD BY OR
FOR THE ACCOUNT OF A BENEFICIAL OWNER THAT IS (I) FOR JAPANESE TAX PURPOSES, NEITHER AN INDIVIDUAL RESIDENT OF JAPAN OR A JAPANESE CORPORATION, NOR AN INDIVIDUAL NON-RESIDENT OF JAPAN OR A NON-JAPANESE CORPORATION THAT IN EITHER CASE IS A PERSON HAVING A SPECIAL RELATIONSHIP WITH THE COMPANY AS DESCRIBED IN ARTICLE 6, PARAGRAPH (4) OF THE ACT ON SPECIAL MEASURES CONCERNING TAXATION OF JAPAN (ACT NO. 26 OF 1957, AS AMENDED) (THE “ACT ON SPECIAL TAXATION MEASURES”) (A “SPECIALY-RELATED PERSON OF THE COMPANY”), (II) A JAPANESE FINANCIAL INSTITUTION OR A JAPANESE FINANCIAL INSTRUMENTS BUSINESS OPERATOR DESIGNATED IN ARTICLE 3-2-2, PARAGRAPH (28) OF THE CABINET ORDER (CABINET ORDER NO. 43 OF 1957, AS AMENDED) RELATING TO THE ACT ON SPECIAL TAXATION MEASURES WHICH COMPLIES WITH THE REQUIREMENT FOR TAX EXEMPTION UNDER ARTICLE 6, PARAGRAPH (9) OF THE ACT ON SPECIAL TAXATION MEASURES OR (III) A PUBLIC CORPORATION, A FINANCIAL INSTITUTION OR A FINANCIAL INSTRUMENTS BUSINESS OPERATOR, ETC. DESCRIBED IN ARTICLE 3-3, PARAGRAPH (6) OF THE ACT ON SPECIAL TAXATION MEASURES WHICH HAS RECEIVED SUCH PAYMENTS THROUGH A PAYMENT HANDLING AGENT IN JAPAN AS DESCRIBED IN PARAGRAPH (1) OF SAID ARTICLE AND COMPLIES WITH THE REQUIREMENT FOR TAX EXEMPTION UNDER THAT PARAGRAPH.

INTEREST PAYMENTS ON THIS NOTE TO AN INDIVIDUAL RESIDENT OF JAPAN, TO A JAPANESE CORPORATION NOT DESCRIBED IN THE PRECEDING PARAGRAPH, OR TO AN INDIVIDUAL NON-RESIDENT OF JAPAN OR A NON-JAPANESE CORPORATION THAT IN EITHER CASE IS A SPECIALLY-RELATED PERSON OF THE COMPANY WILL BE SUBJECT TO JAPANESE INCOME TAX AT THE TIME OF SUCH INTEREST PAYMENTS.”

SECTION 2.12. Issuance in Euros.

Principal, premium, if any, and interest payments and additional amounts, if any, in respect of the Notes will be payable in euros. If the euro is unavailable to the Company due to the imposition of exchange controls or other circumstances beyond its control or the euro is no longer used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the Notes will be made in U.S. dollars until the euro is again available to the Company or so used. In such circumstances, the amount payable on any date in euros will be converted to U.S. dollars on the basis of the most recently available market exchange rate for euros, as determined by the Company in its sole discretion. Any payment in respect of the Notes so made in U.S. dollars will not constitute an Event of Default. Neither the Fiscal Agent nor the Paying Agent will be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

(a) The Global Notes representing the Notes shall be deposited with, or on behalf of, a common depository for Euroclear and Clearstream (the “Depository”), and registered in the name of such common depository or its nominee for the accounts of Euroclear and Clearstream, duly executed by the Company and authenticated by the Fiscal Agent pursuant to the terms of this Agreement. Each such Global Note shall constitute a single security for all purposes of this Agreement.

(b) Notwithstanding any other provision in this Agreement, no Global Note may be exchanged in whole or in part for Notes registered, and no transfer of a Global Note in whole or in part may be registered, in the name of any Person other than the Depositary for such Global Note or a nominee thereof unless (A) Euroclear or Clearstream is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact so, or (B) the Company determines at any time that the Notes shall no longer be represented by Global Notes and shall...
inform Euroclear or Clearstream of such determination and participants in Euroclear or Clearstream elect to withdraw their beneficial interests in the Notes from such Depositary, following notification by the Depositary of their right to do so, or (C) such exchange is made upon request by or on behalf of the Depositary in accordance with customary procedures, following the request of a Holder seeking to exercise or enforce its rights under the Notes during the continuance of an Event of Default.

(c) Subject to clause (b) above, any exchange of a Global Note for other Notes may be made in whole or in part, and all Notes issued in exchange for a Global Note or any portion thereof shall be registered in such names as the Depositary for such Global Note shall direct in writing to the Fiscal Agent.

(d) Every Note authenticated and delivered upon registration of transfer of, or in exchange for or in lieu of, a Global Note or any portion thereof shall be authenticated and delivered in the form of, and shall be, a Global Note, unless such Note is registered in the name of a Person other than the Depositary for such Global Note or a nominee thereof.

(e) Subject to the provisions of clause (g) below, the registered Holder may grant proxies and otherwise authorize any Person, including Agent Members (as defined below in clause (g)) and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Agreement or the Notes.

(f) In the event of the occurrence of any of the events specified in clause (b) above, the Company will promptly make available to the Fiscal Agent a reasonable supply of certificated Notes in definitive, fully registered form, without interest coupons.

(g) Neither any members of, or participants in, Euroclear or Clearstream (collectively, the “Agent Members”) nor any other Persons on whose behalf Agent Members may act shall have any rights under this Agreement with respect to any Global Note registered in the name of the Depositary or any nominee thereof, or under any such Global Note, and the Depositary or such nominee, as the case may be, may be treated by the Company, the Fiscal Agent and any agent of the Company or the Fiscal Agent as the absolute owner and Holder of such Global Note for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Company or the Fiscal Agent or any agent of the Company or the Fiscal Agent from giving effect to any written certification, proxy or other authorization furnished by the Depositary or such nominee, as the case may be, or impair, as between the Depositary, its Agent Members and any other Person on whose behalf an Agent Member may act, the operation of customary practices of such Persons governing the exercise of the rights of a Holder of any Note.

ARTICLE III
SATISFACTION AND DISCHARGE

SECTION 3.1. Satisfaction and Discharge of Agreement.

The Company may terminate all of its obligations under this Agreement (except as to any surviving rights of registration of transfer or exchange of Notes herein expressly provided for), and the Fiscal Agent, at the expense of the Company, shall execute instruments in form and substance satisfactory to the Fiscal Agent and the Company acknowledging satisfaction and discharge of this Agreement, when

(1) either

(A) all Notes theretofore authenticated and delivered (other than Notes which have been mutilated, destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.7) have been delivered to the Fiscal Agent for cancellation; or

(B) all such Notes not theretofore delivered to the Fiscal Agent for cancellation
(i) have become due and payable,

(ii) will become due and payable at their maturity date within one year, or

(iii) are to be called for redemption pursuant to Section 10.1, Section 10.2, Section 10.3, Section 10.04 or Section 10.5 within one year under arrangements satisfactory to the Fiscal Agent for the giving of notice of redemption by the Fiscal Agent in the name, and at the expense, of the Company, and the Company, in the case of (i), (ii) or (iii) above, has deposited or caused to be deposited with the Fiscal Agent as trust funds in trust for such purpose money in an amount sufficient to pay and discharge the entire indebtedness on such Notes not theretofore delivered to the Fiscal Agent for cancellation, for principal and interest to the date of such deposit (in the case of Notes which have become due and payable) or to the Redemption Date, as the case may be;

(2) the Company has paid or caused to be paid or made provision satisfactory to the Fiscal Agent for the payment of all other sums payable hereunder by the Company; and

(3) the Company has delivered to the Fiscal Agent an Officer’s Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Agreement have been complied with.

Notwithstanding the satisfaction and discharge of this Agreement, the obligations of the Company to the Fiscal Agent under Section 4.6, Section 5.6 and Section 9.3, any obligations of the Fiscal Agent under Section 3.2 and any rights of registration of transfer, exchange or replacement of Notes provided in Section 2.4, Section 2.5, Section 2.6, Section 2.7, or Section 9.2 and any rights to Additional Amounts pursuant to Section 9.5 shall survive such satisfaction and discharge.

SECTION 3.2. Application of Trust Money.

All money deposited with the Fiscal Agent pursuant to Section 3.1 shall be held in trust and applied by it, in accordance with the provisions of the Notes and this Agreement, to the payment, either directly or through any Paying Agent as the Fiscal Agent may determine, to the Persons entitled thereto, of the principal and any interest (or Additional Amounts, if any) for whose payment such money has been deposited with the Fiscal Agent.

ARTICLE IV

REMEDIES OF THE FISCAL AGENT AND HOLDERS ON EVENT OF DEFAULT

SECTION 4.1. Event of Default. Unless otherwise established hereunder or by any applicable amendment or supplement hereto, an “Event of Default” with respect to the Notes shall mean any one of the following events which shall have occurred and be continuing (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

1. default shall be made for more than seven days in the payment of principal or for more than 30 days in the payment of interest in respect of any of the Notes; or

2. the Company defaults in the performance or observance of any covenant, condition or provision contained in the Notes or in this Agreement for a period of 60 days after written notification requesting such default to be remedied by the Company shall first
have been given to the Company (and to the Fiscal Agent in the case of notice by the Holders referred to below) by the Fiscal Agent or Holders of at least 25% in principal amount of the then Outstanding Notes (such notification must specify the Event of Default, demand that it be remedied and state that the notification is a “Notice of Default” hereunder); or

3. the Company shall have become bound as a consequence of a default by it in its obligations in respect of any indebtedness for borrowed moneys having a total principal amount then outstanding of at least $50,000,000 (or its equivalent in any other currency or currencies) contracted or incurred by it prematurely to repay the same, or the Company shall have defaulted in the repayment of any such indebtedness contracted or incurred by it at the later of the maturity thereof or the expiration of any applicable grace period therefor, or the Company shall have failed to pay when properly called upon to do so, and after the expiration of any applicable grace period, any guarantee contracted or incurred by it of any such indebtedness in accordance with the terms of any such guarantee; provided, however, that, prior to any judgment, if any such default under such indebtedness shall be cured by the Company, or be waived by the holders of such indebtedness, in each case as may be permitted under the terms of such indebtedness, then the Event of Default hereunder by reason of such default shall be deemed likewise to have been thereupon cured or waived; or

4. a final and non-appealable order of a court of competent jurisdiction shall be made or an effective resolution of the Company shall be passed for the winding-up or dissolution of the Company except for the purposes of or pursuant to a consolidation, amalgamation, merger or reconstruction under which the continuing corporation or the corporation formed as a result thereof effectively assumes the entire obligations of the Company under this Agreement in relation to the Notes; or

5. an encumbrancer shall have taken possession, or a trustee or receiver shall have been appointed, in bankruptcy, civil rehabilitation, reorganization or insolvency of the Company, of all or substantially all of its assets and undertakings and such possession or appointment shall have continued undischarged and unstayed for a period of 60 days; or

6. the Company shall stop payment (within the meaning of the bankruptcy law of Japan) or (otherwise than for the purposes of such a consolidation, amalgamation, merger or reconstruction as is referred to in paragraph 4 above) shall cease to carry on business or shall be unable to pay its debts generally as and when they fall due; or

7. a decree or order by any court having jurisdiction shall have been issued adjudging the Company bankrupt or insolvent, or approving a petition seeking with respect to the Company reorganization or liquidation under bankruptcy, civil rehabilitation, reorganization or insolvency law of Japan, and such decree or order shall have continued undischarged and unstayed for a period of 60 days; or

8. the Company shall initiate or consent to proceedings relating to itself under bankruptcy, civil rehabilitation, reorganization or insolvency law of Japan or shall make a conveyance or assignment for the benefit of, or shall enter into any composition with, its creditors generally.

SECTION 4.2. Acceleration of Maturity; Rescission and Annulment. If an Event of Default with respect to the Notes occurs and is continuing, then in every such case (other than an Event
of Default specified in Section 4.1(7) or Section 4.1(8)) the Fiscal Agent or the Holders of not less than 25% in principal amount of the Outstanding Notes of each affected series may declare the principal amount of all the Notes of such affected series to be due and payable immediately, by a notice in writing to the Company (and to the Fiscal Agent if given by Holders), and upon any such declaration such principal amount together with all accrued and unpaid interest shall become immediately due and payable.

Notwithstanding the foregoing, in the case of an Event of Default arising under Section 4.1(7) or Section 4.1(8) with respect to us, the principal of and interest on all outstanding Notes will become immediately due and payable without further action or notice. In addition, the fiscal agent shall have no obligation to accelerate the Notes if, in the reasonable judgment of the fiscal agent, acceleration is not in the best interest of the holders.

At any time after such a declaration of acceleration with respect to the Notes has been made and before a judgment or decree for payment of the money due has been obtained by the Fiscal Agent as hereinafter in this Article provided, the Holders of a majority in principal amount of the Outstanding Notes, by written notice to the Company and the Fiscal Agent, may rescind and annul such declaration and its consequences if

1. the Company has paid or deposited with the Fiscal Agent a sum sufficient to pay
   a. all overdue interest on all Notes,
   b. the principal of (and premium, if any, on) any Notes which have become due otherwise than by such declaration of acceleration and any interest thereon at the rate or rates prescribed therefor in such Notes,
   c. to the extent that payment of such interest is lawful, interest upon overdue interest at the rate or rates prescribed therefor in such Notes, and
   d. all sums paid or advanced by the Fiscal Agent hereunder and the compensation and the reasonable expenses, disbursements and advances of the Fiscal Agent, its agents and counsel; and

2. all Events of Default with respect to Notes, other than the non-payment of the principal of Notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 4.13.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

SECTION 4.3. Collection of Indebtedness and Suits for Enforcement by Fiscal Agent. The Company covenants that if

1. default is made in the payment of any interest on any Note when such interest becomes due and payable and such default continues for a period of 30 days, or

2. default is made in the payment of the principal of (or premium, if any, on) any Note at the maturity thereof and such default continues for a period of seven days,

the Company will, upon demand of the Fiscal Agent, pay to it, for the benefit of the Holders of such Notes, the whole amount then due and payable on such Notes for principal and any premium and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal and premium and on any overdue interest, at the rate or rates prescribed therefor in such Notes, if any, and, in
addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the compensation and the reasonable expenses, disbursements and advances of the Fiscal Agent, its agents and counsel.

If an Event of Default with respect to the Notes occurs and is continuing, the Fiscal Agent may in its discretion proceed to protect and enforce its rights and the rights of the Holders of Notes by such appropriate judicial proceedings as the Fiscal Agent shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Agreement or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

In case of any judicial proceeding relative to the Company (or any other obligor upon the Notes), its property or its creditors, the Fiscal Agent shall be entitled and empowered to institute any action or proceedings at law or in equity for the collection of the sums due and unpaid, and may prosecute any such action or proceedings to judgment or final decree, and may enforce any such judgment or final decree against the Company upon the Notes and collect in the manner provided by law out of the property of the Company, wherever situated, the monies adjudged or decreed to be payable. In particular, the Fiscal Agent shall be authorized to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Fiscal Agent and, in the event that the Fiscal Agent shall consent to the making of such payments directly to the Holders, to pay to the Fiscal Agent any amount due it for the compensation and the reasonable expenses, disbursements and advances of the Fiscal Agent, its agents and counsel, and any other amounts due the Fiscal Agent under Section 5.6.

No provision of this Agreement shall be deemed to authorize the Fiscal Agent to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof or to authorize the Fiscal Agent to vote in respect of the claim of any Holder in any such proceeding; provided, however, that the Fiscal Agent may, on behalf of the Holders, vote for the election of a trustee in bankruptcy or similar official and be a member of a creditors’ or other similar committee.

SECTION 4.5. Fiscal Agent May Enforce Claims Without Possession of Notes.

All rights of action and claims under this Agreement or the Notes may be prosecuted and enforced by the Fiscal Agent without the possession of any of the Notes or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Fiscal Agent shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Fiscal Agent, its agents and counsel, be for the ratable benefit of the Holders of the Notes in respect of which such judgment has been recovered.

SECTION 4.6. Application of Money Collected.

Any money collected by the Fiscal Agent pursuant to this Article shall be applied in the following order, at the date or dates fixed by the Fiscal Agent and, in case of the distribution of such money on account of principal or any premium or interest, upon presentation of the Notes and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

FIRST: To the payment of all amounts due the Fiscal Agent and any predecessor Fiscal Agent under Section 5.6; and
SECOND: To the payment of the amounts then due and unpaid for principal of and interest on the Notes (including Additional Amounts, if any) in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the amounts due and payable on such Notes for principal and interest, respectively.

SECTION 4.7. Limitation on Suits.

Other than the right to institute a suit for the enforcement of the payment of principal of, or interest on (including, in each case, any Additional Amounts, if applicable), any Notes after the applicable due date specified in the Notes, no Holder of any Note shall have any right to institute any proceeding with respect to this Agreement, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless (a) such Holder has previously given written notice to the Fiscal Agent of a continuing Event of Default; (b) the Holders of not less than 25% in aggregate principal amount of the Notes of each affected series shall have made written request to the Fiscal Agent to institute proceedings in respect of such Event of Default in its own name as Fiscal Agent; (c) such Holder or Holders have offered to the Fiscal Agent indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; (d) the Fiscal Agent for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and (e) no direction inconsistent with such written request has been given to the Fiscal Agent during such 60-day period by the Holders of a majority in aggregate principal amount of the Notes of each affected series.

No one or more of such Holders shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Agreement to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Agreement, except in the manner herein provided and for the equal and ratable benefit of all of such Holders.

SECTION 4.8. Right of Holders to Receive Principal and Interest.

Notwithstanding any other provision of this Agreement and any provision of any Note, the right of any Holder to receive payment of the principal of, and interest on, such Note on or after the respective due dates expressed in such Note (or, in the case of redemption, on the Redemption Date), or to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

SECTION 4.9. Restoration of Rights and Remedies.

If the Fiscal Agent or any Holder has instituted any proceeding to enforce any right or remedy under this Agreement and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Fiscal Agent or to such Holder, then and in every such case, subject to any determination in such proceeding, the Company, the Fiscal Agent and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Fiscal Agent and the Holders shall continue as though no such proceeding had been instituted.

SECTION 4.10. Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.7 and as provided in Section 4.7, no right or remedy herein conferred upon or reserved to the Fiscal Agent or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.
SECTION 4.11. *Delay or Omission Not Waiver.*

No delay or omission of the Fiscal Agent or of any Holder of any Notes to exercise any right or remedy accruing upon any Event of Default or otherwise shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Fiscal Agent or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Fiscal Agent or by the Holders, as the case may be.

SECTION 4.12. *Control by Holders.*

The Holders of a majority in principal amount of the Outstanding Notes shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Fiscal Agent, or exercising any trust or power conferred on the Fiscal Agent, provided that

1. such direction shall not be in conflict with any rule of law or with this Agreement,
2. the action so directed would not be unjustly prejudicial to the Holders not taking part in such direction or would involve the Fiscal Agent in personal liability,
3. the Fiscal Agent may take any other action deemed proper by the Fiscal Agent which is not inconsistent with such direction, and
4. the Fiscal Agent shall not be advised by counsel that the action or proceeding so directed may not lawfully be taken, and

provided further that the Fiscal Agent shall be under no obligation to determine whether any such direction shall be in such conflict or so unjustly prejudicial to the Holders not taking part in such direction.

Nothing in this Agreement shall impair the right of the Fiscal Agent in its discretion to take any action deemed proper by the Fiscal Agent and which is not inconsistent with such direction by Holders of Notes.

The Holders of not less than a majority in aggregate principal amount of the Outstanding Notes of the relevant series may, on behalf of the Holders of all the Notes of such series, waive any past default hereunder, except a default

1. in the payment of the principal of or interest on any Note or any Additional Amounts payable in respect thereof, or
2. in respect of a covenant or provision hereof which under Article VIII cannot be modified or amended without the consent of the Holder of each Outstanding Note affected thereby.

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose under this Agreement, but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

In any suit for the enforcement of any right or remedy under this Agreement, or in any suit against the Fiscal Agent for any action taken, suffered or omitted by it as Fiscal Agent, a court may require any party litigant in such suit to file an undertaking to pay the costs of such suit, and may assess reasonable costs,
including reasonable attorneys’ fees and expenses, against any such party litigant; provided that no court shall require such an undertaking or to make such an assessment in any suit instituted by the Company, the Fiscal Agent or any Holder or group of Holders holding in aggregate more than 10% in aggregate principal amount of the Outstanding Notes of a series, or to any suit instituted by any Holder for the enforcement of the payment of the principal of or interest on any Outstanding Note on or after the due date expressed in such Note.

SECTION 4.15. Waiver of Stay or Extension Laws.

The Company covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Agreement; and the Company (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Fiscal Agent, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE V

THE FISCAL AGENT

SECTION 5.1. Certain Duties and Responsibilities.

The Fiscal Agent accepts its obligations herein set forth upon the terms and conditions hereof, including the following, to all of which the Company agrees and to all of which the rights of Holders of Notes are subject:

(1) In acting under this Agreement and in connection with the Notes, the Fiscal Agent is acting solely as an agent of the Company and does not assume any responsibility for the correctness of the recitals in the Notes (except for the correctness of the statement of the Fiscal Agent in its certificate of authentication thereon) or any obligation or relationship of agency, for or with any of the owners or Holders of the Notes.

(2) The Fiscal Agent may consult with its counsel at the Company’s expense, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by them hereunder in good faith and without negligence and in accordance with such opinion.

(3) The Fiscal Agent shall (except as ordered by a court of competent jurisdiction or as required by any applicable law), notwithstanding any notice to the contrary, be entitled to treat the Holder of any Security as the owner thereof, shall not be liable for so doing and shall be indemnified and held harmless by the Company against any loss, liability, claim, demand or expense arising from or based upon it so doing.

(4) Except as may otherwise be agreed, the Fiscal Agent shall not be under any liability for interest on monies at any time received by it pursuant to any of the provisions of this Agreement or of the Notes.

(5) The duties and obligations of the Fiscal Agent shall be determined solely by the express provisions of this Agreement and the Notes and the Fiscal Agent shall not be liable except for the performance of such duties and obligations as are specifically set forth in this Agreement and the Notes, and no implied covenants or obligations shall be read into this Agreement or the Notes against the Fiscal Agent.
SECTION 5.2. Certain Rights of Fiscal Agent.

Subject to the provisions of Section 5.1:

(1) the Fiscal Agent may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(2) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a Company Request or Company Order, and any resolution of the Board of Directors shall be sufficiently evidenced by a Board Resolution;

(3) whenever in the administration of this Agreement the Fiscal Agent shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Fiscal Agent (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer’s Certificate;

(4) the Fiscal Agent may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(5) the Fiscal Agent shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the request or direction of any of the Holders pursuant to this Agreement, unless such Holders shall have offered to the Fiscal Agent security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(6) the Fiscal Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Fiscal Agent, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Fiscal Agent shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney, it being understood that all reasonable expenses incurred in connection with such inquiry or investigation shall be borne by the Company and the Fiscal Agent shall incur no liability or additional liability of any kind by reason of such inquiry or investigation;

(7) the Fiscal Agent may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Fiscal Agent shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder;

(8) the Fiscal Agent shall not be deemed to have or charged with knowledge of any default or Event of Default unless (a) a Responsible Officer of the Fiscal Agent shall have actual knowledge of such default or Event of Default or (b) written notice of such default or Event of Default shall have been given to a Responsible Officer of the Fiscal Agent by the Company or by any Holder of such Notes, and such notice references this Agreement and the Notes;

(9) the Fiscal Agent shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Agreement;
the Fiscal Agent shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder;

the rights, privileges, protections, immunities and benefits given to the Fiscal Agent, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Fiscal Agent in each of its capacities hereunder, and each agent, custodian and other Person employed to act hereunder; and

the Fiscal Agent may request that the Company deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Agreement.

SECTION 5.3. Not Responsible for Recitals or Issuance of Notes.

The recitals contained herein and in the Notes, except the Fiscal Agent’s certificates of authentication, shall be taken as the statements of the Company, and the Fiscal Agent does not assume any responsibility for their correctness. The Fiscal Agent makes no representations as to the validity or sufficiency of this Agreement or of the Notes. The Fiscal Agent shall not be accountable for the use or application by the Company of the Notes or the proceeds thereof.

SECTION 5.4. May Hold Notes.

The Fiscal Agent, any Paying Agent, any Calculation Agent, the Notes Registrar or any other agent of the Fiscal Agent or the Company, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with the Company with the same rights it would have if it were not Fiscal Agent, Paying Agent, Calculation Agent, Notes Registrar or such other agent.

SECTION 5.5. Money Held in Trust.

Money held by the Fiscal Agent in trust hereunder need not be segregated from other funds except to the extent required by law. The Fiscal Agent shall be under no liability for interest on or investment of any money received by it hereunder except as otherwise agreed in writing with the Company.

SECTION 5.6. Compensation and Reimbursement.

The Company agrees

(1) to pay to the Fiscal Agent from time to time such compensation for all services rendered by it hereunder in such amounts as shall have been agreed upon in writing by the Company and the Fiscal Agent from time to time (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse the Fiscal Agent upon its request for all reasonable expenses, disbursements and advances incurred or made by the Fiscal Agent in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, bad faith or willful misconduct; and

(3) to indemnify the Fiscal Agent for, and to defend and hold it harmless against, any loss, liability or expense arising out of or in connection with the acceptance or administration of this trust or trusts hereunder, including taxes (other than taxes based upon or determined by the income of the Fiscal Agent) and the costs and expenses of defending itself against any claim (whether asserted by the
Company, a Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its negligence, bad faith or willful misconduct.

Notwithstanding anything to the contrary herein, under no circumstances will the Fiscal Agent or any Agent be liable to the Company or any other party to this Agreement for any special, indirect, punitive or consequential loss or damage of any kind whatsoever (inter alia, being loss of business, goodwill, opportunity or profit); in each case however caused or arising and whether or not foreseeable, even if the Fiscal Agent or the Agent has been advised of the possibility of such loss or damage and regardless of whether the claim for loss or damage is made in negligence, for breach of contract or otherwise.

The obligations of the Company to the Fiscal Agent under the provisions of this Section 5.6 shall survive the resignation or removal of the Fiscal Agent, the termination of this Agreement and the payment in full of the Notes issued hereunder.

SECTION 5.7. Fiscal Agent Required.

There shall at all times be one (and only one) Fiscal Agent hereunder.

SECTION 5.8. Resignation and Removal; Appointment of Successor.

No resignation or removal of the Fiscal Agent and no appointment of a successor Fiscal Agent pursuant to this Article shall become effective until the acceptance of appointment by the successor Fiscal Agent in accordance with the applicable requirements of Section 5.9.

The Fiscal Agent may resign at any time by giving written notice thereof to the Company. If the instrument of acceptance by a successor Fiscal Agent required by Section 5.9 shall not have been delivered to the Fiscal Agent within 30 days after the giving of such notice of resignation (or within 30 days of the Fiscal Agent receiving a notice of removal pursuant to the provisions below), the resigning (or removed) Fiscal Agent may petition any court of competent jurisdiction for the appointment of a successor Fiscal Agent with respect to the Notes.

The Fiscal Agent may be removed at any time by Act of the Holders of a majority in principal amount of the Outstanding Notes, delivered to the Fiscal Agent and to the Company.

If at any time:

(1) the Fiscal Agent shall cease to be eligible under Section 5.7 and shall fail to resign after written request therefor by the Company or any Holder, or

(2) the Fiscal Agent shall become incapable of acting or shall be adjudged bankrupt or insolvent or a receiver of the Fiscal Agent or of its property shall be appointed or any public officer shall take charge or control of the Fiscal Agent or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (A) the Company may remove the Fiscal Agent or (B) any Holder who has been a bona fide Holder of a Note for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Fiscal Agent with respect to all Notes and the appointment of a successor Fiscal Agent.

If the Fiscal Agent shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of Fiscal Agent for any cause, the Company, by a Board Resolution, shall promptly
appoint a successor Fiscal Agent with respect to the Notes and shall comply with the applicable requirements of Section 5.7. If a successor Fiscal Agent with respect to the Notes shall be appointed by Act of the Holders of a majority in principal amount of the Outstanding Notes delivered to the Company and the retiring Fiscal Agent, the successor Fiscal Agent so appointed shall, forthwith upon its acceptance of such appointment in accordance with the applicable requirements of Section 5.9, become the successor Fiscal Agent with respect to the Notes and supersede the successor Fiscal Agent appointed by the Company. If no successor Fiscal Agent with respect to the Notes shall have been so appointed by the Company or the Holders and accepted appointment in the manner required by Section 5.9 within one year after such resignation, removal or incapability, or the occurrence of such vacancy, any Holder who has been a bona fide Holder of a Note for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Fiscal Agent.

The Company shall give notice, or shall cause the Notes Registrar to give notice, of each resignation and each removal of the Fiscal Agent and each appointment of a successor Fiscal Agent to all Holders of Notes in the manner provided in Section 1.6. Each notice shall include the name of the successor Fiscal Agent and the address of the Fiscal Agent’s Office.

SECTION 5.9. Acceptance of Appointment by Successor.

In case of the appointment hereunder of a successor Fiscal Agent, every such successor Fiscal Agent so appointed shall execute, acknowledge and deliver to the Company and to the retiring Fiscal Agent an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Fiscal Agent shall become effective and such successor Fiscal Agent, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Fiscal Agent; but, on the request of the Company or the successor Fiscal Agent, such retiring Fiscal Agent shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Fiscal Agent all the rights, powers and trusts of the retiring Fiscal Agent and shall duly assign, transfer and deliver to such successor Fiscal Agent all property and money held by such retiring Fiscal Agent hereunder.

Upon request of any such successor Fiscal Agent, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Fiscal Agent all such rights, powers and trusts referred to in the first or second preceding paragraph, as the case may be.

No successor Fiscal Agent shall accept its appointment unless at the time of such acceptance such successor Fiscal Agent shall be qualified and eligible under this Article.

SECTION 5.10. Merger, Conversion, Consolidation or Succession to Business.

Any bank or trust company into which the Fiscal Agent may be merged or converted or with which it may be consolidated, or any bank or trust company resulting from any merger, conversion or consolidation to which the Fiscal Agent shall be a party, or any bank or trust company succeeding to all or substantially all the corporate trust business of the Fiscal Agent, shall be the successor of the Fiscal Agent hereunder, provided such bank or trust company shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Notes shall have been authenticated, but not delivered, by the Fiscal Agent then in office, any successor by merger, conversion, consolidation or sale to such authenticating Fiscal Agent may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Fiscal Agent had itself authenticated such Notes.
ARTICLE VI

HOLDERS’ LISTS AND REPORTS BY FISCAL AGENT AND COMPANY

The Company will furnish or cause the Notes Registrar to furnish to the Fiscal Agent

(1) not later than 15 days after each Record Date, a list, in such form as the Fiscal Agent may reasonably require, of the names and addresses of the Holders of Outstanding Notes as of such Record Date, and

(2) at such other times as the Fiscal Agent may reasonably request in writing, within 30 days after the receipt by the Company of any such request, a list of similar form and content as of a date not more than 15 days prior to the time such list is furnished;

provided, however, that if and so long as the Fiscal Agent shall be Notes Registrar, no such list need be furnished.

SECTION 6.2. Preservation of Information; Communications to Holders.

The Fiscal Agent shall preserve, in as current a form as is reasonably practicable, the names and addresses of Holders contained in the most recent list furnished to the Fiscal Agent as provided in Section 6.1 and the names and addresses of Holders received by the Fiscal Agent in its capacity as Notes Registrar. The Fiscal Agent may destroy any list furnished to it as provided in Section 6.1 upon receipt of a new list so furnished.

Every Holder of Notes, by receiving and holding the same, agrees with the Company and the Fiscal Agent that neither the Company nor the Fiscal Agent nor any agent of either of them shall be held accountable by reason of any disclosure of information as to names and addresses of Holders made pursuant to applicable law.

ARTICLE VII

MERGER, CONSOLIDATION, SALE OR DISPOSITION

SECTION 7.1. Company May Consolidate, Etc., Only on Certain Terms.

The Company may not merge or consolidate into any other Person (the Company not being the continuing entity) or sell, lease or dispose of its properties and assets substantially as an entirety (including by way of a corporate split (kaisha bunkatsu)), whether as a single transaction or a number of transactions, related or not, to any Person unless (a) such Person assumes or succeeds the obligations of the Company under the all series of Notes and this Agreement (and, if such Person is organized in a jurisdiction other than Japan, agrees to pay additional amounts in respect of any taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the jurisdiction of such Person, or any authority therein or thereof having power to tax, corresponding to the obligation to pay Additional Amounts pursuant to Section 9.5, substituting such jurisdiction for references to “Japan”) and (b) after giving effect thereto, no Event of Default shall have occurred and be continuing (such permitted transaction, a “Succession Event”).

In connection with any such Succession Event, the Company shall deliver to the Fiscal Agent an Officer’s Certificate and an Opinion of Counsel, each stating that such Succession Event and, if an amendment or supplement is required in connection with such transaction, such amendment or supplement, comply with this Section 7.1 and that all conditions precedent in this Agreement provided for or relating to such
transaction have been complied with, and that this Agreement and the Notes are the legal, valid and binding obligation of such succeeding Person, enforceable against such Person in accordance with their terms (subject to customary exceptions).

SECTION 7.2. Successor Substituted.

Upon any Succession Event in accordance with Section 7.1, such succeeding entity (the “Successor Person”) formed by such Succession Event shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Agreement with the same effect as if such Successor Person had been named as the Company herein, and thereafter, except in the case of a lease, the predecessor Person shall be relieved of all obligations and covenants under this Agreement and the Notes.

ARTICLE VIII
AMENDMENTS AND SUPPLEMENTS

SECTION 8.1. Without Consent of Holders.

Without the consent of any Holders, the Company and the Fiscal Agent, at any time and from time to time, may enter into one or more amendments or supplements to this Agreement, in form satisfactory to the Fiscal Agent, for any of the following purposes:

(1) to evidence the succession of another Person to the Company and the assumption by any such successor of the covenants of the Company herein and in the Notes; or

(2) to add to the covenants of the Company or to surrender any right or power herein conferred upon the Company for the benefit of the Holders; or

(3) to evidence and provide for the acceptance of appointment hereunder by a successor Fiscal Agent; or

(4) to cure any ambiguity, to correct or supplement any provision herein which may be defective or inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Agreement, provided that such action pursuant to this Clause (4) shall not adversely affect the interests of the Holders of Notes in any material respect; or

(5) to make any other change that does not adversely affect the interests of the Holders of the Notes in any material respect.

SECTION 8.2. With Consent of Holders.

Modification and amendment of this Agreement and the Notes of any series may be made by the Company and the Fiscal Agent with the written consent of the Holders of at least 66% in aggregate principal amount of the Outstanding Notes of each affected series; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Note affected thereby:

(i) change the maturity date of the principal or payment date of any interest or change any obligation of the Company to pay any Additional Amounts,

(ii) reduce the principal amount of, or rate of interest on, any Note,

(iii) change the redemption date or price at which Notes are redeemed, including the special mandatory redemption,
(iv) affect the rights of Holders of less than all the Outstanding Notes,

(v) change the place of payment where, or the coin or currency in which, any Note or interest thereon is payable, or

(vi) impair the right of a Holder to institute suit for the enforcement of any payment on or with respect to any Note on or after the date when due;

provided, further, that no such modification may, without the consent of the Holders of all Notes of the affected series Outstanding at the time, alter the respective percentages of Outstanding Notes necessary, pursuant to this Agreement, to modify the terms of the Notes, waive past defaults or accelerate the payment of the principal amount of the Notes.

It shall not be necessary for any Act of Holders under this Section 8.2 to approve the particular form of any proposed amendment or supplement hereto, but it shall be sufficient if such Act shall approve the substance thereof.

SECTION 8.3. Execution of Amendments or Supplements.

In executing, or accepting the additional trusts created by, any amendment or supplement permitted by this Article or the modifications thereby of the trusts created by this Agreement, the Fiscal Agent shall receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such amendment or supplement is authorized or permitted by this Agreement. The Fiscal Agent may, but shall not be obligated to, enter into any such amendment or supplement which affects the Fiscal Agent’s own rights, duties or immunities under this Agreement or otherwise.

SECTION 8.4. Effect of Amendments or Supplements.

Upon the execution of any amendment or supplement under this Article, this Agreement shall be modified in accordance therewith, and such amendment or supplement shall form a part of this Agreement for all purposes; and every Holder of Notes theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

SECTION 8.5. Reference in Notes to Amendments or Supplements.

Notes authenticated and delivered after the execution of any amendment or supplement pursuant to this Article may, and shall if required by the Fiscal Agent, bear a notation in form approved by the Fiscal Agent as to any matter provided for in such amendment or supplement. If the Company shall so determine, new Notes so modified as to conform, in the opinion of the Fiscal Agent and the Company, to any such amendment or supplement may be prepared and executed by the Company and such Notes may be authenticated and delivered by the Fiscal Agent in exchange for Outstanding Notes.

ARTICLE IX

COVENANTS

SECTION 9.1. Payment of Principal, Interest and Additional Amounts.

The Company covenants and agrees that it will duly and punctually pay the principal of and interest on the Notes (and Additional Amounts, if any) in accordance with the terms of the Notes and this Agreement.
SECTION 9.2. **Maintenance of Office or Agency.**

So long as any of the Notes remain Outstanding, the Company will maintain in London an office or agency where Notes may be presented or surrendered for payment, where Notes may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Company in respect of the Notes and this Agreement may be served. The Company will give prompt written notice to the Fiscal Agent of the location, and any change in the location, of such office or agency. If at any time the Company shall fail to maintain any such required office or agency or shall fail to furnish the Fiscal Agent with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Fiscal Agent’s Office. The Company hereby initially designates the office of the Paying Agent as specified in the Reverse of Note as the office or agency for each such purpose.

The Company may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Company of its obligation to maintain an office or agency in London for such purposes. The Company will give prompt written notice to the Fiscal Agent of any such designation or rescission and of any change in the location of any such other office or agency.

With respect to any Global Note, and except as otherwise may be specified for such Global Note as contemplated by Section 2.5, the Fiscal Agent’s Office shall be the place of payment where such Global Note may be presented or surrendered for payment or for registration of transfer or exchange, or where successor Notes may be delivered in exchange therefor, provided, however, that any such payment, presentation, surrender or delivery effected pursuant to the Applicable Procedures of the Depositary for such Global Note shall be deemed to have been effected at the place of payment for such Global Note in accordance with the provisions of this Agreement.

SECTION 9.3. **Money for Notes Payments to Be Held in Trust.**

Whenever the Company shall have one or more Paying Agents, it shall deposit or cause to be deposited with a Paying Agent, a sum for value each due date sufficient to pay the principal of or interest (or Additional Amounts, if any) on the Notes, such sum to be held in trust for the benefit of the Persons entitled to such principal or interest, and (unless such Paying Agent is the Fiscal Agent) the Company will promptly notify the Fiscal Agent in writing of its action or failure so to act.

The Company will cause each Paying Agent other than the Fiscal Agent to execute and deliver to the Fiscal Agent an instrument in which such Paying Agent shall agree with the Fiscal Agent, subject to the provisions of this Section 9.3, that such Paying Agent will (1) hold all sums held by it for the payment of the principal of or interest on Notes in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided, (2) give the Fiscal Agent prompt written notice of any default by the Company (or any other obligor upon the Notes) in the making of any payment of principal or interest on the Notes and (3) during the continuance of any default by the Company (or any other obligor upon the Notes) in the making of any payment in respect of the Notes, upon the written request of the Fiscal Agent, forthwith pay to the Fiscal Agent all sums held in trust by such Paying Agent for payment in respect of the Notes.

The Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Agreement or for any other purpose, pay, or by Company Order direct any Paying Agent to pay, to the Fiscal Agent all sums held in trust by such Paying Agent, such sums to be held by the Fiscal Agent upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Fiscal Agent, such Paying Agent shall be released from all further liability with respect to such money.

Any money deposited with the Fiscal Agent or any Paying Agent in trust for the payment of the principal of or interest or Additional Amounts (if applicable) on any Note and remaining unclaimed for two years
after such principal, interest or Additional Amounts have become due and payable and paid to the Fiscal Agent shall, upon receipt of a Company Request, be paid by the Fiscal Agent or such Paying Agent to the Company and, to the extent permitted by law, the Holder of such Note shall thereafter, as an unsecured general creditor, look only to the Company for payment thereof, and all liability of the Fiscal Agent or such Paying Agent with respect to such trust money shall thereupon cease.

SECTION 9.4. Statement by Officers as to Default.

The Company shall deliver to the Fiscal Agent, reasonably promptly after the Company becomes aware of the occurrence of (i) any Event of Default or an event which, with notice or the lapse or time or both, would constitute an Event of Default or (ii) any default in the performance by the Company of any obligation under the Notes or this Agreement, an Officer’s Certificate setting forth the details of such Event of Default or default and the action which the Company proposes to take with respect thereto.

The Company will deliver to the Fiscal Agent, within 120 days after the end of each fiscal year of the Company ending after the date hereof or within 10 Business Days of any request by the Fiscal Agent, an Officer’s Certificate of the Company, in substantially the form set forth in Exhibit D hereto, stating whether or not to the knowledge of the signer thereof the Company is in default in the performance and observance of any of the terms, provisions and conditions under this Agreement (without regard to any period of grace or requirement of notice provided hereunder) and if the Company shall be in default specifying all such defaults and the nature and status thereof of which the signer may have knowledge. As of the date hereof, the fiscal year of the Company ends on March 31 of each calendar year.

SECTION 9.5. Additional Amounts.

All payments of principal and interest in respect of the Notes shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Notes under any of the following circumstances:

(i) the Holder or beneficial owner of the Notes is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of such Notes by reason of its (A) having some present or former connection with Japan other than the mere holding of such Notes or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of the Notes would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the relevant Paying Agent to whom the relevant Notes are presented (where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of the Notes is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to
submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on such Notes through a payment handling agent in Japan appointed by it);

(iv) the Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on the Notes became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder thereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting its Notes (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the solebeneficial owner of the payment of the principal of, or any interest on, any Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of such Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Fiscal Agent, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Fiscal Agent, a Paying Agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where the Notes are held through a participant of an international clearing organization or a financial intermediary (each, within this Section 9.5, referred to as a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of the Notes is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of the Notes must, at the time of entrusting a Participant with the custody of the relevant Notes, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of the Notes ceases to be so exempted (including the case where a beneficial owner of the Notes that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).

Where Notes are not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of the Notes is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) (“Written Application for Tax Exemption”) in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of the Notes, the relevant Interest Payment Date, the amount of interest and the fact
that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Fiscal Agent, and the Fiscal Agent shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Fiscal Agent.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on the Notes; provided that, except as otherwise set forth in the Notes and in this Agreement, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to this Agreement or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of the Notes shall be deemed to include any Additional Amounts due which may be payable as set forth in the Notes and this Agreement.

SECTION 9.6. Appointment to Fill a Vacancy in Office of Fiscal Agent.

The Company, whenever necessary to avoid or fill a vacancy in the office of Fiscal Agent, will appoint, in the manner provided in Section 5.8, a Fiscal Agent, so that there shall at all times be a Fiscal Agent hereunder.

The Company agrees to indemnify each Holder to the full extent permitted by applicable law against any loss incurred by such Holder as a result of any judgment or order being given or made for any amount due under such Note and such judgment or order being expressed and paid in a currency (the "Judgment Currency") other than Euros (the "Required Currency") and as a result of any variation as between (a) the rate of exchange at which the Required Currency is converted into the Judgment Currency for the purpose of such judgment or order and (b) the spot rate of exchange in London at which the Holder on the date that payment is made pursuant to such judgment or order is able to purchase the Required Currency with the amount of the Judgment Currency actually received by the Holder. The Company’s obligations under this Agreement to make payments in the Required Currency (i) shall not be discharged or satisfied by any tender, or any recovery pursuant to any judgment, in any currency other than the Required Currency, except to the extent that such tender or recovery shall result in the actual receipt, by the payee, of the full amount of the Required Currency expressed to be payable in respect of such payments, (ii) shall be enforceable as an alternative or additional cause of action for the purpose of recovering in the Required Currency the amount, if any, by which such actual receipt shall fall short of the full amount of the Required Currency so expressed to be payable and (iii) shall not be affected by judgment being obtained for any other sum due under this Agreement.

SECTION 9.8. Rule 144A Information.

At any time when the Company is not subject to Section 13 or 15(d) of the Exchange Act and is not exempt from reporting requirements under the Exchange Act pursuant to Rule 12g3-2(b) under the
Exchange Act, upon the request of a Holder of, or owner of a beneficial interest in, a Note, the Company shall promptly furnish or cause to be furnished Rule 144A Information (as defined below) to such Holder or beneficial owner or to a prospective purchaser of such Note designated by such Holder or beneficial owner or to the Fiscal Agent for delivery to such Holder or beneficial owner or prospective purchaser, as the case may be, in order to permit compliance by such Holder or beneficial owner with Rule 144A under the Securities Act in connection with the resale of such Note or any interest therein by such Holder or beneficial owner. “Rule 144A Information” shall be such information as is at the time of such proposed purchase specified pursuant to Rule 144A(d)(4) under the Securities Act, as amended (or any successor provision thereto).

SECTION 9.9. Reporting Requirements.

ARTICLE X

REDEMPTION AND PURCHASE OF SECURITIES

SECTION 10.1. Optional Redemption of Fixed Rate Notes.

The 2020 Notes, the 2022 Notes, the 2026 Notes and the 2030 Notes may be redeemed at any time at the option and sole discretion of the Company, in whole or in part, at any time prior to the maturity date with respect to the 2020 Notes, October 21, 2022 (the “2022 Par Call Date”) with respect to the 2022 Notes, August 21, 2026 (the “2026 Par Call Date”) with respect to the 2026 Notes and August 21, 2030 (the “2030 Par Call Date”) with respect to the 2030 Notes, in each case, upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable and shall conform, as applicable, to the additional notice requirements set forth in Section 10.5), at a redemption price equal to the greater of:

(a) 100% of the principal amount of the Notes being redeemed; or

(b) the sum of the present values of the principal and the remaining scheduled payments of interest on the Notes being redeemed (exclusive of interest accrued to the Redemption Date) that would be due if such Notes were (a) held to the maturity date with respect to the 2020 notes or (b) redeemed on the applicable par
call date, in each case discounted to the Redemption Date on an annual basis (assuming a 360-day year consisting
of twelve 30-day months) at the Comparable Government Bond Rate plus 15 basis points in the case of the 2020
Notes, 25 basis points in the case of the 2022 Notes, 35 basis points in the case of the 2026 Notes and 40 basis
points in the case of the 2030 Notes, plus, in each case, accrued and unpaid interest on the principal amount of
the Notes being redeemed up to, but excluding, the Redemption Date.

The 2022 Notes, the 2026 Notes and the 2030 Notes may be redeemed at any time at the option
and sole discretion of the Company, in whole or in part, at any time on or after the 2022 Par Call Date with
respect to the 2022 Notes, the 2026 Par Call Date with respect to the 2026 Notes, and the 2030 Par Call Date
with respect to the 2030 Notes, in each case upon giving not less than 30 nor more than 60 days’ notice of
redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable and shall conform, as
applicable, to the additional notice requirements set forth in Section 10.5), at a redemption price equal to 100%
of the principal amount of the Notes being redeemed plus accrued and unpaid interest on the principal amount of
the Notes being redeemed to, but excluding, the Redemption Date.

If less than all of the Notes are to be redeemed, the Notes shall be redeemed on a pro rata basis
(or, in the case of Notes represented by global notes, in accordance with the procedures of Euroclear and/or
Clearstream), based on the then outstanding principal amount of each Note, provided, however, that if any such
pro-rated redemption would result in any Notes having an authorized principal amount of less than the minimum
authorized denomination, all such Notes shall be redeemed in full prior to the redemption of any other Notes,
except as may be provided in the form of Note or in any amendment or supplement hereto. For all purposes of
this Agreement, unless the context otherwise requires, all provisions relating to the redemption of the Notes shall
relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of
such Note which has been or is to be redeemed.

SECTION 10.2. Optional Redemption due to an Additional Amounts Event.

Each series of the Notes may be redeemed at any time at the option and sole discretion of the
Company in whole, but not in part, subject to compliance with applicable regulatory requirements, upon giving
not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice
shall be irrevocable and shall conform, as applicable, to the additional notice requirements set forth in
Section 10.5) at the principal amount of the Notes together with interest accrued to the date fixed for redemption
and any Additional Amounts thereon, if the Company has been or will be obliged to pay any Additional Amounts
with respect to such series as a result of (a) any change in, or amendment to, the laws or regulations of Japan or
any political subdivision or any authority thereof or therein having power to tax, or any change in application or
official interpretation of such laws or regulations, which change or amendment becomes effective on or after the
date of the issuance of the Notes or (b) after the completion of any Succession Event, any change in, or
amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or
any authority thereof or therein having power to tax, or any change in application or official interpretation of
such laws or regulations, which change or amendment becomes effective on or after the date of such Succession
Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the
taking of reasonable measures available to the Company or the Successor Person, as the case may be (an
“Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this
Section 10.2 shall be given sooner than 90 days prior to the earliest date on which the Company would actually
be obliged to pay such Additional Amounts on payments with respect to the Notes.

Prior to the publication of any notice of redemption pursuant to this Section 10.2, the Company
shall deliver to the Fiscal Agent (i) a certificate signed by an Authorized Officer stating that the conditions
precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of
recognized standing confirming that an Additional Amounts Event has occurred. The Fiscal Agent shall accept
such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which
event it shall be conclusive and binding on the Holders.
SECTION 10.3. Special Mandatory Redemption.

If (i) the Shire Acquisition has not been consummated on or prior to the Long Stop Date or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Agreement.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Fiscal Agent, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Fiscal Agent or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

SECTION 10.4. Election to Redeem; Notice to Fiscal Agent.

The election of the Company to redeem any Notes shall be evidenced by a Company Order and an Officer’s Certificate, both given to the Fiscal Agent.

SECTION 10.5. Notice of Redemption.

Notice of redemption shall be given transmitted not less than 30 nor more than 60 days prior to the date for redemption (“Redemption Date”), to the Fiscal Agent and to each Holder of Notes to be redeemed at his address appearing in the Notes Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Fiscal Agent on behalf of and at the instruction of the Company (as set forth below) shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note.

All notices of redemption shall state:

1. the Redemption Date,
2. the redemption price and the amount of any accrued and unpaid interest payable on the Redemption Date,
3. the ISIN and Common Code or other identifying number of the Notes,
4. that on the Redemption Date, the redemption price (together with any accrued and unpaid interest payable on the Redemption Date) will become due and payable upon each such Notes to be redeemed and that interest thereon will cease to accrue on and after said date, and
(5) the place or places where such Notes are to be surrendered for payment of the redemption price, and accrued interest, if any.

Notice of redemption of Notes to be redeemed at the election of the Company shall be given by the Company or, at the Company’s request by the Fiscal Agent in the name and at the expense of the Company (provided that the Company shall have delivered to the Fiscal Agent, at least five Business Days before notice of redemption is required to be given to Holders (unless a shorter notice shall be agreed to by the Fiscal Agent), a Company Request requesting that the Fiscal Agent give such notice and setting forth the information to be stated in such notice as provided in the preceding paragraph) and shall be irrevocable.

SECTION 10.6. Deposit of Redemption Price.

Prior to any Redemption Date, the Company shall deposit with the Fiscal Agent or with a Paying Agent an amount of money sufficient to pay the redemption price of, and (except if the Redemption Date shall be an Interest Payment Date) accrued interest on, all the Notes which are to be redeemed on that date.

SECTION 10.7. Notes Payable on Redemption Date.

Notice of redemption having been given as aforesaid, the Notes so to be redeemed shall, on the Redemption Date, become due and payable at the redemption price applicable thereto, and from and after such date (unless the Company shall default in the payment of the redemption price and accrued interest) such Notes shall cease to bear interest. Upon surrender of any such Note for redemption in accordance with said notice, such Note shall be paid by the Company at the redemption price, together with accrued interest to the Redemption Date; provided, however, that installments of interest whose payment date is on or prior to the Redemption Date will be payable to the Holders of such Notes, registered as such at the close of business on the relevant Record Date according to their terms.

If any Note called for redemption shall not be so paid upon surrender thereof for redemption, the principal shall, until paid, bear interest from the Redemption Date at the rate prescribed therefor in the terms of the Note.

SECTION 10.8. Repurchase of Notes.

The Company or any subsidiary thereof may, at any time, purchase the Notes for cancellation in the open market or otherwise at any price.

ARTICLE XI

CALCULATION AGENT

SECTION 11.1. Appointment.

The Company appoints MUFG Bank, Ltd. as the initial Calculation Agent in relation to any Floating Rate Note issued under this Agreement. MUFG Bank, Ltd. accepts its appointment as Calculation Agent, subject to the conditions of this Article.

SECTION 11.2. Calculation of Floating Interest.

The Calculation Agent shall calculate the interest rates and amounts of interest payable in respect of the Floating Rate Notes at such dates and times and in accordance with such other terms and conditions as set forth on any Registered Security of such series.
Unless otherwise instructed by the Company, the Calculation Agent will cause the interest rate, the number of days in, and the interest amount for, the relevant interest period and the interest payment date, in respect of each series of the Floating Rate Notes to be notified to the Company, the Fiscal Agent and Euroclear or Clearstream, as applicable, or through Euroclear or Clearstream, as applicable, or through other reasonable means to make such information available, in order that such information will be published or notified to the Holders of record as soon as possible after their determination but in no event later than the first day of the relevant interest period. If the Floating Rate Notes become due and payable as described in Article X or pursuant to an acceleration upon an Event of Default other than on an interest payment date, the accrued interest payable, the interest rate, the number of days in the relevant interest period and the interest payment date in respect of such Floating Rate Notes shall nevertheless continue to be calculated and notified as previously in accordance with the foregoing provisions and this Agreement. All determinations and calculations made by the Calculation Agent, and any quotations obtained from the relevant banks for the purposes of calculating the interest rate and interest amount, pursuant to the foregoing provisions will, in the absence of negligence, bad faith or manifest error, be binding on the Holders, the Company, the Fiscal Agent, the Paying Agent and the Calculation Agent. The interest rate payable on any Floating Rate Notes will not be higher than the maximum rate permitted by the law of the State of New York as modified by United States law of general application or by Japanese law and as notified to the Fiscal Agent and the paying agent in writing five Business Days prior to any interest payment date, if applicable.

SECTION 11.3. Commissions; Incidental Acts.

The Company shall promptly pay to the Calculation Agent such fees as agreed in writing between the Company and the Calculation Agent, in respect of the services of the Calculation Agent (plus any applicable value added tax), in accordance with the provisions of this Agreement. The Calculation Agent shall not charge any other commissions or expenses to any person in respect of its actions hereunder. The Company and the Calculation Agent will carry out such other incidental acts as may reasonably be necessary to perform each party’s respective obligations hereunder.

SECTION 11.4. Rights and Liabilities of the Calculation Agent.

No provision of this Agreement shall be construed to relieve the Calculation Agent from liability for its own negligent action, its own negligent failure to act, its own bad faith or its own willful misconduct.

(a) The Calculation Agent (i) may engage and pay for the advice or services of any lawyers or other experts whose advice or services it considers necessary or advisable and rely upon any advice so obtained; (ii) may conclusively rely and shall be protected in acting or refraining from acting upon any resolution, Officer’s Certificate or any other certificate, statement, instrument, opinion, report, notice, request, consent, order, bond, debenture, note, coupon, security or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties; and (iii) shall be entitled to rely on and assume (without further inquiry) that any matter purported to be authorized, approved or ratified by any Board Resolution or Officer’s Certificate is adequate and complete authorization, approval and ratification in respect of the Company and its actions under this Agreement.

(b) The Calculation Agent shall not be deemed to have notice of any Event of Default unless a Responsible Officer of the Calculation Agent has received written notice thereof and such notice references the Floating Rate Notes and this Agreement.

(c) In no event shall the Calculation Agent be liable for any action taken in accordance with the instructions of the Company in the absence of bad faith, negligence or willful misconduct on its part.

(d) Notwithstanding the satisfaction or discharge of this Agreement or the resignation, replacement or removal of the Calculation Agent, the Calculation Agent shall under no circumstances be
liable to any party for any special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, *inter alia*, loss of business, goodwill, opportunity or profit) even if advised of the likelihood of such loss on damages and regardless of the form of action. The provisions of this Section 11.04(d) shall survive the termination and discharge of this Agreement and the resignation or removal of the Calculation Agent.

(e) In no event shall the Calculation Agent be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, existing or future law or regulation, any existing or future act of governmental authority, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services, it being understood that the Calculation Agent shall use reasonable efforts that are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

(f) The Calculation Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, approval, appraisal, bond, debenture, note, coupon, security, or other paper or document (except those issued by the Calculation Agent), but the Calculation Agent, in its discretion, may make such reasonable further inquiry or investigation into such facts or matters as it may see fit, at the cost of the Company, and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation.

(g) The Calculation Agent may request that the Company deliver an Officer’s Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Agreement, which Officer’s Certificate may be signed by any person authorized to sign an Officer’s Certificate, including any person specified as so authorized in any such certificate previously delivered and not superseded.

(h) The permissive right of the Calculation Agent hereunder to take or omit to take any action shall not be construed as a duty.

(i) The Company covenants to indemnify the Calculation Agent for, and to hold it harmless against, any loss, liability or expense arising out of or in connection with the performance of its duties hereunder, including the reasonable costs and expenses (including the properly incurred charges and expenses of its agents and counsel) of defending itself against or investigating any claim of liability arising out of or in connection with the same, except to the extent such loss, liability or expense is due to the bad faith, negligence, or willful misconduct of the Calculation Agent. The obligations of the Company under this Section 11.04 to compensate and indemnify the Calculation Agent and to pay or reimburse the Calculation Agent for expenses shall survive the resignation or removal of the Calculation Agent and the satisfaction and discharge of this Agreement.

(j) None of the provisions contained in this Agreement shall require the Calculation Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers, unless it is indemnified and/or secured to its reasonable satisfaction.

SECTION 11.5. Resignation and Removal.

The Calculation Agent may at any time resign as Calculation Agent by giving written notice to the Company of such intention on its part, specifying the date on which its desired resignation shall become effective; provided, however, that such date shall never be earlier than 30 days after the receipt of such notice by the Company, unless the Company otherwise agrees in writing. The Calculation Agent may be removed at any
time by the filing with it of any instrument in writing signed on behalf of the Company and specifying such removal and the date when it is intended to become effective. Such resignation or removal shall take effect upon the date of the appointment by the Company, as hereinafter provided, of a successor Calculation Agent. If within 30 days after notice of resignation or removal has been given, a successor Calculation Agent has not been appointed, the Calculation Agent may, on behalf of and at the expense of the Company, with prior notice to the Company, appoint its own successor or the resigning Calculation Agent or the Company may petition any court of competent jurisdiction for the appointment of a successor Calculation Agent. If at any time the Calculation Agent shall resign or be removed, or be dissolved, or if the property or affairs of the Calculation Agent shall be taken under the control of any State or federal court or administrative body because of bankruptcy or insolvency or for any other reason, then a successor Calculation Agent shall as soon as practicable be appointed by the Company by an instrument in writing filed with the predecessor Calculation Agent, the successor Calculation Agent and the Fiscal Agent. Upon the appointment of a successor Calculation Agent and acceptance by it of such appointment, the Calculation Agent so succeeded shall cease to be such Calculation Agent hereunder. Upon its resignation or removal, the Calculation Agent shall be entitled to the payment by the Company of its compensation, if any is owed to it, for services rendered hereunder and to the reimbursement of all reasonable out-of-pocket expenses (including properly incurred counsel fees and expenses) incurred in connection with the services rendered by it hereunder and to the payment of all other amounts owed to it hereunder.

Any successor Calculation Agent appointed hereunder shall execute and deliver to its predecessor, the Company and the Fiscal Agent an instrument accepting such appointment hereunder, and thereupon such successor Calculation Agent, without any further act, deed or conveyance, shall become vested with all the authority, rights, powers, trusts, immunities, duties and obligations of such predecessor with like effect as if originally named as such Calculation Agent hereunder, and such predecessor, upon payment of its charges and disbursements then unpaid, shall thereupon become obliged to transfer and deliver, and such successor Calculation Agent shall be entitled to receive, copies of any relevant records maintained by such predecessor Calculation Agent.
IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the day and year first above written.

Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in Europe designated by the Holder in a written notice received by the Fiscal Agent (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Fiscal Agent for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Fiscal Agent. “Record Date” means, with respect to an Interest Payment Date, the day falling one clearing system Business Day prior to such Interest Payment Date.

1. Payments of principal of and interest (including Additional Amounts, if applicable) on this Note shall be made in Euros or in such other coin or currency of the Eurozone as at the time of payment is legal tender for the payment of public and private debts. Until the date on which the Notes shall have been delivered to the Fiscal Agent for cancellation, or become due and payable and a sum sufficient to pay the principal of and interest (including Additional Amounts, if applicable) on all of the Notes shall have been made available for payment and either paid or returned to the Company as provided herein and in the Agreement (such date being referred to herein as the “Termination Date”), the Company will at all times maintain an office or agency in London, where Notes may be presented or surrendered for payment.

2. This Note is transferable in whole or in part and may be exchanged for a like aggregate principal amount of Notes of other authorized denominations by the Holder in person, or by his attorney duly authorized in writing, at the Fiscal Agent’s Office in London, where the Fiscal Agent shall maintain a register providing for the registration of the Notes and any exchange or transfer thereof (the “Note Register”). Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Fiscal Agent shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of €100,000 or an integral multiple of €1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Any Note presented for exchange or registration of transfer shall be accompanied by a written instrument of transfer in form and with guarantee of signature and evidence of authority satisfactory to the Fiscal Agent and with payment by the transferor of any stamp or other tax or governmental charge payable in connection with such transfer (or evidence that such tax or charge has been paid) and with such tax identification number or other information for each person in whose name a new Note is to be issued as the Fiscal Agent may request to comply with applicable law. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Agreement to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant
to this Note and the Agreement only if: (i) Euroclear or Clearstream is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or (ii) there shall have occurred and be continuing an Event of Default (as defined in the Agreement) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Agreement. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8 of the Agreement, the right of such owner to pursue such remedy with respect to the portion of this Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Fiscal Agent may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Fiscal Agent shall not be affected by any notice to the contrary.

3. Except as provided in Sections 5, 6, 7 and 8 of this Note, this Note is not redeemable or subject to payment at the option of the Company prior to 5.

4. All payments of principal and interest in respect of this Note shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to this Note under any of the following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its (A) having some present or former connection with Japan other than the mere holding of this Note or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax
Exemption (as defined below) to the relevant Paying Agent to whom this Note is presented (where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Fiscal Agent, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Fiscal Agent, a Paying Agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is held through a participant of an international clearing organization or a financial intermediary (each, a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of this Note must, at the time of entrusting a Participant with the custody of this Note, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of this Note ceases to be so exempted (including the case where a beneficial owner of this Note that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).
Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) ("Written Application for Tax Exemption") in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Fiscal Agent, and the Fiscal Agent shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Fiscal Agent.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Agreement, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Agreement or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Agreement.

5. This Note may be redeemed at any time at the option and sole discretion of the Company, in whole or in part, at any time prior to 6 [(the "Par Call Date")],7 upon giving not less than 30 nor more than 60 days' notice of redemption to the Fiscal Agent and the Holders, at a redemption price equal to the greater of (a) 100% of the principal amount of this Note being redeemed or (b) the sum of the present values of the principal and the remaining scheduled payments of interest on this Note being redeemed (exclusive of interest accrued to the Redemption Date (as defined in the Agreement)), that would be due if this Note were [held to the maturity date]8 [redeemed on the Par Call Date]9, discounted to the Redemption Date on an annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Comparable Government Bond Rate (as defined in the Agreement) plus 10 basis points, plus, in each case, accrued and unpaid interest on the principal amount of this Note being redeemed up to, but excluding, the Redemption Date.

7 For the 2022 Notes, the 2026 Notes and the 2030 Notes.
8 For the 2020 Notes.
9 For the 2022 Notes, the 2026 Notes and the 2030 Notes.
10 15 for the 2020 Notes; 25 for the 2022 Notes; 35 for the 2026 Notes; 40 for the 2030 Notes.
[This Note may be redeemed at any time at the option and sole discretion of the Company, in whole or in part, at any time on or after the Par Call Date, upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders, at a redemption price equal to 100% of the principal amount of this Note being redeemed plus accrued and unpaid interest on the principal amount of this Note being redeemed to, but excluding, the Redemption Date.]

The redemption prices for this Note will be calculated on the basis of a 365-day year or a 366-day year, as applicable, and the actual number of days elapsed.

6. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 6 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 6, the Company shall deliver to the Fiscal Agent (i) a certificate signed by an Authorized Officer stating that the conditions precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Fiscal Agent shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

7. If (i) the Shire Acquisition (as defined in the Agreement) has not been consummated on or prior to the Long Stop Date (as defined below) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

The “Long Stop Date” means May 8, 2019, or such later date as may be agreed upon in accordance with the Co-Operation Agreement, dated May 8, 2018, between Takeda Pharmaceutical Company Limited and Shire plc.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Agreement.

11 Only for the 2022 Notes, the 2026 Notes and the 2030 Notes.
The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Fiscal Agent, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Fiscal Agent or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

8. In the case of any redemption of this Note as provided in Section 5, 6 or 7 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Fiscal Agent on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

9. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Fiscal Agent, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Fiscal Agent in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Fiscal Agent shall be discharged from such trust, and repaid to the Company, and all liability of the Fiscal Agent with respect to such money shall cease.

10. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss hereof (together with the indemnity hereinafter referred to and such other documents or proof as may be required hereunder) shall be delivered to the Fiscal Agent, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Fiscal Agent, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Fiscal Agent shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Fiscal Agent shall have received (a) satisfactory evidence (as so deemed by the Fiscal Agent in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Fiscal Agent satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Agreement, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Agreement equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Fiscal Agent) connected therewith.

11. All notices to the Company under this Note shall be in writing and addressed to the Company at Takeda Pharmaceutical Company Limited, 1-1, Nihonbashi-Honcho 2-Chome, Chuo-ku,

12. This Note is one of the 12% Senior Notes due (collectively, the “Notes” and, individually, a “Note”) issued by the Company in accordance with the Agreement, copies of which are on file and available for inspection at the Fiscal Agent’s Office. Under the terms of the Agreement, the Company may remove any Fiscal Agent and appoint a new Fiscal Agent. The Company shall notify, or cause the Fiscal Agent to notify, the Holders of Notes of the appointment of any Fiscal Agent.

The Notes are issuable only as fully registered Notes without coupons in denominations of €100,000 or integral multiples of €1,000 in excess thereof.

13. Article VIII of the Agreement, which provides for amendments to the Agreement and the Notes, is hereby incorporated mutatis mutandis by reference herein.

14. Subject to the authentication of this Note by the Fiscal Agent, the Company hereby certifies and declares that all acts, conditions and things required to be done and performed and to have happened precedent to the creation and issuance of this Note, and to constitute the same a legal, valid and binding obligation of the Company, enforceable in accordance with its terms, have been done and performed and have happened in due and strict compliance with all applicable law.

15. Claims for payment of principal in respect of this Note shall be prescribed upon the expiry of 6 years from any redemption date and claims for payment of interest (if any) in respect of this Note shall be prescribed upon the expiry of 5 years from the due date hereof.

Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in Europe designated by the Holder in a written notice received by the Fiscal Agent (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Fiscal Agent for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Fiscal Agent. “Record Date” means, with respect to an Interest Payment Date, the day falling one clearing system Business Day prior to such Interest Payment Date.

1. Payments of principal of and interest (including Additional Amounts, if applicable) on this Note shall be made in Euros or in such other coin or currency of the Eurozone as at the time of payment is legal tender for the payment of public and private debts. Until the date on which the Notes shall have been delivered to the Fiscal Agent for cancellation, or become due and payable and a sum sufficient to pay the principal of and interest (including Additional Amounts, if applicable) on all of the Notes shall have been made available for payment and either paid or returned to the Company as provided herein and in the Agreement (such date being referred to herein as the “Termination Date”), the Company will at all times maintain an office or agency in London, where Notes may be presented or surrendered for payment.

2. This Note is transferable in whole or in part and may be exchanged for a like aggregate principal amount of Notes of other authorized denominations by the Holder in person, or by his attorney duly authorized in writing, at the Fiscal Agent’s Office in London, where the Fiscal Agent shall maintain a register providing for the registration of the Notes and any exchange or transfer thereof (the “Note Register”). Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Fiscal Agent shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of €100,000 or an integral multiple of €1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Any Note presented for exchange or registration of transfer shall be accompanied by a written instrument of transfer in form and with guarantee of signature and evidence of authority satisfactory to the Fiscal Agent and with payment by the transferor of any stamp or other tax or governmental charge payable in connection with such transfer (or evidence that such tax or charge has been paid) and with such tax identification number or other information for each person in whose name a new Note is to be issued as the Fiscal Agent may request to comply with applicable law. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Agreement to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant
to this Note and the Agreement only if: (i) Euroclear or Clearstream is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or (ii) there shall have occurred and be continuing an Event of Default (as defined in the Agreement) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Agreement. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8 of the Agreement, the right of such owner to pursue such remedy with respect to the portion of this Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Fiscal Agent may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Fiscal Agent shall not be affected by any notice to the contrary.

3. Except as provided in Sections 5, 6, 7 and 8 of this Note, this Note is not redeemable or subject to payment at the option of the Company prior to November 21, 2020 for the 2020 Notes; November 21, 2022 for the 2022 Notes; November 21, 2026 for the 2026 Notes; November 21, 2030 for the 2030 Notes.

4. All payments of principal and interest in respect of this Note shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to this Note under any of the following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its (A) having some present or former connection with Japan other than the mere holding of this Note or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax

Exemption (as defined below) to the relevant Paying Agent to whom this Note is presented (where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Fiscal Agent, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Fiscal Agent, a Paying Agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is held through a participant of an international clearing organization or a financial intermediary (each, a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of this Note must, at the time of entrusting a Participant with the custody of this Note, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of this Note ceases to be so exempted (including the case where a beneficial owner of this Note that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).
Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) ("Written Application for Tax Exemption") in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Fiscal Agent, and the Fiscal Agent shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Fiscal Agent.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Agreement, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Agreement or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Agreement.

The redemption prices for this Note will be calculated on the basis of a 365-day year or a 366-day year, as applicable, and the actual number of days elapsed.

6. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 6 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 6, the Company shall deliver to the Fiscal Agent (i) a certificate signed by an Authorized Officer stating that the conditions precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Fiscal Agent shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

7. If (i) the Shire Acquisition (as defined in the Agreement) has not been consummated on or prior to the Long Stop Date (as defined below) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101\% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

The “Long Stop Date” means May 8, 2019, or such later date as may be agreed upon in accordance with the Co-Operation Agreement, dated May 8, 2018, between Takeda Pharmaceutical Company Limited and Shire plc.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Agreement.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Fiscal Agent, within five Business Days after the occurrence of the event triggering the special

mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Fiscal Agent or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

8. In the case of any redemption of this Note as provided in Section 5, 6 or 7 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Fiscal Agent on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

9. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Fiscal Agent, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Fiscal Agent in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Fiscal Agent shall be discharged from such trust, and repaid to the Company, and all liability of the Fiscal Agent with respect to such money shall cease.

10. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss hereof (together with the indemnity hereinafter referred to and such other documents or proof as may be required hereunder) shall be delivered to the Fiscal Agent, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Fiscal Agent, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Fiscal Agent shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Fiscal Agent shall have received (a) satisfactory evidence (as so deemed by the Fiscal Agent in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Fiscal Agent satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Agreement, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Agreement equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Fiscal Agent) connected therewith.

Takeda Pharmaceutical Company Limited (the “Company”), for value received, hereby promises to pay to MUFG Nominees (UK) Limited, or registered assigns, the principal amount set forth above on November 21, 2020 for the 2020 Floating Rate Notes; November 21, 2022 for the 2022 Floating Rate Notes.

The per annum interest rate on the Notes in effect for each day of a Floating Rate Interest Period (as defined below) will be equal to the Applicable EURIBOR Rate plus 30 basis points (the “Floating Interest Rate”), provided, however, that in no event shall the interest rate be less than zero. The Floating Interest Rate for each Floating Rate Interest Period will be set on February 21, May 21, August 21 and November 21 of each year, and will be set for the initial Floating Rate Interest Period on November 21, 2018 (each such date, a “Floating Rate Interest Reset Date”) until the principal on the Notes is paid or made available for payment (the “Floating Rate Principal Payment Date”). If any Floating Rate Interest Reset Date (other than the initial Floating Rate Interest Reset Date occurring on February 21, 2019) and Floating Rate Interest Payment Date would otherwise be a day that is not a EURIBOR Business Day, such Floating Rate Interest Reset Date and Floating Rate Interest Payment Date shall be the next succeeding EURIBOR Business Day, unless the next succeeding EURIBOR Business Day is in the next succeeding calendar month, in which case such Floating Rate Interest Reset Date and Floating Rate Interest Payment Date shall be the immediately preceding EURIBOR Business Day.

“EURIBOR Business Day” means any day that is not a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banking institutions are authorized or required by law, regulation or executive order to be closed in London, and is a day on which the TARGET2 System, or any successor thereto, operates.

“Floating Rate Interest Period” shall mean the period from and including a Floating Rate Interest Reset Date to but excluding the next succeeding Floating Rate Interest Reset Date and, in the case of the last such period, from and including the Floating Rate Interest Reset Date immediately preceding the maturity date or Floating Rate Principal Payment Date, as the case may be, to but not including such maturity date or Floating Rate Principal Payment Date, as the case may be. If the Floating Rate Principal Payment Date or maturity date is not a EURIBOR Business Day, then the principal amount of the Notes plus accrued and unpaid interest thereon shall be paid on the next succeeding EURIBOR Business Day and no interest shall accrue for the maturity date, Floating Rate Principal Payment Date or any day thereafter.

The “Applicable EURIBOR Rate” shall mean the rate determined in accordance with the following provisions:

(1) Two prior TARGET days on which dealings in deposits in euros are transacted in the euro-zone interbank market preceding each Floating Rate Interest Reset Date (each such date, an “Interest Determination Date”), MUFG Bank, Ltd. (the “Calculation Agent”), as agent for the Company, will determine the Applicable EURIBOR Rate which shall be the rate for deposits in euro having a maturity of three months commencing on the first day of the applicable interest period that appears on the Reuters Screen EURIBOR01 Page as of 11:00 a.m., Brussels time, on such Interest Determination Date. “Reuters Screen EURIBOR01 Page” means the display designated on page “EURIBOR01” on Reuters (or such other page as may replace the EURIBOR01 page on that service or any successor service for the purpose of displaying euro-zone interbank offered rates for euro-denominated deposits of major banks). If the Applicable EURIBOR Rate on such Interest Determination Date does not appear on the Reuters Screen EURIBOR01 Page, the Applicable EURIBOR Rate will be determined as described in (2) below.

(2) With respect to an Interest Determination Date for which the Applicable EURIBOR Rate does not appear on the Reuters Screen EURIBOR01 Page as specified in (1) above, the Applicable EURIBOR Rate will be determined on the basis of the rates at which deposits in euro are offered by four major banks in the euro-zone interbank market selected by the Company (the “Reference Banks”) at approximately 11:00 a.m., Brussels time, on such Interest Determination Date to prime banks in the euro-zone interbank market having a maturity of three months, and in a principal amount equal to an amount of not less than €1,000,000 that is representative for a single transaction in such market at such time. The Company will request the principal euro-zone office of each of such Reference Banks to provide a quotation of its rate. If at least two such quotations are provided, the Applicable EURIBOR Rate on such Interest Determination Date will be the arithmetic mean (rounded upwards) of such quotations. If fewer than two quotations are provided, the Applicable EURIBOR Rate on such Interest Determination Date will be the arithmetic mean (rounded upwards) of the rates quoted by three major banks in the euro-zone selected by the Company at approximately 11:00 a.m., Brussels time, on such Interest Determination Date for loans in euro to leading European banks, having a maturity of three months, and in a principal amount equal to an amount of not less than €1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks so selected as aforesaid by the Company are not quoting as mentioned in this sentence, the relevant Floating Interest Rate for the Floating Rate Interest Period commencing on the Floating Rate Interest Reset Date following such Interest Determination Date will be the Floating Interest Rate in effect on such Interest Determination Date (i.e., the same as the rate determined for the immediately preceding Floating Rate Interest Reset Date).

(3) If the Applicable EURIBOR Rate for the relevant Floating Rate Interest Period has ceased to be published on the Reuters Screen EURIBOR01 Page as a result of the Applicable EURIBOR Rate ceasing to be calculated or administered and a suitable substitute reference rate is available which either is officially announced as successor to the Applicable EURIBOR Rate or, failing that, in our opinion after consultation with an independent financial adviser appointed by the Company, comes as close as possible to the composition of the existing Applicable EURIBOR Rate and is not prejudicial to the holders of the floating rate notes, the existing Applicable EURIBOR Rate will be replaced for the remaining term to maturity of the Notes by this substitute reference rate and such substitute reference rate shall be the Applicable EURIBOR Rate in relation to the Notes for all future Floating Rate Interest Periods. A precondition for this is that, in accordance with Article 29(1) of the Regulation (EU) 2016/1011 A-3-4
of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “Benchmark Regulation”), the substitute reference rate (x) will be provided by an administrator located in the European Union and which will be included in the register as referred to in Article 36 of the Benchmark Regulation or (y) will be provided by an administrator located in a third country for use in the European Union and the substitute reference rate as well as the administrator will be included in the register as referred to in Article 36 of the Benchmark Regulation. If no suitable substitute reference rate is officially announced as successor to the Applicable EURIBOR Rate or if the Company is unable or unwilling to determine the substitute reference rate prior to the Interest Determination Date relating to the next succeeding Floating Rate Interest Period in accordance with this paragraph, the Applicable EURIBOR Rate applicable to such Floating Rate Interest Period shall be equal to the offered quotation on the Reuters Screen EURIBOR01 Page, as described above, on the last day preceding the Interest Determination Date on which such offered quotation was displayed, all as determined by the Calculation Agent.

The amount of interest to be paid on the Notes for any Floating Rate Interest Period will be calculated on the basis of the actual number of days in the relevant Floating Rate Interest Period divided by 360 (known as the “Actual/360” day count).

The Floating Interest Rate and amount of interest to be paid on the Notes for each Floating Rate Interest Period will be determined by the Calculation Agent, rounding the amount of interest to the nearest sub-unit, half of any such sub-unit being rounded upwards. Interest will be calculated per €1,000 in principal amount of the Notes. The Calculation Agent will, upon the request of any holder of the Notes, provide the interest rate at the time of the last interest payment date with respect to the Notes. All calculations made by the Calculation Agent shall in the absence of manifest error be conclusive for all purposes and binding on the Company and the holders of the Notes. So long as the Applicable EURIBOR Rate is required to be determined with respect to the Notes, there will at all times be a Calculation Agent. In the event that any then acting Calculation Agent shall be unable or unwilling to act, or that such Calculation Agent shall fail duly to establish the Applicable EURIBOR Rate for any Interest Period, or that the Company proposes to remove such Calculation Agent, the Company shall appoint itself or another person which is a bank, trust company, investment banking firm or other financial institution to act as the Calculation Agent.

This Note will be the Company’s direct, unsecured and unsubordinated general obligation and will have the same rank in liquidation as all of the Company’s other unsecured and unsubordinated debt.

“Business Day” means both a day on which the TARGET2 System is open, and a day other than a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banking institutions are authorized or required by law, regulation or executive order to be closed in London or Tokyo.

Reference is hereby made to the further provisions of this Note set forth on the reverse hereof, and such provisions shall for all purposes have the same effect as though fully set forth in this place.
This Note shall not be valid or obligatory for any purpose until it shall have been manually signed by the Fiscal Agent for authentication.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

This is one of the Notes referred to in the within-mentioned Fiscal Agency Agreement:

Dated: ________ __, 20__

MUFG BANK, LTD.,
as Fiscal Agent

By ____________________________

Authorized Signatory
[FORM OF REVERSE OF NOTE]

The principal amount of this Note shall be paid on any redemption date, in immediately available funds in London upon surrender of the Note at the office designated herein or pursuant hereto of MUFG Bank, Ltd., as fiscal agent (MUFG Bank, Ltd. or any duly appointed successor fiscal agent acting in such capacity herein referred to as the “Fiscal Agent”), pursuant to an Fiscal Agency Agreement (such agreement, as it may be amended from time to time, the “Agreement”), dated as of November 21, 2018, between Takeda Pharmaceutical Company Limited (the “Company”) and the Fiscal Agent. The office of the Fiscal Agent at which such payment shall be made is located at Ropemaker Place, 25 Ropemaker Street, London EC2Y 9AN or at such other address as the Fiscal Agent shall specify (the “Fiscal Agent’s Office”) by notice to the Holder (as defined in the Agreement). Terms used herein not otherwise defined shall have the meaning ascribed to such term in the Agreement.

Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in Europe designated by the Holder in a written notice received by the Fiscal Agent (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Fiscal Agent for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Fiscal Agent.

1. Payments of principal of and interest (including Additional Amounts, if applicable) on this Note shall be made in Euros or in such other coin or currency of the Eurozone as at the time of payment is legal tender for the payment of public and private debts. Until the date on which the Notes shall have been delivered to the Fiscal Agent for cancellation, or become due and payable and a sum sufficient to pay the principal of and interest (including Additional Amounts, if applicable) on all of the Notes shall have been made available for payment and either paid or returned to the Company as provided herein and in the Agreement (such date being referred to herein as the “Termination Date”), the Company will at all times maintain an office or agency in London, where Notes may be presented or surrendered for payment.

2. This Note is transferable in whole or in part and may be exchanged for a like aggregate principal amount of Notes of other authorized denominations by the Holder in person, or by his attorney duly authorized in writing, at the Fiscal Agent’s Office in London, where the Fiscal Agent shall maintain a register providing for the registration of the Notes and any exchange or transfer thereof (the “Note Register”). Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Fiscal Agent shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of €100,000 or an integral multiple of €1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Any Note presented for exchange or registration of transfer shall be accompanied by a written instrument of transfer in form and with guarantee of signature and evidence of authority satisfactory to the Fiscal Agent and with payment by the transferor of any stamp or other tax or governmental charge payable in connection with such transfer (or evidence that such tax or charge has been paid) and with such tax identification number or other information for each person in whose name a new Note is to be issued as the Fiscal Agent may request to comply with applicable law. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Agreement to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant to this Note and the Agreement only if: (i) Euroclear or Clearstream is closed for business for a continuous
period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so or (ii) there shall have occurred and be continuing an Event of Default (as defined in the Agreement) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Agreement. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8 of the Agreement, the right of such owner to pursue such remedy with respect to the portion of this Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Fiscal Agent may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Fiscal Agent shall not be affected by any notice to the contrary.

3. Except as provided in Sections 5, 6 and 7 of this Note, this Note is not redeemable or subject to payment at the option of the Company prior to 31.

4. All payments of principal and interest in respect of this Note shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to this Note under any of the following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its (A) having some present or former connection with Japan other than the mere holding of this Note or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the relevant Paying Agent to whom this Note is presented (where presentation is required), or whose Interest Recipient Information is not duly

communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Fiscal Agent, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Fiscal Agent, a Paying Agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is held through a participant of an international clearing organization or a financial intermediary (each, a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of this Note must, at the time of entrusting a Participant with the custody of this Note, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of this Note ceases to be so exempted (including the case where a beneficial owner of this Note that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).
Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) ("Written Application for Tax Exemption") in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Fiscal Agent, and the Fiscal Agent shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Fiscal Agent.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Agreement, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Agreement or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Agreement.

5. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 5 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 5, the Company shall deliver to the Fiscal Agent (i) a certificate signed by an Authorized Officer stating that the conditions
precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Fiscal Agent shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

6. If (i) the Shire Acquisition (as defined in the Agreement) has not been consummated on or prior to the Long Stop Date (as defined below) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

The “Long Stop Date” means May 8, 2019, or such later date as may be agreed upon in accordance with the Co-Operation Agreement, dated May 8, 2018, between Takeda Pharmaceutical Company Limited and Shire plc.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Agreement.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Fiscal Agent, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Fiscal Agent or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

7. In the case of any redemption of this Note as provided in Section 5 or 6 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Fiscal Agent on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

8. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Fiscal Agent, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Fiscal Agent in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Fiscal Agent shall be discharged from such trust, and repaid to the Company, and all liability of the Fiscal Agent with respect to such money shall cease.

9. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss hereof (together with the indemnity hereinafter referred
to and such other documents or proof as may be required hereunder) shall be delivered to the Fiscal Agent, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Fiscal Agent, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Fiscal Agent shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Fiscal Agent shall have received (a) satisfactory evidence (as so deemed by the Fiscal Agent in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Fiscal Agent satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Agreement, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Agreement equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Fiscal Agent) connected therewith.

10. All notices to the Company under this Note shall be in writing and addressed to the Company at Takeda Pharmaceutical Company Limited, 1-1, Nihonbashi-Honcho 2-Chome, Chuo-ku, Tokyo 103-8668, Japan, Fax: +81-3-3278-2198, Attention: Global Treasury & Finance Management, Group Finance & Controlling, Global Finance, or to such other address as the Company may notify to the Holder. All notices to the Holder shall be in writing and sent by mail or emailed, in PDF format to the Holder at his or its address as set forth in the Note Register.

11. This Note is one of the Senior Floating Rate Notes due 32 (collectively, the “Notes” and, individually, a “Note”) issued by the Company in accordance with the Agreement, copies of which are on file and available for inspection at the Fiscal Agent’s Office. Under the terms of the Agreement, the Company may remove any Fiscal Agent and appoint a new Fiscal Agent. The Company shall notify, or cause the Fiscal Agent to notify, the Holders of Notes of the appointment of any Fiscal Agent.

The Notes are issuable only as fully registered Notes without coupons in denominations of €100,000 or integral multiples of €1,000 in excess thereof.

12. Article VIII of the Agreement, which provides for amendments to the Agreement and the Notes, is hereby incorporated mutatis mutandis by reference herein.

13. Subject to the authentication of this Note by the Fiscal Agent, the Company hereby certifies and declares that all acts, conditions and things required to be done and performed and to have happened precedent to the creation and issuance of this Note, and to constitute the same a legal, valid and binding obligation of the Company, enforceable in accordance with its terms, have been done and performed and have happened in due and strict compliance with all applicable law.

14. Claims for payment of principal in respect of this Note shall be prescribed upon the expiry of 6 years from any redemption date and claims for payment of interest (if any) in respect of this Note shall be prescribed upon the expiry of 5 years from the due date hereof.

This Note shall be governed by and construed in accordance with the laws of the State of New York.

The Floating Interest Rate for each Floating Rate Interest Period will be set on February 21, May 21, August 21 and November 21 of each year, and will be set for the initial Floating Rate Interest Period on November 21, 2018 (each such date, a “Floating Rate Interest Reset Date”) until the principal on the Notes is paid or made available for payment (the “Floating Rate Principal Payment Date”). If any Floating Rate Interest Reset Date (other than the initial Floating Rate Interest Reset Date occurring on February 21, 2019) and Floating Rate Interest Payment Date would otherwise be a day that is not a EURIBOR Business Day, such Floating Rate Interest Reset Date and Floating Rate Interest Payment Date shall be the next succeeding EURIBOR Business Day, unless the next succeeding EURIBOR Business Day is in the next succeeding calendar month, in which case such Floating Rate Interest Reset Date and Floating Rate Interest Payment Date shall be the immediately preceding EURIBOR Business Day.

“EURIBOR Business Day” means any day that is not a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banking institutions are authorized or required by law, regulation or executive order to be closed in London, and is a day on which the TARGET2 System, or any successor thereto, operates.

“Floating Rate Interest Period” shall mean the period from and including a Floating Rate Interest Reset Date to but excluding the next succeeding Floating Rate Interest Reset Date and, in the case of the last such period, from and including the Floating Rate Interest Reset Date immediately preceding the maturity date or Floating Rate Principal Payment Date, as the case may be, to but not including such maturity date or Floating Rate Principal Payment Date, as the case may be. If the Floating Rate Principal Payment Date or maturity date is not a EURIBOR Business Day, then the principal amount of the Notes plus accrued and unpaid interest thereon shall be paid on the next succeeding EURIBOR Business Day and no interest shall accrue for the maturity date, Floating Rate Principal Payment Date or any day thereafter.

33 XS1843450138 for the 2020 Floating Rate Notes; XS1843449809 for the 2022 Floating Rate Notes.
34 184345013 for the 2020 Floating Rate Notes; 184344980 for the 2022 Floating Rate Notes.
35 November 21, 2020 for the 2020 Floating Rate Notes; November 21, 2022 for the 2022 Floating Rate Notes.
36 0.55% for the 2020 Floating Rate Notes; 1.10% for the 2022 Floating Rate Notes.
The “Applicable EURIBOR Rate” shall mean the rate determined in accordance with the following provisions:

(1) Two prior TARGET days on which dealings in deposits in euros are transacted in the euro-zone interbank market preceding each Floating Rate Interest Reset Date (each such date, an “Interest Determination Date”), MUFG Bank, Ltd. (the “Calculation Agent”), as agent for the Company, will determine the Applicable EURIBOR Rate which shall be the rate for deposits in euro having a maturity of three months commencing on the first day of the applicable interest period that appears on the Reuters Screen EURIBOR01 Page as of 11:00 a.m., Brussels time, on such Interest Determination Date. “Reuters Screen EURIBOR01 Page” means the display designated on page “EURIBOR01” on Reuters (or such other page as may replace the EURIBOR01 page on that service or any successor service for the purpose of displaying euro-zone interbank offered rates for euro-denominated deposits of major banks). If the Applicable EURIBOR Rate on such Interest Determination Date does not appear on the Reuters Screen EURIBOR01 Page, the Applicable EURIBOR Rate will be determined as described in (2) below.

(2) With respect to an Interest Determination Date for which the Applicable EURIBOR Rate does not appear on the Reuters Screen EURIBOR01 Page as specified in (1) above, the Applicable EURIBOR Rate will be determined on the basis of the rates at which deposits in euro are offered by four major banks in the euro-zone interbank market selected by the Company (the “Reference Banks”) at approximately 11:00 a.m., Brussels time, on such Interest Determination Date to prime banks in the euro-zone interbank market having a maturity of three months, and in a principal amount equal to an amount of not less than €1,000,000 that is representative for a single transaction in such market at such time. The Company will request the principal euro-zone office of each of such Reference Banks to provide a quotation of its rate. If at least two such quotations are provided, the Applicable EURIBOR Rate on such Interest Determination Date will be the arithmetic mean (rounded upwards) of such quotations. If fewer than two quotations are provided, the Applicable EURIBOR Rate on such Interest Determination Date will be the arithmetic mean (rounded upwards) of the rates quoted by three major banks in the euro-zone selected by the Company at approximately 11:00 a.m., Brussels time, on such Interest Determination Date for loans in euro to leading European banks, having a maturity of three months, and in a principal amount equal to an amount of not less than €1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks so selected as aforesaid by the Company are not quoting as mentioned in this sentence, the relevant Floating Interest Rate for the Floating Rate Interest Period commencing on the Floating Rate Interest Reset Date following such Interest Determination Date will be the Floating Interest Rate in effect on such Interest Determination Date (i.e., the same as the rate determined for the immediately preceding Floating Rate Interest Reset Date).

(3) If the Applicable EURIBOR Rate for the relevant Floating Rate Interest Period has ceased to be published on the Reuters Screen EURIBOR01 Page as a result of the Applicable EURIBOR Rate ceasing to be calculated or administered and a suitable substitute reference rate is available which either is officially announced as successor to the Applicable EURIBOR Rate or, failing that, in our opinion after consultation with an independent financial adviser appointed by the Company, comes as close as possible to the composition of the existing Applicable EURIBOR Rate and is not prejudicial to the holders of the floating rate notes, the existing Applicable EURIBOR Rate will be replaced for the remaining term to maturity of the Notes by this substitute reference rate and such substitute reference rate shall be the Applicable EURIBOR Rate in relation to the Notes for all future Floating Rate Interest Periods. A precondition for this is that, in accordance with Article 29(1) of the Regulation (EU) 2016/1011...
of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the “Benchmark Regulation”), the substitute reference rate (x) will be provided by an administrator located in the European Union and which will be included in the register as referred to in Article 36 of the Benchmark Regulation or (y) will be provided by an administrator located in a third country for use in the European Union and the substitute reference rate as well as the administrator will be included in the register as referred to in Article 36 of the Benchmark Regulation. If no suitable substitute reference rate is officially announced as successor to the Applicable EURIBOR Rate or if the Company is unable or unwilling to determine the substitute reference rate prior to the Interest Determination Date relating to the next succeeding Floating Rate Interest Period in accordance with this paragraph, the Applicable EURIBOR Rate applicable to such Floating Rate Interest Period shall be equal to the offered quotation on the Reuters Screen EURIBOR01 Page, as described above, on the last day preceding the Interest Determination Date on which such offered quotation was displayed, all as determined by the Calculation Agent.

The amount of interest to be paid on the Notes for any Floating Rate Interest Period will be calculated on the basis of the actual number of days in the relevant Floating Rate Interest Period divided by 360 (known as the “Actual/360” day count).

The Floating Interest Rate and amount of interest to be paid on the Notes for each Floating Rate Interest Period will be determined by the Calculation Agent, rounding the amount of interest to the nearest sub-unit, half of any such sub-unit being rounded upwards. Interest will be calculated per €1,000 in principal amount of the Notes. The Calculation Agent will, upon the request of any holder of the Notes, provide the interest rate at the time of the last interest payment date with respect to the Notes. All calculations made by the Calculation Agent shall in the absence of manifest error be conclusive for all purposes and binding on the Company and the holders of the Notes. So long as the Applicable EURIBOR Rate is required to be determined with respect to the Notes, there will at all times be a Calculation Agent. In the event that any then acting Calculation Agent shall be unable or unwilling to act, or that such Calculation Agent shall fail duly to establish the Applicable EURIBOR Rate for any Interest Period, or that the Company proposes to remove such Calculation Agent, the Company shall appoint itself or another person which is a bank, trust company, investment banking firm or other financial institution to act as the Calculation Agent.

This Note will be the Company’s direct, unsecured and unsubordinated general obligation and will have the same rank in liquidation as all of the Company’s other unsecured and unsubordinated debt.

“Business Day” means both a day on which the TARGET2 System is open, and a day other than a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banking institutions are authorized or required by law, regulation or executive order to be closed in London or Tokyo.

Reference is hereby made to the further provisions of this Note set forth on the reverse hereof, and such provisions shall for all purposes have the same effect as though fully set forth in this place.
This Note shall not be valid or obligatory for any purpose until it shall have been manually signed by the Fiscal Agent for authentication.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

This is one of the Notes referred to in the within-mentioned Fiscal Agency Agreement:

Dated: ________ ___, 20__

MUFG BANK, LTD.,  
as Fiscal Agent

By ________________________________  
Authorized Signatory
The principal amount of this Note shall be paid on any redemption date, in immediately available funds in London upon surrender of the Note at the office designated herein or pursuant hereto of MUFG Bank, Ltd., as fiscal agent (MUFG Bank, Ltd. or any duly appointed successor fiscal agent acting in such capacity herein referred to as the “Fiscal Agent”), pursuant to an Fiscal Agency Agreement (such agreement, as it may be amended from time to time, the “Agreement”), dated as of November 21, 2018, between Takeda Pharmaceutical Company Limited (the “Company”) and the Fiscal Agent. The office of the Fiscal Agent at which such payment shall be made is located at Ropemaker Place, 25 Ropemaker Street, London EC2Y 9AN or at such other address as the Fiscal Agent shall specify (the “Fiscal Agent’s Office”) by notice to the Holder (as defined in the Agreement). Terms used herein not otherwise defined shall have the meaning ascribed to such term in the Agreement.

Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in Europe designated by the Holder in a written notice received by the Fiscal Agent (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Fiscal Agent for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Fiscal Agent.

1. Payments of principal of and interest (including Additional Amounts, if applicable) on this Note shall be made in Euros or in such other coin or currency of the Eurozone as at the time of payment is legal tender for the payment of public and private debts. Until the date on which the Notes shall have been delivered to the Fiscal Agent for cancellation, or become due and payable and a sum sufficient to pay the principal of and interest (including Additional Amounts, if applicable) on all of the Notes shall have been made available for payment and either paid or returned to the Company as provided herein and in the Agreement (such date being referred to herein as the “Termination Date”), the Company will at all times maintain an office or agency in London, where Notes may be presented or surrendered for payment.

2. This Note is transferable in whole or in part and may be exchanged for a like aggregate principal amount of Notes of other authorized denominations by the Holder in person, or by his attorney duly authorized in writing, at the Fiscal Agent’s Office in London, where the Fiscal Agent shall maintain a register providing for the registration of the Notes and any exchange or transfer thereof (the “Note Register”). Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Fiscal Agent shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of €100,000 or an integral multiple of €1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Any Note presented for exchange or registration of transfer shall be accompanied by a written instrument of transfer in form and with guarantee of signature and evidence of authority satisfactory to the Fiscal Agent and with payment by the transferor of any stamp or other tax or governmental charge payable in connection with such transfer (or evidence that such tax or charge has been paid) and with such tax identification number or other information for each person in whose name a new Note is to be issued as the Fiscal Agent may request to comply with applicable law. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Agreement to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant to this Note and the Agreement only if: (i) Euroclear or Clearstream is closed for business for a continuous
period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact so or (ii) there shall have occurred and be continuing an Event of Default (as defined in the Agreement) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Agreement. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8 of the Agreement, the right of such owner to pursue such remedy with respect to the portion of this Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Fiscal Agent may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Fiscal Agent shall not be affected by any notice to the contrary.

3. Except as provided in Sections 5, 6 and 7 of this Note, this Note is not redeemable or subject to payment at the option of the Company prior to November 21, 2020 for the 2020 Floating Rate Notes; November 21, 2022 for the 2022 Floating Rate Notes.

4. All payments of principal and interest in respect of this Note shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to this Note under any of the following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its (A) having some present or former connection with Japan other than the mere holding of this Note or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the relevant Paying Agent to whom this Note is presented (where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

37 November 21, 2020 for the 2020 Floating Rate Notes; November 21, 2022 for the 2022 Floating Rate Notes.
(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Fiscal Agent, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Fiscal Agent, a Paying Agent or any other person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is held through a participant of an international clearing organization or a financial intermediary (each, a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of this Note must, at the time of entrusting a Participant with the custody of this Note, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of this Note ceases to be so exempted (including the case where a beneficial owner of this Note that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).

Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures.
Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) (“Written Application for Tax Exemption”) in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Fiscal Agent, and the Fiscal Agent shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Fiscal Agent.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Agreement, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Agreement or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Agreement.

5. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Fiscal Agent and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 5 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 5, the Company shall deliver to the Fiscal Agent (i) a certificate signed by an Authorized Officer stating that the conditions precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Fiscal Agent shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.
6. If (i) the Shire Acquisition (as defined in the Agreement) has not been consummated on or prior to the Long Stop Date (as defined below) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

The “Long Stop Date” means May 8, 2019, or such later date as may be agreed upon in accordance with the Co-Operation Agreement, dated May 8, 2018, between Takeda Pharmaceutical Company Limited and Shire plc.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Agreement.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Fiscal Agent, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Fiscal Agent or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

7. In the case of any redemption of this Note as provided in Section 5 or 6 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Fiscal Agent on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

8. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Fiscal Agent, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Fiscal Agent in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Fiscal Agent shall be discharged from such trust, and repaid to the Company, and all liability of the Fiscal Agent with respect to such money shall cease.

9. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss thereof (together with the indemnity hereinafter referred to and such other documents or proof as may be required hereunder) shall be delivered to the Fiscal Agent, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Fiscal Agent, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Fiscal Agent
shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Fiscal Agent shall have received (a) satisfactory evidence (as so deemed by the Fiscal Agent in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Fiscal Agent satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Agreement, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Agreement equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Fiscal Agent) connected therewith.

10. All notices to the Company under this Note shall be in writing and addressed to the Company at Takeda Pharmaceutical Company Limited, 1-1, Nihonbashi-Honcho 2-Chome, Chuo-ku, Tokyo 103-8668, Japan, Fax: +81-3-3278-2198, Attention: Global Treasury & Finance Management, Group Finance & Controlling, Global Finance, or to such other address as the Company may notify to the Holder. All notices to the Holder shall be in writing and sent by mail or emailed, in PDF format to the Holder at his or its address as set forth in the Note Register.

11. This Note is one of the Senior Floating Rate Notes due 38 (collectively, the “Notes” and, individually, a “Note”) issued by the Company in accordance with the Agreement, copies of which are on file and available for inspection at the Fiscal Agent’s Office. Under the terms of the Agreement, the Company may remove any Fiscal Agent and appoint a new Fiscal Agent. The Company shall notify, or cause the Fiscal Agent to notify, the Holders of Notes of the appointment of any Fiscal Agent.

The Notes are issuable only as fully registered Notes without coupons in denominations of €100,000 or integral multiples of €1,000 in excess thereof.

12. Article VIII of the Agreement, which provides for amendments to the Agreement and the Notes, is hereby incorporated mutatis mutandis by reference herein.

13. Subject to the authentication of this Note by the Fiscal Agent, the Company hereby certifies and declares that all acts, conditions and things required to be done and performed and to have happened precedent to the creation and issuance of this Note, and to constitute the same a legal, valid and binding obligation of the Company, enforceable in accordance with its terms, have been done and performed and have happened in due and strict compliance with all applicable law.

14. Claims for payment of principal in respect of this Note shall be prescribed upon the expiry of 6 years from any redemption date and claims for payment of interest (if any) in respect of this Note shall be prescribed upon the expiry of 5 years from the due date hereof.

This Note shall be governed by and construed in accordance with the laws of the State of New York.

Capitalized terms used but not defined herein shall have the meanings given to them in the Agreement.

This letter relates to € principal amount of [●% Senior Notes due ●][Senior Floating Rate Notes due ●] which are evidenced by one or more Rule 144A Global Notes (ISIN 39; Common Code 40) and held with Euroclear or Clearstream in the name of [insert name of transferor] (the “Transferor”). Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

Additional notes issued in this manner may be consolidated with and form a single series with the previously outstanding Notes of the relevant series; provided that if any additional notes are not fungible with the Notes of the relevant series for U.S. federal income tax purposes, such additional notes will be issued as a separate series under this Indenture and will have a separate “CUSIP” or similar identifying number from the Notes of the relevant series.

The Notes shall be issuable only in fully registered form without interest coupons in denominations of $200,000 and integral multiples of $1,000 in excess thereof. Notes issued in accordance with Rule 144A of the Securities Act shall initially be issued in the form of one or more global notes in the form of Exhibit A-1 hereto (each, a “Rule 144A Global Note”) and Notes issued in accordance with Regulation S of the Securities Act shall initially be issued in the form of one or more global notes in the form of Exhibit A-2 hereto (each, a “Regulation S Global Note”). Rule 144A Global Notes and Regulation S Global Notes exchanged for Exchange Notes pursuant to Section 2.12 shall be in the form of one or more global notes in the form of Exhibit A-3 hereto (each an “Unrestricted Global Note”, and, collectively with the Rule 144A Global Notes and the Regulation S Global Notes, the “Global Notes”). Interests in any Global Note will be exchangeable for definitive Notes in registered form only under the circumstances set forth herein.

The Notes may have such additional provisions, omissions, variations or substitutions as are not inconsistent with the provisions of this Indenture and may have such letters, numbers or other marks of identification and such legends or endorsements placed thereon as may be required to comply with any law or with any rules made pursuant thereto or with the rules of any securities exchange, any governmental agency or the Depositary or as may, consistently herewith, be determined by the officers of the Company executing such Notes, as evidenced by their execution thereof. All Notes shall be substantially identical except as to denomination and as provided herein.

The Notes shall be executed on behalf of the Company by any Representative Director of the Company. The signature of any Representative Director of the Company on the Notes may be manual or facsimile.

Notes bearing the manual or facsimile signatures of individuals who were at the time of issuance of such Notes the proper Representative Director of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices thereafter.
The definitive Notes shall be printed, lithographed or engraved on steel engraved borders or may be produced in any other manner, all as determined by the Representative Director of the Company executing such Notes, as evidenced by their execution thereof. Until definitive Notes shall have been prepared, the Company may execute, and upon the written order of the Company, the Trustee shall authenticate and deliver, in accordance with the provisions of this Indenture (in lieu of definitive Notes), temporary Notes which are printed, lithographed, typewritten, mimeographed or otherwise produced, substantially of the tenor referred to above. Such temporary Notes shall be subject to the same limitations and conditions and entitled to the same rights and benefits as definitive Notes, except as provided herein or therein. If temporary Notes are issued, the Company shall promptly cause definitive Notes to be prepared. Temporary Notes shall be exchangeable at the principal office of the Trustee in The City of New York (or at such other office in The City of New York as shall be specified in the text of such temporary Notes) for definitive Notes when the latter shall be ready for delivery; and upon the surrender for exchange at said office of such temporary Notes, the Company, at its own expense, shall execute, and the Trustee is authorized to authenticate and deliver, in accordance with the provisions of Section 2.2 of this Indenture, in exchange for such temporary Notes a like aggregate principal amount of definitive Notes of the appropriate form and denomination. Temporary Notes shall be appropriately legended.

SECTION 2.2. Certificate of Authentication.

Only such Notes as shall bear thereon a certificate of authentication substantially as set forth in the Form of Note in Exhibit A-1, A-2 or A-3 hereto, as applicable, executed by the Trustee by manual signature of one of its Responsible Officers, shall be entitled to the benefits of this Indenture or be valid or obligatory for any purpose. Such certification by the Trustee upon any Note executed by or on behalf of the Company shall be conclusive evidence that the Note so authenticated has been duly authenticated and delivered hereunder and that the Holder thereof is entitled to the benefits of this Indenture.

SECTION 2.3. Issue and Delivery of Notes.

The Company has, by a purchase agreement dated November 19, 2018 among the Company and J.P. Morgan Securities LLC, SMBC Nikko Securities America, Inc., Morgan Stanley MUFG Securities Co., Ltd., Mizuho Securities USA LLC, and Merrill Lynch, Pierce, Fenner & Smith Incorporated as representatives (the “Representatives”) of the initial purchasers named therein (the “Initial Purchasers”), agreed to issue

- $1,000,000,000 aggregate principal amount of 3.800% Senior Notes due 2020,
- $1,250,000,000 aggregate principal amount of 4.000% Senior Notes due 2021,
- $1,500,000,000 aggregate principal amount of 4.400% Senior Notes due 2023 and
- $1,750,000,000 aggregate principal amount of 5.000% Senior Notes due 2028.

The aggregate principal amount of the Rule 144A Global Notes and the Regulation S Global Notes issued on the Closing Date shall be $5,500,000,000. The principal amount of any Rule 144A Global Note and any Regulation S Global Note may from time to time be increased or decreased by adjustments made on the records of the Trustee, as provided in Section 2.6. The Global Notes will be dated November 26, 2018.

The Company initially shall execute and deliver the applicable Global Notes to the Trustee, and the Trustee shall, upon the order of the Company as provided in Section 2.1, authenticate the Global Notes and deliver them upon the order of the Company on or about November 26, 2018 to a custodian for DTC, for credit to the respective accounts of the Initial Purchasers (or to such other accounts as the Representatives, on behalf of the Initial Purchasers, may direct).
SECTION 2.4. Registrar, Registration of Transfer and Exchange.

The Company shall cause to be kept at the Corporate Trust Office of the Trustee a register (the register maintained in such office and in any other office or agency of the Company herein sometimes collectively referred to as the “Notes Register”) in which, subject to such reasonable regulations as it may prescribe, the Company shall provide for the registration of Notes and of transfers of Notes. The Trustee is hereby appointed “Notes Registrar” for the purpose of registering Notes and transfers of such Notes as herein provided. The Company may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts; provided, however, that there shall at all times be a transfer agent in the Borough of Manhattan, The City of New York. There shall be only one Notes Registrar. The Notes Register will show the amount of the Notes, the date of issue, all subsequent transfers and changes of ownership in respect thereof and the names, tax identifying numbers (if relevant to a specific holder), addresses of the holders of the Notes and any payment instructions with respect thereto (if different from a holder’s registered address). The Trustee will also maintain a record which will include notations as to whether the Notes have been paid or cancelled, and, in the case of mutilated, destroyed, stolen or lost Notes, whether such Notes have been replaced. In the case of the replacement of any of the Notes, such records will include notations of each Note so replaced, and the Note issued in replacement thereof. In the case of the cancellation of any of the Notes, such records will include notations of each Note so cancelled and the date on which such Note was cancelled. The Trustee shall upon written request make the Notes Register and such records available, during normal office hours and on reasonable written notice, to the Company, or any Person authorized by the Company in writing, for inspection and for the taking of copies thereof or extracts therefrom, and, at the expense of the Company, the Trustee shall deliver to such Persons all lists of Holders of Notes, their addresses and amounts of such holdings as they may request.

Except as otherwise specifically provided herein, (i) all references in this Indenture to the Trustee shall be deemed to refer to the Trustee in its capacity as Trustee and Notes Registrar and (ii) every provision of this Indenture relating to the conduct, rights or privileges of the Trustee or affecting the liability or offering protection, immunity or indemnity to the Trustee shall be deemed to apply with the same force and effect to the Trustee acting in its capacities as Notes Registrar and Paying Agent and to each agent of the Trustee employed to act hereunder.

Subject to this Section 2.4, Section 2.5 and Section 2.6, at the option of the Holder, Notes may be presented for exchange for other Notes, of any authorized denominations and of like tenor and aggregate principal amount or for registration of transfer by the Holder thereof or his attorney duly authorized in writing and with the form of transfer thereon duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed, at the office of the Trustee or at the office of any transfer agent designated by the Company for such purpose. Whenever any Notes are so surrendered for exchange, the Company shall execute and the Trustee shall authenticate and deliver the Notes which the Holder making the exchange is entitled to receive.

A beneficial interest in any Rule 144A Global Note or Regulation S Global Note may be exchanged by any holder thereof for a beneficial interest in an Unrestricted Global Note or transferred to a Person who takes delivery thereof in the form of a beneficial interest in an Unrestricted Global Note if the exchange or transfer complies with the requirements of this Section 2.4, and if:

(a) such exchange or transfer is effected pursuant to the Exchange Offer in accordance with the Registration Rights Agreement and the holder of such beneficial interest, in the case of an exchange, or the transferee, in the case of a transfer, certifies in the applicable Letter of Transmittal that it is not (1) a Participating Broker-Dealer, (2) a Person participating in the distribution of the Exchange Notes or (3) a Person who is an affiliate (as defined in Rule 144) of any Company;

(b) such transfer is effected pursuant to the Shelf Registration Statement in accordance with the Registration Rights Agreement; or
such transfer is effected by a Participating Broker-Dealer pursuant to the Exchange Offer Registration Statement in accordance with the Registration Rights Agreement.

If any such transfer is effected pursuant to subparagraph (a), (b) or (c) above at a time when an Unrestricted Global Note has not yet been issued, the Company shall issue and, upon receipt of an Officer’s Certificate from the Company in accordance with Section 1.2 hereof, the Trustee shall authenticate one or more Unrestricted Global Notes in an aggregate principal amount equal to the aggregate principal amount of beneficial interests transferred pursuant to subparagraph (a), (b) or (c) above.

Beneficial interests in an Unrestricted Global Note cannot be exchanged for, or transferred to Persons who take delivery thereof in the form of, a beneficial interest in a Rule 144A Global Note or Regulation S Global Note.

Upon surrender for registration of transfer of any Note at the office or agency of the Company, the Company shall execute and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Notes, of any authorized denominations and of like tenor and aggregate principal amount.

All Notes issued upon any registration of transfer or exchange of Notes shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Notes surrendered upon such registration of transfer or exchange.

Every Note presented or surrendered for registration of transfer or for exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company duly executed, by the Holder thereof or his attorney duly authorized in writing.

No service charge shall be made for any registration of transfer or exchange of Notes, but the Company may require payment by the Holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Notes.

The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Note (including any transfers between or among Participants or beneficial owners of interests in any Global Note) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by the terms of, this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

SECTION 2.5. Global Notes.

Each Global Note authenticated under this Indenture shall be registered in the name of the Depositary designated for such Global Note or a nominee thereof and delivered to such Depositary or a nominee thereof or custodian therefor, and each such Global Note shall constitute a single Note for all purposes of this Indenture.

Ownership of beneficial interests in a Global Note will be limited to persons who have accounts with the Depositary (“Participants”) or persons who hold interests through such Participants. Upon the issuance of a Global Note, the Depositary or its custodian shall credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such Global Note to the accounts of its Participants. Ownership of beneficial interests in a Global Note shall be shown only on, and the transfer of such ownership interests shall be effected only through, records maintained by the Depositary or its nominee (with respect to interests of Participants) or by any such Participant (with respect to interests of persons held by such Participants on their behalf). Payments, transfers, exchanges and other matters relating to beneficial interests in a
Global Note may be subject to various policies and procedures adopted by the Depositary from time to time. None of the Company, the Trustee or any of their respective agents shall have any responsibility or liability for any aspect of the Depositary’s or any Participant’s records, policies or procedures relating to, or for payments made on account of, beneficial interests in a Global Note or for any other aspect of the relationship between the Depositary and its Participants, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Notwithstanding any provision of this Indenture or any Note to the contrary, no Global Note may be exchanged in whole or in part for Notes registered, and no transfer of a Global Note in whole or in part may be registered, in the name of any Person other than the Depositary or its nominee unless (i) the Depositary notifies the Company that the Depositary is unwilling or unable to continue as depositary for a Global Note or has ceased to be qualified to act as such as required by this Indenture and the Company does not appoint a successor Depositary within 90 days after the Company receives such notice or becomes aware of such non-qualification or (ii) there shall have occurred and be continuing an Event of Default with respect to the Notes. All definitive Notes issued in exchange for a Global Note or any portion thereof shall be registered in such names as the Depositary shall direct. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in a Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8, the right of such owner to pursue such remedy with respect to the portion of the Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

Except in the circumstances referred to in the preceding paragraph, as long as the Depositary, or its nominee, is the registered Holder of a Global Note, the Depositary or such nominee, as the case may be, shall be considered the sole owner and Holder of such Global Note (and of the Notes represented thereby) for all purposes under this Indenture and the Notes. Except in the circumstances referred to in the preceding paragraph, owners of beneficial interests in a Global Note shall not be entitled to have such Global Note or any Notes represented thereby registered in their names, shall not receive or be entitled to receive physical delivery of definitive Notes in exchange therefor and shall not be considered the owners or Holders of such Global Note (or any Notes represented thereby) for any purpose under this Indenture or the Notes. In addition, no beneficial owner of an interest in a Global Note shall be able to transfer that interest except in accordance with the Depositary’s applicable procedures (in addition to those under this Indenture referred to herein and, if applicable, those of Euroclear and Clearstream). All payments of interest on, principal of, or Additional Amounts on, a Global Note shall be made to or to the order of the Depositary or its nominee, as the case may be, as the Holder thereof.

Every Note authenticated and delivered upon registration of transfer of, or in exchange for or in lieu of, a Global Note or any portion thereof, whether pursuant to this Section 2.5, Section 2.6, Section 2.7 or otherwise, shall be authenticated and delivered in the form of, and shall be, a Global Note, unless such Note is registered in the name of a Person other than the Depositary for such Global Note or a nominee thereof.

Neither the Trustee nor any Agent shall have any responsibility or liability for any actions taken or not taken by the Depositary.

SECTION 2.6. Transfer Restrictions.

(a) The Global Notes shall be subject to the restrictions on transfers (the “Transfer Restrictions”) provided in the applicable legends (the “Legends”) required to be set forth on the face of each Global Note as provided in Exhibits A-1 and A-2 hereto, and each Holder of a Global Note and each owner of a beneficial interest in a Global Note, by its acceptance thereof, agrees to be bound by and comply with the Transfer Restrictions, in each case unless compliance with the Transfer Restrictions shall be waived by the Company in writing delivered to the Trustee.

(b) The Transfer Restrictions shall cease and terminate with respect to any particular Global Note upon receipt by the Company of evidence satisfactory to it (which may include an opinion of
independent counsel experienced in matters of United States federal securities law) that, as of the date of
determination, such Global Note (a) has been sold pursuant to an effective registration statement under the
Securities Act or (b) has been transferred (i) in a transaction satisfying all the requirements of Rule 903 or 904
(as applicable) of Regulation S under the Securities Act or (ii) pursuant to Rule 144 under the Securities Act. All
references in the preceding sentence to any regulation, rule or provision thereof shall be deemed also to refer to
any successor provisions thereof.

(c) At the request of the Holder and upon the surrender of such Global Note to the Trustee
for exchange in accordance with the provisions of this Section 2.6, any Global Note as to which the Transfer
Restrictions shall have terminated in accordance with the preceding paragraph shall be exchanged for a new
Note, of like tenor and aggregate principal amount, but without the Legends.

(d) As used in this Section 2.6, the term “transfer” encompasses any sale, pledge, transfer
or other disposition of any Notes referred to herein.

(e) Rule 144A Global Note to Regulation S Global Note. If the owner of a beneficial
interest (an “Owner Transferor”) in a Rule 144A Global Note wishes at any time to transfer such beneficial
interest to a Person (an “Owner Transferee”) who wishes to take delivery thereof in the form of a beneficial
interest in a Regulation S Global Note, such transfer may be effected, subject to the Applicable Procedures, only
in accordance with the provisions of this paragraph (e). “Applicable Procedures” means, with respect to any
transfer of a beneficial interest in a Global Note, the rules and procedures of DTC, Euroclear and Clearstream to
the extent the same are applicable to such transfer and shall be complied with by any Holder or any party which
has a beneficial interest in a Global Note; provided, however, the Trustee shall not be responsible for determining
any compliance with such rules and procedures. Upon receipt by the Trustee of (1) written instructions given in
accordance with the Applicable Procedures from a Participant whose account is to be debited (a “Participant
Transferor”) with respect to the Rule 144A Global Note directing the Trustee to credit or cause to be credited to
a specified account of another Participant (a “Participant Transferee”) a beneficial interest in a Regulation S
Global Note in a principal amount equal to that of the beneficial interest in the Rule 144A Global Note to be so
transferred (the “Rule 144A Global Transferred Amount”), (2) a written order given in accordance with the
Applicable Procedures containing information regarding the account of the Participant Transferee to be credited
with, and the account of the Participant Transferor to be debited for, the Rule 144A Global Transferred Amount
and (3) a certificate in substantially the form set forth in Exhibit B hereto given by the Owner Transferor stating
that the transfer has been made pursuant to and in accordance with Rule 903 or Rule 904 of Regulation S under
the Securities Act, the Trustee shall instruct DTC to reduce the principal amount of the Rule 144A Global Note,
and to increase the principal amount of the Regulation S Global Note, by the Rule 144A Global Transferred
Amount, and to credit or cause to be credited to the account of the Participant Transferee a beneficial interest in
the Regulation S Global Note, and to debit or cause to be debited to the account of the Participant Transferor a
beneficial interest in the Rule 144A Global Note, in each case having a principal amount equal to the Rule 144A
Global Transferred Amount.

(f) Regulation S Global Note to Rule 144A Global Note. If an Owner Transferor wishes at
any time to transfer a beneficial interest in a Regulation S Global Note to an Owner Transferee who wishes to
take delivery thereof in the form of a beneficial interest in a Rule 144A Global Note, such transfer may be
effected, subject to the Applicable Procedures, only in accordance with this Section 2.6(f). Upon receipt by the
Trustee of (1) written instructions given in accordance with the Applicable Procedures from the Participant
Transferor, directing the Trustee to credit or cause to be credited to a specified account of a Participant
Transferee a beneficial interest in a Rule 144A Global Note in a principal amount equal to that of the beneficial
interest in the Regulation S Global Note to be so transferred (the “Regulation S Global Transferred Amount”),
(2) a written order given in accordance with the Applicable Procedures containing information regarding the
account of the Participant Transferee to be credited with, and the account of the Participant Transferor to be
debited for, the Regulation S Global Amount, and (3) if the transfer is prior to or on the 40th day after the later of
the commencement of the offering of the Notes and the issue date of the Notes, a certificate in substantially the
form set forth in Exhibit C hereto given by the Owner Transferor stating (A) that the Person transferring such interest in a Regulation S Global Note (i) reasonably believes that the Person acquiring such interest in a Rule 144A Global Note is a Qualified Institutional Buyer purchasing for its own account (or for the account of one or more Qualified Institutional Buyers over which account it exercises sole investment discretion), (ii) has notified such Person of the transfer restrictions applicable to the Global Notes, and (B) the transfer is in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction, the Trustee shall instruct DTC to reduce the principal amount of the Regulation S Global Note, and to increase the principal amount of the Rule 144A Global Note, by the Regulation S Global Transferred Amount, and to credit or cause to be credited to the account of the Participant Transferee a beneficial interest in the Rule 144A Global Note, and to debit or cause to be debited to the account of the Participant Transferor a beneficial interest in the Regulation S Global Note, in each case having a principal amount equal to the Regulation S Global Transferred Amount.

SECTION 2.7. Mutilated, Destroyed, Lost and Stolen Notes.

If any mutilated Note is surrendered to the Trustee, the Company shall execute, and the Trustee shall authenticate and deliver in exchange therefor, a new Note of like tenor and principal amount and bearing a number not contemporaneously outstanding.

If there shall be delivered to the Company and the Trustee (i) evidence to their satisfaction of the destruction, loss or theft of any Note and (ii) indemnity satisfactory to them to save each of them and any of their agents harmless, from any losses or claims incurred in connection with the issuance of a new Note, then, in the absence of notice to the Company or the Trustee that such Note has been acquired by a bona fide purchaser, the Company shall execute and the Trustee shall authenticate and deliver, in lieu of any such destroyed, lost or stolen Note, a new Note of like tenor and principal amount and bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Note has become or is about to become due and payable, the Company in its discretion may, instead of issuing a new Note, pay such Note.

Upon the issuance of any new Note under this Section 2.7, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Note issued pursuant to this Section 2.7 in exchange for any mutilated Note or in lieu of any destroyed, lost or stolen Note shall constitute an original contractual obligation of the Company, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

The provisions of this Section 2.7 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes.

SECTION 2.8. Persons Deemed Owners.

Prior to due presentment of a Note for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name such Note is registered as the owner of such Note for the purpose of receiving payment of principal of and any interest on such Note and for all other purposes whatsoever, whether or not such Note be overdue, and neither the Company, the Trustee nor any agent of the Company or the Trustee shall be affected by notice to the contrary. In considering the interests of the Holders of Notes while title to the Notes is registered in the name of a nominee of the Depositary, the Trustee may refer to any information made available to it by the Depositary as to the identity (either individually or by
category) of its Participants or persons who hold interests through such Participants with entitlements to Notes and may consider such interests as if such accountholders were the Holders of the Notes. For the purposes of enforcement of the provisions of this Indenture against the Trustee, the persons named in a certificate of the Holder of any Global Note in respect of which a global certificate is issued shall be recognized as the beneficiaries of this Indenture, to the extent of the principal amounts of their interests in the Notes set out in the certificate of the Holder, as if they were themselves the Holders of the Notes in such principal amounts.

SECTION 2.9. Cancellation.

All Notes surrendered for payment, redemption, registration of transfer or exchange shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee and shall be promptly canceled by it. The Company may at any time deliver to the Trustee for cancellation any Notes previously authenticated and delivered hereunder which the Company may have acquired in any manner whatsoever, and may deliver to the Trustee (or to any other Person for delivery to the Trustee) for cancellation any Notes previously authenticated hereunder which the Company has not issued and sold, and all Notes so delivered shall be promptly canceled by the Trustee. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.9, except as expressly permitted by this Indenture. All canceled Notes (and all Notes paid in full at final maturity thereof) held by the Trustee shall be disposed of in accordance with the Trustee’s customary practices.

(a) In compliance with Japanese tax laws and the practices of tax authorities in Japan, in respect of any interest payment on the Notes issued in global or book-entry form pursuant to this Indenture or any supplemental indenture hereto, any Paying Agent shall act in accordance with the procedures and forms set out in the DTC Procedures if DTC is acting as clearing organization with respect to the Notes or with respect to depositary interests representing such Notes, or in accordance with such other similar procedures as may be established by another clearing organization. Except as otherwise provided in this Indenture, any such Paying Agent shall be responsible only for performing such services as are specifically provided for in the DTC Procedures or such other procedures actually known by the Paying Agent, as applicable and as may be amended or modified and communicated to the Paying Agent from time to time. Any such Paying Agent and the Company may rely on the information provided in the claim for exemption from Japanese withholding taxes and other documentation in the absence of actual knowledge to the contrary. If any interest payment on a Note is due to be made hereunder, and if and so long as payments of interest (if any) by the Company to any Paying Agent may be made without withholding or deduction for or on account of Japanese tax only upon receipt of Tax Documentation, the relevant Paying Agent at the direction of the Company, shall (i) accept delivery of the required Tax Documentation from the clearing organization (or Holders of the Notes, if definitive Notes have been issued); (ii) provide to the Company any required confirmations of information available to it; and (iii) deliver such Tax Documentation to, or on the written order of, the Company via facsimile no later than two Business Days after the Paying Agent has received such Tax Documentation, followed by first class mail or express courier at the address stipulated in Section 1.5, for filing with the relevant Japanese district tax office. Any such Paying Agent may rely on the information provided in Tax Documentation (including, where relevant, supporting documentation) in the absence of actual knowledge that such information is incorrect.

(b) If a Holder of the Notes or the holder of a depositary interest representing the Notes satisfies the requirements for claiming an exemption from Japanese withholding tax after the date on which an amount in respect of such tax is withheld and before the date on which the tax is actually paid to the Japanese tax authorities, then the Company or the Paying Agent acting at the direction of the Company may, to the extent reasonably practicable, repay the amount withheld (after deduction of reasonable costs, including amounts in respect of changes in foreign exchange rates) to the Holder.

20
SECTION 2.11. *Japanese Withholding Tax Legend.*

Each Global Note and each definitive Note issued for exchange for a beneficial interest in the Global Note shall bear the following legend relating to Japanese withholding tax:

“INTEREST PAYMENTS ON THIS NOTE GENERALLY WILL BE SUBJECT TO JAPANESE WITHHOLDING TAX UNLESS IT IS ESTABLISHED THAT THIS NOTE IS HELD BY OR FOR THE ACCOUNT OF A BENEFICIAL OWNER THAT IS (I) FOR JAPANESE TAX PURPOSES, NEITHER AN INDIVIDUAL RESIDENT OF JAPAN OR A JAPANESE CORPORATION, NOR AN INDIVIDUAL NON-RESIDENT OF JAPAN OR A NON-JAPANESE CORPORATION THAT IN EITHER CASE IS A PERSON HAVING A SPECIAL RELATIONSHIP WITH THE COMPANY AS DESCRIBED IN ARTICLE 6, PARAGRAPH (4) OF THE ACT ON SPECIAL MEASURES CONCERNING TAXATION OF JAPAN (ACT NO. 26 OF 1957, AS AMENDED) (THE “ACT ON SPECIAL TAXATION MEASURES”) (A “SPECIALY-RELATED PERSON OF THE COMPANY”), (II) A JAPANESE FINANCIAL INSTITUTION OR A JAPANESE FINANCIAL INSTRUMENTS BUSINESS OPERATOR DESIGNATED IN ARTICLE 3-2-2, PARAGRAPH (28) OF THE CABINET ORDER (CABINET ORDER NO. 43 OF 1957, AS AMENDED) RELATING TO THE ACT ON SPECIAL TAXATION MEASURES WHICH COMPLIES WITH THE REQUIREMENT FOR TAX EXEMPTION UNDER ARTICLE 6, PARAGRAPH (9) OF THE ACT ON SPECIAL TAXATION MEASURES OR (III) A PUBLIC CORPORATION, A FINANCIAL INSTITUTION OR A FINANCIAL INSTRUMENTS BUSINESS OPERATOR, ETC. DESCRIBED IN ARTICLE 3-3, PARAGRAPH (6) OF THE ACT ON SPECIAL TAXATION MEASURES WHICH HAS RECEIVED SUCH PAYMENTS THROUGH A PAYMENT HANDLING AGENT IN JAPAN AS DESCRIBED IN PARAGRAPH (1) OF SAID ARTICLE AND COMPLIES WITH THE REQUIREMENT FOR TAX EXEMPTION UNDER THAT PARAGRAPH.

INTEREST PAYMENTS ON THIS NOTE TO AN INDIVIDUAL RESIDENT OF JAPAN, TO A JAPANESE CORPORATION NOT DESCRIBED IN THE PRECEDING PARAGRAPH, OR TO AN INDIVIDUAL NON-RESIDENT OF JAPAN OR A NON-JAPANESE CORPORATION THAT IN EITHER CASE IS A SPECIALY-RELATED PERSON OF THE COMPANY WILL BE SUBJECT TO JAPANESE INCOME TAX AT THE TIME OF SUCH INTEREST PAYMENTS.”

Upon the occurrence of the Exchange Offer in accordance with the Registration Rights Agreement, the Company shall issue and, upon receipt of an authentication order in the form of an Officer’s Certificate of the Company in accordance with Section 1.2 hereof, the Trustee shall authenticate (i) one or more Unrestricted Global Notes in an aggregate principal amount equal to the principal amount specified by the Company of the beneficial interests in the Rule 144A Global Notes or the Regulation S Global Notes of the same series tendered for acceptance by Persons that certify in the applicable Letters of Transmittal that (x) they are not Participating Broker-Dealers, (y) they are not participating in a distribution of the Exchange Notes and (z) they are not affiliates (as defined in Rule 144) of the Company, and accepted for exchange in the Exchange Offer and (ii) unrestricted definitive Notes in an aggregate principal amount equal to the principal amount of the definitive Notes of the same series tendered for acceptance by Persons that certify in the applicable Letters of Transmittal that (x) they are not Participating Broker-Dealers, (y) they are not participating in a distribution of the Exchange Notes and (z) they are not affiliates (as defined in Rule 144) of the Company, and accepted for exchange in the Exchange Offer, and make any other representations that are necessary for the Company to comply with applicable laws and regulations, including the Companies Act of Japan and the Financial Instruments and Exchange Act of Japan, or that are necessary for the Exchange Notes to qualify for an exemption from Japanese withholding tax. Concurrently with the issuance of such Notes, the Trustee shall cause the aggregate principal amount of the applicable Rule 144A Global Note and Regulation S Global Note to be reduced accordingly, and the Company shall execute and the Trustee shall authenticate and mail to the Persons designated by the Holders of definitive Notes so accepted unrestricted definitive Notes in the applicable principal amount. Any Notes that
remain outstanding after the consummation of the Exchange Offer, and Exchange Notes issued in connection with the Exchange Offer, shall be treated as a single class of securities under this Indenture.

ARTICLE III

SATISFACTION AND DISCHARGE

SECTION 3.1. Satisfaction and Discharge of Indenture.

The Company may terminate all of its obligations under this Indenture (except as to any surviving rights of registration of transfer or exchange of Notes herein expressly provided for), and the Trustee, at the expense of the Company, shall execute instruments in form and substance satisfactory to the Trustee and the Company acknowledging satisfaction and discharge of this Indenture, when

(1) either

(A) all Notes theretofore authenticated and delivered (other than Notes which have been mutilated, destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.7) have been delivered to the Trustee for cancellation; or

(B) all such Notes not theretofore delivered to the Trustee for cancellation

(i) have become due and payable,

(ii) will become due and payable at their maturity date within one year, or

(iii) are to be called for redemption pursuant to Section 10.1, Section 10.2, Section 10.3, Section 10.4 or Section 10.5 within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company,

and the Company, in the case of (i), (ii) or (iii) above, has deposited or caused to be deposited with the Trustee as trust funds in trust for such purpose money in an amount sufficient to pay and discharge the entire indebtedness on such Notes not theretofore delivered to the Trustee for cancellation, for principal and interest to the date of such deposit (in the case of Notes which have become due and payable) or to the Redemption Date, as the case may be;

(2) the Company has paid or caused to be paid or made provision satisfactory to the Trustee for the payment of all other sums payable hereunder by the Company; and

(3) the Company has delivered to the Trustee an Officer’s Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture have been complied with.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Company to the Trustee under Section 4.6, Section 5.6 and Section 9.3, any obligations of the Trustee under Section 3.2 and any rights of registration of transfer, exchange or replacement of Notes provided in Section 2.4, Section 2.5, Section 2.6, Section 2.7, or Section 9.2 and any rights to Additional Amounts pursuant to Section 9.5 shall survive such satisfaction and discharge.

SECTION 3.2. Application of Trust Money.

All money deposited with the Trustee pursuant to Section 3.1 shall be held in trust and applied by it, in accordance with the provisions of the Notes and this Indenture, to the payment, either directly or through any Paying Agent as the Trustee may determine, to the Persons entitled thereto, of the principal and any interest (or Additional Amounts, if any) for whose payment such money has been deposited with the Trustee.
ARTICLE IV

REMEDIES OF THE TRUSTEE AND HOLDERS ON EVENT OF DEFAULT

SECTION 4.1. Event of Default. Unless otherwise established hereunder or by any applicable supplemental indenture, an “Event of Default” with respect to the Notes shall mean any one of the following events which shall have occurred and be continuing (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

1. default shall be made for more than seven days in the payment of principal or for more than 30 days in the payment of interest, or additional interest, if any, in respect of any of the Notes; or

2. the Company defaults in the performance or observance of any covenant, condition or provision contained in the Notes or in this Indenture for a period of 60 days after written notification requesting such default to be remedied by the Company shall first have been given to the Company (and to the Trustee in the case of notice by the Holders referred to below) by the Trustee or Holders of at least 25% in principal amount of the then Outstanding Notes (such notification must specify the Event of Default, demand that it be remedied and state that the notification is a “Notice of Default” hereunder); or

3. the Company shall have become bound as a consequence of a default by it in its obligations in respect of any indebtedness for borrowed moneys having a total principal amount then outstanding of at least $50,000,000 (or its equivalent in any other currency or currencies) contracted or incurred by it prematurely to repay the same, or the Company shall have defaulted in the repayment of any such indebtedness contracted or incurred by it at the later of the maturity thereof or the expiration of any applicable grace period therefor, or the Company shall have failed to pay when properly called upon to do so, and after the expiration of any applicable grace period, any guarantee contracted or incurred by it of any such indebtedness in accordance with the terms of any such guarantee; provided, however, that, prior to any judgment, if any such default under such indebtedness shall be cured by the Company, or be waived by the holders of such indebtedness, in each case as may be permitted under the terms of such indebtedness, then the Event of Default hereunder by reason of such default shall be deemed likewise to have been thereupon cured or waived; or

4. a final and non-appealable order of a court of competent jurisdiction shall be made or an effective resolution of the Company shall be passed for the winding-up or dissolution of the Company except for the purposes of or pursuant to a consolidation, amalgamation, merger or reconstruction under which the continuing corporation or the corporation formed as a result thereof effectively assumes the entire obligations of the Company under this Indenture in relation to the Notes; or

5. an encumbrancer shall have taken possession, or a trustee or receiver shall have been appointed, in bankruptcy, civil rehabilitation, reorganization or insolvency of the Company, of all or substantially all of its assets and undertakings and such possession or appointment shall have continued undischarged and unstayed for a period of 60 days; or
6. the Company shall stop payment (within the meaning of the bankruptcy law of Japan) or (otherwise than for the purposes of such a consolidation, amalgamation, merger or reconstruction as is referred to in paragraph 4 above) shall cease to carry on business or shall be unable to pay its debts generally as and when they fall due; or

7. a decree or order by any court having jurisdiction shall have been issued adjudging the Company bankrupt or insolvent, or approving a petition seeking with respect to the Company reorganization or liquidation under bankruptcy, civil rehabilitation, reorganization or insolvency law of Japan, and such decree or order shall have continued undischarged and unstayed for a period of 60 days; or

8. the Company shall initiate or consent to proceedings relating to itself under bankruptcy, civil rehabilitation, reorganization or insolvency law of Japan or shall make a conveyance or assignment for the benefit of, or shall enter into any composition with, its creditors generally.

SECTION 4.2. Acceleration of Maturity; Rescission and Annulment. If an Event of Default with respect to the Notes occurs and is continuing, then in every such case (other than an Event of Default specified in Section 4.1(7) or Section 4.1(8)) the Trustee or the Holders of not less than 25% in principal amount of the Outstanding Notes of each affected series may declare the principal amount of all the Notes of such affected series to be due and payable immediately, by a notice in writing to the Company (and to the Trustee if given by Holders), and upon any such declaration such principal amount together with all accrued and unpaid interest, and additional interest, if any, shall become immediately due and payable.

Notwithstanding the foregoing, in the case of an Event of Default arising under Section 4.1(7) or Section 4.1(8) with respect to the Company, the principal of and interest on all outstanding notes will become immediately due and payable without further action or notice. In addition, the Trustee shall have no obligation to accelerate the Notes if, in the reasonable judgment of the trustee, acceleration is not in the best interest of the holders.

At any time after such a declaration of acceleration with respect to the Notes has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee as hereinafter in this Article provided, the Holders of a majority in principal amount of the Outstanding Notes, by written notice to the Company and the Trustee, may rescind and annul such declaration and its consequences if

(1) the Company has paid or deposited with the Trustee a sum sufficient to pay

(A) all overdue interest on all Notes,

(B) the principal of (and premium, if any, on) any Notes which have become due otherwise than by such declaration of acceleration and any interest thereon at the rate or rates prescribed therefor in such Notes,

(C) to the extent that payment of such interest is lawful, interest upon overdue interest at the rate or rates prescribed therefor in such Notes, and

(D) all sums paid or advanced by the Trustee hereunder and the compensation and the reasonable expenses, disbursements and advances of the Trustee, its agents and counsel; and

(2) all Events of Default with respect to Notes, other than the non-payment of the principal of Notes which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 4.13.
No such rescission shall affect any subsequent default or impair any right consequent thereon.

SECTION 4.3. Collection of Indebtedness and Suits for Enforcement by Trustee. The Company covenants that if

(1) default is made in the payment of any interest on any Note when such interest becomes due and payable and such default continues for a period of 30 days, or

(2) default is made in the payment of the principal of (or premium, if any, on) any Note at the maturity thereof and such default continues for a period of seven days,

the Company will, upon demand of the Trustee, pay to it, for the benefit of the Holders of such Notes, the whole amount then due and payable on such Notes for principal and any premium and interest and, to the extent that payment of such interest shall be legally enforceable, interest on any overdue principal and premium and on any overdue interest, at the rate or rates prescribed therefor in such Notes, if any, and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the compensation and the reasonable expenses, disbursements and advances of the Trustee, its agents and counsel.

If an Event of Default with respect to the Notes occurs and is continuing, the Trustee may in its discretion proceed to protect and enforce its rights and the rights of the Holders of Notes by such appropriate judicial proceedings as the Trustee shall deem most effectual to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy.

SECTION 4.4. Trustee May File Proofs of Claim.

In case of any judicial proceeding relative to the Company (or any other obligor upon the Notes), its property or its creditors, the Trustee shall be entitled and empowered to institute any action or proceedings at law or in equity for the collection of the sums due and unpaid, and may prosecute any such action or proceedings to judgment or final decree, and may enforce any such judgment or final decree against the Company upon the Notes and collect in the manner provided by law out of the property of the Company, wherever situated, the monies adjudged or decreed to be payable. In particular, the Trustee shall be authorized to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the compensation and the reasonable expenses, disbursements and advances of the Trustee, its agents and counsel, and any other amounts due the Trustee under Section 5.6.

No provision of this Indenture shall be deemed to authorize the Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof or to authorize the Trustee to vote in respect of the claim of any Holder in any such proceeding; provided, however, that the Trustee may, on behalf of the Holders, vote for the election of a trustee in bankruptcy or similar official and be a member of a creditors’ or other similar committee.

SECTION 4.5. Trustee May Enforce Claims Without Possession of Notes.

All rights of action and claims under this Indenture or the Notes may be prosecuted and enforced by the Trustee without the possession of any of the Notes or the production thereof in any proceeding relating thereto, and any such proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall, after provision for the payment of the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel, be for the ratable benefit of the Holders of the Notes in respect of which such judgment has been recovered.
SECTION 4.6.  Application of Money Collected.

Any money collected by the Trustee pursuant to this Article shall be applied in the following order, at the date or dates fixed by the Trustee and, in case of the distribution of such money on account of principal or any premium or interest, upon presentation of the Notes and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

FIRST: To the payment of all amounts due the Trustee and any predecessor Trustee under Section 5.6; and

SECOND: To the payment of the amounts then due and unpaid for principal of and interest on the Notes (including Additional Amounts, if any) in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the amounts due and payable on such Notes for principal and interest, respectively.

SECTION 4.7.  Limitation on Suits.

Other than the right to institute a suit for the enforcement of the payment of principal of, or interest on (including, in each case, any Additional Amounts, if applicable), any Notes after the applicable due date specified in the Notes, no Holder of any Note shall have any right to institute any proceeding with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless (a) such Holder has previously given written notice to the Trustee of a continuing Event of Default; (b) the Holders of not less than 25% in aggregate principal amount of the Notes of each affected series shall have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee; (c) such Holder or Holders have offered to the Trustee indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; (d) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and (e) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders of a majority in aggregate principal amount of the Notes of each affected series.

No one or more of such Holders shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all of such Holders.

SECTION 4.8.  Right of Holders to Receive Principal and Interest.

Notwithstanding any other provision of this Indenture and any provision of any Note, the right of any Holder to receive payment of the principal of, and interest on, such Note on or after the respective due dates expressed in such Note (or, in the case of redemption, on the Redemption Date), or to institute suit for the enforcement of any such payment, and such rights shall not be impaired without the consent of such Holder.

SECTION 4.9.  Restoration of Rights and Remedies.

If the Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, the Company, the Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee and the Holders shall continue as though no such proceeding had been instituted.
SECTION 4.10.  Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes in Section 2.7 and as provided in Section 4.7, no right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 4.11.  Delay or Omission Not Waiver.

No delay or omission of the Trustee or of any Holder of any Notes to exercise any right or remedy accruing upon any Event of Default or otherwise shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article or by law to the Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders, as the case may be.

SECTION 4.12.  Control by Holders.

The Holders of a majority in principal amount of the Outstanding Notes shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, provided that

(1) such direction shall not be in conflict with any rule of law or with this Indenture,

(2) the action so directed would not be unjustly prejudicial to the Holders not taking part in such direction or would involve the Trustee in personal liability,

(3) the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction, and

(4) the Trustee shall not be advised by counsel that the action or proceeding so directed may not lawfully be taken, and

provided further that the Trustee shall be under no obligation to determine whether any such direction shall be in such conflict or so unjustly prejudicial to the Holders not taking part in such direction.

Nothing in this Indenture shall impair the right of the Trustee in its discretion to take any action deemed proper by the Trustee and which is not inconsistent with such direction by Holders of Notes.

SECTION 4.13.  Waiver of Past Defaults.

The Holders of not less than a majority in aggregate principal amount of the Outstanding Notes of the relevant series may, on behalf of the Holders of all the Notes of such series, waive any past default hereunder, except a default

(1) in the payment of the principal of or interest on any Note or any Additional Amounts payable in respect thereof, or

(2) in respect of a covenant or provision hereof which under Article VIII cannot be modified or amended without the consent of the Holder of each Outstanding Note affected thereby.

Upon any such waiver, such default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose under this Indenture, but no such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

The Trustee shall give to the Holders, in the case of Notes registered in the Notes Register as the names and addresses of such Holders appear on the Notes Register, notice by mail (or by other means provided in a supplemental indenture hereto, pursuant to a Board Resolution and set forth in an Officer’s Certificate under which the Notes are issued or in the form of the Notes) of all defaults known to the Trustee which have occurred with respect to the Notes, such notice to be transmitted within 90 days after the occurrence thereof, unless such defaults shall have been cured before the giving of such notice (the term “default” or “defaults” for the purposes of this Section 4.14 being hereby defined to mean any event or condition which is, or with notice or lapse of time or both would become, an Event of Default).

SECTION 4.15.  Undertaking for Costs.

In any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, a court may require any party litigant in such suit to file an undertaking to pay the costs of such suit, and may assess reasonable costs, including reasonable attorneys’ fees and expenses, against any such party litigant; provided that no court shall require such an undertaking or to make such an assessment in any suit instituted by the Company, the Trustee or any Holder or group of Holders holding in aggregate more than 10% in aggregate principal amount of the Outstanding Notes of a series, or to any suit instituted by any Holder for the enforcement of the payment of the principal or interest on any Outstanding Note on or after the due date expressed in such Note.

SECTION 4.16.  Waiver of Stay or Extension Laws.

The Company covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Company (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE V

THE TRUSTEE

SECTION 5.1.  Certain Duties and Responsibilities.

(a) Except during the continuance of an Event of Default,

(1) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(2) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; but in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Indenture (but need not confirm or investigate the accuracy of mathematical calculations stated therein).

(b) In case an Event of Default has occurred and is continuing with respect to the Notes, the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of
care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs.

(c) No provision of this Indenture shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that

(1) this paragraph (c) shall not be construed to limit the effect of paragraph (a) of this Section 5.1;

(2) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;

(3) the Trustee shall not be liable with respect to any action taken, or omitted to be taken by it, in good faith in accordance with the direction of the Holders of a majority in principal amount of the Outstanding Notes relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee under this Indenture with respect to the Notes;

(4) no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it; and

(5) The provisions of this Section 5.1 are in furtherance of and subject to Sections 315 and 316 of the Trust Indenture Act.

SECTION 5.2. Certain Rights of Trustee.

In furtherance of and subject to the Trust Indenture Act and subject to Section 5.1:

(1) the Trustee may rely and shall be protected in acting or refraining from acting upon any resolution, certificate, statement, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(2) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a Company Request or Company Order, and any resolution of the Board of Directors shall be sufficiently evidenced by a Board Resolution;

(3) whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer’s Certificate;

(4) the Trustee may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(5) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered to the Trustee security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;
(6) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney, it being understood that all reasonable expenses incurred in connection with such inquiry or investigation shall be borne by the Company and the Trustee shall incur no liability or additional liability of any kind by reason of such inquiry or investigation;

(7) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder;

(8) the Trustee shall not be deemed to have or charged with knowledge of any default or Event of Default unless (a) a Responsible Officer of the Trustee shall have actual knowledge of such default or Event of Default or (b) written notice of such default or Event of Default shall have been given to a Responsible Officer of the Trustee by the Company or by any Holder of such Notes, and such notice references this Indenture and the Notes;

(9) the Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture;

(10) the Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder;

(11) the rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other Person employed to act hereunder; and

(12) the Trustee may request that the Company deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture.

SECTION 5.3. Not Responsible for Recitals or Issuance of Notes.

The recitals contained herein and in the Notes, except the Trustee’s certificates of authentication, shall be taken as the statements of the Company, and the Trustee does not assume any responsibility for their correctness. The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Notes. The Trustee shall not be accountable for the use or application by the Company of the Notes or the proceeds thereof.

SECTION 5.4. May Hold Notes.

The Trustee, any Paying Agent, the Notes Registrar or any other agent of the Trustee or the Company, in its individual or any other capacity, may become the owner or pledgee of Notes and may otherwise deal with the Company with the same rights it would have if it were not Trustee, Paying Agent, Notes Registrar or such other agent.
SECTION 5.5.  Money Held in Trust.

Money held by the Trustee in trust hereunder need not be segregated from other funds except to the extent required by law. The Trustee shall be under no liability for interest on or investment of any money received by it hereunder except as otherwise agreed in writing with the Company.

SECTION 5.6.  Compensation and Reimbursement.

The Company agrees

(1) to pay to the Trustee from time to time such compensation for all services rendered by it hereunder in such amounts as shall have been agreed upon in writing by the Company and the Trustee from time to time (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(2) except as otherwise expressly provided herein, to reimburse the Trustee upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Indenture (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance as may be attributable to its negligence, bad faith or willful misconduct; and

(3) to indemnify the Trustee for, and to defend and hold it harmless against, any loss, liability or expense arising out of or in connection with the acceptance or administration of this trust or trusts hereunder, including taxes (other than taxes based upon or determined by the income of the Trustee) and the costs and expenses of defending itself against any claim (whether asserted by the Company, a Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, except to the extent any such loss, liability or expense may be attributable to its negligence, bad faith or willful misconduct.

Notwithstanding anything to the contrary herein, under no circumstances will the Trustee or any Agent be liable to the Company or any other party to this Indenture for any special, indirect, punitive or consequential loss or damage of any kind whatsoever (inter alia, being loss of business, goodwill, opportunity or profit); in each case however caused or arising and whether or not foreseeable, even if the Trustee or the Agent has been advised of the possibility of such loss or damage and regardless of whether the claim for loss or damage is made in negligence, for breach of contract or otherwise.

The obligations of the Company to the Trustee under the provisions of this Section 5.6 shall survive the resignation or removal of the Trustee, the termination of this Indenture and the payment in full of the Notes issued hereunder.

SECTION 5.7.  Corporate Trustee Required; Eligibility.

There shall at all times be one (and only one) Trustee hereunder. Each Trustee (including any successor Trustee appointed pursuant to Section 5.8 below) shall be a Person that has a combined capital and surplus of at least $50,000,000 and which is eligible for appointment as trustee in accordance with the provisions of Section 310(a) of the Trust Indenture Act. If any such Person publishes reports of condition at least annually, pursuant to law or to the requirements of its supervising or examining authority, then for the purposes of this Section 5.7, the combined capital and surplus of such Person shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 5.7, it shall resign immediately in the manner and with the effect hereinafter specified in this Article.
SECTION 5.8. Resignation and Removal; Appointment of Successor.

No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article shall become effective until the acceptance of appointment by the successor Trustee in accordance with the applicable requirements of Section 5.9.

The Trustee may resign at any time by giving written notice thereof to the Company. If the instrument of acceptance by a successor Trustee required by Section 5.9 shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation (or within 30 days of the Trustee receiving a notice of removal pursuant to the provisions below), the resigning (or removed) Trustee may petition any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Notes.

The Trustee may be removed at any time by Act of the Holders of a majority in principal amount of the Outstanding Notes, delivered to the Trustee and to the Company.

If at any time:

1. the Trustee shall fail to comply with the provisions Section 310(b) of the Trust Indenture Act and shall fail to resign after written request therefor by the Company or any Holder,
2. the Trustee shall cease to be eligible in accordance with the provisions of Section 310(a) of the Trust Indenture Act and shall fail to resign after written request therefor by the Company or by any Holder, or
3. the Trustee shall become incapable of acting or shall be adjudged bankrupt or insolvent or a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (A) the Company may remove the Trustee or (B) subject to Section 315(e) of the Trust Indenture Act, any Holder who has been a bona fide Holder of a Note for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee with respect to all Notes and the appointment of a successor Trustee.

If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of Trustee for any cause, the Company, by a Board Resolution, shall promptly appoint a successor Trustee with respect to the Notes and shall comply with the applicable requirements of Section 5.7. If a successor Trustee with respect to the Notes shall be appointed by Act of the Holders of a majority in principal amount of the Outstanding Notes delivered to the Company and the retiring Trustee, the successor Trustee so appointed shall, forthwith upon its acceptance of such appointment in accordance with the applicable requirements of Section 5.9, become the successor Trustee with respect to the Notes and supersede the successor Trustee appointed by the Company. If no successor Trustee with respect to the Notes shall have been so appointed by the Company or the Holders and accepted appointment in the manner required by Section 5.9 within one year after such resignation, removal or incapability, or the occurrence of such vacancy, any Holder who has been a bona fide Holder of a Note for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

The Company shall give notice, or shall cause the Notes Registrar to give notice, of each resignation and each removal of the Trustee and each appointment of a successor Trustee to all Holders of Notes in the manner provided in Section 1.6. Each notice shall include the name of the successor Trustee and the address of its Corporate Trust Office.

SECTION 5.9. Acceptance of Appointment by Successor.

In case of the appointment hereunder of a successor Trustee, every such successor Trustee so appointed shall execute, acknowledge and deliver to the Company and to the retiring Trustee an instrument
accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on the request of the Company or the successor Trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Trustee all the rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder.

Upon request of any such successor Trustee, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts referred to in the first or second preceding paragraph, as the case may be.

No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article.

SECTION 5.10. **Merger, Conversion, Consolidation or Succession to Business.**

Any bank or trust company into which the Trustee may be merged or converted or with which it may be consolidated, or any bank or trust company resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any bank or trust company succeeding to all or substantially all the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, provided such bank or trust company shall be otherwise qualified and eligible under this Article, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Notes shall have been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion, consolidation or sale to such authenticating Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Trustee had itself authenticated such Notes.

SECTION 5.11. **Conflicting Interest.**

The Trustee for the Notes shall be subject to the provisions of Section 310(b) of the Trust Indenture Act during the period of time required thereby. Nothing herein shall prevent the Trustee from filing with the Commission the application referred to in the penultimate paragraph of Section 310(b) of the Trust Indenture Act. In determining whether the Trustee has a conflicting interest as defined in Section 310(b) of the Trust Indenture Act with respect to the Notes of any series, there shall be excluded Notes of any particular series of Notes other than that series.

ARTICLE VI

HOLDERS’ LISTS AND REPORTS BY TRUSTEE AND COMPANY

SECTION 6.1. **Company to Furnish Trustee Names and Addresses of Holders.**

The Company will furnish or cause the Notes Registrar to furnish to the Trustee

(1) not later than 15 days after each Record Date, a list, in such form as the Trustee may reasonably require, of the names and addresses of the Holders of Outstanding Notes as of such Record Date, and

(2) at such other times as the Trustee may reasonably request in writing, within 30 days after the receipt by the Company of any such request, a list of similar form and content as of a date not more than 15 days prior to the time such list is furnished;
provided, however, that if and so long as the Trustee shall be Notes Registrar, no such list need be furnished.

SECTION 6.2. Preservation of Information; Communications to Holders.

The Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of Holders contained in the most recent list furnished to the Trustee as provided in Section 6.1 and the names and addresses of Holders received by the Trustee in its capacity as Notes Registrar. The Trustee may destroy any list furnished to it as provided in Section 6.1 upon receipt of a new list so furnished.

Every Holder of Notes, by receiving and holding the same, agrees with the Company and the Trustee that neither the Company nor the Trustee nor any agent of either of them shall be held accountable by reason of any disclosure of information as to names and addresses of Holders made pursuant to applicable law.

ARTICLE VII

MERGER, CONSOLIDATION, SALE OR DISPOSITION

SECTION 7.1. Company May Consolidate, Etc., Only on Certain Terms.

The Company may not merge or consolidate into any other Person (the Company not being the continuing entity) or sell, lease or dispose of its properties and assets substantially as an entirety (including by way of a corporate split (kaisha bunkatsu)), whether as a single transaction or a number of transactions, related or not, to any Person unless (a) such Person assumes or succeeds the obligations of the Company under the all series of Notes and this Indenture (and, if such Person is organized in a jurisdiction other than Japan, agrees to pay additional amounts in respect of any taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the jurisdiction of such Person, or any authority therein or thereof having power to tax, corresponding to the obligation to pay Additional Amounts pursuant to Section 9.5, substituting such jurisdiction for references to “Japan”) and (b) after giving effect thereto, no Event of Default shall have occurred and be continuing (such permitted transaction, a “Succession Event”).

In connection with any such Succession Event, the Company shall deliver to the Trustee an Officer’s Certificate and an Opinion of Counsel, each stating that such Succession Event and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with this Section 7.1 and that all conditions precedent in this Indenture provided for or relating to such transaction have been complied with, and that this Indenture and the Notes are the legal, valid and binding obligation of such succeeding Person, enforceable against such Person in accordance with their terms (subject to customary exceptions).

SECTION 7.2. Successor Substituted.

Upon any Succession Event in accordance with Section 7.1, such succeeding entity (the “Successor Person”) formed by such Succession Event shall succeed to, and be substituted for, and may exercise every right and power of, the Company under this Indenture with the same effect as if such Successor Person had been named as the Company herein, and thereafter, except in the case of a lease, the predecessor Person shall be relieved of all obligations and covenants under this Indenture and the Notes.
ARTICLE VIII
SUPPLEMENTAL INDENTURES

Without the consent of any Holders, the Company and the Trustee, at any time and from time to time, may enter into one or more indentures supplemental hereto, in form satisfactory to the Trustee, for any of the following purposes:

(1) to evidence the succession of another Person to the Company and the assumption by any such successor of the covenants of the Company herein and in the Notes; or

(2) to add to the covenants of the Company or to surrender any right or power herein conferred upon the Company for the benefit of the Holders; or

(3) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee; or

(4) to cure any ambiguity, to correct or supplement any provision herein which may be defective or inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Indenture, provided that such action pursuant to this Clause (4) shall not adversely affect the interests of the Holders of Notes in any material respect;

(5) to make any other change that does not adversely affect the interests of the Holders of the Notes in any material respect; or

(6) to comply with requirements of the Commission in order to effect or maintain the qualification hereof under the Trust Indenture Act.

SECTION 8.2. Supplemental Indentures With Consent of Holders.

Modification and amendment of this Indenture and the Notes of any series may be made by the Company and the Trustee with the written consent of the Holders of at least 66% in aggregate principal amount of the Outstanding Notes of each affected series; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Note affected thereby:

(i) change the maturity date of the principal or payment date of any interest or change any obligation of the Company to pay any Additional Amounts,

(ii) reduce the principal amount of, or rate of interest on, any Note,

(iii) change the redemption date or price at which Notes are redeemed, including the special mandatory redemption,

(iv) affect the rights of Holders of less than all the Outstanding Notes,

(v) change the place of payment where, or the coin or currency in which, any Note or interest thereon is payable, or

(vi) impair the right of a Holder to institute suit for the enforcement of any payment on or with respect to any Note on or after the date when due;

provided, further, that no such modification may, without the consent of the Holders of all Notes of the affected series Outstanding at the time, alter the respective percentages of Outstanding Notes necessary, pursuant to this Indenture, to modify the terms of the Notes, waive past defaults or accelerate the payment of the principal amount of the Notes.
It shall not be necessary for any Act of Holders under this Section 8.2 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

SECTION 8.3. Execution of Supplemental Indentures.

In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article or the modifications thereby of the trusts created by this Indenture, the Trustee shall receive, and shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee’s own rights, duties or immunities under this Indenture or otherwise.

SECTION 8.4. Effect of Supplemental Indentures.

Upon the execution of any supplemental indenture under this Article, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of Notes theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

SECTION 8.5. Reference in Notes to Supplemental Indentures.

Notes authenticated and delivered after the execution of any supplemental indenture pursuant to this Article may, and shall if required by the Trustee, bear a notation in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Company shall so determine, new Notes so modified as to conform, in the opinion of the Trustee and the Company, to any such supplemental indenture may be prepared and executed by the Company and such Notes may be authenticated and delivered by the Trustee in exchange for Outstanding Notes.

SECTION 8.6. Conformity with the Trust Indenture Act.

Every supplemental indenture executed pursuant to this Article 8 shall conform to the requirements of the Trust Indenture Act as then in effect.

ARTICLE IX

COVENANTS

SECTION 9.1. Payment of Principal, Interest and Additional Amounts.

The Company covenants and agrees that (a) it will duly and punctually pay the principal of and interest on the Notes (and Additional Amounts, if any) in accordance with the terms of the Notes and this Indenture and (b) it will pay all additional interest, if any, in the same manner on the dates and in the amounts set forth in the Registration Rights Agreement. In the event the Company is required to pay additional interest pursuant to the Registration Rights Agreement, the Company will provide written notice to the Trustee of the Company’s obligation to pay additional interest promptly prior to the next interest payment date, which notice shall set forth the amount of additional interest to be paid by the Company. The Trustee shall not at any time be under any duty or responsibility to the Company or any Holders to determine whether any additional interest is payable or the amount thereof.
SECTION 9.2. **Maintenance of Office or Agency.**

So long as any of the Notes remain Outstanding, the Company will maintain in The City of New York an office or agency where Notes may be presented or surrendered for payment, where Notes may be surrendered for registration of transfer or exchange and where notices and demands to or upon the Company in respect of the Notes and this Indenture may be served. The Company will give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If at any time the Company shall fail to maintain any such required office or agency or shall fail to furnish the Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee. The Company hereby initially designates the office of the Paying Agent as specified in the Reverse of Note as the office or agency for each such purpose.

The Company may also from time to time designate one or more other offices or agencies where the Notes may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; provided, however, that no such designation or rescission shall in any manner relieve the Company of its obligation to maintain an office or agency in The City of New York for such purposes. The Company will give prompt written notice to the Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

With respect to any Global Note, and except as otherwise may be specified for such Global Note as contemplated by Section 2.5, the Corporate Trust Office of the Trustee shall be the place of payment where such Global Note may be presented or surrendered for payment or for registration of transfer or exchange, or where successor Notes may be delivered in exchange therefor, provided, however, that any such payment, presentation, surrender or delivery effected pursuant to the Applicable Procedures of the Depositary for such Global Note shall be deemed to have been effected at the place of payment for such Global Note in accordance with the provisions of this Indenture.

SECTION 9.3. **Money for Notes Payments to Be Held in Trust.**

Whenever the Company shall have one or more Paying Agents, it shall deposit or cause to be deposited with a Paying Agent, a sum for value each due date sufficient to pay the principal of or interest (or Additional Amounts, if any) on the Notes, such sum to be held in trust for the benefit of the Persons entitled to such principal or interest, and (unless such Paying Agent is the Trustee) the Company will promptly notify the Trustee in writing of its action or failure so to act.

The Company will cause each Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee, subject to the provisions of this Section 9.3, that such Paying Agent will (1) hold all sums held by it for the payment of the principal of or interest on Notes in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided, (2) give the Trustee prompt written notice of any default by the Company (or any other obligor upon the Notes) in the making of any payment of principal or interest on the Notes and (3) during the continuance of any default by the Company (or any other obligor upon the Notes) in the making of any payment in respect of the Notes, upon the written request of the Trustee, forthwith pay to the Trustee all sums held in trust by such Paying Agent for payment in respect of the Notes.

The Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Company Order direct any Paying Agent to pay, to the Trustee all sums held in trust by such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Any money deposited with the Trustee or any Paying Agent in trust for the payment of the principal of or interest or Additional Amounts (if applicable) on any Note and remaining unclaimed for two years after such principal, interest or Additional Amounts have become due and payable and paid to the Trustee shall,
upon receipt of a Company Request, be paid by the Trustee or such Paying Agent to the Company and, to the extent permitted by law, the Holder of such Note shall thereafter, as an unsecured general creditor, look only to the Company for payment thereof, and all liability of the Trustee or such Paying Agent with respect to such trust money shall thereupon cease.

SECTION 9.4. Statement by Officers as to Default.

The Company shall deliver to the Trustee, reasonably promptly after the Company becomes aware of the occurrence of (i) any Event of Default or an event which, with notice or the lapse or time or both, would constitute an Event of Default or (ii) any default in the performance by the Company of any obligation under the Notes or this Indenture, an Officer’s Certificate setting forth the details of such Event of Default or default and the action which the Company proposes to take with respect thereto.

The Company will deliver to the Trustee, within 120 days after the end of each fiscal year of the Company ending after the date hereof or within 10 Business Days of any request by the Trustee, an Officer’s Certificate of the Company, in substantially the form set forth in Exhibit D hereto, stating whether or not to the knowledge of the signer thereof the Company is in default in the performance and observance of any of the terms, provisions and conditions under this Indenture (without regard to any period of grace or requirement of notice provided hereunder) and if the Company shall be in default specifying all such defaults and the nature and status thereof of which the signer may have knowledge. As of the date hereof, the fiscal year of the Company ends on March 31 of each calendar year.

SECTION 9.5. Additional Amounts.

All payments of principal and interest in respect of the Notes shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to any Notes under any of the following circumstances:

(i) the Holder or beneficial owner of the Notes is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of such Notes by reason of its (A) having some present or former connection with Japan other than the mere holding of such Notes or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of the Notes would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the relevant Paying Agent to whom the relevant Notes are presented (where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of the Notes is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to
submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on such Notes through a payment handling agent in Japan appointed by it);

(iv) the Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on the Notes became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder thereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting its Notes (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the solebeneficial owner of the payment of the principal of, or any interest on, any Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of such Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Trustee, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Trustee, a Paying Agent or any other Person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where the Notes are held through a participant of an international clearing organization or a financial intermediary (each, within this Section 9.5, referred to as a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of the Notes is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of the Notes must, at the time of entrusting a Participant with the custody of the relevant Notes, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of the Notes ceases to be so exempted (including the case where a beneficial owner of the Notes that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).

Where Notes are not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of the Notes is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) (“Written Application for Tax Exemption”) in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of the Notes, the relevant Interest Payment Date, the amount of interest and the fact
that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Trustee, and the Trustee shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Trustee.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on the Notes; provided that, except as otherwise set forth in the Notes and in this Indenture, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to this Indenture or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of the Notes shall be deemed to include any Additional Amounts due which may be payable as set forth in the Notes and this Indenture.

SECTION 9.6. Appointment to Fill a Vacancy in Office of Trustee.

The Company, whenever necessary to avoid or fill a vacancy in the office of Trustee, will appoint, in the manner provided in Section 5.8, a Trustee, so that there shall at all times be a Trustee hereunder.

The Company agrees to indemnify each Holder to the full extent permitted by applicable law against any loss incurred by such Holder as a result of any judgment or order being given or made for any amount due under such Note and such judgment or order being expressed and paid in a currency (the “Judgment Currency”) other than U.S. dollars (the “Required Currency”) and as a result of any variation as between (a) the rate of exchange at which the Required Currency is converted into the Judgment Currency for the purpose of such judgment or order and (b) the spot rate of exchange in The City of New York at which the Holder on the date that payment is made pursuant to such judgment or order is able to purchase the Required Currency with the amount of the Judgment Currency actually received by the Holder. The Company’s obligations under this Indenture to make payments in the Required Currency (i) shall not be discharged or satisfied by any tender, or any recovery pursuant to any judgment, in any currency other than the Required Currency, except to the extent that such tender or recovery shall result in the actual receipt, by the payee, of the full amount of the Required Currency expressed to be payable in respect of such payments, (ii) shall be enforceable as an alternative or additional cause of action for the purpose of recovering in the Required Currency the amount, if any, by which such actual receipt shall fall short of the full amount of the Required Currency so expressed to be payable and (iii) shall not be affected by judgment being obtained for any other sum due under this Indenture.

SECTION 9.8. Rule 144A Information.

At any time when the Company is not subject to Section 13 or 15(d) of the Exchange Act and is not exempt from reporting requirements under the Exchange Act pursuant to Rule 12g3-2(b) under the
Exchange Act, upon the request of a Holder of, or owner of a beneficial interest in, a Note, the Company shall promptly furnish or cause to be furnished Rule 144A Information (as defined below) to such Holder or beneficial owner or to a prospective purchaser of such Note designated by such Holder or beneficial owner or to the Trustee for delivery to such Holder or beneficial owner or prospective purchaser, as the case may be, in order to permit compliance by such Holder or beneficial owner with Rule 144A under the Securities Act in connection with the resale of such Note or any interest therein by such Holder or beneficial owner. “Rule 144A Information” shall be such information as is at the time of such proposed purchase specified pursuant to Rule 144A(d)(4) under the Securities Act, as amended (or any successor provision thereto).

SECTION 9.9. Reports by the Company.

For as long as any Notes are Outstanding, the Company will promptly furnish to the Trustee (A) such other documents, reports and information as shall be furnished by the Company to its security holders generally; (B) within six months after the end of each fiscal year, an annual report in English including a consolidated balance sheet and consolidated statements of operations, surplus and cash flows of the Company audited by independent public accountants and prepared in conformity with International Financial Reporting Standards; and (C) as soon as practicable after the end of each interim period (other than the last interim period of a fiscal year) an interim report in English including financial statements of the Company (or, if consolidated financial statements are prepared, its consolidated financial statements).

SECTION 9.10. Reports by the Trustee.

Any Trustee’s report required under Section 313(a) of the Trust Indenture Act shall be transmitted on or before April 1 in each year following the date hereof, so long as any Notes are Outstanding, and shall be dated as of a date convenient to the Trustee no more than 60 nor less than 45 days prior thereto.

SECTION 9.11. Annual Compliance Certificate.

So long as any Notes are Outstanding under this Indenture, the Company will furnish to the Trustee within 180 days of the end of the Company’s fiscal year each year (beginning with the year following the first issuance of the Notes pursuant to this Indenture) a brief certificate (which need not comply with Section 1.2) from the principal executive, financial or accounting officer of the Company as to his or her knowledge of the Company’s compliance with all conditions and covenants under this Indenture (such compliance to be determined without regard to any period of grace or requirement of notice provided under the Indenture), which certificate shall comply with the requirements of the Trust Indenture Act.

So long as any Note remains outstanding, the Company shall not, and shall procure that none of its Principal Subsidiaries shall, create or permit to subsist any Lien on any of its, or, as the case may be, such Principal Subsidiary’s, property, assets or revenues, present or future, to secure for the benefit of the holders of Public External Indebtedness payment of any sum owing in respect of any such Public External Indebtedness, any payment under any guarantee of any such Public External Indebtedness or any payment under any indemnity or other like obligation relating to any such Public External Indebtedness, unless contemporaneously therewith effective provision is made to secure the Notes equally and ratably with such Public External Indebtedness with a similar Lien on the same property, assets or revenues securing such Public External Indebtedness for so long as such Public External Indebtedness are secured by such Lien.
ARTICLE X

REDEMPTION AND PURCHASE OF SECURITIES

SECTION 10.1. Optional Redemption of Notes.

The 2020 Notes, the 2021 Notes, the 2023 Notes and the 2028 Notes may be redeemed at any time at the option and sole discretion of the Company, in whole or in part, at any time prior to the maturity date with respect to the 2020 Notes, October 26, 2021 (the “2021 Par Call Date”) with respect to the 2021 Notes, October 26, 2023 (the “2023 Par Call Date”) with respect to the 2023 Notes and August 26, 2028 (the “2028 Par Call Date”) with respect to the 2028 Notes, in each case, upon giving not less than 30 nor more than 60 days’ notice of redemption to the Trustee and the Holders (which notice shall be irrevocable and shall conform, as applicable, to the additional notice requirements set forth in Section 10.5), at a redemption price equal to the greater of:

(a) 100% of the principal amount of the Notes being redeemed; or

(b) the sum of the present values of the principal and the remaining scheduled payments of interest on the Notes being redeemed (exclusive of interest accrued to the Redemption Date) that would be due if such Notes were (a) held to the maturity date with respect to the 2020 Notes or (b) redeemed on the applicable par call date, in each case discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 17.5 basis points in the case of the 2020 Notes, 20.0 basis points in the case of the 2021 Notes, 25.0 basis points in the case of the 2023 Notes and 30.0 basis points in the case of the 2028 Notes, plus, in each case, accrued and unpaid interest on the principal amount of the Notes being redeemed up to, but excluding, the Redemption Date.

The 2021 Notes, the 2023 Notes and the 2028 Notes may be redeemed at any time at the option and sole discretion of the Company, in whole or in part, at any time on or after the 2021 Par Call Date with respect to the 2021 Notes, the 2023 Par Call Date with respect to the 2023 Notes and the 2028 Par Call Date with respect to the 2028 Notes, in each case, upon giving not less than 30 nor more than 60 days’ notice of redemption to the Trustee and the Holders (which notice shall be irrevocable and shall conform, as applicable, to the additional notice requirements set forth in Section 10.5), at a redemption price equal to 100% of the principal amount of the Notes being redeemed plus accrued and unpaid interest on the principal amount of the Notes being redeemed to, but excluding, the Redemption Date.

If less than all of the Notes are to be redeemed, the Notes shall be redeemed on a pro rata basis (or, in the case of Notes represented by global notes, in accordance with the procedures of DTC), based on the then outstanding principal amount of each Note, provided, however, that if any such pro-rated redemption would result in any Notes having an authorized principal amount of less than the minimum authorized denomination, all such Notes shall be redeemed in full prior to the redemption of any other Notes, except as may be provided in the form of Note or in any indenture supplemental hereto. For all purposes of this Indenture, unless the context otherwise requires, all provisions relating to the redemption of the Notes shall relate, in the case of any Note redeemed or to be redeemed only in part, to the portion of the principal amount of such Note which has been or is to be redeemed.

SECTION 10.2. Optional Redemption due to an Additional Amounts Event.

Each series of the Notes may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, upon giving not less than 30 nor more than 60 days’ notice of redemption to the Trustee and the Holders (which notice shall be irrevocable and shall conform, as applicable, to the additional notice requirements set forth in Section 10.5) at the principal amount of the Notes together with interest accrued to the date fixed for redemption and any Additional Amounts thereon, if the Company has been or will be obliged to pay any Additional Amounts with
respect to such series as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any
political subdivision or any authority thereof or therein having power to tax, or any change in application or
official interpretation of such laws or regulations, which change or amendment becomes effective on or after the
date of the issuance of the Notes or (b) after the completion of any Succession Event, any change in, or
amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or
any authority thereof or therein having power to tax, or any change in application or official interpretation of
such laws or regulations, which change or amendment becomes effective on or after the date of such Succession
Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the
taking of reasonable measures available to the Company or the Successor Person, as the case may be (an
“Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this

The office of the Trustee at which such payment shall be made is the corporate trust office located at 1251 Avenue of the Americas, 19th Floor, New York, New York 10020 or at such other address in The City of New York as the Trustee shall specify (the “Corporate Trust Office”) by notice to the Holder (as defined in the Indenture). Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in the United States designated by the Holder in a written notice received by the Trustee (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Trustee for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Trustee. “Record Date” means, with respect to an Interest Payment Date, the day five Business Days preceding such Interest Payment Date.

Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Trustee shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of $200,000 or an integral multiple of $1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Indenture. Notwithstanding any other provision of this Note, a Global Note may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Trustee may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Trustee shall not be affected by any notice to the contrary.

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

9. In the case of any redemption of this Note as provided in Section 6, 7 or 8 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Trustee on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

10. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Trustee, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Trustee in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Trustee shall be discharged from such trust, and repaid to the Company, and all liability of the Trustee with respect to such money shall cease.

11. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss hereof (together with the indemnity hereinafter referred to and such other documents or proof as may be required hereunder) shall be delivered to the Trustee, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Trustee, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Trustee shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Trustee shall have received (a) satisfactory evidence (as so deemed by the Trustee in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Trustee satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Indenture, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Indenture equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

12. All notices to the Company under this Note shall be in writing and addressed to the Company at Takeda Pharmaceutical Company Limited, 1-1, Nihonbashì-Honcho 2-Chome, Chuo-ku, Tokyo 103-8668, Japan Attention: Global Treasury & Finance Management, Group Finance & Controlling, Global Finance, or to such other address as the Company may notify to the Holder. The Company shall notify, or cause the Trustee to notify, the Holders of Notes of the appointment of any Trustee.

The Notes are issuable only as fully registered Notes without coupons in denominations of $200,000 or integral multiples of $1,000 in excess thereof.

14. Article VIII of the Indenture, which provides for amendments to the Indenture and the Notes, is hereby incorporated mutatis mutandis by reference herein.

15. Subject to the authentication of this Note by the Trustee, the Company hereby certifies and declares that all acts, conditions and things required to be done and performed and to have happened precedent to the creation and issuance of this Note, and to constitute the same a legal, valid and binding obligation of the Company, enforceable in accordance with its terms, have been done and performed and have happened in due and strict compliance with all applicable law.

The office of the Trustee at which such payment shall be made is the corporate trust office located at 1251 Avenue of the Americas, 19th Floor, New York, New York 10020 or at such other address in The City of New York as the Trustee shall specify (the “Corporate Trust Office”) by notice to the Holder (as defined in the Indenture). Terms used herein not otherwise defined shall have the meaning ascribed to such term in the Indenture.

Payment of the principal of, and interest (including Additional Amounts, if applicable) on, this Note shall be made by wire transfer in immediately available funds to a bank account in the United States designated by the Holder in a written notice received by the Trustee (a) in the case of a payment of interest, prior to the Record Date (as defined below) immediately preceding the date on which such payment is due and (b) in the case of payment of principal on any redemption date, no less than 30 days and no more than 60 days prior to such redemption date, provided that in the case of such payment of principal, this Note shall have been surrendered to the Trustee for payment together with such notice. No interest shall accrue on this Note after redemption; provided, however, that, to the extent permitted by applicable law, interest shall accrue, at the rate at which interest accrues on the principal of this Note, on any amount of principal not paid when due upon surrender of this Note to the Trustee. “Record Date” means, with respect to an Interest Payment Date, the day five Business Days preceding such Interest Payment Date.

2. Payments of principal of and interest (including Additional Amounts, if applicable) on this Note shall be made in United States dollars or in such other coin or currency of the United States of America as at the time of payment is legal tender for the payment of public and private debts. Until the date on which the Notes shall have been delivered to the Trustee for cancellation, or become due and payable and a sum sufficient to pay the principal of and interest (including Additional Amounts, if applicable) on all of the Notes shall have been made available for payment and either paid or returned to the Company as provided herein and in the Indenture (such date being referred to herein as the “Termination Date”), the Company will at all times maintain an office or agency in the Borough of Manhattan, The City of New York, where Notes may be presented or surrendered for payment.

3. This Note is transferable in whole or in part and may be exchanged for a like aggregate principal amount of Notes of other authorized denominations by the Holder in person, or by his attorney duly authorized in writing, at the Corporate Trust Office in The City of New York, where the Trustee shall maintain a register providing for the registration of the Notes and any exchange or transfer thereof (the “Note Register”). Upon surrender of this Note for exchange or registration of transfer, the Company shall execute and the Trustee shall authenticate and deliver in exchange therefor a Note or Notes, each in a denomination of $200,000 or an integral multiple of $1,000 in excess thereof, which has or have an aggregate denomination equal to the denomination of this Note and is or are registered in such name or names requested by the Holder. Any Note presented for exchange or registration of transfer shall be accompanied by a written instrument of transfer in form and with guarantee of signature and evidence of authority satisfactory to the Trustee and with payment by the transferor of any stamp or other tax or governmental charge payable in connection with such transfer (or evidence that such tax or charge has been paid) and with such tax identification number or other information for each person in whose name a new Note is to be issued as the Trustee may request to comply with applicable law. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Indenture to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant
to this Note and the Indenture only if: (i) the Depositary (as defined in the Indenture) notifies the Company that it is unwilling or unable to continue as depositary for a Global Note or has ceased to be qualified to act as such as required by the Indenture or (ii) there shall have occurred and be continuing an Event of Default (as defined in the Indenture) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable for definitive Notes, as provided in the Indenture. Notwithstanding any other provision of this Note, a Global Note may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC. In the event and for so long as definitive Notes are not issued to any owner of a beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or Section 4.8 of the Indenture, the right of such owner to pursue such remedy with respect to the portion of this Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company and the Trustee may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and for all other purposes whatsoever, and the Company and the Trustee shall not be affected by any notice to the contrary.

4. Except as provided in Sections 6, 7, 8 and 9 of this Note, this Note is not redeemable or subject to payment at the option of the Company prior to November 26, 2028.

5. All payments of principal and interest in respect of this Note shall be made without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having power to tax (“Taxes”), unless such withholding or deduction is required by law or by the authority. In such event, the Company shall pay such additional amounts (“Additional Amounts”) as will result in the receipt by the Holder of such amounts as would have been received by it had no such withholding or deduction been required, except that no such Additional Amounts shall be payable with respect to this Note under any of the following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its (A) having some present or former connection with Japan other than the mere holding of this Note or (B) being a person having a special relationship with the Company (a “specially-related person of the Company”) as described in Article 6, paragraph (4) of the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “Act on Special Taxation Measures”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such withholding or deduction but fails to comply with any applicable requirement to provide Interest Recipient Information (as defined below) or to submit a Written Application for Tax Exemption (as defined below) to the relevant Paying Agent to whom this Note is presented

20 2020 for the 2020 Notes; 2021 for the 2021 Notes; 2023 for the 2023 Notes; and 2028 for the 2028 Notes.
(where presentation is required), or whose Interest Recipient Information is not duly communicated through the relevant Participant (as defined below) and the relevant international clearing organization to such Paying Agent;

(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Trustee, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Trustee, a Paying Agent or any other Person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is held through a participant of an international clearing organization or a financial intermediary (each, a “Participant”), in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Japanese financial institution (each, a “Designated Financial Institution”) falling under certain categories prescribed by the Act on Special Taxation Measures, all in accordance with the Act on Special Taxation Measures, such beneficial owner of this Note must, at the time of entrusting a Participant with the custody of this Note, provide certain information prescribed by the Act on Special Taxation Measures (“Interest Recipient Information”) to enable the Participant to establish that such beneficial owner is exempted from the requirement for Taxes to be withheld or deducted, and advise the Participant if the beneficial owner of this Note ceases to be so exempted (including the case where a beneficial owner of this Note that is an individual non-resident of Japan or a non-Japanese corporation becomes a specially-related person of the Company).
Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption (hikazei tekiyo shinkokusho) (“Written Application for Tax Exemption”) in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Trustee, and the Trustee shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Trustee.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Indenture, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Indenture or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Indenture.

notice of redemption to the Trustee and the Holders, at a redemption price equal to 100% of the principal amount of this Note being redeemed plus accrued and unpaid interest on the principal amount of this Note being redeemed to, but excluding, the Redemption Date.]26

7. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Trustee and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 7 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 7, the Company shall deliver to the Trustee (i) a certificate signed by an Authorized Officer stating that the conditions precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Trustee shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

8. If (i) the Shire Acquisition (as defined in the Indenture) has not been consummated on or prior to the Long Stop Date (as defined in the Indenture) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Indenture.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Trustee, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Trustee or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

26 Only for the 2021 Notes, 2023 Notes and 2028 Notes.
9. In the case of any redemption of this Note as provided in Section 6, 7 or 8 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Trustee on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

10. No exchange or registration of transfer of this Note shall be made on or after the date upon which a notice of redemption of this Note is transmitted to the Holder.

Notwithstanding any other provision of this Note or the Indenture to the contrary, this Note, if in global form (a Note in such form being referred to herein as a “Global Note”), shall be exchangeable pursuant
to this Note and the Indenture only if: (i) the Depositary (as defined in the Indenture) notifies the Company that it
is unwilling or unable to continue as depositary for a Global Note or has ceased to be qualified to act as such as
required by the Indenture or (ii) there shall have occurred and be continuing an Event of Default (as defined in
the Indenture) with respect to the Notes. Upon the occurrence of any such event, this Note shall be exchangeable
for definitive Notes, as provided in the Indenture. Notwithstanding any other provision of this Note, a Global
Note may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or
another nominee of DTC. In the event and for so long as definitive Notes are not issued to any owner of a
beneficial interest in this Global Note after the occurrence of one of the events set forth above, the Company
expressly acknowledges, with respect to the right of a Holder to pursue a remedy pursuant to Section 4.7 or
Section 4.8 of the Indenture, the right of such owner to pursue such remedy with respect to the portion of this
Global Note that represents such owner’s Notes as if such definitive Notes had been issued.

No service charge shall be made for any such exchange or registration of transfer, but the
Company may charge the party requesting any such exchange or registration of transfer a sum sufficient to
reimburse it for any tax or other governmental charge required to be paid in connection with such exchange or
registration.

All Notes issued upon any exchange or registration of transfer of this Note shall be the valid
obligations of the Company, evidencing the same debt, and entitled to the same benefits, as this Note.

Except in the circumstances referred to in the second paragraph of this Section 3, the Company
and the Trustee may treat the Holder as the absolute owner of this Note for the purpose of receiving payments of
principal of and interest (including, Additional Amounts, as defined in Section 5 of this Note) on this Note and
for all other purposes whatsoever, and the Company and the Trustee shall not be affected by any notice to the
contrary.

4. Except as provided in Sections 6, 7, 8 and 9 of this Note, this Note is not redeemable or
subject to payment at the option of the Company prior to November 26, \[31\].

5. All payments of principal and interest in respect of this Note shall be made without
withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental
charges of whatever nature imposed or levied by or on behalf of Japan, or any authority thereof or therein having
power to tax (“\text{Taxes}”), unless such withholding or deduction is required by law or by the authority. In such
event, the Company shall pay such additional amounts (“\text{Additional Amounts}”) as will result in the receipt by
the Holder of such amounts as would have been received by it had no such withholding or deduction been
required, except that no such Additional Amounts shall be payable with respect to this Note under any of the
following circumstances:

(i) the Holder or beneficial owner of this Note is an individual non-resident of Japan or a
non-Japanese corporation and is liable for such Taxes in respect of this Note by reason of its
(A) having some present or former connection with Japan other than the mere holding of this
Note or (B) being a person having a special relationship with the Company (a “\text{specially-
related person of the Company}”) as described in Article 6, paragraph (4) of the Act on
Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended) (together
with the cabinet order thereunder (Cabinet Order No. 43 of 1957, as amended), the “\text{Act on
Special Taxation Measures}”);

(ii) the Holder or beneficial owner of this Note would otherwise be exempt from any such

(iii) the Holder or beneficial owner of this Note is for Japanese tax purposes treated as an individual resident of Japan or a Japanese corporation (except for (A) a Designated Financial Institution (as defined below) that complies with the requirement to provide Interest Recipient Information or to submit a Written Application for Tax Exemption and (B) an individual resident of Japan or a Japanese corporation that duly notifies (directly, through the Participant or otherwise) the relevant Paying Agent of its status as not being subject to Taxes to be withheld or deducted by the Company by reason of receipt by such individual resident of Japan or Japanese corporation of interest on this Note through a payment handling agent in Japan appointed by it);

(iv) this Note is presented for payment (where presentation is required) more than 30 days after the day on which such payment on this Note became due or after the full payment was provided for, whichever occurs later, except to the extent the Holder hereof would have been entitled to Additional Amounts on presenting the same for payment on the last day of such period of 30 days;

(v) the withholding or deduction is imposed on a Holder or beneficial owner that could have avoided such withholding or deduction by presenting this Note (where presentation is required) to another Paying Agent maintained by the Company;

(vi) the Holder is a fiduciary or partnership or is not the sole beneficial owner of the payment of the principal of, or any interest on, this Note, and Japanese law requires the payment to be included for tax purposes in the income of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner, in each case, who would not have been entitled to such Additional Amounts had it been the Holder of this Note; or

(vii) any combination of (i) through (vi) above.

For the avoidance of doubt, none of the Company, the Trustee, any Paying Agent or any other person shall be required to pay any Additional Amounts with respect to any withholding or deduction imposed on or in respect of any Note pursuant to Sections 1471 to 1474 of the Internal Revenue Code of 1986, as amended, commonly referred to as FATCA, any treaty, law, regulation or other official guidance implementing FATCA, or any agreement between the Company, the Trustee, a Paying Agent or any other Person and the United States, any other jurisdiction, or any authority of any of the foregoing implementing FATCA.

Where this Note is not held by a Participant, in order to receive payments free of withholding or deduction by the Company for or on account of Taxes, if the relevant beneficial owner of this Note is (a) an individual non-resident of Japan or a non-Japanese corporation (other than a specially-related person of the Company) or (b) a Designated Financial Institution, all in accordance with the Act on Special Taxation Measures, such beneficial owner must, prior to each time at which it receives interest, submit to the relevant Paying Agent a written application for tax exemption ("Written Application for Tax Exemption") in a form obtainable from the Paying Agent stating, inter alia, the name and address of the beneficial owner, the title of this Note, the relevant Interest Payment Date, the amount of interest and the fact that the beneficial owner is qualified to submit the Written Application for Tax Exemption, together with documentary evidence regarding its identity and residence.

The Company shall make any required withholding or deduction and remit the full amount withheld or deducted to the Japanese taxing authority in accordance with applicable law. The Company shall use reasonable efforts to obtain certified copies of tax receipts evidencing the payment of any tax, duty, assessment, fee or other governmental charge so withheld or deducted from the Japanese taxing authority imposing such tax, duty, assessment, fee or other governmental charge, and if certified copies are not available, the Company shall use reasonable efforts to obtain other evidence satisfactory to the Trustee, and the Trustee shall make such certified copies or other evidence available to the Holders or beneficial owners of the Notes upon reasonable request to the Trustee.

The obligation to pay Additional Amounts with respect to any taxes, duties, assessments and other governmental charges shall not apply to (A) any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment, fee or other governmental charge or (B) any tax, duty, assessment, fee or other governmental charge which is payable otherwise than by withholding or deduction from payments of principal or interest on this Note; provided that, except as otherwise set forth in this Note and in the Indenture, the Company will pay all stamp, court or documentary taxes or any excise or property taxes, charges or similar levies and other duties, if any, which may be imposed by Japan, the United States or any political subdivision or any taxing authority thereof or therein, with respect to the Indenture or as a consequence of the initial issuance, execution, delivery, registration or enforcement of the Notes.

References to principal or interest in respect of this Note shall be deemed to include any Additional Amounts due which may be payable as set forth in this Note and the Indenture.

7. This Note may be redeemed at any time at the option and sole discretion of the Company in whole, but not in part, subject to compliance with applicable regulatory requirements, and upon giving not less than 30 nor more than 60 days’ notice of redemption to the Trustee and the Holders (which notice shall be irrevocable) at the principal amount of this Note together with interest accrued to the date fixed for redemption and any Additional Amounts hereon, if the Company has been or will be obliged to pay any Additional Amounts as a result of (a) any change in, or amendment to, the laws or regulations of Japan or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of the issuance of this Note or (b) after the completion of any Succession Event, any change in, or amendment to, the laws or regulations of the jurisdiction of the Successor Person or any political subdivision or any authority thereof or therein having power to tax, or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date of such Succession Event, and in either case such obligation cannot be avoided by the Company or the Successor Person through the taking of reasonable measures available to the Company or the Successor Person, as the case may be (an “Additional Amounts Event”). No notice of redemption for an Additional Amounts Event pursuant to this Section 7 shall be given sooner than 90 days prior to the earliest date on which the Company would actually be obliged to pay such Additional Amounts on payments with respect to this Note.

Prior to the publication of any notice of redemption pursuant to this Section 7, the Company shall deliver to the Trustee (i) a certificate signed by an Authorized Officer stating that the conditions precedent to its right to so redeem have been fulfilled and (ii) an opinion of independent legal advisors of recognized standing confirming that an Additional Amounts Event has occurred. The Trustee shall accept such opinion as sufficient evidence of the satisfaction of the conditions precedent described above, in which event it shall be conclusive and binding on the Holders.

8. If (i) the Shire Acquisition (as defined in the Indenture) has not been consummated on or prior to the Long Stop Date (as defined in the Indenture) or (ii) the Company otherwise publicly announces that the Shire Acquisition will not be consummated, then the Company will be required to redeem all outstanding Notes on the Special Mandatory Redemption Date at a special mandatory redemption price equal to 101% of the aggregate principal amount of the Notes plus accrued and unpaid interest, if any, to, but excluding, the Special Mandatory Redemption Date.

Notwithstanding the foregoing, installments of interest on the Notes that are due and payable on Interest Payment Dates falling on or prior to the Special Mandatory Redemption Date will be payable on such Interest Payment Dates to the registered Holders as of the close of business on the relevant Record Dates in accordance with the terms of the Notes and this Indenture.

The Company will cause the notice of special mandatory redemption to be transmitted, with a copy to the Trustee, within five Business Days after the occurrence of the event triggering the special mandatory redemption to each Holder at its registered address. If funds sufficient to pay the special mandatory redemption price of the outstanding notes to be redeemed on the Special Mandatory Redemption Date (plus accrued and unpaid interest, if any, to, but excluding, such date) are deposited with the Trustee or a paying agent on or before such Special Mandatory Redemption Date, and certain other conditions are satisfied, on and after such Special Mandatory Redemption Date, the outstanding Notes will cease to bear interest.

\(^{37}\) Only for the 2021 Notes, 2023 Notes and 2028 Notes.
Upon the consummation of the Shire Acquisition, the foregoing provisions regarding the special mandatory redemption will cease to apply.

9. In the case of any redemption of this Note as provided in Section 6, 7 or 8 of this Note, notice of redemption of this Note shall be transmitted to the Holder at its address as it shall then appear in the Note Register. If by reason of any cause, it shall be impracticable to give notice to the Holder in the manner prescribed herein, then such notification in lieu thereof as shall be made by the Company or by the Trustee on behalf of and at the instruction of the Company shall constitute sufficient provision of such notice, if such notification shall, so far as may be practicable, approximate the terms and conditions of the notice in lieu of which it is given. Neither the failure to give notice nor any defect in any notice of redemption given to the Holder of any other Note shall affect the sufficiency of any notice with respect to this Note. Notice of redemption of this Note having been so given, this Note shall become due and payable on the redemption date so specified and such dates shall be deemed the maturity date of this Note.

10. The Company shall, on or before each due date of the principal of or interest on this Note, pay to the Trustee, who shall hold the same in trust for the benefit of the person entitled thereto, a sum sufficient to pay the principal or interest so becoming due until such sum shall be paid to such person or otherwise disposed of as herein provided. Any money held by the Trustee in trust for the payment of the principal of or interest on this Note and remaining unclaimed for two years after such principal or interest has become due and payable and paid to the Trustee shall be discharged from such trust, and repaid to the Company, and all liability of the Trustee with respect to such money shall cease.

11. If this Note shall at any time become mutilated, destroyed, stolen or lost, then, provided that this Note, or evidence of the destruction, theft or loss hereof (together with the indemnity hereinafter referred to and such other documents or proof as may be required hereunder) shall be delivered to the Trustee, a replacement Note of like tenor and principal amount shall be authenticated and delivered by the Trustee, in exchange for this Note, in the case of mutilation, or in lieu of this Note, in the case of destruction, loss or theft, and provided further that, if this Note is destroyed, stolen or lost, (i) neither the Company nor the Trustee shall have received notice that this Note has been acquired by a bona fide purchaser, and (ii) the Trustee shall have received (a) satisfactory evidence (as so deemed by the Trustee in its absolute discretion) that this Note was destroyed, stolen or lost, and (b) an indemnity for the benefit of the Company and the Trustee satisfactory to each of them. All expenses and charges associated with procuring such indemnity shall be borne by the Holder of this Note.

As provided in the Indenture, every new Note issued in exchange for or in lieu of any mutilated, destroyed, stolen or lost Note shall constitute an original additional contractual obligation of the Company, whether or not the mutilated, destroyed, stolen or lost Note shall be at any time enforceable by anyone, and shall be entitled to the benefits of the Indenture equally and proportionately with any and all other Notes duly issued thereunder. Any such new Note shall be so dated that neither gain nor loss of interest shall result from such replacement. Upon the issuance of any such new Note, the Company may require the payment of a sum sufficient to cover any stamp or other tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

12. 2. Registration Under the Securities Act. The Company shall commence the Exchange Offer promptly after the Exchange Offer Registration Statement is declared effective by the SEC and use its reasonable best efforts to complete the Exchange Offer not later than 60 days after such effective date.

The Company shall commence the Exchange Offer by mailing the related Prospectus, appropriate letters of transmittal and other accompanying documents to each Holder stating, in addition to such disclosures as are required by applicable law (including the Companies Act of Japan, the Financial Instruments and Exchange Act of Japan) or necessary for the Exchange Securities to qualify for an exemption from Japanese withholding tax, substantially the following:

(i) that the Exchange Offer is being made pursuant to this Agreement and that all Registrable Securities validly tendered and not properly withdrawn will be accepted for exchange;

(ii) the dates of acceptance for exchange (which shall be a period of at least 20 Business Days from the date such notice is mailed) (the “Exchange Dates”);

(iii) that any Registrable Security not tendered will remain outstanding and continue to accrue interest but will not retain any rights under this Agreement, except as otherwise specified herein;

(iv) that any Holder electing to have a Registrable Security exchanged pursuant to the Exchange Offer will be required to (A) surrender such Registrable Security, together with the appropriate letters of transmittal, to the institution and at the address and in the manner specified in the notice, or (B) effect such exchange otherwise in compliance with the applicable procedures of the depositary for such Registrable Security, in each case prior to the close of business on the last Exchange Date; and

(v) that any Holder will be entitled to withdraw its election, not later than the close of business on the last Exchange Date, by (A) sending to the institution and at the address specified in the notice, a facsimile transmission or letter setting forth the name of such Holder, the principal amount of Registrable
Securities delivered for exchange and a statement that such Holder is withdrawing its election to have such Securities exchanged or (B) effecting such withdrawal in compliance with the applicable procedures of the depositary for the Registrable Securities.

As a condition to participating in the Exchange Offer, a Holder will be required to represent to the Company that (1) any Exchange Securities to be received by it will be acquired in the ordinary course of its business, (2) at the time of the commencement of the Exchange Offer it has no arrangement or understanding with any Person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Securities in violation of the provisions of the Securities Act, (3) it is not an “affiliate” (within the meaning of Rule 405 under the Securities Act) of the Company and (4) if such Holder is a broker-dealer that will receive Exchange Securities for its own account in exchange for Registrable Securities that were acquired as a result of market-making or other trading activities, then such Holder will deliver a Prospectus (or, to the extent permitted by law, make available a Prospectus to purchasers) in connection with any resale of such Exchange Securities. A Holder will also be required to make any representations to the Company that are necessary for the Company to comply with applicable laws and regulations, including the Companies Act of Japan and the Financial Instruments and Exchange Act of Japan, or that are necessary for the Exchange Securities to qualify for an exemption from Japanese withholding tax.

As soon as practicable after the last Exchange Date, the Company shall:

(I) accept for exchange Registrable Securities or portions thereof validly tendered and not properly withdrawn pursuant to the Exchange Offer; and

(II) deliver, or cause to be delivered, to the Trustee for cancellation all Registrable Securities or portions thereof so accepted for exchange by the Company and issue, and cause the Trustee to authenticate and deliver to each Holder, Exchange Securities equal in principal amount to the principal amount of the Registrable Securities tendered by such Holder.

The Company shall use its reasonable best efforts to complete the Exchange Offer as provided above and shall comply with the applicable requirements of the Securities Act, the Exchange Act, the Companies Act of Japan, the Financial Instruments and Exchange Act of Japan and other applicable laws and regulations in connection with the Exchange Offer. The Exchange Offer shall not be subject to any conditions, other than those necessary for the Exchange Offer or the Company to comply with any applicable laws and regulations, including the Companies Act of Japan and the Financial Instruments and Exchange Act of Japan, or applicable interpretations of the Staff and those necessary for the Exchange Securities to qualify for an exemption from Japanese withholding tax.

(b) In the event that (i) the Company determines that the Exchange Offer Registration provided for in Section 2(a) hereof is not available or the Exchange Offer may not be completed as soon as practicable after the last Exchange Date because it would violate any applicable law or applicable interpretations of the Staff or because it would not be possible to conduct the Exchange Offer in a manner in which the Exchange Securities would qualify for an exemption from Japanese withholding tax, (ii) the Exchange Offer Registration Statement is not for any other reason filed by the Target Registration Date or (iii) upon receipt of a written request (a “Shelf Request”) from any Initial Purchaser representing that it holds Registrable Securities that are or were ineligible to be exchanged in the Exchange Offer, the Company shall use its reasonable best efforts to cause to be filed as soon as practicable after such determination, date or Shelf Request, as the case may be, a Shelf Registration Statement providing for the sale of all the Registrable Securities by the Holders thereof and to have such Shelf Registration Statement become effective; provided that no Holder will be entitled to have any Registrable Securities included in any Shelf Registration Statement, or entitled to use the prospectus forming a part of such Shelf Registration Statement, until such Holder shall have delivered a completed and signed Notice and Questionnaire and provided such other information regarding such Holder to the Company as is contemplated by Section 3(b) hereof.
In the event that the Company is required to file a Shelf Registration Statement pursuant to clause (iii) of the preceding sentence, the Company shall use its reasonable best efforts to file and have become effective both an Exchange Offer Registration Statement pursuant to Section 2(a) hereof with respect to all Registrable Securities and a Shelf Registration Statement (which may be a combined Registration Statement with the Exchange Offer Registration Statement) with respect to offers and sales of Registrable Securities held by the Initial Purchasers after completion of the Exchange Offer.

The Company agrees to use its reasonable best efforts to keep the Shelf Registration Statement continuously effective until the Securities cease to be Registrable Securities (the “Shelf Effectiveness Period”). The Company further agrees to supplement or amend the Shelf Registration Statement, the related Prospectus and any Free Writing Prospectus if required by the rules, regulations or instructions applicable to the registration form used by the Company for such Shelf Registration Statement or by the Securities Act or by any other rules and regulations thereunder or if reasonably requested by a Holder of Registrable Securities with respect to information relating to such Holder, and to use its reasonable best efforts to cause any such amendment to become effective, if required, and such Shelf Registration Statement, Prospectus or Free Writing Prospectus, as the case may be, to become usable as soon as thereafter practicable. The Company agrees to furnish to the Participating Holders copies of any such supplement or amendment promptly after its being used or filed with the SEC.

(c) The Company shall pay all Registration Expenses in connection with any registration pursuant to Section 2(a) or Section 2(b) hereof. Each Holder shall pay all underwriting discounts and commissions, brokerage commissions and transfer taxes, if any, relating to the sale or disposition of such Holder’s Registrable Securities pursuant to the Shelf Registration Statement.

(d) An Exchange Offer Registration Statement pursuant to Section 2(a) hereof will not be deemed to have become effective unless it has been declared effective by the SEC. A Shelf Registration Statement pursuant to Section 2(b) hereof will not be deemed to have become effective unless it has been declared effective by the SEC or is automatically effective upon filing with the SEC as provided by Rule 462 under the Securities Act.

If a Registration Default occurs, the interest rate on the Registrable Securities will be increased by (i) 0.25% per annum for the first 90-day period beginning on the day immediately following such Registration Default and (ii) an additional 0.25% per annum with respect to each subsequent 90-day period, in each case until and including the date such Registration Default ends, up to a maximum increase of 1.00% per annum. A Registration Default ends when the Securities cease to be Registrable Securities or, if earlier, (1) in the case of a Registration Default under clause (i) of the definition thereof, when the Exchange Offer Registration Statement is filed with the U.S. Securities and Exchange Commission, (2) in the case of a Registration Default under clause (ii) or clause (iii) of the definition thereof, when the Shelf Registration Statement becomes effective or (3) in the case of a Registration Default under clause (iv) or clause (v) of the definition thereof, when the Shelf Registration Statement again becomes effective or the Prospectus again becomes usable. If at any time more than one Registration Default has occurred and is continuing, then, until the next date that there is no Registration Default, the increase in interest rate provided for by this paragraph shall apply as if there occurred a single Registration Default that begins on the date that the earliest such Registration Default occurred and ends on such next date that there is no Registration Default.

(e) Without limiting the remedies available to the Initial Purchasers and the Holders, the Company acknowledges that any failure by the Company to comply with its obligations under Section 2(a) and Section 2(b) hereof may result in material irreparable injury to the Initial Purchasers or the Holders for which there is no adequate remedy at law, that it will not be possible to measure damages for such injuries precisely and that, in the event of any such failure, the Initial Purchasers or any Holder may obtain such relief as may be required to specifically enforce the Company’s obligations under Section 2(a) and Section 2(b) hereof.
3. Registration Procedures. (a) In connection with its obligations pursuant to Section 2(a) and Section 2(b) hereof, the Company shall as expeditiously as possible:

(i) prepare and file with the SEC a Registration Statement on the appropriate form under the Securities Act, which form (A) shall be selected by the Company, (B) shall, in the case of a Shelf Registration, be available for the sale of the Registrable Securities by the Holders thereof and (C) shall comply as to form in all material respects with the requirements of the applicable form and include all financial statements required by the SEC to be filed therewith; and use its reasonable best efforts to cause such Registration Statement to become effective and remain effective for the applicable period in accordance with Section 2 hereof;

(ii) prepare and file with the SEC such amendments and post-effective amendments to each Registration Statement as may be necessary to keep such Registration Statement effective for the applicable period in accordance with Section 2 hereof and cause each Prospectus to be supplemented by any required prospectus supplement and, as so supplemented, to be filed pursuant to Rule 424 under the Securities Act; and keep each Prospectus current during the period described in Section 4(3) of and Rule 174 under the Securities Act that is applicable to transactions by brokers or dealers with respect to the Registrable Securities or Exchange Securities;

(iii) to the extent any Free Writing Prospectus is used, file with the SEC any Free Writing Prospectus that is required to be filed by the Company with the SEC in accordance with the Securities Act and to retain any Free Writing Prospectus not required to be filed;

(iv) in the case of a Shelf Registration, furnish to each Participating Holder, to counsel for the Initial Purchasers, to counsel for such Participating Holders and to each Underwriter of an Underwritten Offering of Registrable Securities, if any, without charge, as many copies of each Prospectus, preliminary prospectus or Free Writing Prospectus, and any amendment or supplement thereto, as such Participating Holder, counsel or Underwriter may reasonably request in order to facilitate the sale or other disposition of the Registrable Securities thereunder; and, subject to Section 3(c) hereof, the Company consents to the use of such Prospectus, preliminary prospectus or such Free Writing Prospectus and any amendment or supplement thereto in accordance with applicable law by each of the Participating Holders and any such Underwriters in connection with the offering and sale of the Registrable Securities covered by and in the manner described in such Prospectus, preliminary prospectus or such Free Writing Prospectus or any amendment or supplement thereto in accordance with applicable law;

(v) use its reasonable best efforts to register or qualify the Registrable Securities under all applicable state securities or blue sky laws of such jurisdictions as any Participating Holder shall reasonably request in writing by the time the applicable Registration Statement becomes effective; cooperate with such Participating Holders in connection with any filings required to be made with FINRA; and do any and all other acts and things that may be reasonably necessary or advisable to enable each Participating Holder to complete the disposition in each such jurisdiction of the Registrable Securities owned by such Participating Holder; provided that the Company shall not be required to (1) qualify as a foreign corporation or other entity or as a dealer in securities in any such jurisdiction where it would not otherwise be required to so qualify, (2) file any general consent to service of process in any such jurisdiction or (3) subject itself to taxation in any such jurisdiction if it is not so subject;

(vi) notify counsel for the Initial Purchasers and, in the case of a Shelf Registration, notify each Participating Holder and counsel for such Participating Holders promptly and, if requested by any such Participating Holder or counsel, confirm such advice in writing (1) when a Registration Statement has become effective, when any post-effective amendment thereto has been filed and becomes effective, when any Free Writing Prospectus has been filed or any amendment or supplement to the Prospectus or any Free Writing Prospectus has been filed, (2) of any request by the SEC or any state securities authority for amendments and supplements to a Registration Statement, Prospectus or any Free Writing Prospectus or for additional information
after the Registration Statement has become effective, (3) of the issuance by the SEC or any state securities authority of any stop order suspending the effectiveness of a Registration Statement or the initiation of any proceedings for that purpose, including the receipt by the Company of any notice of objection of the SEC to the use of a Shelf Registration Statement or any post-effective amendment thereto pursuant to Rule 401(g)(2) under the Securities Act, (4) if, between the applicable effective date of a Shelf Registration Statement and the closing of any sale of Registrable Securities covered thereby, the representations and warranties of the Company contained in any underwriting agreement, securities sales agreement or other similar agreement, if any, relating to an offering of such Registrable Securities cease to be true and correct in all material respects or if the Company receives any notification with respect to the suspension of the qualification of the Registrable Securities for sale in any jurisdiction or the initiation of any proceeding for such purpose, (5) of the happening of any event during the period a Registration Statement is effective that makes any statement made in such Registration Statement or the related Prospectus or any Free Writing Prospectus untrue in any material respect or that requires the making of any changes in such Registration Statement or Prospectus or any Free Writing Prospectus in order to make the statements therein not misleading and (6) of any determination by the Company that a post-effective amendment to a Registration Statement or any amendment or supplement to the Prospectus or any Free Writing Prospectus would be appropriate;

(vii) use its reasonable best efforts to obtain the withdrawal of any order suspending the effectiveness of a Registration Statement or, in the case of a Shelf Registration, the resolution of any objection of the SEC pursuant to Rule 401(g)(2) under the Securities Act, including by filing an amendment to such Registration Statement on the proper form, at the earliest possible moment and provide immediate notice to each Holder or Participating Holder of the withdrawal of any such order or such resolution;

(viii) in the case of a Shelf Registration, furnish to each Participating Holder, without charge, at least one conformed copy of each Registration Statement and any post-effective amendment thereto (without any documents incorporated therein by reference or exhibits thereto, unless requested);

(ix) in the case of a Shelf Registration, cooperate with the Participating Holders to facilitate the timely preparation and delivery of certificates representing Registrable Securities to be sold and not bearing any restrictive legends and enable such Registrable Securities to be issued in such denominations and registered in such names (consistent with the provisions of the Indenture) as such Participating Holders may reasonably request at least one Business Day prior to the closing of any sale of Registrable Securities;

(x) upon the occurrence of any event contemplated by Section 3(a)(vi)(5) hereof, use its reasonable best efforts to prepare and file with the SEC a supplement or post-effective amendment to the applicable Exchange Offer Registration Statement or Shelf Registration Statement or the related Prospectus or any Free Writing Prospectus or any document incorporated therein by reference or file any other required document so that, as thereafter delivered (or, to the extent permitted by law, made available) to purchasers of the Registrable Securities, such Prospectus or Free Writing Prospectus, as the case may be, will not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; and the Company shall notify the Participating Holders (in the case of a Shelf Registration Statement) and the Initial Purchasers and any Participating Broker-Dealers known to the Company (in the case of an Exchange Offer Registration Statement) to suspend use of the Prospectus or any Free Writing Prospectus as promptly as practicable after the occurrence of such an event, and such Participating Holders, such Participating Broker-Dealers and the Initial Purchasers, as applicable, hereby agree to suspend use of the Prospectus or any Free Writing Prospectus, as the case may be, until the Company has amended or supplemented the Prospectus or the Free Writing Prospectus, as the case may be, to correct such misstatement or omission;

(xi) a reasonable time prior to the filing of any Registration Statement, any Prospectus, any Free Writing Prospectus, any amendment to a Registration Statement or amendment or supplement to a Prospectus or a Free Writing Prospectus or of any document that is to be incorporated by reference into a Registration
Statement, a Prospectus or a Free Writing Prospectus after initial filing of a Registration Statement, provide copies of such document to the Initial Purchasers and their counsel (and, in the case of a Shelf Registration Statement, to the Participating Holders and their counsel) and make such of the representatives of the Company as shall be reasonably requested by the Initial Purchasers or their counsel (and, in the case of a Shelf Registration Statement, the Participating Holders or their counsel) available for discussion of such document; and the Company shall not, at any time after initial filing of a Registration Statement, use or file any Prospectus, any Free Writing Prospectus, any amendment of or supplement to a Registration Statement or a Prospectus or a Free Writing Prospectus, or any document that is to be incorporated by reference into a Registration Statement, a Prospectus or a Free Writing Prospectus, of which the Initial Purchasers and their counsel (and, in the case of a Shelf Registration Statement, the Participating Holders and their counsel) shall not have previously been advised and furnished a copy or to which the Initial Purchasers or their counsel (and, in the case of a Shelf Registration Statement, the Participating Holders or their counsel) shall reasonably object;

(xii) obtain a CUSIP number for all Exchange Securities or Registrable Securities, as the case may be, not later than the initial effective date of a Registration Statement;

(xiii) cause the Indenture to be qualified under the Trust Indenture Act in connection with the registration of the Exchange Securities or Registrable Securities, as the case may be; cooperate with the Trustee and the Holders to effect such changes to the Indenture as may be required for the Indenture to be so qualified in accordance with the terms of the Trust Indenture Act; and execute, and use its reasonable best efforts to cause the Trustee to execute, all documents as may be required to effect such changes and all other forms and documents required to be filed with the SEC to enable the Indenture to be so qualified in a timely manner;

(xiv) in the case of a Shelf Registration, make available for inspection by a representative of the Participating Holders (an “Inspector”), any Underwriter participating in any disposition pursuant to such Shelf Registration Statement, any attorneys and accountants designated by a majority in aggregate principal amount of the Securities held by the Participating Holders and any attorneys and accountants designated by such Underwriter, at reasonable times and in a reasonable manner, all pertinent financial and other records, documents and properties of the Company and its subsidiaries, and cause the respective officers, directors and employees of the Company to supply all information reasonably requested by any such Inspector, Underwriter, attorney or accountant in connection with a Shelf Registration Statement; provided that if any such information is identified by the Company as being confidential or proprietary, each Person receiving such information shall take such actions as are reasonably necessary to protect the confidentiality of such information to the extent such action is otherwise not inconsistent with, an impairment of or in derogation of the rights and interests of any Inspector, Holder or Underwriter);

(xv) in the case of a Shelf Registration, use its reasonable best efforts to cause all Registrable Securities to be listed on any securities exchange or any automated quotation system on which similar securities issued by the Company are then listed if requested by the Majority Holders, to the extent such Registrable Securities satisfy applicable listing requirements;

(xvi) if reasonably requested by any Participating Holder, promptly include in a Prospectus supplement or post-effective amendment such information with respect to such Participating Holder as such Participating Holder reasonably requests to be included therein and make all required filings of such Prospectus supplement or such post-effective amendment as soon as the Company has received notification of the matters to be so included in such filing;

(xvii) in the case of a Shelf Registration, enter into such customary agreements and take all such other actions in connection therewith (including those requested by the Holders of a majority in principal amount of the Registrable Securities covered by the Shelf Registration Statement) in order to expedite or facilitate the disposition of such Registrable Securities including, but not limited to, an Underwritten Offering and in such connection, (1) to the extent possible, make such representations and warranties to the Participating Holders and
any Underwriters of such Registrable Securities with respect to the business of the Company and its subsidiaries and the Registration Statement, Prospectus, any Free Writing Prospectus and documents incorporated by reference or deemed incorporated by reference, if any, in each case, in form, substance and scope as are customarily made by issuers to underwriters in underwritten offerings and confirm the same if and when requested, (2) obtain opinions of counsel to the Company (which counsel and opinions, in form, scope and substance, shall be reasonably satisfactory to the Participating Holders and such Underwriters and their respective counsel) addressed to each Participating Holder and Underwriter of Registrable Securities, covering the matters customarily covered in opinions requested in underwritten offerings, (3) obtain “comfort” letters from the independent registered public accountants of the Company (and, if necessary, any other registered public accountant of any subsidiary of the Company, or of any business acquired by the Company for which financial statements and financial data are or are required to be included in the Registration Statement) addressed to each Participating Holder (to the extent permitted by applicable professional standards) and Underwriter of Registrable Securities, such letters to be in customary form and covering matters of the type customarily covered in “comfort” letters in connection with underwritten offerings, including but not limited to financial information contained in any preliminary prospectus, Prospectus or Free Writing Prospectus and (4) deliver such documents and certificates as may be reasonably requested by the Holders of a majority in principal amount of the Registrable Securities being sold or the Underwriters, and which are customarily delivered in underwritten offerings, to evidence the continued validity of the representations and warranties of the Company made pursuant to clause (1) above and to evidence compliance with any customary conditions contained in an underwriting agreement; and

(b) In the case of a Shelf Registration Statement, the Company may require each Holder of Registrable Securities to furnish to the Company a Notice and Questionnaire and such other information regarding such Holder and the proposed disposition by such Holder of such Registrable Securities as the Company may from time to time reasonably request in writing.

(c) Each Participating Holder agrees that, upon receipt of any notice from the Company of the happening of any event of the kind described in Section 3(a)(vi)(3) or Section 3(a)(vi)(5) hereof, such Participating Holder will forthwith discontinue disposition of Registrable Securities pursuant to the Shelf Registration Statement until such Participating Holder’s receipt of the copies of the supplemented or amended Prospectus and any Free Writing Prospectus contemplated by Section 3(a)(x) hereof and, if so directed by the Company, such Participating Holder will deliver to the Company all copies in its possession, other than permanent file copies then in such Participating Holder’s possession, of the Prospectus and any Free Writing Prospectus covering such Registrable Securities that is current at the time of receipt of such notice.

(d) If the Company shall give any notice to suspend the disposition of Registrable Securities pursuant to a Registration Statement, the Company shall extend the period during which such Registration Statement shall be maintained effective pursuant to this Agreement by the number of days during the period from and including the date of the giving of such notice to and including the date when the Holders of such Registrable Securities shall have received copies of the supplemented or amended Prospectus or any Free Writing Prospectus necessary to resume such dispositions. The Company may give any such notice only twice during any 365-day period and any such suspensions shall not exceed 30 days for each suspension and there shall not be more than two suspensions in effect during any 365-day period.

(e) The Participating Holders who desire to do so may sell such Registrable Securities in an Underwritten Offering. In any such Underwritten Offering, the investment bank or investment banks and manager or managers (each an “Underwriter”) that will administer the offering will be selected by the Holders of a majority in principal amount of the Registrable Securities included in such offering.

4. Participation of Broker-Dealers in Exchange Offer. (a) The Staff has taken the position that any broker-dealer that receives Exchange Securities for its own account in the Exchange Offer in exchange for Securities that were acquired by such broker-dealer as a result of market-making or other trading activities (a
“Participating Broker-Dealer”) may be deemed to be an “underwriter” within the meaning of the Securities Act and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such Exchange Securities.

The Company understands that it is the Staff’s position that if the Prospectus contained in the Exchange Offer Registration Statement includes a plan of distribution containing a statement to the above effect and the means by which Participating Broker-Dealers may resell the Exchange Securities, without naming the Participating Broker-Dealers or specifying the amount of Exchange Securities owned by them, such Prospectus may be delivered by Participating Broker-Dealers (or, to the extent permitted by law, made available to purchasers) to satisfy their prospectus delivery obligation under the Securities Act in connection with resales of Exchange Securities for their own accounts, so long as the Prospectus otherwise meets the requirements of the Securities Act.

(b) In light of the above, and notwithstanding the other provisions of this Agreement, the Company agrees to amend or supplement the Prospectus contained in the Exchange Offer Registration Statement for a period of up to 180 days after the last Exchange Date (as such period may be extended pursuant to Section 3(d) hereof), in order to expedite or facilitate the disposition of any Exchange Securities by Participating Broker-Dealers consistent with the positions of the Staff recited in Section 4(a) above. The Company further agrees that Participating Broker-Dealers shall be authorized to deliver such Prospectus (or, to the extent permitted by law, make available) during such period in connection with the resales contemplated by this Section 4.

(c) The Initial Purchasers shall have no liability to the Company or any Holder with respect to any request that they may make pursuant to Section 4(b) hereof.

5. Indemnification and Contribution. (a) The Company agrees to indemnify and hold harmless each Initial Purchaser and each Holder, their respective affiliates, directors and officers and each Person, if any, who controls any Initial Purchaser or any Holder within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, from and against any and all losses, claims, damages and liabilities (including, without limitation, legal fees and other expenses incurred in connection with any suit, action or proceeding or any claim asserted, as such fees and expenses are incurred), joint or several, that arise out of, or are based upon, (1) any untrue statement or alleged untrue statement of a material fact contained in any Registration Statement or any omission or alleged omission to state therein a material fact required to be stated therein or necessary in order to make the statements therein not misleading, or (2) any untrue statement or alleged untrue statement of a material fact contained in any Prospectus, any Free Writing Prospectus or any “issuer information” (“Issuer Information”) filed or required to be filed pursuant to Rule 433(d) under the Securities Act, or any omission or alleged omission to state therein a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, in each case except insofar as such losses, claims, damages or liabilities arise out of, or are based upon, any untrue statement or omission or alleged untrue statement or omission made in reliance upon and in conformity with any information relating to any Initial Purchaser or information relating to any Holder furnished to the Company in writing through J.P. Morgan, SMBC Nikko Securities America, Inc. or Morgan Stanley MUFG Securities Co., Ltd., as representatives of the Initial Purchasers, or any selling Holder, respectively, expressly for use therein. In connection with any Underwritten Offering permitted by Section 3, the Company will also indemnify the Underwriters, if any, selling brokers, dealers and similar securities industry professionals participating in the distribution, their respective affiliates and each Person who controls such Persons (within the meaning of the Securities Act and the Exchange Act) to the same extent as provided above with respect to the indemnification of the Holders, if requested in connection with any Registration Statement, any Prospectus, any Free Writing Prospectus or any Issuer Information.

(b) Each Holder agrees, severally and not jointly, to indemnify and hold harmless the Company, the Initial Purchasers and the other selling Holders, the directors of the Company, each officer of the Company who signed the Registration Statement and each Person, if any, who controls the Company, any Initial Purchaser and any other selling Holder within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange
Act to the same extent as the indemnity set forth in paragraph (a) above, but only with respect to any losses, claims, damages or liabilities that arise out of, or are based upon, any untrue statement or omission or alleged untrue statement or omission made in reliance upon and in conformity with any information relating to such Holder furnished to the Company in writing by such Holder expressly for use in any Registration Statement, any Prospectus and any Free Writing Prospectus.

(c) If any suit, action, proceeding (including any governmental or regulatory investigation), claim or demand shall be brought or asserted against any Person in respect of which indemnification may be sought pursuant to either paragraph (a) or (b) above, such Person (the “Indemnified Person”) shall promptly notify the Person against whom such indemnification may be sought (the “Indemnifying Person”) in writing; provided that the failure to notify the Indemnifying Person shall not relieve it from any liability that it may have under paragraph (a) or (b) above except to the extent that it has been materially prejudiced (through the forfeiture of substantive rights or defenses) by such failure; and provided, further, that the failure to notify the Indemnifying Person shall not relieve it from any liability that it may have to an Indemnified Person otherwise than under paragraph (a) or (b) above. If any such proceeding shall be brought or asserted against an Indemnified Person and it shall have notified the Indemnifying Person thereof, the Indemnifying Person shall retain counsel reasonably satisfactory to the Indemnified Person to represent the Indemnified Person and any others entitled to indemnification pursuant to this Section 5 that the Indemnifying Person may designate in such proceeding and shall pay the fees and expenses of such proceeding and shall pay the fees and expenses of such counsel related to such proceeding, as incurred. In any such proceeding, any Indemnified Person shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such Indemnified Person unless (i) the Indemnifying Person and the Indemnified Person shall have mutually agreed to the contrary; (ii) the Indemnifying Person has failed within a reasonable time to retain counsel reasonably satisfactory to the Indemnified Person; (iii) the Indemnified Person shall have reasonably concluded that there may be legal defenses available to it that are different from or in addition to those available to the Indemnifying Person; or (iv) the named parties in any such proceeding (including any impleaded parties) include both the Indemnifying Person and the Indemnified Person and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them. It is understood and agreed that the Indemnifying Person shall not, in connection with any proceeding or related proceeding in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all Indemnified Persons, and that all such fees and expenses shall be reimbursed as they are incurred. Any such separate firm (x) for any Initial Purchaser, its affiliates, directors and officers and any control Persons of such Initial Purchaser shall be designated in writing by J.P. Morgan, (y) for any Holder, its directors and officers and any control Persons of such Holder shall be designated in writing by the Majority Holders and (z) in all other cases shall be designated in writing by the Company. The Indemnifying Person shall not be liable for any settlement of any proceeding effected without its written consent, but if settled with such consent or if there be a final judgment for the plaintiff, the Indemnifying Person agrees to indemnify each Indemnified Person from and against any loss or liability by reason of such settlement or judgment. Notwithstanding the foregoing sentence, if at any time an Indemnified Person shall have requested that an Indemnifying Person reimburse the Indemnified Person for fees and expenses of counsel as contemplated by this paragraph, the Indemnifying Person shall be liable for any settlement of any proceeding effected without its written consent if (i) such settlement is entered into more than 30 days after receipt by the Indemnifying Person of such request and (ii) the Indemnifying Person shall not have reimbursed the Indemnified Person in accordance with such request prior to the date of such settlement. No Indemnifying Person shall, without the written consent of the Indemnified Person, effect any settlement of any pending or threatened proceeding in respect of which any Indemnified Person is or could have been a party and indemnification could have been sought hereunder by such Indemnified Person, unless such settlement (A) includes an unconditional release of such Indemnified Person, in form and substance reasonably satisfactory to such Indemnified Person, from all liability on claims that are the subject matter of such proceeding and (B) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any Indemnified Person.
(d) If the indemnification provided for in paragraphs (a) and (b) above is unavailable to an Indemnified Person or insufficient in respect of any losses, claims, damages or liabilities referred to therein, then each Indemnifying Person under such paragraph, in lieu of indemnifying such Indemnified Person thereunder, shall contribute to the amount paid or payable by such Indemnified Person as a result of such losses, claims, damages or liabilities (i) in such proportion as is appropriate to reflect the relative benefits received by the Company from the offering of the Securities and the Exchange Securities, on the one hand, and by the Holders from receiving Securities or Exchange Securities registered under the Securities Act, on the other hand, or (ii) if the allocation provided by clause (i) is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) but also the relative fault of the Company on the one hand and the Holders on the other in connection with the statements or omissions that resulted in such losses, claims, damages or liabilities, as well as any other relevant equitable considerations. The relative fault of the Company on the one hand and the Holders on the other shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company or by the Holders and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

(e) The Company and the Holders agree that it would not be just and equitable if contribution pursuant to this Section 5 were determined by pro rata allocation (even if the Holders were treated as one entity for such purpose) or by any other method of allocation that does not take account of the equitable considerations referred to in paragraph (d) above. The amount paid or payable by an Indemnified Person as a result of the losses, claims, damages and liabilities referred to in paragraph (d) above shall be deemed to include, subject to the limitations set forth above, any legal or other expenses incurred by such Indemnified Person in connection with any such action or claim. Notwithstanding the provisions of this Section 5, in no event shall a Holder be required to contribute any amount in excess of the amount by which the total price at which the Securities or Exchange Securities sold by such Holder exceeds the amount of any damages that such Holder has otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not guilty of such fraudulent misrepresentation. The Holders’ obligations to contribute pursuant to this Section 5 are several and not joint.

(f) The remedies provided for in this Section 5 are not exclusive and shall not limit any rights or remedies that may otherwise be available to any Indemnified Person at law or in equity.

(g) The indemnity and contribution provisions contained in this Section 5 shall remain operative and in full force and effect regardless of (i) any termination of this Agreement, (ii) any investigation made by or on behalf of the Initial Purchasers or any Holder or any Person controlling any Initial Purchaser or any Holder, or by or on behalf of the Company or the officers or directors of or any Person controlling the Company, (iii) acceptance of any of the Exchange Securities and (iv) any sale of Registrable Securities pursuant to a Shelf Registration Statement.

(h) For the avoidance of doubt, the Company and each Holder agrees that references to “affiliates” of Morgan Stanley MUFG Securities Co., Ltd. that appears in this Agreement shall be understood to include Morgan Stanley & Co. LLC, Morgan Stanley & Co. International plc and Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. and their respective affiliates.

(a) No Inconsistent Agreements. The Company represents, warrants and agrees that (i) the rights granted to the Holders hereunder do not in any way conflict with and are not inconsistent with the rights granted to the holders of any other outstanding securities issued or guaranteed by the Company under any other agreement and (ii) the Company has not entered into, or on or after the date of this Agreement will enter into, any agreement that is inconsistent with the rights granted to the Holders of Registrable Securities in this Agreement or otherwise conflicts with the provisions hereof.
(b) **Amendments and Waivers.** The provisions of this Agreement, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the provisions hereof may not be given unless the Company has obtained the written consent of Holders of at least a majority in aggregate principal amount of the outstanding Registrable Securities affected by such amendment, modification, supplement, waiver or consent; provided that no amendment, modification, supplement, waiver or consent to any departure from the provisions of Section 5 hereof shall be effective as against any Holder of Registrable Securities unless consented to in writing by such Holder. Any amendments, modifications, supplements, waivers or consents pursuant to this Section 6(b) shall be by a writing executed by each of the parties hereto.

(c) **Notices.** All notices and other communications provided for or permitted hereunder shall be made in writing by hand-delivery, registered first-class mail, telecopier, or any courier guaranteeing overnight delivery (i) if to a Holder, at the most current address given by such Holder to the Company by means of a notice given in accordance with the provisions of this Section 6(c), which address initially is, with respect to the Initial Purchasers, the address set forth in the Purchase Agreement; (ii) if to the Company, initially at the Company’s address set forth in the Purchase Agreement and thereafter at such other address, notice of which is given in accordance with the provisions of this Section 6(c); and (iii) to such other persons at their respective addresses as provided in the Purchase Agreement and thereafter at such other address, notice of which is given in accordance with the provisions of this Section 6(c). All such notices and communications shall be deemed to have been duly given: at the time delivered by hand, if personally delivered; five Business Days after being deposited in the mail, postage prepaid, if mailed; when receipt is acknowledged, if telecopied; and on the next Business Day if timely delivered to an air courier guaranteeing overnight delivery. Copies of all such notices, demands or other communications shall be concurrently delivered by the Person giving the same to the Trustee, at the address specified in the Indenture.

(d) **Successors and Assigns.** This Agreement shall inure to the benefit of and be binding upon the successors, assigns and transferees of each of the parties, including, without limitation and without the need for an express assignment, subsequent Holders; provided that nothing herein shall be deemed to permit any assignment, transfer or other disposition of Registrable Securities in violation of the terms of the Purchase Agreement or the Indenture. If any transferee of any Holder shall acquire Registrable Securities in any manner, whether by operation of law or otherwise, such Registrable Securities shall be held subject to all the terms of this Agreement, and by taking and holding such Registrable Securities such Person shall be conclusively deemed to have agreed to be bound by and to perform all of the terms and provisions of this Agreement and such Person shall be entitled to receive the benefits hereof. The Initial Purchasers (in their capacity as Initial Purchasers) shall have no liability or obligation to the Company with respect to any failure by a Holder to comply with, or any breach by any Holder of, any of the obligations of such Holder under this Agreement.

(e) **Third Party Beneficiaries.** Each Holder shall be a third party beneficiary to the agreements made hereunder between the Company, on the one hand, and the Initial Purchasers, on the other hand, and shall have the right to enforce such agreements directly to the extent it deems such enforcement necessary or advisable to protect its rights or the rights of other Holders hereunder.

(f) **Counterparts.** This Agreement may be executed in any number of counterparts and by the parties hereto in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

(g) **Headings.** The headings in this Agreement are for convenience of reference only, are not a part of this Agreement and shall not limit or otherwise affect the meaning hereof.

(h) **Governing Law.** This Agreement, and any claim, controversy or dispute arising under or related to this Agreement, shall be governed by and construed in accordance with the laws of the State of New York.
(i) **Consent to Jurisdiction.** The Company irrevocably consents and agrees for the benefit of the holders of the Securities and the Initial Purchasers that any legal action, suit or proceeding against it with respect to its obligations, liabilities or any other matter arising out of or in connection with this Agreement or the Securities may be brought in the courts of the State of New York or the courts of the United States of America located in the Borough of Manhattan, The City of New York and, until all amounts due and to become due in respect of all the Securities have been paid, or until any such legal action, suit or proceeding commenced prior to such payment has been concluded, hereby irrevocably consents and irrevocably submits to the non-exclusive jurisdiction of each such court in person and, generally and unconditionally with respect to any action, suit or proceeding for themselves and in respect of their properties, assets and revenues.

(j) **Appointment of Agent for Service of Process.** The Company hereby irrevocably designates, appoints and empowers Cogency Global Inc. with offices currently at 10 E. 40th Street, 10th Floor, New York, NY 10016 as their designee, appointee and agent to receive, accept and acknowledge for and on their behalf, and their properties, assets and revenues, service of any and all legal process, summons, notices and documents that may be served in any action, suit or proceeding brought against them in any such United States or state court located in the Borough of Manhattan, The City of New York with respect to their obligations, liabilities or any other matter arising out of or in connection with this Agreement or any additional agreement and that may be made on such designee, appointee and agent in accordance with legal procedures prescribed for such courts. Notes to Condensed Interim Consolidated Financial Statements (Unaudited)

1 Reporting Entity

Takeda Pharmaceutical Company Limited (the “Company”) is a public company incorporated in Japan.

The Company and its subsidiaries (collectively, “Takeda”) is a major global pharmaceutical group and is engaged in the research, development, manufacturing and marketing of pharmaceutical products, over-the-counter (“OTC”) medicines and quasi-drug consumer products, and other healthcare products. Takeda’s principal pharmaceutical products include medicines in the following therapeutic areas: gastroenterology, oncology and neuroscience.

2 Basis of Preparation

(1) Compliance

Takeda has prepared the condensed interim consolidated financial statements in accordance with IAS34 “Interim Financial Reporting” as issued by the International Accounting Standards Board (“IASB”).

The condensed interim consolidated financial statements do not contain all the information required in consolidated financial statements as of the end of a fiscal year. Therefore, the condensed interim consolidated financial statements should be used with the consolidated financial statements as of and for the fiscal year ended March 31, 2018.

(2) Functional Currency and Presentation Currency

The condensed interim consolidated financial statements are presented in Japanese yen (“JPY”), which is the functional currency of the Company. All financial information presented in JPY has been rounded to the nearest million, except when otherwise indicated.

(3) Approval of Financial Statements

Takeda’s condensed interim consolidated financial statements as of and for the period ended September 30, 2018 were approved on November 8, 2018 by Representative Director, President & Chief Executive Officer (“CEO”) Christophe Weber and Corporate Officer & Chief Financial Officer Costa Saroukos.

(4) Use of Judgments, Estimates and Assumptions

The preparation of the condensed interim consolidated financial statements requires management to make certain judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on a continuous basis by the management. Changes in these accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The condensed interim consolidated financial statements are prepared based on the same judgments and estimations as well as the accounting estimates and assumptions applied and described in Takeda’s consolidated financial statements for the fiscal year ended March 31, 2018, except for new significant judgments and uncertainty of the estimations related to the application of IFRS 9 ‘Financial instruments’ (“IFRS 9”) and IFRS 15 ‘Revenue from Contracts with Customers’ (“IFRS 15”), which are described in Note 3 “Significant Accounting Policies”.

3 Significant Accounting Policies

Significant accounting policies adopted for the condensed interim consolidated financial statements are the same as those adopted for the consolidated financial statements of the fiscal year ended March 31, 2018 except for the policies required by IFRS 9 and IFRS 15.

Takeda calculated income tax expenses for the six months period ended September 30, 2018, based on the estimated average annual effective tax rate.

IFRS 9 ‘Financial instruments’

IFRS 9 was adopted by Takeda as of April 1, 2018. IFRS 9 replaces the majority of the requirements of IAS 39 ‘Financial Instruments: Recognition and Measurement’ and covers the classification, recognition, measurement, and de-recognition of financial assets and financial liabilities, introduces a new impairment model for financial assets based on expected losses rather than incurred losses and provides a new hedge accounting model.

The principal impact of the adoption of IFRS 9 for Takeda was the re-measurement of certain available-for-sale financial instruments to fair value as of April 1, 2018. In addition, as a result of adoption, Takeda elected to designate equity instruments as financial assets measured at fair value through other comprehensive income (FVTOCI). This designation has been made on the basis of the facts and circumstances that existed at the date of initial application. Changes in the fair value of financial assets at FVTOCI are recognized in other comprehensive income, and the cumulative amount of other comprehensive income is transferred to retained earnings when the instruments are derecognized due to liquidation or sale.

The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. The determination of the business model within which a financial asset is held has been made on the basis of the facts and circumstances that existed at the date of initial application.

The impairment of financial assets measured at amortized cost is assessed using an expected credit loss (ECL) model where previously the incurred loss model was used. Given the nature of Takeda’s financial assets, there was no significant impact on the provisions for doubtful accounts or impairments upon adoption of the new standard.

The adoption of IFRS 9 has not had material impact on Takeda’s financial liabilities and derivatives.

The new hedge accounting model introduced by the standard requires hedge accounting relationships to be based upon Takeda’s own risk management objectives and strategy, and to apply a more qualitative and forward-looking approach to assessing hedge effectiveness. The model is to be discontinued only when the relationships no longer qualify for hedge accounting. All hedging relationships designated under IAS39 at March 31, 2018 met the criteria for hedge accounting under IFRS 9 at April 1, 2018 and are therefore regarded as continuing hedging relationships.

Takeda applied IFRS 9 retrospectively with respect to classification and measurement (including impairment) without restating previous years. These cumulative effects of initially applying IFRS 9 were recognized in equity as of the date of initial application of IFRS 9 (April 1, 2018). As a result of the adoption on the date of initial application, the opening balance of retained earnings and other components of equity increased by 14,073 million JPY and 10,257 million JPY, respectively, while other financial assets (non-current), other financial assets (current), deferred tax liabilities increased by 32,809 million JPY, 856 million JPY and 9,345 million JPY respectively, with non-controlling interests decreasing by 10 million JPY.

In addition, under IAS 39, the currency basis spread was included in “Cash Flow Hedges” under other components of equity. Under IFRS 9, this basis spread is separately accounted for and presented as “Hedging Cost” under other components of equity. Takeda retrospectively applied the accounting treatment
of hedging cost and adjusted the comparative information. As of September 30, 2017 and March 31, 2018, the amounts retrospectively recorded as “Hedging Cost” and deducted from “Cash Flow Hedges” were 691 million JPY and 1,606 million JPY, respectively.

Classifications and carrying amounts of financial assets under IAS 39 and IFRS 9 as of the date of adoption were changed as presented in the table below. For investments in equity instruments, Takeda made an irrevocable election at the time of initial recognition to account for the equity instruments at FVTOCI. There were no changes to the classifications and carrying amounts of the financial liabilities.

**Measurement of Financial Instruments**

Debt Instruments:

- Amortized cost: Assets such as trade and other receivables that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at amortized cost. Trade receivables are
initially recognized at their invoiced amounts, including any related sales taxes less adjustments for estimated revenue deductions such as rebates, and cash discounts. Provisions for doubtful trade receivables are established using an ECL model. The provisions are based on a forward-looking ECL, which includes possible default events on the trade receivables over the entire holding period of the trade receivables. Takeda has elected to measure provisions for trade receivables and lease receivables at an amount equal to lifetime ECL. Takeda uses provision matrix to calculate ECL. These provisions represent the difference between the carrying amount of the trade receivables and the lease receivables in the consolidated statements of financial position and the estimated net collectible amount.

- **FVTOCI**: Assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and whose contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are measured at FVTOCI. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to net profit or loss.

- **Fair value through profit or loss (FVTPL)**: Assets that do not meet the criteria for amortized cost or FVTOCI are measured at FVTPL. A gain or loss on debt instruments that is measured at FVTPL is recognized in net profit or loss.

**Equity Instruments:**

- Equity instruments are measured at FVTPL. However, on initial recognition, Takeda made an irrevocable FVTOCI election (on an instrument-by-instrument basis) to present the subsequent changes in the fair value of equity instruments in other comprehensive income. As at the reporting date, Takeda designated all its equity instruments as financial assets at FVTOCI.

**Derivatives and Hedge Accounting:**

- Derivatives are measured at FVTPL unless the derivative contracts are designated as hedging instruments. Gains or losses on derivatives are recognized in net profit or loss. When the derivative contracts are designated as hedging instruments in cash flow hedging relationships, the effective portion of changes in fair value of derivatives is accumulated in other comprehensive income. The currency basis spread is accounted for and presented as “Hedging Cost” under other components of equity separately from “Cash Flow Hedges”.

**IFRS 15 ‘Revenue from Contracts with Customers’**

Takeda adopted IFRS 15 on April 1, 2018. The new standard provides a single, principles-based approach to the recognition of revenue from all contracts with customers. The standard focuses on the identification of performance obligations in a contract and requires revenue to be recognized when or as those performance obligations are satisfied. The standard also has more detailed disclosure requirements.

The impacts of adoption of the new standard are summarized below:

- Takeda derives revenue from sales of pharmaceutical products as well as other services where control transfers to customers and performance obligations are satisfied either at the point in time of shipment, receipt of the products by the customer or when the services are performed.

- Takeda also recognizes royalty revenue relating to the out-licensing of intellectual property (IP), which is recognized when the underlying sales have occurred, and revenue from other services such as research and development of compounds out-licensed, which is recognized over the service period.
• Takeda’s revenue also includes revenue from out-licensing and granting of IP rights and Takeda usually receives upfront payments or milestone payments for these arrangements. Revenue from the upfront payments is generally recognized when Takeda provides a right to use the IP. Revenue from the milestone payments is generally recognized at the point in time when it is highly probable that the respective milestone event criteria are met, and a significant reversal in the amount of revenue recognized will not occur.

These impacts of adoption of the new standard were immaterial. Takeda elected the modified retrospective method upon adoption of IFRS 15. This method requires the recognition of the cumulative effect of initially applying IFRS 15 in equity at the date of initial application of IFRS 15 (April 1, 2018) and Takeda did not restate the result of prior years. As a result of the adoption of IFRS 15, due to the difference in allocation of revenue to performance obligations, other non-current liabilities, other current liabilities, deferred tax assets decreased by 1,247 million JPY, 495 million JPY and 414 million JPY respectively, and opening retained earnings increased by 1,328 million JPY.

For the six months period ended September 30, 2018, the impact from adoption of IFRS 15 on the condensed interim consolidated financial statements was immaterial compared to the financial statements under IAS 18.

As the results of the adoption of IFRS 15, Takeda updated and revised the related accounting policy as follows:

Revenue on sales of Takeda products and services is recognized when a contractual promise to a customer (performance obligation) has been fulfilled by transferring control over the promised goods and services to the customer, generally at the point in time of shipment to or receipt of the products by the customer, or when the services are performed. The amount of revenue to be recognized is based on the consideration Takeda expects to receive in exchange for its goods and services. If a contract contains more than one performance obligation, the consideration is allocated based on the standalone selling price of each performance obligation.

The consideration Takeda receives in exchange for its goods or services may be fixed or variable. Variable consideration is only recognized when it is highly probable that a significant reversal will not occur. The most common elements of variable consideration are listed below:

• Rebates and discounts granted to government agencies, wholesalers, retail pharmacies, managed healthcare organizations and other customers are estimated and recorded as a deduction from revenue at the time the related revenues are recorded. They are calculated on the basis of historical experience and the specific terms in the individual agreements.

• Cash discounts are offered to customers and are provisioned and recorded as revenue deductions at the time the related sales are recorded.

• Sales return provisions are recognized and recorded as revenue deductions when there is historical experience of Takeda agreeing to customer returns and Takeda can reasonably estimate expected future returns. In doing so, the estimated rate of return is applied, determined based on historical experience of customer returns and considering any other relevant factors. The rate is multiplied by the amounts invoiced in order to estimate expected future returns.

Takeda also generates revenue in the form of royalty payments, upfront payments, and milestone payments from the out-licensing of intellectual property (IP). Royalty revenue earned through a license is recognized when the underlying sales have occurred. Revenue from upfront payment is generally recognized when Takeda provides a right to use IP. Revenue from milestone payments is recognized at the point in time when it is highly probable that the respective milestone event criteria is met, and a significant reversal in the amount of revenue recognized will not occur.

Revenue from other services such as research and development of compounds that are out-licensed is recognized over the service period.

8 Collaborations and Licensing Arrangements

Takeda is a party to certain collaborative and licensing arrangements. These agreements generally provide for commercialization rights to a product or products being developed by the counterparty, and, in exchange, often resulted in upfront payments upon execution of the agreement and resulting in an obligation that requires Takeda to make future development, regulatory approval, or commercial milestone payments as well as royalty payments. In some of these arrangements, Takeda and the licensee are both actively involved in the development and commercialization of the licensed product, and have exposure to risks and rewards that are dependent on its commercial success.

The significant agreements in collaboration and licensing during the six months period ended September 30, 2018 is described below.

Wave Life Sciences Ltd. ("Wave")

In February 2018, Takeda entered into an agreement with Wave to discover, develop and commercialize nucleic acid therapies for disorders of the central nervous system ("CNS") and the agreement became effective in April 2018 after the receipt of clearance under the Hart-Scott- Rodino Antitrust Improvement Act (HSR Act). Under the agreement, Wave will provide Takeda the option to co-develop and co-commercialize programs in areas of Huntington’s disease (HD), amyotrophic lateral sclerosis (ALS), frontotemporal dementia (FTD) and spinocerebellar ataxia type 3 (SCA3). In addition, Takeda will have the right to license multiple preclinical programs targeting CNS disorders, including Alzheimer’s disease and Parkinson’s disease. The agreement required upfront payments, investment in Wave and future contingent payments such as development and commercial milestone payments. Wave will continue to independently advance its activities in neuromuscular diseases including its lead clinical program for the treatment of Duchene muscular dystrophy (DMD).

10 Financial Instruments

(1) Fair Value Measurements

(i) Financial assets and liabilities measured at fair value through profit or loss

The fair value of derivatives to which hedge accounting was not applied is measured at quoted prices or quotes obtained from financial institutions, whose significant inputs to the valuation model used are based on observable market data.

The fair value of convertible notes is measured using techniques such as the option pricing model.
Contingent consideration, resulting from business combinations, is valued at fair value at the acquisition date as part of the business combination. When the contingent consideration meets the definition of a financial liability, it is subsequently re-measured to fair value at each reporting date. The determination of the fair value is based on discounted cash flows. The key assumptions taken into consideration are the probability of meeting each performance target and the discount factor. The fair value measurement of contingent considerations arising from business combinations is stated in Note11, “Business Combinations.”

(ii) Financial assets measured at amortized cost

The carrying amount of financial assets measured at amortized cost approximate their fair values as these assets are settled within a short period.

(iii) Equity instruments

The fair value of listed equity instruments is measured at quoted prices or quotes obtained from financial institutions.

The fair value of unlisted equity instruments is measured using techniques such as the net asset book value method and the multiples approach. Under the multiples approach, listed companies similar to the target companies are selected, and the fair value is calculated using the stock index for those similar companies.

(iv) Derivative transactions to which hedge accounting is applied

The fair value of derivative transactions to which hedge accounting is applied is measured in the same manner as “(i) Financial assets and liabilities measured at fair value through profit or loss”.

(v) Financial liabilities measured at amortized cost

The fair value of bonds is measured at quotes obtained from financial institutions, and the fair value of loans and finance leases are measured at the present value of future cash flows discounted using the applicable effective interest rate, with consideration of the credit risk by each liability group classified in a specified period.

Other current items are settled in a short period, and the coupon rates of other non-current items reflect market interest rates. Therefore, the carrying amounts of these liabilities approximate their fair values.

(2) Fair Value Hierarchy

Level 1: Fair value measured at quoted prices in active markets

Level 2: Fair value that is calculated using an observable price other than that categorized in Level 1 directly or indirectly

Level 3: Fair value that is calculated based on valuation techniques which include input that is not based on observable market data
(3) Fair Value of Financial Instruments Carried at Cost

The carrying amount and fair value of financial instruments that are not recorded at fair value in the condensed interim consolidated statements of financial position are as follows:

<table>
<thead>
<tr>
<th></th>
<th>As of September 30, 2018</th>

<tr>
<td>Finance leases</td>
<td>55,264</td>

The amounts to be paid within a year are included. The fair value of bonds, long-term loans and finance leases are classified as Level 2 in the fair value hierarchy.

This table excludes financial instruments that have carrying amounts that approximates fair value.

Takeda recognizes transfers between levels of the fair value hierarchy, at the end of the reporting period during which the change has occurred. There were no transfers among Level 1, Level 2 and Level 3 for the six months period ended September 30, 2018.

Disclosures related to contingent considerations arising from business combinations are stated in Note 11, “Business Combinations”.

Gain or loss recorded in profit or loss relates to the financial assets measured at fair value through profit or loss. These gains or losses are recognized as “financial income” or “financial expenses” in the condensed interim consolidated statements of income.

Gain or loss recorded in other comprehensive income relates to the financial assets measured at fair value through other comprehensive income. These gains or losses are recognized as “Changes in fair value of financial assets measured at fair value through other comprehensive income” and “Exchange differences on translation of foreign operations” in the condensed interim consolidated statements of income and other comprehensive income.

The fair values of equity instruments are measured by Takeda’s accounting and finance departments using available information as of each closing date based on Takeda’s accounting policy. The results of the fair value measurement and the calculation process are reported to management as necessary.

The principle input that is not observable and used for the calculation of the fair value of equity instruments classified as Level 3 is the EBITDA rate used for the multiples approach, ranging from 7.4 times to 17.5 times. The fair value of the equity instruments increases (decreases) as the EBITDA rate increases (decreases).

11 Business Combinations

(1) Acquisitions

*TiGenix NV* (“TiGenix”)

On April 30, 2018, Takeda made an all cash voluntary public takeover bid for the entire issued ordinary shares (“Ordinary Shares”), warrants (“Warrants”) and American Depositary Shares (“ADSs” and together with the Ordinary Shares and the Warrants, the “Securities”) of TiGenix not already owned by Takeda. On June 8, 2018, the Company acquired the Securities tendered in the first acceptance period for 470.2 million EUR. In response to the takeover bid with the Securities already owned by Takeda, Takeda acquired 90.8% of the voting rights.

TiGenix is a biopharmaceutical company developing novel stem cell therapies for serious medical conditions. This acquisition will expand Takeda’s late stage gastroenterology (GI) pipeline with the U.S. rights to Cx601 (darvadstrocel), a suspension of allogeneic expanded adipose-derived stem cells (eASC) under investigation for the treatment of complex perianal fistulas in patients with non-active/mildly active luminal Crohn’s disease (CD). Following the 2nd Takeover bid and a squeeze-out ended in July 2018, TiGenix became a wholly owned subsidiary of Takeda.

Goodwill comprises excess earning power expected from the future business development. Goodwill is not deductible for tax purposes.

The fair value primarily consisting of intangible assets, deferred tax liabilities and goodwill assumed as of the acquisition date have been recorded provisionally based on the information available as of September 30, 2018. These amounts are subject to change as the Company is in the process of reviewing further details of the basis for the fair value measurement. For the three months period ended September 30, 2018, goodwill at the acquisition date increased by 253 million JPY as a result of the adjustment to the provisional fair value, while other assets decreased by 253 million JPY.

Takeda entered into a forward exchange contract to hedge foreign currency risks and applied the hedge accounting to the contract. Basis adjustment represents a fair value of the hedging instrument of 3,381 million JPY that was added to the amount of goodwill at the acquisition date.

No gains or losses were recognized as a result of remeasurement of fair value of the ordinary shares of TiGenix already owned by Takeda immediately prior to the acquisition date.

Acquisition-related costs of 767 million JPY which included agent fee and due diligence costs arising from the acquisition were recorded in “Selling, general and administrative expenses”.

The revenue and the net profit of TiGenix for the post-acquisition period, which were recognized in the condensed interim consolidated statements of income for the six months period ended September 30, 2018, were immaterial.

The impact on Takeda’s revenue and net profit for the six months period ended September 30, 2018 assuming the acquisition date of TiGenix had been as of the beginning of the reporting period was immaterial.

(2) Contingent Considerations

The consideration for certain acquisitions includes amounts contingent upon future events such as the achievement of development milestones and sales targets. At each reporting date, the fair value of contingent considerations assumed in business combinations is re-measured based on risk-adjusted future cash flows discounted using appropriate discount rate. The contingent considerations discussed
below are the discounted royalty payable for a certain period based on future financial performance, primarily consisting of the COLCrys business which was acquired in the acquisition of URL Pharma, Inc. in June 2012. There is no cap on the royalty payable for the COLCrys business and the estimated future royalty payments are calculated based on forecasted financial performance.

The fair value of contingent considerations is classified as Level 3 in the fair value hierarchy. The definition of the fair value hierarchy is stated in Note 10, “Financial Instruments”.

These parties contend that the patents listed in The U.S. Food and Drug Administration’s Orange Book for Amitiza are invalid and/or not infringed by their Abbreviated New Drug Application product. In response, Sucampo and Takeda filed a patent infringement lawsuit against the parties. In June 2018, patent litigation against these parties has been settled.
